money, but it was not for the people to the patient had got well. drink. There were "a few" privileged ones who were authorized to "stand up" with the foreign guests of the peobut we do know that the exhibit made by the items is a very startling one. Somebody must have been drunk at some time. For, say, one hundred men to smoke 10,300 eigars, and 2,000 cigarettes, and chew 111 papers the couple for that purpose. and 17 pounds of tobacco in three or four days, is accomplishing a great deal. but when it comes to the same crowd, in addition to the chewing and smoking, to hide 822 gallons of wine, 1,620 bottles of beer and 140 gallons (nearly four barrels) of brandies and whiskies, then yet the prices paid were enormous, and will be found, we think, in comparison, to exceed retail prices. Sherry wine costs \$6 a gallon; Madira \$6; American sherry \$4.50 (\$3 is a good price, at retail, for this wine); you, FREE OF CHARGE. This great 1830 brandy \$15; pale brandy and dark brandy \$10; champagne \$30 a dozen bottles (by the 130 cases); claret \$10 a gallon (phew!); whiskey \$5 a gallon, (by the barrel); American beer \$12.50 a barrel (nearly 10 cents a bottle); rum \$9 a gallon, and Scotch whiskey \$6 a gallon; cigarettes cost \$6 and \$6.50 per thousand and cigars (bought by the thousand) 8 cents a piece for domestic brands and imported eigars 124, 164 and 17 cents each.

In addition to this were other expenses creating a deficiency in the appropriation amounting to \$32,328 in addition to the \$40,000 originally appro-

AS WE PREDICTED. The Republican State Convention was held at Raleigh on the 14th instant, and, as we predicted in a former issue of the REVIEW, the ticket nominated by the so-called Liberal Convention was fully approved and endorsed. The plan was altogether too transparent to be misunderstood, and now the ball is fully opened on the Republican side. The few Democrats nominated at the former convention are to receive the support of the Republican party, and it is to be expected will be elected by Republican votes aided by disaffected Democrats. This is the programme, voters of North Carolina! The Demoratic party is too strong and too closely united to be raped, and so the weak, find a yielding and silly ara to be seduced from their fealty to the staudard which has guaranteed and protected their every right and relieved the State from the clutches of the Republican harpies who for a number of years fattened upon

the very life-blood of the people. These soft, silly, disaffected Democrats are the forces by which a Radical grasp may le again fastened upon the throat of the dear old State, and she again be laid helpless at the mercy of an ignorant, prejudiced and heartless minority. But the Republicans, for once, have reckoned without their host. The hopes they have builded upon the adoption of their present plan will never be realized. A few Democrats may yield THE YORKTOWN LIQUOR to the allurements of a prospective office, and allow their names to be used morning, aged 68 years. as a means to draw many of the rank and file-the sturdy and true yeomanry trict have nominated Jas. Wilson for of the State-from their allegiance and fidelity to her best interests, but they will be wofully mistaken. The defection of the 15th Ohio Congressional Distion of these will not draw one true and trict. o tried Democrat into the flimsy and o transparent net. Those who have here- Cape Race on Saturday last, and was tofore pretended to be Democrats, who shall give the movement their support, picked up, but the other, containing 11 have in reality never been Democrats men, is still missing. o in principle, and have only awaited an opportunity for a prospective mouthful of the loaves and fishes of office to go to that party or clique which offers the best opportunity for the gratification of their official appetites.

37 Walker-St., Baltimore, Dec. 1881. For six years I have been a great sufferer from Blood Disease, Dyspepsia, and Constipation, and became so debilitated that I could not retain anything on my stomach, in fact, life had almost become a burden. Finally, when hope had almost left me, my husband seeing Brown's IRON BITTERS advertised in the paper, induced me to give it a trial. I am now taking the third bottle and have not felt so well in six years as I do at the present time.
