LOCAL NEWS.

The receipts of cotton at this port yes-
terday were 186 bales.

Schooner *Charubin*, Nelson, hence,
arrived at Philadelphia May 1st.

Schooner *John S. Ingraham*, hence,
was at Ponce, P. R., April 3rd.

The wind is again from the South and
the day has been balmy and pleasant.

Barque *Emma*, Gerber, hence, for
London, was off Folkeston April 21st.

The members of the Cornet Concert
Club are practising every night in order
to be in fine trim for Memorial Day.

Schooner *Estelle Day*, Tracy, hence,
arrived at New York May 2nd. She
was only three days in making the pas-
sage.

German barque *C. J. Weyer*, Wenck,
hence, March 8th, for Hamburg, has
put into Heliogoland, dismasted in a
gale.

Deserving Articles are always Appreciated.
The exceptional cleanliness of
Parker's Hair Balsam makes it popular.
Gray hairs are impossible with
its occasional use.

Rev. F. W. E. Peschau and Mr. H.
B. Eilers, of this city, are now in Con-
cord in attendance on the Synod of the
Lutheran Church in North Carolina,
now in session in that town.

There was only one case before the
Mayor's Court yesterday morning, that
of disorderly conduct. The case was
dismissed upon the payment of \$10.
We suppress name by request.

Capt. Green, of the *North State*, tells
us that the river is again falling off.
There is yet a plenty of water, however,
there having been 15 feet at Fayetteville
when he left there yesterday morning.

Ex-Sheriff Black, of Middle Sound,
was in the city yesterday. He reports
the farmers in his section as in good
heart, and hopeful of excellent crops
this year, the prospects now being very
fine.

Jack Hussey shot yesterday a wild
turkey weighing fifteen pounds. The
turkey was what is known as a bronze,
and had a beard one foot in length. Mr.
Hussey shot him up the river, about ten
miles from the city.

Mrs. E. A. Lumsden's grand opening
has been a great success. Her stock of
pattern hats and bonnets is very fine
and is much admired by the ladies,
in the stock are imported bonnets
which are gems and "too pretty for
anything."

We understand that Mr. E. M. Rob-
inson, of the State Fish Commission,
has brought up from Avoca and placed
in the Cape Fear River, at Fayetteville,
10,000 young shad, and it is said that
more of these fish will be placed in the
Cape Fear at an early day.

The fire alarm yesterday afternoon
was caused by the burning of the roof
of the residence of Alfred Johnson, on
Fourth, between Church and Castle
streets. The Water Works were turned
on and the fire was extinguished
with neatness and despatch. The house
was damaged but very little.

Last night and the night before were
as lovely as a full moon and a pleasant
atmosphere and the "balm of a thou-
sand flowers" could make them. The
young men were abroad in force on
serenading expeditions, but we trust
that none of them followed the pernicious
example set by the moon.

Eastover Victim.

A telegram to Mr. Emerson, from
Eastover, on yesterday afternoon, read:
"We have found the body of Miss
Mamie Henry about three miles down
the river from the scene of the disaster.
Miss Lizzie Henry died last night at
11:50 o'clock. Miss Bates is in a very
critical condition; her crisis passes to-
morrow."

Exports Foreign.

Dutch barque *Hendrick Robert Leem-
hins*, Capt. Rentana, cleared yesterday
for Rostock, Germany, with 2,132 bar-
rels rosin, valued at \$5,150, shipped by
Messrs. E. Peschau & Westermann.
Schr. *Nellie Bowers*, Capt. Spear,
cleared yesterday with 210,363 feet lum-
ber, shipped by Messrs. E. Kidder & Son.

THE DAILY REVIEW.

VOL. VI.

WILMINGTON, N. C., FRIDAY, MAY 5, 1882.

NO. 10.

To Rebuild.
Mr. Wm. Bonitz, of Goldsboro, was in
the city yesterday, getting plans and
specifications for the rebuilding of his
hotel in Goldsboro, which was destroyed
by fire a few days ago. Mr. Bonitz
tells us that he will enlarge his building,
and will have it open for the reception
of guests on or about September 1st.

For Europe.
Mr. Leopold Brunhild will leave here to-
morrow morning for New York, from
whence he will sail on Wednesday next,
10th inst., on the steamship *Main*, for
Bremen. He will visit relatives in Ger-
many, and travel on the continent dur-
ing the summer. We wish him all
that is lucky and enjoyable during his
tour.

Anything in the hardware line can
be found at reasonable prices at JACO-
BI'S.

Bread vs. Show.
Fountains in the City Hall Park
would do very well, but if the city has
any money to spend, it had better be
put on the wages of the police. Let the
authorities figure the prices of provis-
ions, etc., and see if they would like to
pay house rent, servant hire, groceries
and butchers' bills out of \$1.40 a day!

No, gentlemen, let the fountains alone,
until the men in your employ are paid
enough to live on.

An invaluable strengthener for the
nerves, muscles, and digestive organs,
producing strength and appetite, is
Brown's Iron Bitters.

Kitchen Markets.

The following are the prices charged
in this market: Meal, 35 cents $\frac{1}{2}$ peck;
honey, 50 cents $\frac{1}{2}$ peck; spring chick-
ens, 80 cents $\frac{1}{2}$ pair; grown fowls, 90c.
@ \$1 $\frac{1}{2}$ pair; eggs, 16 $\frac{1}{2}$ cents $\frac{1}{2}$ dozen;
turnips, 5 cents $\frac{1}{2}$ bunch; greens 20
cents $\frac{1}{2}$ peck; cabbage, 15@20 cents $\frac{1}{2}$
head; Irish potatoes, \$1 $\frac{1}{2}$ peck; green
peas, 40 cents $\frac{1}{2}$ peck; beets, 20 cents
for four; onions 5 cents $\frac{1}{2}$ bunch; snap
beans 20@25 cents $\frac{1}{2}$ quart; strawber-
ries, 20@25 cents $\frac{1}{2}$ basket.

A New Industry.

Capt. James M. McGowan has caused
to be started in this city an enterprise
which bids fair to be one of the leading
industries of the city. Needing an im-
proved ice box he concluded to keep his
money at home and give the "boys" a
showing. Mr. C. Klein built an im-
proved dry ice box and Messrs. King &
Co. put in the zinc and tin. Since then
these gentlemen have put up several of
the ice boxes at a much cheaper price
than the same thing could be gotten for
at the North.

The Twentieth at Charlotte.

The celebration of the 20th at Char-
lotte promises to be a grand affair.
Many troops will be there. Over 30
fire companies have been invited from
Virginia, Georgia, South Carolina and
North Carolina. The Governors of
North Carolina, Georgia, South Caro-
lina and Virginia have been invited
to meet Senator Bayard at Charlotte
and the distinguished visitor will be ac-
companied on his visit by several mem-
bers of our Congressional delegation.
The Governor of North Carolina will
have a splendid opportunity to say
something to the Governor of South
Carolina and the Governor of South
Carolina can very frequently reply to
the Governor of North Carolina.

To Builders and others—Go to JACO-
BI'S for Sash, Blinds and Doors, Glass,
&c. You can get all sizes and at the
lowest prices.

State Medical Society.

The 29th annual meeting of the Med-
ical Society of the State of North Caro-
lina will be held in Concord on the 9th
day of May next. The North Carolina
Board of Examiners will meet in Con-
cord on Tuesday, the 8th of May, and
remain in session day by day until all
the candidates are examined. On the
morning of the 14th of May the North
Carolina Board of Health will meet in
joint session with the State Medical So-
ciety.

Drs. W. W. Lane, F. W. Potter and
G. G. Thomas are the delegation from
this city. Judging by the announce-
ments of the papers already presented
to be read before the Society, the liter-
ary work of this year will be of unusual
excellence. The various railroads have
reduced their tariff to three cents per
mile for the round trip for those at-
tending the meeting.

Miss E. Karrer, at Exchange Corner,
has an unusually attractive array of
Spring millinery hats, bonnets, etc. All
of the aesthetic styles and shapes can
be found in her establishment. Her stock
of artificial flowers is certainly very
handsome and varied.

A Fallen Kid.
A pet Sir William Goat, the property
of mine host Schloss, tried to walk
across a sky light in the office of Mr. J.
C. Stevenson on Wednesday, but failed
to accomplish the feat. The glass broke
under his weight, letting glass and goat
down on the heads of the proprietor
and book-keeper, who were at work at
the desk. It is a mooted question as to
which was the worst frightened, the
goat or the occupants of the office.

The Fire at Bingham's.

There are some additional particu-
lars gained from Messrs. Gilbert Greene
and DuBrutz Cutlar, two of the young
gentlemen from this city at Bingham's
School, in regard to the destruction of
the buildings of the school. It was in
Messrs. Cutlar and Greene's room that
the fire broke out. They were at recita-
tion at the time and thought that they
had thoroughly suppressed the flames
before they left the room. They lost
everything, watches, jewelry and
clothes, all except what they wore at
the time.

U. S. District Court.

The following cases were disposed of
in this Court on yesterday:

U. S. vs. Geo. W. Blaney, indicted
for robbing mails or embezzling a letter
and money. Defendant convicted, but
not yet sentenced.

U. S. vs. Samuel Kornegay, same of-
fense as above. On trial.

Libel case of steamship *City of San
Antonio* against German barque *Aug-
ust*. Compromised.

The Court will probably adjourn to-
morrow evening for the term.

Flies and Bugs.

Flies, roaches, ants, bed-bugs, rats,
mice, gophers, chipmunks, cleaned out
by "Rough on Rats." 15c.

State Conference of Congrega- tionalists.

The State Conference of Congrega-
tionalists held a meeting last night at
the Congregational Church, on Nun,
between Sixth and Seventh streets, in
this city, preliminary to their regular
organization, which will take place this
morning. The meeting last night in-
cluded only ordinary religious services,
with preaching by Rev. Mr. Connett, of
McLeansville, in this State.

The conference will meet at 9 a. m.,
this morning, commencing with one
hour devoted to religious exercises, af-
ter which a permanent organization
will be made, followed by a narrative
of the different churches in the State
for the past year. To-night the serv-
ices will be chiefly devoted to a discus-
sion of the temperance question.

The Whaler and the Whale.

A representative of the REVIEW yes-
terday met Mr. S. C. Freeman, the ad-
vance business manager of the Inland
Whaling Association, and questioned
him regarding the attractions he pro-
poses to bring here next week.
"We have two of the most distin-
guished marine wonders in the world,"
said Mr. F., "the Prince of Whales and
Mr. Paul Boyton"

"Where was the whale caught?"

"He is what is known as the Right or
Balaine Whale, and was killed some-
thing over a year ago, off the coast of
Newfoundland. He was towed to
Boston, where he was taken out of the
water and started on the first inland
whaling expedition that was ever in-
augurated. Since then he has traveled
somewhere in the neighborhood of 20,
000 miles, visiting the principal cities
of the country. Last summer he was
thoroughly embalmed at a cost of \$10,
000. It took seven weeks for the pro-
cess, during which time we were camp-
ed on the Bay of Saginaw, in Michigan.
He has since been visited by over 3,000-
000 people."

"Is Captain Boyton going to give
an exhibition?"

"Yes; there will be two excursions
down the river, on the steamer *Passport*,
and the Captain will give his interest-
ing exhibit of the wonderful dress in
which he has accomplished so much.
He will build a raft, cook, fish, smoke,
blow up a model vessel with a powerful
torpedo, and make other startling man-
euvers in the water. During the week
the Captain will exhibit his dress, the
Baby Mine, flags, sails, paddles and the
case of beautiful medals which have
been presented to him from almost
every country in the world, in the whale
pavilion every day."

We regret to learn that Dr. James E.
Kea had the misfortune a day or two
ago to fall and break his arm. The
Doctor will be unable for several weeks
to attend to any professional business.

British barque *Architect*, Webber,
hence, arrived at Bristol, Eng., May 2d.

What We Think.

In view of the success attending the
recent musical entertainment given by
the Arion Society at the Opera House,
and the superabundance of musical
talent of a rare order in the city, both
vocal and instrumental, we would sug-
gest that a fine Choral Society might
be organized which would reflect credit
upon the city. There are vocalists and
instrumentalists enough with which to
establish such a society, and there is
evidently skill enough to grapple with
and master almost any of the standard
musical compositions so popular in
other portions of the country.

This is thrown out merely as a sug-
gestion, but it is one which we are con-
fident might be put in execution with
pleasure and profit to those engaged
and would be a source of pride to the
city. If once fairly started there is not
a shadow of a doubt of a successful re-
sult.

We are glad to hear that Dr. Wood is
better. He was able to appear at his
office for a short time yesterday.

Steamship *Gulf Stream*, Capt. In-
gram, sailed for New York about day-
light this morning.

STATE NEWS.

Newbern Journal: The *New Berne*
carried out yesterday 1,743 boxes of
peas, 353 boxes of cabbages, turnips,
strawberries, &c.

Newbern Nut Shell: We are glad to
note that the young men of this city
succeeded in raising \$760 towards the
erection of a gymnasium.

Greensboro Bugle: Col. McMahon's
spoke and handle works at this place
turned out daily between 4,500 and 5,000
spekes and handles, besides 40 or fifty
sets of rims.

Durham Plant: The amount of re-
venue paid in by the Durham manufac-
turers for the month of April aggregat-
ed \$57,700.82. There has been a very
perceptible increase in the sales the past
week or two.

Raleigh Visitor: The revival at the
Second Baptist church continues with
unabated interest. The congregations
are very large at each service. There
were several penitents at the altar last
night. At Person Street M. E. church
the revival also continues. Large con-
gregations are present at each service.

Goldsboro Messenger: Maj. J. B.
Yates is to leave the Midland Road.
Mr. Appleton Oaksmith will be his suc-
cessor. —The Atlantic Hotel at
Morehead City was sold under a labor-
er's lien on Tuesday John Gatling,
Esq., became purchaser at \$30,000 for
the building and some \$5,000 for the
furniture. Dr. Blackball will have
charge of the property this season.

News and Observer: Governor Jar-
vis will go to Charlotte to the celebra-
tion on the 20th. —Gov. Holden's
improvement is marked. It is expected
that he will be able to make his ap-
pearance on the streets in a couple of
weeks. —We are glad to note signs
of a revival of interest in the Raleigh
Light Infantry. The company has lost
in the past three months sixteen of its
most active members, all having left
Raleigh to live in other places.

Laurinburg Enterprise: The election
held at Shoe Heel, last Monday, result-
ed in a victory for the prohibitionists.
—Mr. Wm. Gibson, an aged and
highly esteemed citizen of this county,
died at his home near Gibson's Store,
last Sunday, after protracted illness.

—We regret to learn of the death of
Mr. James T. McLaurin, a native of
this town, which occurred at Benton,
Mississippi, the 7th of April, ultimo, in
the 54th year of his age. Mr. McLaurin
was a brother to our esteemed town-
sman, Mr. L. W. McLaurin, and left
this place in 1846.

Charlotte Observer: Bishop Hood, of
the African Methodist Episcopal Church,
preached last week in the Court House
in Shelby to a crowded audience, in-
cluding one hundred white men. All
were pleased with his sermon, which
showed that he was a fine pulpit orator.
His words were given in classic diction,
and he did not use his text as a pretext
for saying something else. After his
sermon he showed the rapid progress
of the colored Methodists in North Caro-
lina had made without resources and
with few preachers, and criticized the
conduct of the Northern Methodist
Church in trying to supplant the A. M.
E. Church.

Wilson Siftings: The case of the
Thompson heirs vs. Gen. Joshua Barnes
which has been on the docket for sev-
eral years, has at last been settled by
compromise. The plaintiffs get judg-
ment for \$15,000. —We learn from a
private letter that the Rev. Mr. Gattis,
a Methodist preacher, while on his way
to fill an appointment, in Chatham
county, was met by a band of negroes
who demanded of him his watch and
money, which he gave them; they then
demanded that he get out of his buggy
and pray, after which they probably in-
tended to murder him. He did as de-
manded, but fortunately prayed so loud,
as was his custom, that it attracted the
attention of some parties passing by
and he was saved.

Small annoyances in life are vanish-
ing through scientific discovery. In his
Skin Cure, Dr. C. W. Benson of Balti-
more, Md., has created a perfect reme-
dy for tetter, eruptions and scurf on
the face or scalp. Every person using
it will have a clear countenance.

A Remarkable Discovery.

A REAL SKIN CURE.

THERE IS ONLY ONE

AND THAT WITH SIMPLE NAME.

Beware of impostors, pirates, or any
old articles which now suddenly claim
to be best. They have been tried and
found wanting, while this has been
proved a remarkable success.

NO POMPOUS NAME.

This curative needs no pomposus or
incomprehensible title of Greek or
Latin to sustain it, but its simple
English name appeals directly to the com-
mon-sense of the people. And the peo-
ple are signally manifesting their ap-
preciation of this frankness by selecting
and using Dr. Benson's SKIN CURE in
preference to all other professed reme-
dies.

Dr. C. W. Benson has long been well
known as a successful physician and
surgeon and his life study has been the
diseases of the nervous system and of
the skin; since he has been persuaded
to put his New Remedy and Favorite
Prescription as a "Skin Cure" on the
market, various things have sprung up
into existence, or have woke up from
the sleepy state in which they were
before, and now claim to be *The Great
Skin Cures*.

Beware of imitations, or the various
articles which have been advertised
for years or struggled along, having no
real hold or merit on the public, that
now endeavor to keep head above water
by advertising themselves as "The
Great Skin Cure." None is genuine
and reliable, except Dr. C. W. Benson's
Skin Cure. Each package and bottle
bears his likeness. Internal and external
remedy, two bottles in one package.
Price \$1.00, get at your druggists.

Relief for all Overworked Brains.

CAUSE AND CURE.

Dr. C. W. Benson's Celery and Cham-
omile Pills are valuable for school chil-
dren who suffer from nervous headaches
caused by an overworked brain in their
studies, and for all classes of hard brain-
workers whose overtasked nervous sys-
tems need repair and sedation. Nervous
tremor, weakness, and paralysis are
being daily cured by these pills. They
correct constiveness, but are not purga-
tive. Price, 50 cents of six boxes for
\$2.50, postage free, to any address. For
sale by all druggists. Depot, Baltimore,
Md., where the Doctor can be address-
ed.

Letters of inquiry freely answered.
