JAN W. JACKSON, Sec'y—Robert H. Cowan
Lodge No. 34, K. & L. of H.

Cantelopes thus far are not so plentiful as in former years. They sell at from 25 cents to \$1 per dozen.

Reports from "Smiffle" are to the effect that the gay soldier boys from Sumter are having a splendid time.

When we go on the street, we are sure to see gentlemen dressed in style by DREX.

The child's gold pin advertised in yesterday's REVIEW as lost, was found and in the hands of its mother before 2 o'clock.

Ellen Pigford Lewis, an insane colored woman, is detained in the guard house, to be sent to the insane department of the county poor house.

A full delegation is expected to leave here on this morning's train for the Democratic Congressional Convention, which is to be held at Warsaw to-day.

To Builders and others—Go to JACOBSON'S for Sash, Blinds and Doors, Glass, &c. You can get all sizes and at the lowest prices.

We expect to give a full report of the proceedings of the Democratic Congressional Convention, which is to be held at Warsaw to-day, in our Friday morning's report.

There was a beautiful rainbow in the East yesterday afternoon and the sun set in a red sky, all of which means that we are to have fair weather to-day.

Although parties were searching for the body of the colored girl, Frances Shaw, who was drowned early yesterday morning, all day yesterday, it had not been recovered at a late hour last night.

Some beautiful peaches, as large as your fist, were brought here yesterday from Mr. L. W. Howard's place, on Topsail. They sold at 40 cents a dozen, which is at the rate of nearly \$10 a bushel.

The recent rise in the Cape Fear is nearly all gone. Capt. Smith, of the D. Murchison, reports that there were but three feet of water on the shoals at Fayetteville when he left there on Tuesday morning.

Quite a large number of delegates to the Congressional Convention to be held to-day at Warsaw, from Bladen, Brunswick and Columbus counties, were in the city yesterday and will go up on the train this morning.

The July number of the *Chatterbox*, that pleasing juvenile publication, is on hand, with an excellent table of contents and with superb full-page illustrations. It is published in Boston, Mass., by Estes & Lauriat, at \$1 a year.

City Court.
William Howard, colored, was before the Mayor this morning, charged with being drunk. He was found guilty and sentenced to pay a fine of \$2 or two days in the city prison. He went below.

Scipio Hill, also colored, was up on the same charge, with the same sentence and the same result.

Flies and Bugs.
Flies, roaches, ants, bed-bugs, rats, mice, gophers, chipmunks, cleaned out by "Rough on Rats," 15c.

The Weather.
The present weather is the most favorable for growing crops that we have had during the season, but we fear that it is bad for the general health of the people. The frequent showers and the warm days and nights are rushing the crops in a remarkable manner, but are the cause of much malaria, which it behooves our people to carefully guard against.

Indications.
For the South Atlantic States, partly cloudy weather, local rains, variable and mostly Southwesterly, winds stationary temperature and pressure.

Best ever made, Emory's Little Cathartic Pills, pleasant to take, sugar coated; no griping; only 15 cents a box of Druggists or by mail, Standard Cur Co., 114 Nassau Street, New York. 5m d&w.

The Freedman's Bank.

Of the 15 per cent. dividends recently declared in favor of depositors in the Freedman's Savings and Trust Co., about \$100,000 remains uncalled for. Of this amount \$5,000 is held in Wilmington and Charleston. The Commissioners urgently request all depositors to send in their books and get their money.

The Excursion Yesterday.

The excursion given on the steamer *Passport* yesterday to Smithville and the Forts, under the auspices of St. Paul's Lutheran Sunday School, was very largely attended and highly enjoyed, despite the unpleasant weather. It was, perhaps, the largest crowd which has gone down the river on any one day this season. The boat returned to her wharf at 6 1/2 o'clock, in good time.

A Heartless Hoax.

Some miscreant circulated a report on the streets yesterday afternoon to the effect that the steamer *Passport* had been sunk. There were no particulars, only it was said by some that all on board were saved. It was said that a dispatch to this effect had been received here. On hearing the report, we promptly applied to our obliging friends at the Signal Office for its confirmation. We were told that they had heard nothing of it, but immediately telegraphed to Smithville for information and soon telephoned us that there was not a word of truth in the report. Nevertheless, there were but a few who heard the contradiction, and while in the absence of authentic information many were disposed to characterize the rumor at once as false, yet there was a widespread feeling of distress felt, especially by those who had relatives or friends on the boat. There was a very large crowd assembled at the dock on the return of the boat and feelings of intense indignation were expressed at the heartless hoax which had been perpetrated.

We are both to believe that the report was concocted and circulated maliciously but if it was we would be glad to see the heartless miscreant chucked overboard and given a good ducking.

Lippincott's Magazine.

The contents of *Lippincott's* for August are light and summery throughout, suggestive of mountain rambles and sea-side excursions. "St. Jerome's Day with the Pueblo Indians" is a well-illustrated paper descriptive of a half-religious, half-barbaric festival in New Mexico. "An Adirondack Home" will be read with eager interest. "The Romance of Childhood" is a charming paper, tinged with a delicate fancy, by turns tender and playful. Mrs. M. G. Van Rensselaer's concluding paper on the Alleghenies gives a deeply interesting sketch of the career of Gallitzin, the prince missionary who did so much for the early civilization of the mountain regions of Pennsylvania. "Bay Beauties and Bay Breezes," is very amusing; while an article on "Shires and Shire Towns in the South," traces in a manner that will be new to most readers the influence of these territorial divisions on social habits and political ideas in the Southern States. The new serial, "Fairy Gold," grows in interest. The short stories, "Edge-Tool," "Mrs. Larrabee's Morning Call," and "Marcy Hartwick," are bright and entertaining; and the editorial departments are as well filled as usual.

Freshwater Perch, Trout and eel fish hooks and lines. A full assortment and lowest prices at JACOBSON'S.

News and Observer.
Judge MacRae finished his first court last Saturday. The admirable selection made in his nomination and subsequent appointment was rendered apparent by his demeanor upon the bench. His courtesy to all, his familiarity with the law, his quickness of decision and his dispatch of business. He made a very favorable impression on our bar—a bar favorable impression, if not hard to please. And this it must be remembered was his maiden court, his first effort in the role of judge, to which he had been called unexpectedly and under circumstances likely to make a much less modest gentleman diffident of his powers. We congratulate the Judge on having won such encomiums as have been pronounced on his first appearance as a dispenser of justice, and congratulate the people that he will serve them in that capacity for half a dozen years to come. A just judge is ever to be commended, for he has to pass on the lives, property, and reputation of his fellow citizens. Such great power can safely be entrusted to one so worthy as James MacRae.

While science cannot trace to its origin the vital spark, it can regulate nature's force. In all cases of disordered nerves, Dr. Benson's Celery and Chamomile Pills give comfort and tone. They cure dyspepsia, headache and aggravating wakefulness.

STATE NEWS.

Raleigh Visitor: The re-union of the Confederate soldiers at Smithfield on Friday next promises to be a grand affair. Col. L. Polk has been invited to deliver an address.

Newbern Journal: Mr. James Liddick, a bartender for J. H. Miller, fell from the second story of the Atlantic Hotel saloon on Sunday night, receiving injuries from which he died during the night.

Greenville Reflector: Monday night the fire fiend visited our sister town, Tarboro, doing considerable damage. The store of Mr. Louis Weber and the dwelling of Mr. H. L. Hussey were destroyed. The loss is estimated at \$5,000. A young man named Purvis was dangerously injured by a piece of falling timber, and a colored man also received quite painful wounds.

Greensboro Patriot: The mill, lands, and valuable personal property belonging to W. J. Long, Esq., of Randolph, were sold last Friday. One-half interest in the mill, which is considered a very valuable one, and 600 acres of land, including the homestead, was purchased by Prof. Alex. McIver. The price paid was \$5,600. Four hundred bushels of wheat was sold, averaging 90 cts. per bushel. In a few weeks Col. Long will remove to Minneapolis, Minn.

News and Observer: They tell quite a good story on an ardent lover in Raleigh, who not long since went home from an ice cream fight with his adored one. On arrival at her home he took a seat in the porch, while she went inside. As she did not appear in half an hour he concluded to look inside, and as a result of his search found his fair charmer bathing with cologne the forehead of the other admirer, who sat complacently by her side. The poor forgotten fellow took one look at the scene and then left.

Robesonian: The revival at Back Swamp closed last Sunday. Seven were baptized on that day. The present indications are that the crops in this section will be very fine. The rains that have already fallen will mature early corn, while so far the crops have suffered but very little. A gentleman who has traveled over a large section of this State, especially of the Western section, assures us that the best crops he has seen are in Robeson county.

Greensboro Bugle: James Adams, of Friendship, sowed 14 pounds of common winter oats and harvested 80 good sized bundles. Mr. S. C. Dodson informs us that Mr. M. R. Tyler, of Roxington, has just threshed the wheat from three-fourths of an acre of land, on which he sowed 14 bushels of wheat cross drilled in with 200 lbs of Allison & Adison's fertilizer, and got of good clean wheat 40 bushels, weighing 63 1/2 lbs to the bushels—3 1/2 lbs more than the standard weight per bushel. This shows what can be done in North Carolina, with the proper attention.

Malaria, Chills and Fever, and Bilious attacks positively cured with Emory's Standard Cure Pills—an infallible remedy; never fail to cure the most obstinate, long-standing cases where Quinine and all other remedies had failed. They are prepared expressly for malarious sections, in double boxes, two kinds of Pills, containing a strong cathartic and a chill breaker, sugar-coated, contain no Quinine or Mercury, causing no griping or purging; they are mild and efficient, certain in their action and harmless in all cases; they effectually cleanse the system, and give new life and tone to the body. As a household remedy they are unequalled. For Liver Complaint their equal is not known; one box will have a wonderful effect on the worst case. They are used and prescribed by Physicians, and sold by Druggists everywhere, or sent by mail, 25 and 50 cent boxes. Emory's Little Cathartic Pills, best ever made, only 15 cents. Standard Cure Co., 114 Nassau Street, New York. 5m d&w.
