THE DAILY REVIEW.

VOL. VI. WILMINGTON, N. C., SUNDAY, MAY 14, 1882. NO. 118.

Fine Ones.

We were shown some of the largest and finest Irish potatoes yesterday we have seen in a long time. They were raised by Capt. Savage, Superintendent of the county Poor House. By the way, Mr. D. L. Hale, of Pender county, who has been spending a day or two at the Poor House, told us yesterday that he was going to move to this county in hopes of being sent to the Poor House to share some of its comforts and luxuries.

We find that the only true way of preach the Golden Rule is to practice it; at least such seems to be the way of Rev. Mr. F. M. Winburne, Pastor M. E. Church South, Mexia, Texas, who writes as follows: Several months since I received a supply of St. Jacobs Oil. Retaining two bottles, I distributed the rest among my friends. It is a most excellent remedy for pains and aches of various kinds, especially neuralgia and rheumatic affections.

St. James' Home.

We have before us a copy of the 13th Annual Report of the Sisterhood of the Good Shepherd of New York, in which we find a very interesting reference to the St. James' Home in this city. Few persons among us are aware of the great good which is being accomplished by this excellent institution. Some knowledge of the work may be had from the following extract from the report:

We have continued to work on St. James' Church, Wilmington, N. C., under its Rector, Rev. Alfred A. Watson, D. D., having charge of its Home Parish School and Mission. The work in St. James' Home has increased during the winter. A cooking school for the larger girls of the Parish has been opened to meet a want, very generally felt.

The Parish School calls loudly for more accommodations. Class-rooms have become a necessity. The names of over ninety scholars are on the roll, while eighty-four were present at church on Ash-Wednesday. These are daily in attendance and must be kept in order, while two classes are taught in one crowded room. This condition of things over-taxed the strength of the sister-in-charge, and the school had to be closed for a week.

The Sunday School, numbering one hundred and thirty, is crowded into the same room. Cannot something be done to meet the great need of the school? When it re-opens in the Fall must children be refused admittance? We understand \$1,500 would build classrooms, and add a chance for Sunday services that are held here for the benefit of the families with which the children are connected.

Will not the friends of this work come to the aid of these poor children and give them rooms where their health will not suffer, and where all who apply may be received? The cottage readings and "house to house" visitations have been continued. The Sisters have appreciated the gift of a parlor carpet and many other tokens of interest felt in their work. Useful gifts have been sent to the Sewing School, while sympathy and appreciation have been shown in many other ways.

Escape and Capture.

On Friday last Sanders Griffin, a white inmate of the insane department of the Poor House, made his escape, but was recaptured and carried back to his old quarters. He had been allowed the liberty of the stockade, and took advantage of a favorable opportunity of digging the heater room, where he found a spade, and dug down under the wall and "lit" out for the woods. Captain Savage saw him in time to give chase, and after a few minutes' race overtook and captured him. Griffin was conveyed back to the Poor House and placed in closer confinement.

To Promote a Vigorous Growth of the hair, use Parker's Hair Balsam. It restores the youthful color to gray hair, removes dandruff and cures itching of the scalp.

King Cotton.

The receipts of cotton at this port for the week ending with yesterday, foot up 388 bales as against 530 bales for the corresponding period of last year, a decrease of 142 bales. For the crop year to date the receipts foot up 135,154 bales as against 115,462 bales to May 16, of last year, an increase this year of 19,692 bales.

One one of the Alabama Men.

There is an Englishman by the name of Howard, on Mr. David G. Worth's place at Greenville Sound, who was on the Confederate ship *Alabama*, when she was sunk by the *Kearsage*. He says that he was in the water two hours before he was rescued by the *Greyhound*. He loves to talk about the exploits of the famous Confederate cruiser.
