JOSH. T. JAMES, Editor & Prop. WILMINGTON, N. C.

Entered at the Postoffice at Wilmington, N. C., as second-class matter.

WEDNESDAY, MAY 24, 1882.

The Chicago branch of A. T. Stewart's famous dry goods house has been closed and the clerks and other employees all discharged.

ALEX. H. STEPHENS.

Hon. Alex. H. Stephens, of Georgia, has written a letter to Mr. Chas. E. Smith, of Washington, Ga., relative to his proposed nomination for Governor.

DEAR MR. SMITH—Your letter of the 19th inst. is before me. In relation to the Governorship of Georgia, I can only say, briefly, that the reported interviews with me on this subject, as published in the Atlanta Constitution, are substantially correct.

When asked the question whether I would allow my name to be used in connection with this office at the next election against the nomination of another person by the Democratic State Convention to assemble on the 19th of July next, my uniform answer has been "I would not."

Trade between Germany and the United States is rapidly increasing. The exports to this country for the quarter ending the last of March were about 20,000,000 marks in excess of the amount for the same period in 1881.

There is nothing to alarm any one in such a letter as this. Our "Little Aleck" is smart, too, as well as patriotic. He knows that he cannot be elected Governor of Georgia without the Democratic nomination and that with it he is sure of succeeding.

Ex-Senator Joseph Cilley, of New Hampshire, is well of his recent illness and at ninety-one appears to have taken a fresh lease of life.

A mean correspondent says that Secretary Chandler has a kind of sonny-when-you-have-watered-the-whisky-and-sanded-the-sugar-come-in-to-prayer-look.

Sitting Bull is credited with remarking in a thoughtful manner: "What a pity it is that our forefathers, the noble sons of the forest, failed to pass an anti-European bill early in the 17th century."

The portrait of Thackeray by Mr. Lawrence, which has been painted for the Reform Club, London, is now placed alongside of that of Lord Macaulay, who was also one of the early members of the club. The likeness is considered admirable.

Richard King, known all over Texas and the West as "The Cattle King," is a small, swarthy Irishman, with a limping gait. His lameness is due to the careless way in which a broken leg was set.

MISCELLANEOUS.

PLAIN TRUTHS. The blood is the foundation of life, it circulates through every part of the body, and unless it is pure and rich, good health is impossible. If disease has entered the system the only sure and quick way to drive it out is to purify and enrich the blood.

These simple facts are well known, and the highest medical authorities agree that nothing but iron will restore the blood to its natural condition; and also that all the iron preparations hitherto made blacken the teeth, cause headache, and are otherwise injurious.

Brown's Iron Bitters will thoroughly and quickly assimilate with the blood, purifying and strengthening it, and thus drive disease from any part of the system, and it will not blacken the teeth, cause headache or constipation, and is positively not injurious.

Saved his Child. 17 N. Eutaw St., Baltimore, Md. Feb. 12, 1882.

Gen't.—Upon the recommendation of a friend I tried Brown's Iron Bitters as a tonic and restorative for my daughter, whom I was thoroughly convinced was wasting away with Consumption. Having lost three daughters by the terrible disease, under the care of eminent physicians, I was loth to believe that anything could arrest the progress of the disease, but to my great surprise, before my daughter had taken one bottle of Brown's Iron Bitters, she began to mend and now is quite restored to former health. A fifth daughter began to show signs of Consumption, and when the physician was consulted he quickly said "Tonics were required," and when informed that the elder sister was taking Brown's Iron Bitters, responded "that is a good tonic, take it."

BROWN'S IRON BITTERS effectually cures Dyspepsia, Indigestion and Weakness, and renders the greatest relief and benefit to persons suffering from such wasting diseases as Consumption, Kidney Complaints, etc.
