S. JEWETT—Notes, Drafts, Receipts
and Orders.
A. K. REYNOLDS—For Ease and
Comfort at Smithville.

Grand Military Excursion.
The Wilmington Light Infantry will give a grand military excursion to Smithville and the Forts on the 29th inst., on the steam yacht *Passport*. There will be music and dancing, and refreshments will be served on board. A beautiful feature of the occasion will be the presentation of an elegant floral tribute to the most popular young lady on board, each holder of a ticket being entitled to a vote. Messrs. R. H. Beery, F. L. Meares, B. W. Dunham, W. C. Jones and Geo. Harris, Jr. form the committee of arrangements.

Escape of a Convict.
Levi Walker, colored, escaped from the County House of Correction a few days since, through no lack of proper vigilance, as we are satisfied from the circumstances attending his escape, on the part of the guard. He was immediately followed up by Mr. Savage but could not be found. From information received it is probable that he is now somewhere in the neighborhood of Goldsboro. Mr. Savage offers in this issue a reward of \$10 for his capture.

Kitchen Market.
The following prices prevailed yesterday in this market:
Beef 10 to 16 cts. # lb; mutton 10 to 12 1/2; veal 12 1/2 to 15; N. C. hams 16 to 18 cts.; Baltimore hams 18 cts.; breakfast strips 16 1/2 cts.; pan fish 12 1/2 to 20 cts.; shrimps 15 to 20 cts. per quart; hard crabs 12 to 15 cts. per dozen; soft crabs 40 cts. per dozen; chickens, spring 12 1/2 to 30 cts. each; grown fowls 35 to 40 cts. each; eggs 20 cts. a dozen; green corn 25 to 35 cts. a dozen; beets 5 cts. per bunch; onions 5 cts. per bunch; cucumbers 5 to 15 cts. per dozen; squashes 10 to 20 cts. per dozen; cabbages 10 to 20 cts. per head; green peas 25 cts. per peck; snap beans 25 to 30 cts. per peck; Irish potatoes 40 cts. per peck; huckleberries 10 cts. per quart; strawberries 20 cts. per quart; blackberries 15 to 20 cts. per quart; plums 5 cts. per quart; apples 35 to 40 cts. per peck; peaches 50 cts. per peck; tomatoes 15 cts. per quart.

The Fire Alarm.
At a meeting of the officers of the following named fire companies, the Howard Relief, Hook and Ladder and Wilmington Steam Fire Engine Co., No. 1, held Wednesday evening last at the hall of the latter company, Mr. H. Hintz, presiding, and Mr. James W. Monroe, acting as secretary, the following resolutions were adopted:

Magistrate's Court.
Sophy Swann, colored, was brought before Justice Millis this morning, charged with an assault and battery on Thomas Carney. Judgment suspended upon the payment of costs, which she failed to do and was sent to jail.

Another Office Robbed.
Some rogue, perhaps the same who went through Mr. Parsley's office on Wednesday night, broke into Mr. J. A. Springer's coal office on Thursday night, effecting an entrance through the window. He ransacked the desk drawers and secured about a dozen lead pencils and a lunch of bread and cheese which had been left in one of the drawers, and left with an old coat and a hat taken from a hook in the corner. It was in evidence, from the number of match stumps lying around, that the rascal had made an ineffectual attempt to get into the safe.

A Heavy Wind.
We learn that the wind and rain storm which passed over this city last Thursday evening was particularly severe at Wrightsville Sound. A gentleman who was on the beach at the time, states that it looked as if the wind would "split the Sound in two," ploughing the waters up dreadfully, and carrying it in clouds across to the beach, it looked as if the sand hills were being carried into the ocean. A party from up the country, among whom were several ladies, were badly frightened and took refuge in the Banks house until the storm passed over.

The Solree and Concert.
Music is more profound as a science and more difficult as an art, than any other problem that ever engaged human attention. This was made manifest in a great measure at the entertainment at the Opera House, given last evening by Prof. Van Lear and the class under his tutelage, assisted by Prof. Hobbs, on the violin, and the Arion Society as vocalists and instrumentalists. While probably but few of the class had paid much attention to music as a science, there was plenty of evidence that they had studied it as an art very thoroughly, and under the instruction of an earnest, faithful, accomplished and pains-taking teacher. Of course there were some errors of time and touch, but not so many as we, with good reason, might have expected. It has been a rule with us in our reports of such entertainments, never to individualize, and although there are many instances when we would gladly depart from the rule, we think it better not to do so. Of the entertainment last night we can say that it was eminently a success. All of the pupils did well, and there were some who did very finely. Indeed we were surprised, as well as pleased, at the proficiency and skill displayed by a number of the young ladies and gentlemen. The vocal efforts, in solo and chorus, were very fine. The violin was in the hands of a master, and the addition of two cornets, in the closing piece, gave a fine and pleasing variety to a very agreeable evening's entertainment. The house was filled with a fashionable and intelligent audience, who manifested their delight by frequent rounds of applause.

Democrats in Bladen.
LITTLE SUGAR LOAF, June 15, 1882.—At a convention held for Colly township, by the Democratic voters of said township, this day, to select delegates to a county convention, to be held at Elizabethtown, Monday, June 19, 1882, the following proceedings were had: T. Louis was made temporary chairman, when upon motion, R. P. Melvin and J. G. Layton were put in nomination for permanent chairman, resulting in the election of J. G. Layton. On motion, J. G. Layton and W. J. Sikes were chosen delegates to represent this township in the County Convention, with instructions to vote for A. M. Waddell for Congress and Jas. D. McIver for Solicitor. Also a committee of four were appointed for the ensuing year, W. J. McKay and others. J. G. LAYTON, Chairman. W. J. McKAY, Secretary.

Monroe Enquirer: We have a sample of Mr. Wesley Helm's oats, which measures 6 feet 3 inches in height. We learn he had four acres which would average this height. C. H. Sehorn, colored, cradled 52 dozen in five hours. This we call good work.

Wilson Siftings: The Rev. W. S. Bynum, an evangelist appointed by the Bishop of this Diocese, intends holding a series of religious services in St. Timothy's church, beginning on Friday, the 16th inst. It is anticipated that the Rev. Mr. Murdock will assist him.

Smithfield Herald: We were shown four beets last week that weighed nearly eleven pounds, one measuring six inches across the top. The Midland road is being rapidly finished up to this point; the track is laid to within four miles of town and the sound of the whistle is being heard; already "Old Rip" shows signs of awakening.

Washington Press: The reports of our farmers as to the future prospect of crops is anything but encouraging. The continued cold weather gives cotton an unhealthy look. Much replanting has been going on, and some have ploughed up entirely and planted corn instead. Upon the whole the matter now promises a serious outlook.

Lenoir Topics: The cold weather which has just passed has been very hard on cotton in the lowest part of the Piedmont section. From Cabarrus and other quarters comes the complaint that there is a bad stand and that the stand secured is in a sickly, spindling condition. Many farmers have ploughed up their fields and planted them in corn.

Newbern Journal: The second crop of strawberries are fine. They sell at ten cents per quart. Spring chickens are handed around at from twenty-five to fifty cents per pair, according to size. A few days ago Mr. Parsons was sailing up Trent river, when the rudder of his boat became unfastened. In trying to fasten the rudder again it was necessary for him to stand, and while in this position his boat ran up to a stake, which took up the back of his coat and lifted him right out of the boat. The boat went some two hundred yards, leaving Mr. P. in this position, before the boy who was with him could get her back. Hung up by the back in the middle of Trent river is not a very enviable position.

Chatham Record: We are informed by William Henley, of Albright township, that Mrs. Jane Cuberson, who is eighty seven years old, recently visited her friends in that neighborhood, and, in order to do so, she walked seventeen miles in one day. Very few women of half her age could do that.

Fayetteville Examiner: Bishop Lyman arrived in this place last Saturday, the 10th, and preached at St. Joseph's, in this place, on that day, and on Sunday morning at Rockfish. In the evening he preached an impressive discourse at St. John's church, on the 2d chap. and 47th verse of Acts, after which the rite of confirmation was administered to a number of persons. The whole number of confirmations was at Rockfish 13; at St. Joseph's 3; at St. John's 14; making 30 in all. Mr. Cross Davis, of this place, has completed a boat 18 feet long and 4 feet 5 inches in width, and of two and one-half tons burden. She is called the Lilly McFadyen, and is intended for navigating the waters of Lower Little River between McFadyen's Springs and the C. F. & Y. V. Railway. She will carry passengers and freight, and make regular trips to the Springs.

THE MAILS.
Themals close and arrive at the City Post office as follows:
