Correspondents will report any and all facts and receive their paper regularly.

THE DAILY REVIEW.

VOL. VI. WILMINGTON, N. C., THURSDAY, JUNE 29, 1882. NO. 157.

LOCAL NEWS.

INDEX TO NEW ADVERTISEMENTS. YATES—Blank Books. HEINSBERGER—Hammocks. S. JEWETT—Hair Mattresses. MUNDS BROS.—Insect Powders.

No City Court yesterday. News was very scarce yesterday, in fact as much so as eggs.

The receipts of cotton at this port yesterday foot up 33 bales.

The praise to "suil" is now justly won by the Tailors and Haberdashers, DYE & SONS.

Steamship *Regulator*, Capt. Doane, from New York, arrived at her wharf in this city yesterday morning.

An excursion party of about forty merchants from along the lines of the railroads will spend Friday at Stokley's, on Wrightsville Sound.

Capt. T. J. Southerland is having water put in his stables. He proposes putting in a water motor, with which to run his hay cutting machine.

We are glad to know that Mr. T. Donlan, who was so severely hurt a few days ago, is improving. He is unable to leave his residence as yet.

Flies and Bugs.

Flies, roaches, ants, bed-bugs, rats mice, gophers, chipmunks, cleaned out by "Rough on Rats." 15c.

It is agreed on all sides that the Democratic Judicial Convention which was held at Magnolia on Tuesday was one of the most harmonious known in the history of politics.

If some of our clothing dealers would get up some coats for this hot weather with ice cream trimmings and cold soda water linings we should be tempted to make a purchase.

Quite a number of excursionists arrived yesterday from points along the line of the Carolina Central Railroad and spent the day in town. They left last evening for Smithville.

J. P. Jones, a deserter from the brig *Francis Jane*, now lying at Smithville, was put in jail for safe keeping, yesterday, and was sent down on the *Passport* last evening to his vessel.

Possibly the largest crowd ever assembled at Point Caswell will be there on the Fourth. A very large crowd is expected from this city, and it is now thought two steamers will be run from here on that day.

From friends along the line of the C. C. R. R. we learn that the crops are fine and very promising. In some sections rains are wanted, but the crops are not actually suffering for the want of it.

The crops along the line of the Wilmington & Weldon Railroad, between this city and Magnolia, are looking very well, although in some instances both cotton and corn are backward, and it all needs rain. The promise at this time, however, is a very fine one.

Miss Ina McCall, of Reckingham, the charming Southern elocutionist, was in the city yesterday. She, in company with several other of Richmond county's fair daughters, was en route for Smithville, to attend the opening of the Hotel Brunswick, and spending a few days in sight of the ocean.

Persons leaving the city for summer resorts or for travel can have the *DAILY REVIEW* mailed to their address for 35 cents per month, or 10 cents per week.

Dr. Hall says that it ought to be extensively known that ordinary boiled rice, eaten with boiled milk, is one of the best remedies known for any form of loose bowels. Its efficiency is increased if it is browned like coffee and eaten at intervals of four hours, taking no other food or liquid whatever; its curative virtue is intensified if no milk is taken with it, and if the patient will keep quiet in a warm bed, then it becomes an almost infallible remedy.

Bean Soup.

As the season for the palatable and healthful use of vegetables is upon us, we offer to our housekeepers the following timely and useful recipe: Take a pail of water and wash it clean, then boil it until it becomes brown on both sides; pour in one bean; when the bean begins to worry, prepare to simmer; if it's too rich, pour in more water; dry the water with a towel before you put it in. The drier the water, the sooner it browns; serve hot.

Personal.

Mr. J. D. Stanly, who has been in Augusta, Ga., for the past six weeks, has returned to the city.

Mr. R. E. Lee, formerly of Wilmington, but now a merchant doing business in the thriving town of Laurinburg, is here on a short visit which combines business and pleasure.

Completed.

We learn from Capt. John Barry, who has just returned to this city, that the Scotland Neck Railroad is now finished and will be turned over to the Wilmington & Weldon R. R. this week. The new road will be a valuable feeder to the W. & W. R. R. and has opened up a fine country.

Three in One.

We saw yesterday a corn cob which was a perfect curiosity. About one inch from the butt of the cob, which was about the usual size, three perfect and well developed cobs shot out. Each cob was well filled with grains. It was raised in Wilkes county, and will be sent by its owner to the University at Chapel Hill.

"Golden Days."

The July number of this magazine has been received, and we know not what to say except to reiterate our former unqualified praise of the excellence and interest of its articles, the chaste beauty of its illustrations, and the nicety of its press-work and make-up. Published by James Elverson, N. W. corner of Ninth and Spruce streets, Philadelphia, Pa., at \$3 per annum.

Personal.

Our quondam fellow-citizen, Mr. R. G. Ross, now of the firm of Lara, Ross & Co., is in the city visiting his friends. He tells us he has completed his contract with the Government on the St. John's river bar, and also his Fernandina contract. Mr. Ross is now en route for New York looking after his interest in other contracts.

Cotton Blooms.

We have received a cotton bloom which opened on the 25th inst., on the plantation of Capt. G. F. Walker, of Pender county. This makes the second we have received which bloomed on the same date, and we may expect, with this weather, that the blooms will be opening now rapidly.

In connection with the above, Capt. Walker, who is a practical farmer and a keen observer, says that all the crops throughout Pender and in other counties which have come under his observation, give promise of an abundant harvest this fall.

Tube Rose Culture.

The delegates to the Judicial Convention held at Magnolia yesterday were edified by the sight of two men hitched to a plow, mule fashion, which they were dragging through a field in which tube rose bulbs are being cultivated. This, we were told, is necessary because of the caution to be exercised not to tread upon the bulbs and an animal would therefore not answer for the purpose.

There are a number of small fields in the environs of Magnolia, said to cover ten acres in all, which are planted with these tube roses, the soil thereabouts seeming to be peculiarly adapted for their cultivation. It takes three years of cultivation for the bulbs to mature sufficiently to bloom and then they are packed in barrels and sent North and sold to florists, who pot them for bloom and sale. It is said that the cultivation of these bulbs pays a very handsome profit to those engaged in it.

The Hop.

A very large crowd went down the river last night to be in attendance upon the opening of the Hotel Brunswick. While we are burning the midnight oil, they are chasing the fleeting hours away, being fanned by the invigorating breeze from old ocean, and their hearts keeping pace to the enlivening music furnished by the Harpers. We begrudge them not one moment's pleasure.

The Military Excursion.

The Wilmington Light Infantry excursion to Smithville and the Forts, on the steamer *Passport*, takes place tomorrow. The boat will leave the wharf at 8 o'clock and all who may attend may rest assured of a delightful day. We trust that there may be a large turnout on the occasion and that it may prove to be not only a pleasant but a profitable venture for the gallant boys in gray.

To Reopen.

Benj. Scott, the proprietor of the livery stables on Fifth street which were burned some few weeks ago, returned here on Tuesday from the Western part of the State with a lot of fine horses. He is now negotiating for a location and expects to open again in a few days. We are sorry to hear that his losses have footed up something like \$1,500 over the insurance. We trust that he may do well in his new venture.

Anything in the hardware line can be found at reasonable prices at JACOBI'S.

Howard Relief Fire Engine Company.

Quite a large crowd were in attendance on the excursion of the Howard Relief Fire Engine Company yesterday. The committee had so well arranged their plans that all who were present received the maximum amount of pleasure, as the hours fled rapidly away. The "boys" know full well how to have a pleasant time and make everybody else enjoy themselves, and fully sustained their reputation yesterday. Sorry we were not with them.

To Builders and others—Go to JACOBI'S for Sash, Blinds and Doors, Glass, &c. You can get all sizes and at the lowest prices.

The thermometer indicated 93 degrees in our office at 2 o'clock yesterday afternoon.

"Don't Die in the House."

"Rough on Rats." Clears out rats, mice, roaches, bed-bugs, flies, ants, moles, chipmunks, gophers. 15c.

STATE NEWS.

Newbern Journal: We have Mr. Clark's letter declining to allow his name to go before the State Convention for nomination as Congressman-at-large.

Greensboro Bugle: A Mr. Graves, from Yanceyville, who had been clerking in Winston for Mr. Poindexter, committed suicide on Saturday last by taking laudanum. His remains went through last night to Danville.

Raleigh Visitor: The revenue collections in the fourth district for the week ending last Saturday evening were \$18,019.06. Mrs. Utley, widow of the late Mr. John Utley, was found dead in her bed at the residence of Mrs. Spikes in this city, on Saturday morning last. —Rev. A. C. Dixon, who was recently elected President of Wake Forest College, has notified the Board of Trustees, by telegram, that he cannot accept the position.

Robesonian: The revival at the Methodist church still continues. There have been a number of conversions up to date and quite a number are enquiring what they must do. —A joint company is being formed for the purpose of causewaying or macadamizing the Fair Bluff and Lumberton road from the former place to a point near the residence of Maj. Giles Williams, in this county. The W. C. & A. R. R. proposes to furnish half the money and the sections of Columbus and Robeson traversed by said road, the remainder.

Greensboro Patriot: The name of Odell, in this State, is becoming synonymous with manufacturing enterprise. J. A. & J. M. Odell have long been identified with cotton manufacturing and their energy and enterprise has been of incalculable benefit to the State in developing its resources. Raised in Randolph county, they have worked up from the bottom and stand to-day conspicuous representatives of the industrial progress of the State. Sunday their second cotton factory was dedicated at Concord. The services were novel and impressive. Quite two thousand people assembled to witness the ceremonies. The dedication sermon was preached by Dr. Craven, President of Trinity College, himself born and reared in Randolph.

News and Observer: Receipts for the week 297 bales; same week last year 686; decrease 389; total receipts to date 59,896; total receipts same date last year 75,025; decrease to date 15,129; receipts same date, 1880, 49,099.

The large workshop of Messrs. Ellington, Royster & Co., builders and contractors, located in the northwestern part of the city, near the Raleigh and Gaston Railroad, was destroyed by fire on Sunday morning. The loss is between \$20,000 and \$25,000, and falls entirely on the members of the firm, as there was no insurance on anything.

Hon. W. T. Dortch and the other members of the code commission arrived in the city yesterday. Mr. Dortch says they have completed their work, but desire to go over it together. It will be ready for the printer in two weeks, he thinks, and during that interval the commissioners will be in Raleigh all the time engaged in the revision.

A Case.

To all who are suffering from the errors and indiscretion of youth, nervous weakness, early decay, loss of manhood, &c., I will send a recipe that will cure you, FREE OF CHARGE. This great remedy was discovered by a missionary in South America. Send a self-addressed envelope to REV. JOSEPH T. IXMAN, Station D, New York City, dead w.m.
