Everybody wears the Negligee shirts
 at the seashore—DYER & SON keeps
 the best.

There has been a slight rise in the Cape
 Fear, but the last reports indicate that it
 is again falling off.

Don't Die in the House.
 "Rough on Rats." Clears out rats,
 mice, roaches, bed-bugs, flies, ants,
 moles, chipmunks, gophers. 1 5c.

The Crops.
 Mr. J. T. Collins, of Pender county, who
 was in the city yesterday, tells us that
 the crops in Duplin and Pender counties
 are exceedingly fine and that if the
 fine seasons continue many of the
 farmers will make enough to last them
 two years, all of which we are very
 glad to hear.

Magistrate's Court.
 Jerry Lanier, colored, was brought
 before Justice Millis yesterday morn-
 ing, charged with assault and battery.
 Judgment suspended on payment of
 the costs.

J. T. Brice was brought before Jus-
 tice McQuigg yesterday, upon the charge
 of perjury, and was bound over in the
 sum of \$300 to the next term of the U.
 S. District Court.

Freshwater Perch, Trout and Black
 fish hooks and lines. A full assort-
 ment and lowest prices at JACOB'S.

Cotton Theives.
 Officer Everitt noticed two colored
 men with suspicious looking bags in
 their possession last night at the foot of
 Princess street, and when he began to
 look after them they threw down the
 bags and ran off. The bags were after-
 wards found to contain cotton. The
 officer chased one of them up Princess
 street to Front where he captured him
 in a stable on the premises of Messrs.
 Williams & Murchison. He gave his
 name as Geo. Davis. The other thief
 escaped.

Railroad Improvements.
 The Wilmington & Weldon Railroad
 has nearly completed the necessary
 work preparatory to putting an iron
 bridge across Smith's Creek. The
 bridge is all here, and will probably be
 placed in position, ready for the pas-
 sage of trains, in the course of two or
 three weeks. The Company is also mak-
 ing preparations to place a bridge of the
 same material over Rockfish Creek, the
 dividing line of Duplin and Pender
 counties, and that will probably be com-
 pleted in six or seven weeks. Both
 structures will be of the most substan-
 tial kind.

Another Cyclone in Pender.
 On the afternoon of the 20th inst., a
 terrific storm of rain and wind passed
 through the section of Pender county
 lying between South Washington and
 Leesburg, on the Wilmington & Weldon
 Railroad. We were unable to learn
 how far it extended on either side of the
 railroad, but for a space nearly or quite
 a mile in width, its force levelled the
 forest as with a woodman's axe. The di-
 rection was from the Northwest, and
 as if the eye could see on either
 side of the road the trees, some of which
 were laid prone upon the ground,
 with their tops pointing to the South-
 east. We have heard, as yet, of no
 casualties to human or animal life, but
 it would not surprise us, if, in the track
 of such a whole. We devastation, some
 serious accident to life or limb had oc-
 curred.

**The Excursion From Golds-
 boro.**
 The excursion from Goldsboro to
 this city, on the 2nd and 3d of August,
 promises to be of much greater mag-
 nitude than we at first supposed. Ar-
 rangements have been made with the
 North Carolina and the Atlantic &
 North Carolina roads to take excu-
 rionists from beyond Goldsboro, on
 those roads, and the prospect is that an
 unusually large number of our friends
 from the country will be in the city,
 many of whom will undoubtedly visit
 Smithville, the Forts and seashore. It
 will be a good opportunity for our
 merchants and business men to become
 better acquainted with our neighbors
 from the inland counties, which, we
 doubt not, they will improve.

A Unique Coin.
 Mr. R. Thorburn, of this city, has in his possession a very unique coin and one which is probably very valuable. It is a copper penny, of the series known as "Nova Constellatio," and bearing date 1783. It is said there were but three of these pennies struck off and submitted to George Washington for approval, as we recollect reading somewhere a few days ago, and if this is so, and if the coin Mr. Thorburn holds is genuine, which it most probably is, then he has really a small bonanza in his possession. If we recollect rightly the artist referred to stated that two of these coins were in the hands of collectors and the whereabouts of the third was unknown. The editor of this paper has a coin of the "Nova Constellatio" series dated 1785.

Crops everywhere are booming as they have seldom boomed before.

Never! What, Never? No! Never!!

There never has been a Scheme presented in any part of the World, where the system of public or government lotteries has been, or is now legalized and protected, so liberal, in all its features toward the public as that recently adopted by The Louisiana State Lottery Company, in its Regular Monthly Distributions, under the sole management of Gen'l G. T. Beauregard, of La., and Jubal A. Early, of Va., on the 2nd Tuesday of each month, all in favor of which can be had on application to M. A. Dauphin, New Orleans, La. For \$5 a holder of a successful ticket may get \$75,000 for \$25,000, etc. Liberality seems here to render the charity of giving (as the Company pays the Charity Hospital \$1,000,000 for its franchise) a luxury, open gratefully event to the most selfish. The next drawing occurs on Tuesday, August 8, and early callers will be paid soon.

Anything in the hardware line can be found at reasonable prices at JACOBI'S.

STATE NEWS.

Wilson Siftings: The corn crop is splendid, while the wheat crop already harvested was unprecidently large. We heard a Nash county farmer say Saturday that wheat could be bought in his neighborhood at seventy-five cents per bushel.

Tarboro Southerner: It is said that some of our farmers are paying as high as one dollar and ten cents a day for laborers. With the present prices of cotton we cannot see very much profit to the farmers. The high wages is owing in a great measure to the scarcity of labor.

Monroe Enquirer: Portions of the country have had plenty of rain all through the season, but Monroe and vicinity and other sections have had very little the past six weeks.—Mr W P Plyler brought us from Mt. Prospect, a briar stalk that measured 16 1/2 feet in height.

Home and Democrat: Mr J A Crozzell at Rozzell's Ferry, on Friday last, killed a blue crane which measured 6 feet 7 inches from tip to tip, and 5 feet 8 inches in height.—The Democratic nominating convention, for this district, will be held in Wadesboro, on the 28rd of August.

Newbern Journal: Col. John N. Whitford found in the city yesterday the old flag of the 67th regiment. It had been securely kept these many years by Mr. H. C. Whitehurst, of this city, who carried it during the war as color bearer of the regiment.—Our traveling agent, Mr. C. C. Taylor, reports the rice crops seen on his Hyde county trip were exceedingly fine. Mr. I. F. Bear, near Juniper Bay, has eight acres which he expects to yield six hundred bushels.

Monroe Express: Prof W J Scroggs, having been elected principal of a school in Smithville, will leave Monroe in a few weeks to make his home in that place.—Mr James L Helms, who lived about three miles west of town, was found dead in his bed on last Saturday morning. He was known to have heart disease, and this was the probable cause of his death. Mr. Helms was about fifty years of age.

Fayetteville Examiner: It is currently reported on our streets to-day that the Railroad from Wilson to Florence will pass directly through our Market House.—The Cape Fear River has been so low at this point for the last month, up to a few days since, that it could be easily forded, and many of our East-side farmers took advantage of the situation for a free trip to our city.—We have before us the prospectus of a new journalistic enterprise soon to be started in Fayetteville, under the editorial management and proprietorship of our young townsman, Mr. William Hastings Brooks. This new journal is to be called the *Fayetteville Gleamer*.

Chatham Record: Mrs. W. W. Edwards, of Matthews township, raised 135 full-grown cucumbers on one hill—not counting faulty ones.—Mr. Thomas Andrews, of Bear Creek township, has recently discovered a gold mine on his land. An experienced miner has examined the veins, which are two in number and nearly four feet wide, and pronounces the prospect excellent.—One of the most painful and peculiar accidents, that we ever heard of, happened to Mr. Thomas McPherson, of this county, on last Thursday. His team of horses ran away with the wagon and he was dragged against a tree with such violence as to entirely tear off his right ear.—On the 27th of June a little three-year-old son of Mr. C. M. Lashley, of this county, was drowned at Lamb's mill. He had been playing about the mill when his father suddenly missed him and at once began to search for him and in about twenty minutes found the dead body in the pier head.

News and Observer: Through a private letter we learn that there are fully 1,200 visitors at Saratoga, among whom are Judge R. P. Dick, and other prominent North Carolinians.—One of the stations on the Elizabeth City & Norfolk Railroad bears the name of Sawyer, and one of the best jokes of the season hinges on the name. A few days ago, as the train neared the station, a gawky youth, whose awkwardness was only equalled by his happiness, was in a car with one arm around the waist of a young lady, who smiled responsive at his efforts at pleasing. As the train rolled up to the station, the brakeman opened the door and with the usual lightning speed, struck his head in the car, took one glance down the aisle, and looking, as the ardent lover thought, straight at him, shouted "Sawyer" at the top of his voice. The passengers in the car were moved to a fit of laughter when the countryman, withdrawing his arm from its comfortable position, stood up, and shaking his fists, shouted, "Well, I don't care a darn if you did. Me and she are going to be married, and we don't mind who knows it." The poor fellow had things badly mixed, and the awkward name of the station caused him to give himself away.
