\$5 will buy a good Buggy and Harness.  
HANSEN & SMITH—Pine Wood Creosote Oil, &c.  
V. V. RICHARDSON, Ch'mn—Democratic Ex. Committee.  
Buy your dog a badge.  
No City Court yesterday.  
Changeable, is what the almanac says for to-day.  
This month has five Thursdays and five Fridays.  
Steamship *Regulator*, Capt. Doane, arrived here yesterday morning from New York.  
June steps in to-day and promises to remain with us four weeks and perhaps a day or so longer.  
There is much complaint about the condition of the street lamps and the irregular manner of lighting them.  
The Kindergarten exercises of the Tilson School will take place to-morrow (Friday) afternoon, at 4 o'clock.  
Mr. Archie Black, who was so badly hurt at Mr. A. Y. Wilson's mill on Monday last, died yesterday about 2 o'clock.  
Col. James G. Burr will be at the City Hall to-morrow, and for the next twenty working days, between the hours of 9 and 10 o'clock, and 3 and 6 o'clock, for the purpose of listing taxes.  
To Promote a Vigorous Growth of the hair, use Parker's Hair Balsam. It restores the youthful color to gray hair, removes dandruff and cures itching of the scalp.

**Pulling Down.**  
The old frame rookery on the property recently purchased by the Messrs Latimer, near the intersection of Third and Orange streets, is being pulled down. The other buildings on the adjoining lots will be demolished in a few days and the lots graded preparatory to building the two handsome residences which are to be erected.

**Laurinburg.**  
We are surprised to hear from a gentleman resident in Laurinburg that the flourishing little town now has some 1,300 inhabitants. He tells us that new buildings are going up continually and that the population is steadily on the increase. The merchants are all in good heart and looking forward to a fine trade in the Fall.

**The Upper Cape Fear.**  
From Capt. W. H. James, Engineer-in-charge of the improvements of the Upper Cape Fear, we learn that the flats, steam derrick and aquatic outfit for the work has been completed and will be taken up the river in a day or two. Work will be commenced on the shoals about seventy-five miles this side of Fayetteville. It is the intention of the officers in charge to work on the shoals and obstructions as long as the appropriation holds out, but it is well known that the money appropriated is not sufficient to accomplish the work which has been mapped out.

**Ready to be Burned.**  
Some one saturated the front gate to the residence of the Rev. G. H. White, pastor of Ebenezer Baptist Church, on 7th, between Dock and Orange streets, with kerosene oil on Tuesday night and set fire to it. The fire was discovered by the police and extinguished. It is thought that the person who set fire to the gate made an effort to burn the house, but was run off by a large yard dog, and in failing to accomplish his design set fire to the gate. The pastor had some words with a man on Tuesday night, and he seems to think that the person with whom he quarrelled had something to do with the attempted incendiarism. The Rev. G. H. White posted a card on his gate this morning asking his parishioners "not to repair the burnt gate and fence until the people of Wilmington could see it and judge for themselves," and wound up his card with the following words: "If preaching the word of God calls for fire, then I am ready to be burned at a stake!"

**The Excursion.**  
The excursion down the river on the *Passport* Tuesday night, under the auspices of the Library Association, was a very enjoyable affair and, we are pleased to know, was a financial success. The gentlemen in whose hands the matter was left, tell us that it was the first of a series of excursions and that the tickets for each excursion will be limited in order not to have the boat overcrowded.

**The Summer Uniforms.**  
The police uniforms arrived yesterday and were given out to the force. The suits are made of blue flannel. The die of the police button having been lost by the manufacturer in New York, the suits are supplied with North Carolina State buttons. Messrs. A. & I. Shrier furnished the uniforms and Messrs. Harrison & Allen the hats, which are broad-brimmed white Panamas.

**"For Boys and Girls."**  
We have received the June number of *Golden Days*, and it is a real gem for the young people. Every number of this magazine is replete with matter interesting and instructive to our young friends, and this last is fully up to the standard of excellence established by its predecessors. Published at N. W. corner of Spruce and Ninth streets, Philadelphia, by James Elverson. Subscription price \$3 per annum.

**The Minnehaha.**  
A postal was received here to-day from Capt. Bisbey, dated at New London on Sunday last, the 28th. Captain Bisbey arrived at New London, which is about 40 miles above New Haven, with his new boat, the *Minnehaha*, on Saturday. All were well, but the boat was detained at New London and will have to remain there a day or two to replace a crank-pin, which was broken. Capt. Bisbey expected to get to New York yesterday and to leave there to-day and we may look for him here about next Tuesday.

**A Nuisance.**  
Some of the boys in certain sections of the city are causing a great deal of annoyance to families by throwing small pebbles upon the piazzas and against the windows and even going so far as ringing the door bells. To-day we heard a lady in the eastern section of the city rebuking a great lot of a colored boy, who ought to have been out on some farm hoeing corn or grubbing, for ringing the door bell of her residence, and he stood and laughed insolently in her face all the while. It is an intolerable nuisance which we hope to see abated.

**Pine Grove.**  
One of the prettiest places of public resort on the Atlantic coast is Capt. E. W. Manning's, at Pine Grove, Wrightsville Sound. During the past Winter Capt. Manning has wonderfully improved his place, by fencing in a large lawn, adding to his house, and building cottages under the shade of the large pines from which the place takes its name. In addition to these he has built a large pavilion for dancing, and off in a secluded corner, a neat little club room for the benefit of his guests. The pavilion is open to the breezes, in full view of the ocean, and has a smooth even floor. He has engaged for the Summer a good old-fashioned string band, which furnishes "the old Frank Johnson music." We know of no place where one could more pleasantly spend the Summer than at the Sound, where pig-fish, oysters, soft, channel and hard crabs abound.

**What It Was.**  
The large fish which was caught a few days ago at the fisheries of Messrs W. E. Davis & Son, and which puzzled every one hereabouts to tell what kind of fish it was, was sent on to Professor Spencer F. Baird, at Washington, D. C. Yesterday the following letter was received by Messrs Davis & Son:  
SMITHSONIAN INSTITUTION,  
WASHINGTON, May 29, 1882.  
DEAR SIRS:  
Yours of May 26th to hand. The specimen of fish, referred to therein, came in admirable condition and proves to be the well-known *tarpon*, a fish of the herring and shad family. Sometimes also called the "king of the shad." We not infrequently receive them from various parts of the coast, but very rarely in such excellent condition. We shall take great pleasure in having a plaster cast made and placed on exhibition in our Museum. The fish is best known in Florida, where its capture is a subject of intense interest; the flesh, however, is not considered especially edible.  
Thanking you for this continuation of many previous favors,  
I am, very truly yours,  
SPENCER F. BAIRD.

**Grand Chapter R. A. M.**  
**Proceedings of Wednesday.**  
The Grand Chapter of Royal Arch Masons resumed its session yesterday morning. The proceedings of Tuesday evening's session were read and approved.  
John Nicols, P. G. H. P., and D. P. Mast, Grand Master 1st Vail, appeared, also additional representatives from several Chapters.  
The Grand Chapter took important action looking to the revival of dormant Chapters and the better dissemination of the work among Chapters.  
It being reported to the Grand Chapter that Robert F. Bower, of Iowa, General Grand High Priest of the General Grand Chapter of the United States, had recently died, the Body took appropriate action by the appointment of a committee, composed of John Nicols, Wm. Murdoch and J. I. Macks, who submitted a report expressing in fitting terms the feeling of the Body at his death.  
Amendments to the constitution were adopted reducing the fee for warrants for new Chapters to \$25, and changing the time of the annual convocations of the Grand Chapter to the 3d Tuesday in May.  
The financial reports of Wm. Simpson, Grand Treasurer, and D. W. Bain, Grand Secretary, were presented, referred to and favorably reported on.  
The following grand officers for the ensuing Masonic year were elected, viz: James Southgate, of Durham, Grand High Priest.  
Eugene Grissom, of Raleigh, Deputy Grand High Priest.  
Andrew J. Blair, of Asheville, Grand King.  
Samuel Northrop, of Wilmington, Grand Scribe.  
William Simpson, of Raleigh, Grand Treasurer.  
Donald W. Bain, of Raleigh, Grand Secretary.  
Rev. Solomon Pool, of Cary, Grand Chaplain.  
Isaac Patterson, of Newbern, Grand Captain of the Host.  
The Grand High Priest appointed the following officers:  
F. H. Glover, of Charlotte, Grand Principal Sojourner.  
Thomas E. Bond, of Wilmington, Grand Royal Arch Captain.  
J. W. Gulick, of Goldsboro, Grand Master 3d Vail.  
D. P. Mast, of Winston, Grand Master 2d Vail.  
J. H. Carter, of Asheville, Grand Master 1st Vail.  
Robert H. Bradley, of Raleigh, Grand Tiler.

The officers were installed in the afternoon, by Alfred Martin, P. G. H. P., except the Deputy Grand High Priest and Grand Chaplain, who were absent. Standing committees for the ensuing year were appointed as follows:  
On Finance—T. E. Bond, B. F. Briggs, W. H. Mitchell.  
On Foreign Correspondence—J. I. Macks.  
On Jurisprudence—H. H. Munson, John Nicols, Eugene Grissom.  
The city of Raleigh was selected as the place of holding the next Annual Convocation, on the 3rd Tuesday in May, 1883.  
Resolutions of thanks to Concord Chapter for its hospitable reception of the visiting companion, and to the railroad companies for courtesies, were adopted.  
The Grand Chapter closed at 6:30 p. m.

**Mr. Henry Hewlett's Death.**  
A friend has furnished us with a copy of the Jacksonville *Union*, containing full particulars of the death of Mr. Hewlett, formerly of this city, but ever since the close of the war a resident of Jacksonville. Mr. Hewlett was a native of this section, and learned his trade, if we are not very much mistaken, in the W. & W. R. R. shops at this place. He ran the first engine that was ever run on the Florida R. R. The particulars of the accident as given in the *Union* were published by us at the time, as they were received here by telegraph. The following, which we clip from the *Union*, will show the high esteem in which Mr. Hewlett was held in his adopted home:  
No tenderer, truer man ever lived than Henry Hewlett. Along the quiet pathway of his life glisten many charities and sweet deeds of kindness that would be widely heralded in men more widely known than he. The poor will miss him, and the children grow serious when they hear that he is dead; and after all, this is his best epitaph, and no man could have a better.

Full moon this afternoon at 19 minutes past 3 o'clock.

**Criminal Court.**  
This tribunal met yesterday morning and devoted the day to the trial of the case of Herbert Thompson, charged with an assault with intent to kill. Messrs D. K. McRae, C. M. Stedman and Junius Davis appeared for the defence and Mr. Solicitor Moore appeared for the State and was assisted by Hon. D. L. Russell and Mr. DuBrutz Cutlar. His Honor, Judge Mearns, charged the jury and gave them the case at 6 o'clock. At about 8 o'clock they announced that they were ready with their verdict and His Honor was sent for. Upon his arrival the jury filed into the room and rendered a verdict of guilty.  
The case of Richard Gause, charged with an assault with a deadly weapon, is set for the first thing this morning. The Grand Jury found two true bills.

**How to Cook Rice.**  
Rice is becoming a much more popular article of food than heretofore. It is frequently substituted for potatoes at the chief meal of the day, being more nutritious and much more readily digested. At its present cost, it is relatively cheaper than potatoes, oatmeal or grain-grits of any kind. In preparing it only just enough cold water should be poured on to prevent the rice from burning at the bottom of the pot, which should have a close fitting cover, and with a moderate fire the rice is steamed rather than boiled until it is nearly done; then the cover is taken off, the surplus steam and moisture allowed to escape, and the rice turns out a mass of snow-white kernels, each separate from the other, and as much superior to the usual soggy mass as a fine mealy potato is superior to the water-soaked article.

**"Buchupaiba."**  
Quick, complete cure, all annoying Kidney, Bladder and Urinary Diseases \$1. Druggists Depot, James C. Munda.
