News was very scarce yesterday.

For other locals see fourth page.

The receipts of cotton at this port yester-
day footed up 138 bales.

Steamship *Regulator*, Capt. Doane,
arrived here yesterday from New York.

May, thus far, has been a most willful
and capricious coquette.

When will the huckster nuisance
abate?

Paul Boyton and the other whale ar-
rived yesterday.

Two vessels are reported at quaran-
tine.

Messrs. W. E. Davis & Son are ex-
pecting a cargo of Kennebec ice.

Fish are said to be biting nicely at
New Inlet.

Fires and blankets were again found
comfortable last night, May 7th, 1882.

The Champion Cigar Factory is in
full blast.

The market is well supplied with
Spring lamb, stall fed beef, etc.

The steamship *Gulf Stream*, Captain
Ingram, arrived in New York yester-
day.

Macalister, the magician, is perform-
ing his wonders in Charlotte. He will
not visit Wilmington this season.

Anything in the hardware line can
be found at reasonable prices at JACO-
BI'S.

Capt. J. D. Stanly will leave for a
Southern city where he proposes to erect
his patent tar machines.

An ox attached to a cart enlivened
things on Market street by running
away yesterday and spilling the driver
out.

Mr. E. T. Hancock is having a bay
window and tower added to his resi-
dence, on the corner of 6th and Prince-
cess streets. The design is entirely new
and much admired.

Mr. J. W. Barnes, the trucker, is
again ahead. This time it is a cucumber,
the fits of the season, grown by him in
the open air, which is, we believe, the
earliest we have ever known here.

The tin for the Hotel Brunswick, at
Smithville, was carried down on the
steamer *Passport* yesterday. Mr. E. G.
Polley, who has the contract to tin the
building, says he will finish the work in
a day or two.

The steamer *Passport* made her first
regular trip of the season yesterday,
taking a colored excursion down the
river. She presented a fine appearance
in her new dress.

Small annoyances in life are vanish-
ing through scientific discovery. In his
Skin Cure, Dr. C. W. Benson of Balti-
more, Md., has created a perfect reme-
dy for tetter, eruptions and scurf on
the face or scalp. Every person using
it will have a clear countenance.

Interesting Services.

The ladies connected with the Fifth
Street M. E. Church meet on one or two
afternoons each week for the purpose
of prayer and praise. The services are
held at the houses of different members
of that church, and are said to be of
much interest. Lady members of other
churches join with them when opportu-
nity offers, and pass an hour quite pro-
fitably, in prayer and praise to God.

Exchanging Places.

Sergeant Andrew T. Sherwood, of
the United States Signal Service, will
relieve Sergeant Edward W. McGann,
now on duty at this place and in charge
of the Station here. The latter will pro-
ceed to Rochester, N. Y., and relieve
the former, who is now on duty there,
and who will therefore remove to Wil-
mington and take charge of the office
here.

THE DAILY REVIEW.

VOL. VI.

WILMINGTON, N. C., TUESDAY, MAY 9, 1882.

NO. 113.

The Congregational Confer- ence.

The Conference of the Congregational
Church and ministers of North Caroli-
na has just closed its Fourth Annual
Session, having met this year with the
church at Wilmington. The exercises
consisted chiefly in reports of the pro-
gress of the work in the various fields,
essays and addresses. The reports
showed an earnest feeling pervading
all the churches. The standard of holiness
arrived at in each, is that laid
down in the Word. The handful of
churches, by their strict morality and
earnestness, are remodelling the cities
and towns in which they are situated.

The reports of Sabbath School work
were interesting, showing the hold
which the truth of the Gospel and the
study of the Word have upon the youths
in these fields.

There is great enthusiasm in the
Temperance cause. The Raleigh
Church is sometimes called the "Pro-
hibitionist Church." Each church in the
State is committed to the Temperance
cause, some having special rules in
their constitution, others holding that
the plain rules of the Bible need no writ-
ten statement, but require a strict absten-
tence. All discard fermented wine at
communion, and discourage the use of
tobacco. After several eloquent ad-
dresses, the following was unanimously
adopted:

Resolved, That while we reaffirm our
former testimony as to the duty of
Christians to abstain from the beverage,
we would also renew our uncompromis-
ing adherence to the principles of
legal prohibition, and our purpose to
stand by the same until it shall become
the law of the Commonwealth.

Some interesting reports were made
of work done in county schools, with
windows of oak boughs, and disorderly
children who have become tamed and
now are in thorough sympathy with the
work, and some of them earnest Chris-
tians.

City mission work was also an inter-
esting subject. It was shown how very
many kinds of work a single devoted
woman could find to do.

Rev. William H. Ellis, of Troy and
Pekin, was examined and ordained to
the gospel ministry.

Most of the eight churches have Sab-
bath Schools, Temperance Boards and
day schools. In the latter, manners,
morals, temperance and religion are
a part of the training. These schools are
sending out teachers into the counties
around, who carry to others the same
principles and rules of conduct they
have learned. Thus, silently but surely,
the great work of progress goes on, and
will, till the entire people are elevated.

The Second Brigade.

Gen. M. P. Taylor, who recently re-
signed the position of Brigadier General
of the Second Division, N. C. State
Guard, has been again appointed to the
position. The tender is made in a
very handsome letter from Adjutant-
General Jones, who, alluding to the
pleasure it gives him in behalf of the
Governor to tender the appointment to
Gen. Taylor, says: "You can be of
real service to the State Guard, which
is becoming more and more a serious
business, as instance the Plymouth riot,
and men are needed who are not un-
willing to give of their time and means
to the public." Gen. Taylor has con-
cluded to accept the appointment.

Sudden Death of Mrs. Smith.

Mrs. W. D. Smith, wife of Mr. W.
D. Smith, of Fayetteville, died suddenly
at that place this morning. Mrs. Smith
was the daughter of the late Junius D.
Gardner, for so many years Teller of
the Bank of Cape Fear, and was a na-
tive of this city. The sad news was
conveyed to the family here to-day, but
there are no particulars.

(Allentown Republican.)

THE EXPERIENCE OF AN EDITOR'S
WIFE.—I consider it proper to put in a
good word for St. Jacobs Oil, which I
do from my own experience. My wife
had Rheumatism for years, and suffer-
ed very greatly; she used very many
remedies without relief. A few months
ago I bought a bottle of St. Jacobs Oil
and the success which attended its use
leads me to recommend this article to
all similarly affected. The first appli-
cation acted like magic, and the occa-
sional use of St. Jacobs Oil has prevent-
ed the return of this great trouble with
its almost intolerable pain. I con-
sider St. Jacobs Oil a great ben-
efaction, and advise all who suffer with
rheumatism or other painful diseases to
try this remedy, and they will see for
themselves that I have not said too
much in its.

New Sleepers.

Col. R. R. Bridgers, President of the
W. & W. and W. C. & A. roads, and
Capt. Jno. F. Divine, the Superinten-
dent of those lines, have recently return-
ed from Chicago, at which place they
made a contract with the Pullman Com-
pany for sixteen new sleepers, to be com-
pleted and placed on the line next Fall,
in full time for the through Southern
travel. These cars will run all of the
way from New York to Pensacola and
possibly from Boston to New Orleans
without change, which will be a matter
of great convenience to the travelling
public.

A Tramway.

We have received a communication
from a resident of Point Caswell rela-
tive to the proposed railroad from that
place to Clinton. This correspondent
urges a new idea, and in another direc-
tion. He thinks that failing to raise the
necessary funds to construct a railroad
a tramway is in order. He gives
facts and figures to back his suggestions
and we must say that his arguments are
very plausible.

One of the Enterprises.

"We contemplate writing up the in-
dustries of this city, and will 'do 'em
up' each day until we finish. Yester-
day we visited the Cape Fear Tobacco
Works, situated on the corner of Sixth
and Campbell, where we found the pro-
prietors, Messrs. W. L. Meadows and
Grier Kidder, hard at work. This factory
employs seventy-five hands, and pays in
a tax of 16c. on 1,500 lbs. of tobacco a
day, which amounts to the neat little
sum of \$240 a day, \$1,680 per week, and
\$87,360 per year. Mr. Meadows,
who has charge of the mechanical work
of the factory, has had twenty-eight
years experience in the manufacture of
tobacco in the western part of this State
and on the Virginia line. He thinks
the climate of this section of country
superior to that of his former field
of labor. All the tobaccos manufactured
in this factory are bought in Granville
county (in the "golden belt") by agents
of the factory, who are always on the
spot looking for the best leaf tobacco.
All grades of chewing and three grades
of smoking tobacco are made and sup-
plied to the trade. Mr. Charles Con-
ley is the traveling agent of the estab-
lishment, and will start on a tour in a
few days. We wish the gentlemen good
luck, knowing that they can supply the
trade—both domestic and foreign—with
the best grades of tobacco at low prices.

To-Night.

The Literary Club will meet at the
Library rooms to-night at 8 o'clock.
We are requested to ask the ladies to
come early so as to obtain favorable
seats. The subject of debate is whether
President Arthur was right in vetoing
the Chinese bill. Messrs. Robt. McKoy,
Wm. Jones and others will participate
in the debate.

The Bar Association.

The Wilmington Bar Association met
Saturday evening, pursuant to call, and
adopted a constitution and by-laws, ap-
pointed a committee to select officers and
report at a meeting to be held at the
Court House next Saturday at 4 o'clock.
Hon. O. P. Meares presided and Mr.
John D. Bellamy acted as Secretary.
The Bar was well represented and con-
siderable interest was manifested in the
object of the meeting.

The objects contemplated by the As-
sociation are, the collecting a legal li-
brary, encouraging a more fraternal
feeling among the members of the Bar,
and the preparing a system of rules of
practice, fixing a uniform rate of charges
or agreement on a fee bill and the ele-
vation of the professional standard. The
objects of the Bar Association are gen-
erally the same as those of merchants',
viz: An interchange of views in order
to restrain any unprofessional conduct,
and to facilitate the transaction of busi-
ness in court. The rule of practice is
the code of civic procedure, but there
are innumerable minor points that
cannot be covered by any fixed rules,
and which necessarily depend on the
circumstances of each individual case,
and these have to be agreed on by the
members in order to avoid misunder-
standing.

Freshwater Perch, Trout and Black-
fish hooks and lines. A full assort-
ment and lowest prices at JACOBI'S.

There were only two cases before the
Mayor's court yesterday morning. A
little colored boy, charged with disor-
derly conduct, was reprimanded and
discharged. A little white boy, who
was arrested for larceny, was dis-
charged because there was no affidavit
made against him.

Young Men's Christian Associ- ation

We understand that good success has
attended the efforts to establish a Young
Men's Christian Association in our city.
The various business men and mer-
chants have contributed with their
usual liberality, and a sufficient amount
has been raised to justify the calling of
a public meeting for the purpose of
organizing the Association in Wilming-
ton, to which the members of the vari-
ous Christian Churches are cordially
invited. The place and time of meet-
ing will be announced in our issue to-
morrow.

The Lucky Man Congratulated.

The announcement that ticket No.
74,414 in the March drawing of the
Louisiana State Lottery had drawn the
capital prize of \$30,000, and that half
of the ticket had been sold in Savannah
created considerable excitement, and
many were inclined to think that there
was some mistake. We are pleased to
state, however, that there was no mis-
take, and that the lucky person was our
well known townsman, Mr. Eugene B.
Philpot, of the firm of John Sullivan &
Co. During the day Mr. Philpot re-
ceived the congratulations of numerous
friends, who were rejoiced to hear of
his good luck. It was a big return on
the investment of \$1.—*Savannah News,*
March 16.

He sent to M. A. Dauphin, New
Orleans, La. The next drawing will
take place on May 9th.

The Odd Fellows.

The Grand Lodge of Odd Fellows will
meet in this city, this evening, at 8
o'clock. Sixty-eight delegates arrived
last night and registered at the Purcell.
They will be taken to Wrightsville
Sound this morning and will spend the
day on the beach. Capt. Manning will
serve them up a dinner at Piney Grove,
which will be rich in Sound fare, and
will do all in his power to add to their
pleasure. You are in good hands gen-
tlemen.

Election of Officers.

The Wilmington Light Infantry held
its regular annual meeting at their ar-
mory last night, and elected the follow-
ing officers:

Captain—J. L. Cantwell.
First Lieutenant—R. H. Beery.
Second "—Geo. W. Doyle.
Junior 2d Lieut.—E. A. Oldham.
Ensign—R. M. Capps.
Several new names were added to the
roster of the company.

Mr. N. Jacobi was presented last
evening with a P. R's badge by Corne-
lius Harnet Council, No. 231, Royal
Arcanum. It bears the following in-
scription: "Cornelius Harnet Council,
No. 231, R. A., to Nath. Jacobi.
