Only 4 bales of cotton received at this port yesterday.

Nothing in the hardware line can be found at reasonable prices at JACO.

Lots of fine pigfish have been brought into this market during the past few days.

Twenty-eight firms on Water street have signed the agreement to close business at 5 o'clock p. m. on and after next Monday.

A lodge of the Knights and Ladies of Honor will be instituted in this city next Tuesday evening. There are about fifty charter members.

The South Carolina Press Association, which has been in session at Marion this week, paid a visit yesterday to Waccamaw Lake.

The Superior Court was occupied all of yesterday morning in hearing motions on the docket, and at 1 o'clock adjourned until this morning. The Court will probably be in session all of next week.

Dr. A. J. DeRosset returned to the city on Monday night from New York where he went for the purpose of being present at the ordination to the Priesthood in the Protestant Episcopal church, of his son, Rev. F. A. DeRosset.

Br. barque Contest, Capt. Anderson, cleared at this port to-day for Bristol, England, with 1,250 casks spirits turpentine, valued at \$30,500, and 2,189 barrels rosin, valued at \$6,500, a total value of \$37,000 for the cargo.

River News.

We are informed by steamboatmen that a few days ago there was some freshet in the Cape Fear river, but that it has now subsided, and is falling below the point it held before the freshet began.

A Large Orchard.

Capt. R. P. Paddison has the largest orchard at Maulsby's Point, about 20 miles above this city, in the State. He has between 5,000 and 6,000 peach trees, under five years of age, and 1,200 apple trees. All of his trees are loaded down with fruit and we are glad to know that he is realizing handsomely from them.

We Told You So.

At the Republican Congressional Convention held on the 8th inst., at Elizabethtown, Bladen county, Sheriff Manning, of this city, was made permanent chairman, and M. N. Leary permanent Secretary. Mr. W. P. Canaday was nominated for Representative to Congress, without any opposition. The action of the Liberal-Republican-Democratic anti-Prohibition Convention at Raleigh was fully endorsed. The Committee on Resolutions were not prepared to "resolve," so they were granted further time. The session occupied but a very few hours, as every delegate was of the unanimous sort, causing everything to go through with a rush, to the satisfaction of the wire-pullers and the salvation and glory of this g-r-r-a-t and galorious Republic.

Magistrate's Court.

Primus Delaine, colored, was brought before Justice Millis yesterday morning, charged with the larceny of wood from the land of Aaron Davis. The evidence not being deemed sufficient, he was discharged.

The same party was then arraigned upon the charge of larceny from Mr. O. G. Parsley, Sr. The allegation in this case is that Mr. Parsley had bought the shingles and hired Delaine to haul them to his place on the Sound, and the latter hauled one load and delivered them as directed, but the remainder he hauled and sold to Mr. O. G. Parsley, Jr., in this city. The case was postponed until this morning, and in the meantime the defendant is playing chequers with his nose at the windows of the county jail.

The Railroad Meeting.

The steamer *John Dawson* left this city yesterday morning for Point Caswell, having on board Messrs. A. H. Van Bokkelen, C. E. Smith, J. C. Stevenson, W. B. McKoy, R. W. Hicks, Sol. Bear, Samuel Bear, Jr., H. Brunhild, F. W. Kerchner, W. L. Meadows, of this city, and Messrs. E. W. Kerr, John D. Kerr and J. A. Ferrell, of Sampson. The party left to attend a mass meeting of the subscribers of the Point Caswell and Clinton Railroad, and of course a REVIEW reporter accompanied them. The trip up the river was a pleasant one, and the steamer landed at the future terminus of the railroad in due time. A good crowd were in waiting to meet the boat and her passengers, and after the delegates disembarked and walked about, exchanging ideas for about an hour, the crowd assembled at the store of Mr. John R. Paddison. The meeting was called to order by that zealous worker Capt. R. P. Paddison. Mr. John D. Kerr was called to the Chair, and Messrs. H. Brunhild and J. H. Kerrell were selected as vice officers, and Messrs. W. B. McKoy, J. R. Paddison and J. N. Henry acted as secretaries.

Mr. Kerr, in taking the chair, explained the object of the meeting and stated also that it was called with a view of ascertaining if the present subscribers would change their subscription from an iron to a wooden railroad.

The Secretary read a letter from Mr. John Colville giving much valuable information as to the building and equipping of a wooden railroad, and showing its practicable use.

Upon motion of Hon. A. H. Van Bokkelen, a committee was appointed to draft resolutions expressive of the sense of the meeting. The chair appointed the following gentlemen: A. H. Van Bokkelen, S. B. Andrews, J. C. Stevenson, Dr. Jno. R. Hawes, Dr. J. F. Simpson and Capt. R. P. Paddison.

During the absence of the Committee Mr. E. A. Kerr was called upon and spoke earnestly in favor of the enterprise, showing the probable cost of construction and the probable receipts of the road. Messrs. C. E. Smith, F. W. Kerchner, J. C. Stevenson, R. W. Hicks, Sam'l Bear Jr., Duncan O'Hanlon and W. B. McKoy were called upon and made brief speeches, urging the building of the road, and showed their faith in it by increasing their subscriptions.

The Committee on Resolutions appeared and reported, through their Chairman, Hon. A. H. Van Bokkelen, the following, which was unanimously adopted:

Resolved, That an effort having been made to construct a railroad from Clinton to Point Caswell with iron rails, and WHEREAS, After an earnest effort to raise a sum sufficient for such purpose, it appears impossible, on account of the high price of iron rails and the present financial condition of this section, and WHEREAS, A large sum has been raised, and it is the sense of the subscribers to the original enterprise that a wooden railroad will do the work for the present, and leave in the hands of the company a net earning sufficient to put down annually five or six miles of iron track, at the same time keep up the regular transportation on the road, and in the opinion of this meeting in another seven or eight years the company can complete and equip an iron road from Clinton to Point Caswell at a cost of \$50,000, stock subscription actually paid in, with addition of net earnings, which will be worth \$200,000 free from incumbrance, and will be owned and controlled by the original stockholders.

Resolved, That the Chairman of this meeting appoint 12 additional committeemen from Clinton to Point Caswell which, with those already appointed, shall solicit further subscriptions for the building and equipping of a wooden road from Clinton to Point Caswell, to connect with a line of steamers from Point Caswell to Wilmington, and to obtain the consent of those who have already taken stock in an iron road, to change the same to stock in a wooden road; said committee, with the committee heretofore appointed, shall report to and be subject to the call of the present chairman of the committee in the city of Wilmington, whose duty it shall be to call a meeting of all the subscribers of this enterprise, to be held in the city of Wilmington as soon as the sum of \$25,000 shall have been subscribed, for the purpose of effecting a permanent organization of the Clinton, Point Caswell & Transportation Co.

Resolved, That from information obtained from men who have had practical experience in the construction and equipment of wooden railroads, it is the opinion of this meeting that a wooden railroad of sufficient capacity to do all the work required can be built and equipped in good working order for the sum of \$50,000.

Those of the subscribers present came forward and changed their subscription from the iron to the wooden railroad, and most of them increased their subscription.

The following gentlemen were ap-

pointed a committee in compliance with the above resolution: J. W. S. Robinson, Thos. J. Hobbs, Marsden Peterson, J. J. Brounson, Livingston Herring, T. J. Herring, H. E. Shaw, Geo. S. Beatty, E. A. Hawes, Thos. L. Pugh, J. C. Robinson.

The meeting was very enthusiastic and harmonious, and the Point Caswell and Clinton Railroad is now looked upon as a fixed fact beyond peradventure. It was determined by the committee that the road should be built without debt. Mr. F. W. Kerchner, chairman of the Wilmington committee, has set apart Thursday, June 22d, as the time when the New Hanover, Pender and Sampson committees should report, and as soon as their reports are in, with lists properly signed, an organization of the company will be made.

At a called meeting of the delegates on board the steamer *John Dawson*, consisting of Messrs. A. H. Van Bokkelen, F. W. Kerchner, E. W. Kerr, J. A. Ferrell, Sol. Bear, H. Brunhild, J. C. Stevenson, W. B. McKoy, W. L. Meadows, I. T. Alderman, Samuel Bear, Jr., Geo. N. Harris, C. E. Smith, R. W. Hicks, Mr. A. H. Van Bokkelen was called to the Chair and R. W. Hicks was requested to act as secretary. Mr. F. W. Kerchner stated the object of the meeting. On motion the following committee, consisting of Messrs. McKoy, Stevenson and Meadows were appointed, and the following resolutions, drafted by them, were unanimously adopted:

ABOARD STEAMER JOHN DAWSON, ON THE TRIP DOWN, BLACK RIVER, 9th June, 1882.

Resolved, That whereas, Capt. Paddison, of the steamer *John Dawson*, did so generously tender his boat to the subscribers of the Clinton & Point Caswell Railroad, and so kindly and assiduously entertained us on our trip, we, his guests, express our appreciation of his attention and the interest he has shown in the enterprise, and hereby acknowledge that the success of the meeting to-day was mainly due to his exertions.

Resolved, also, That a copy of these resolutions be presented to Capt. Paddison by the Chairman of this meeting, and that the DAILY REVIEW and Star be requested to publish the same.

How Is It?

Our nautical reporter has paid a visit to the steam yacht *Minnehaha*, and, as the result of his observations, he says that she is a trim little craft and that when she gets new reef-tackle on her scupper gaskets, has her lee taffrail gammoned amidships, her garboard streak belayed to windward and her main royal ferial stowed in the after nightheads, she will be all ready to take passengers up and down the river at a pretty good jog an hour.

Death of Mr. Hart.

It is with great regret that we chronicle the death of Mr. L. A. Hart, one of the oldest, most enterprising and most highly esteemed of our citizens. He had been sick for some little time past and on Tuesday last was stricken with paralysis, from which he never recovered. He died yesterday morning about 4 o'clock, surrounded by the members of his family.

Mr. Hart was born in Southington, Conn., August 7, 1809, and was consequently nearly 73 years of age. He was a descendant of Stephen Hart, who emigrated from England to Cambridge, Mass., in 1632. Mr. Hart came to Wilmington about 1838 or '39 and embarked in the tinning business here with Mr. S. P. Polley, who survives him, and who is now a resident of Cromwell, Ct. The firm did business in the building on South Front street now occupied by Messrs Parker & Taylor. The operations of the house were gradually enlarged and in 1858 Mr. Polly retired and Mr. Hart became associated with the late John C. Baiely in the foundry business.

Mr. Hart was very successful in all of his business ventures and as a consequence had amassed a handsome competence. He has been known for many years past as one of the solid business men of our city. He was a man of large heart, of genial manners in his intercourse with others and of strict business integrity and his death will be sincerely regretted by all who knew him.

The funeral services will take place this morning, at 10 o'clock, from the First Presbyterian Church.

Captain Swift Galloway for Solicitor.

For the Review.
MR. EDITOR: The near approach of the Judicial Convention to be held at Magnolia, June 27th, renders proper the agitation of the question who is the best man for our next Solicitor. From information received from various portions of the district, it is evident that Captain Swift Galloway gives great satisfaction, and is entitled to a re-nomination. It is the general voice of the Democracy of the district that he will add more strength to our ticket than any man we could select. He has made a faithful and efficient officer, and is one of those bold, eloquent, magnetic men who, while a terror to violators of the law, carries the masses with him wherever he goes. We need such men now as solicitors as well as standard bearers of the Democracy in the coming campaign. In all these lower as well as upper counties of the district, he is evidently the choice of the people, and ought to be nominated by acclamation at Magnolia on the 27th inst. Let us show such a united appreciation of this gallant soldier, able officer, high-touted gentleman, good Democrat, and true friend of the people.
