## IN MEMORIAM:

Our Heavenly Father has seen fit to take Our Heavenly Father has seen 23 from our midst JOHN T. COWLES, aged 23 from our midst and 25 days, leaving a desolate home and broken hearts, and yet our loss has been His eternal gain. He was an amiable young man and was beloved by all who knew him. He bore his illness with patience and was not heard to murmur at God's will, All that leaving parents and kind physicians could do was done, but there was nothing that could, be done to save him, for that Divine blesse be done to save min, for thand earth, saw fit Saviour who rules Heaven and earth, saw fit we must bow submissively to His will, and say, Thy will be done, oh, God, and not ours. He has passed from this world of sin and sor row into that bright and beautiful world above where all is joy and love, and where no farewell tear is shed. Kind parents, although your son cannot come back to you, you have a great consolation in knowing that you can go to him. He is only over on the other shore waiting and watching for you. He is not dead but sleeps only, and will awake when that day of joy shall break clothed in robes of spotless white. Try kindred and friends, to meet him in Heaven where there is no more parting or no more heartaches but where happiness reigns forevermore. A FRIEND.
