JOSH. T. JAMES, Editor & Prop. WILMINGTON, N. C.

Entered at the Postoffice at Wilmington, N. C., as second-class matter. EVENING. MONDAY, JUNE 5, 1882.

A SUGGESTIVE WARNING.

The recent action of the Republicans in the House of Representatives is suggestive and may, if properly considered and headed, be of importance and benefit to the Democratic party.

Seeing serious doubts of success in the North and Northwest, (of which there is abundant evidence) they propose to seat and unseat members from the South upon the most flimsy pretext, hoping thereby to flatter and feed the ambitious of disaffected Democrats and induce them to engage in a so-called independent movement, and thus maintain their ascendancy by breaking up the "Solid South."

It is said that General Hancock is to be the Democratic candidate for Governor of Pennsylvania.

In developing and carrying out this plan, they have violated, outraged and trampled upon every principle of justice, right and the liberties of the people they are bound to subvert and protect; have made a mockery of every long-established precedent, and have plunged recklessly into a revolution which, if unchecked, will lead certainly, surely and swiftly to the establishment of a supreme despotism.

W. W. Corcoran, Washington's philanthropist, is recovering from an attack of pneumonia.

It is now said that the wealth of the late Moses Taylor, of New York aggregates \$50,000,000.

General Benjamin F. Butler, whose finger has been in the Sprague pie for some months, has just arranged to buy the Sprague trust estate.

Senator Jones, of Florida, will receive next month the degree of Doctor of Laws from Georgetown University—an institution not lavish in the bestowal of such honors.

Mr. Edwin Booth has hired the Adelphi Theatre for his four weeks' season in London, which will open June 26th. He pays for the house what is equivalent to a rental of \$675 a week.

John C. Wolcott, one of the most prominent lawyers of Massachusetts, is in jail at Boston, where they are keeping him until he is sober enough to be tried for charging a pensioner \$100 for prosecuting his claim.

Gen. Grant is said to be worried very much over the discovery of a flaw in the title to the deed of the ground on which his newly-finished residence on Sixty-sixth street stands. An aged negro woman claims the ground on which it is built.

No lady or gentleman need suffer long with eczema, tetter, ring-worm, or any pimply rough dry scaly skin disease, for Dr. C. W. Benson's Skin Cure is a perfect and reliable remedy for all skin diseases. Sold by all druggists at \$1 per package.

SHORTS.

The American Medical Association will begin its 33d annual session at St. Paul, June 6.

A naphtha locomotive is about to be tested on the New York, Lake Erie and Western railroad. It is an immense saving in fuel provided it works all right.

The Washington monument has reached a height of 270 feet, 20 feet of stone having been added since May 1. This work is advancing satisfactorily and will be pushed forward as rapidly as circumstances will permit.

The St. Louis Post-Dispatch, alluding to the financial failure of the Chicago musical festival, declares that a concert made up of Handel's "Jubilate," Beethoven's symphony in C minor and similar music will not go down in Chicago, for what is wanted is something frivolous, like "Little Sallie Waters."

A Mississippi paper breaks into poetry over the Chalmers situation, as follows: "They've thrown me overboard, that's rough!" The doctory Chalmers cried, "Perhaps I still have strength enough To swim to the other side!"

The New York ticket scalpers are happy this month. A penal code was to go into effect May 1 prohibiting any but duly authorized agents of railway companies from selling tickets. The date was postponed and December 1, 1882, fixed upon. So the scalpers have a go at the summer business.

The following additional strikes are reported: Coopers in Jersey City; brickmakers in the same place; 3,000 miners in the Cumberland region; workers in the oil works at Centerville, New Jersey; 3,000 carpenters in Cincinnati; 1,200 tanners in Chicago; 200 horseshoers in Boston, and the glass-blowers of Glassborough, N. J.

Both Lydia E. Pinkham's Vegetable Compound and Blood Purifier are prepared at 233 and 235 Western Avenue, Lynn, Mass. Price of either, \$1. Six bottles for \$5. Sent by mail in the form of pills, or of lozenges, on receipt of price, \$1 per box for either. Mrs. Pinkham freely answers all letters of inquiry. Enclose 3c. stamp. Send for pamphlet. Mention this paper.

A gentleman who has traveled through the greater portions of the States of Alabama, Mississippi, Louisiana, Arkansas and West Tennessee, tells the St. Louis Globe-Democrat that the planters have devoted a much greater acreage than usual to grain, and that many will be able to "live at home," leaving cotton almost entirely as a surplus crop. The crop prospects, he says, are good.

dictatorship, Garibaldi now retired to the small island of Caprea. In 1861 he became a member of the Chamber of Deputies, and in 1862 general-in-chief of the National Guard. Later on we find him fighting in succession the French and Austrians. He aided the French in the war of 1870, and was put in command of a division. In recent years he has been a member of the Chamber of Deputies, and has wielded a large but rather uncertain influence in Italian affairs.

Henry Bryan, colored, was on trial last week in Newbern for the murder of Mr. J. M. Agostini, and was acquitted on the plea of insanity. The acquittal was doubtless based upon the testimony of physicians, but yet after a careful reading of a large portion of the testimony, we cannot but believe that Bryan, at the moment of the murder, was as sane as we are at this writing, and equally as sane as was Giteau at the moment he fired the fatal shot at President Garfield. Bryan is to be sent to the asylum at Raleigh, to be turned loose again in a year or two, perhaps, to murder inoffensive citizens, and to be acquitted once more on the plea of insanity.

It is said that General Hancock is to be the Democratic candidate for Governor of Pennsylvania.

Rufus Hatch predicts another panic greater than that of 1873.

The Denver Tribune says General Fremont was "a man of superb limitations."

"Adirondack Murray" is in Texas pursuing the useful occupation of hauling wood.

W. W. Corcoran, Washington's philanthropist, is recovering from an attack of pneumonia.

The Approaching Egyptian Conference—Mourning in Italy for Garibaldi—Anniversary of the Ozarina's Death.

ST. PETERSBURG, June 4.—An official announcement of Russia's acceptance of the conference at Constantinople to settle the Egyptian question is published.

CONSTANTINOPLE, June 4.—Deraich Pacha, commissioner, and Lehib Bey, assistant commissioner, Ahmed Essad Effendi, second assistant commissioner, and Nilner Bey, attaché to the commission, have sailed for Cairo. All foreign ambassadors were summoned to the Porte last evening, and informed of the dispatch of the commission with the object of endeavoring to effect a reconciliation between the Khedive and Arabi Pacha, and to restore order. Lord Dufferin, British Minister, telegraphed to Earl Granville yesterday that in view of the Sultan's action in sending a commission to Egypt, a postponement of the conference was desirable. Rumors are current that the Porte has dispatched a circular to the powers, in which it endeavors to show that the conference would be inopportune. Said Pacha, Minister of Foreign Affairs, when receiving the ambassadors last evening, expressed himself to a similar effect.

ROME, June 4.—All Liberal journals appear in mourning and publish eulogies of General Garibaldi. The action of the French Chamber of Deputies in adjourning yesterday, as a sign of mourning for the deceased General, has produced an excellent impression. Ricciotti Garibaldi and Major Canzio have arrived at Capri. Preparations for the cremation of the remains have been suspended. The doctors are expected to arrive this evening.

ST. PETERSBURG, June 4.—The anniversary yesterday of the death of the late Empress was observed with special services at the cathedrals of St. Peter and St. Paul, which were attended by the Emperor and Empress. The Emperor subsequently visited the Winter Palace.

NEW YORK. Meeting of Jewish Societies to Aid Refugees.

NEW YORK, June 4.—A Convention of various Hebrew Aid Societies was held to-day at the Hebrew Orphan Asylum to take some concerted action for the reception, distribution, transportation and colonization of Russian refugees. Delegates were present from all the principal points in the United States.

Mr. H. S. Henry, President of the Society in this city, called the Convention to order. He said that since December, 1881, \$75,158 had been received and 3,693 refugees had been cared for and about 2,000 located. Only \$37,257 remained in the Treasury. A permanent organization was effected by the election of Judge Isaacs as Chairman, Henry Macks, of Cincinnati, Vice Chairman, and Messrs Arthur and Kusheed, Secretaries.

NORTH CAROLINA. Terrible Hail Storm at Halifax—Acquittal of a Murderer at Newbern.

PETERSBURG, Va., June 4.—A destructive hail and wind-storm occurred this afternoon, extending from Halifax to Garysburg, N. C., a distance of ten miles. Several houses were blown down and high trees uprooted. Matilda Gary, colored, and her two daughters 4 and 5 years old, living near Garysburg, were killed by the blowing down of her house, and other members of her family narrowly escaped alive. The hail stones were as large as one's fist; it is feared there was much destruction of the crops. Trains from the South have been delayed by blockades of fallen trees.

NEWBERN, N. C., June 4.—Henry Bryan, colored, who has been on trial for the last two days for the murder, on July 1st, of Mr. J. M. Agostini, an employe of the Midland North Carolina Railway, has been acquitted, the verdict being that he was insane.

VIRGINIA. Unfortunate Accident in Hampton Roads.

FORTRESS MONROE, June 4.—Noon.—An accident occurred in the Roads at 10 o'clock to-day, by which two young men from Hampton, named D. B. Ready and George Dexter, were drowned. They had gone out for a sail and were off Sewell's Point, when a squall was seen approaching. The tug Spring Garden, from Norfolk, passing for Old Point, was hailed and took them in tow, the captain advising them to come on board, which they declined to do. Shortly afterward a squall of rain and hail struck them with great force, and the tug had to be hauled head to wind for safety. When it ceased it was discovered that the sail boat had parted her lines, capsized and was half a mile to leeward on the flats. The boat was afterwards picked up by the steam launch Tennessee, but no trace of the unfortunate occupants could be found.

The Court in Banc in the Giteau Case—They Decline to Reopen the Case for Argument.

WASHINGTON, June 5.—Noon.—Chief Justice Carter and Judges James and Hagner, constituting the court in banc, to-day rendered a decision upon the last motion filed by Mr. Reed in Giteau's behalf. The Chief Justice delivered the opinion which was as follows: "In the case of Giteau the Judges who listened to the argument in that case have come to the conclusion that they have exhausted their powers upon it; that they have heard it patiently, fully and fairly, and that a reargument would bring them to no other conclusion than that they have already arrived at, and they decline to reopen the case for argument."

Homicide in Fulton Co.—Inquest of the Coroner.

ATLANTA, Ga., June 5.—Noon.—The Coroner of Fulton county has just concluded an inquest over the body of Willis Ray, who died yesterday from the effects of wounds inflicted by Green Kirksey, at about midnight Saturday, May 20th. Kirksey and Willis Ray quarrelled about a woman when the former struck the latter on the head with an axe, causing fractures which extended in nearly a dozen directions but, strange to say, Ray lived until yesterday. Kirksey is in jail.

SEEK

health and avoid sickness. Instead of feeling tired and worn out, instead of aches and pains, wouldn't you rather feel fresh and strong?

You can continue feeling miserable and good for nothing, and no one but yourself can find fault, but if you are tired of that kind of life, you can change it if you choose.

How? By getting one bottle of BROWN'S IRON BITTERS, and taking it regularly according to directions.

Mansfield, Ohio, Nov. 26, 1881. Gentlemen—I have suffered with pain in my side and back, and great soreness on my breast, with shooting pains all through my body, attended with great weakness, depression of spirits, and loss of appetite. I have taken several different medicines, and was treated by prominent physicians for my liver, kidneys, and spleen, but I got no relief. I thought I would try Brown's Iron Bitters; I have now taken one bottle and a half and an about well—pain in side and back all gone—soreness all out of my breast, and I have a good appetite, and am gaining in strength and flesh. It can justly be called the king of medicines.
