HOUSE.

WASHINGTON, D. C., May 13.—Noon.—The session of the House to-day was opened with prayer by Rabbi Jacob Voorsanger, of Houston, Texas.

Mr. Page, of Cal., Chairman of the Committee on Commerce, reported the river and harbor bill and it was ordered printed and committed. Mr. Robinson, of Mass., reserving all points of order therein. Mr. Dingely, of Maine, asked leave to report from the committee on Banking and Currency a bill to suspend the issue of silver certificates and to limit the coinage of silver dollars to the requirements of the people.

Mr. Crapo, of Mass., then called up for consideration the bill to enable the National Banking Associations to extend their corporate existence.

After the reading of the bill and presentation of various proposed amendments for printing in Record, Mr. Crapo, of Mass., took the floor in explanation of the provisions of the bill, and the presentation of reasons which demand the action of Congress.

After discussion the matter went over. On motion of Mr. Oates, of Ala., a resolution was adopted directing the Sergeant-at-Arms to pay out of the contingent fund the funeral expenses of the late J. D. Smith, contestant for the seat from the Fourth Alabama District, the amount expended to be deducted from the allowance to be made for the expenses of his contestant.

Mr. Aldrich, of Ill., introduced a bill tendering the thanks of Congress to Lieut. J. W. Danenhower, and conferring upon him the rank of Lieutenant Commander. Referred.

Mr. Hewitt, of N. Y., introduced a bill amending the act recently passed, repealing discriminative duties on goods produced east of the Cape of Good Hope, so as to make it apply to such goods as may be in public stores or warehouses, or on ship-board in port on July 1st, 1883. Referred.

SOUTH CAROLINA.

Southern Baptists in Convention. (By Telegraph to Daily Review.)

GREENVILLE, S. C., May 13.—Night. In the Southern Baptist Convention to-day, a resolution to remove the board of Home Missions from Marion, Ala., to Atlanta, Ga., created a long and animated discussion. Dr. Winkler, of Alabama, made a strong speech for retaining the present location. Senator Brown, of Georgia, Dr. Hatcher, of Richmond, and others, favored the removal and the resolution was finally passed by a vote of 222 yeas to 13 nays.

At the afternoon session a resolution greatly disapproving of the action of the American Bible Society in refusing to aid in the publication and circulation of the Burmese version of the Bible, was introduced by Dr. Jas. Boyce. In speaking upon the resolution Dr. Burrows, of Va., denounced the action of the Bible Society as an insult to Baptists all over the country and said that the society had offended scholarship, christianity and catholicity. The resolution was adopted. A resolution was also adopted declining to enter into any consideration of the condition and purposes of the Bible Society. A night session was ordered and the convention will try to adjourn by 11 o'clock to-night.

ARKANSAS.

Disastrous Flood in White River. (By Telegraph to Daily Review.)

LITTLE ROCK, May 13.—Night.—A Gazette special from Jacksonport, Ark., says the water in White River stands 31 feet 8 inches above the low point, and has fallen 3 inches. There is not a foot of dry ground in the town except on Jefferson street. The whole country, for miles around, is one sea of water, and the damage to crops is heavy.

A Batesville, Ark., special says the rain commenced at 8 o'clock, Monday, p. m., and poured in torrents 24 hours without cessation, filling the rivers and creeks, and sweeping everything before it. Mills, houses, bridges, and fences have all been hurled from their foundations, and utterly obliterating the entire crops in the bottom lands. The estimated loss is half a million dollars.

TENNESSEE.

Proceedings in the General Conference Yesterday. (By Telegraph to Daily Review.)

NASHVILLE, TENN., May 13.—Night. The Methodist Conference was engaged most of the day in the discussion of the question of the number of Bishops to be elected, but no conclusion was reached.

Dr. Kelley, of Nashville, urged the need of Bishops in the Western country and Mexico. In the first direction there was a crisis coming upon Methodism; that field belonged to Methodism, and the question for them to consider was whether they would take their own or relinquish the field to others.

The Committee on Temperance submitted the following rules to be placed on the book of discipline: Let preachers and members observe the general rules which forbid drunkenness or the drinking of spirituous liquors, unless in cases of necessity. In cases of drunkenness let the discipline be administered as in cases of necessity. Let our preachers and members abstain from the manufacture or sale of intoxicating liquors to be used as a beverage, and if any shall engage in such manufacture or sale, in such case let the discipline be administered as in the case of imprudent or improper conduct.

No Rubbing Out the Record. When a substance has certain power claimed for it, and everybody testifies that it does more than is claimed for it, to gain its worth is useless. This is the substance of St. Jacobs Oil record.
