Who ever saw such a July?
Yesterday was exceedingly sultry.

The prices of watermelons are getting down to the size of the small boy's pile. Anything in the hardware line can be found at reasonable prices at JACOBI'S.

The rice bird will soon put in an appearance. It is stated that they always come by the 18th of August.

Messrs. Edward Kidder & Son advertise for sale a very nice set of Butler's double retort crude rosin gas generators.

A post-office has been established at Smithburg, on the W., C. & A. R. R., and the office at Bogue has been discontinued.

Freshwater Perch, Trout and Black fish hooks and lines. A full assortment and lowest prices at JACOBI'S.

As yet the bodies of the unfortunate boys who were drowned in the surf at Oak Island about two weeks ago have not been found.

The military boys, on the grand excursion to-day, will all wear the fashionable Belray collar, bought of Dyer.

The finest watermelons we have seen were brought up on the *Minnehaha* yesterday. They are known as the "Joe Johnson" melon, and were raised at Kendall.

There were only one or two trifling assault and battery cases disposed of in Magistrate Row yesterday. They were dismissed upon the payment of a penny and the cost.

Very few dog badges have been sold so far this season. The City Treasurer has a good supply of badges on hand, but the demand is so very light that he will evidently carry some over.

The prize to be shot for to-day by the Wilmington Light Infantry and the Sumter Light Infantry, at Smithville, is a beautiful silver butter dish of new design. It was on exhibition at Honnett's yesterday.

The excursion of the Fifth Street Methodist Church was well attended yesterday, and the excursionists expressed themselves as being well pleased with the day. The heavy rains which fell here about 2 o'clock, did not reach Smithville, and nothing happened to mar the pleasure of the excursionists.

A grand family excursion will be given on the *Passport* on Friday next.—Capt. Harper's excursions never fail to draw, and we know those who attend will never regret it. Music has been supplied for dancing, and a fine time is promised, and Johnnie Harper keeps his promise.

Black River.
Capt. Sherman, of the steamer *John Deacon*, tells us that there have been extensive rains in the Black River section, and that the river has risen one foot, with the promise of more. There has not been too much rain, however, for the crops, which promise an abundant yield.

Personal.
Rev. D. W. Herring, who graduated at Wake Forest College last session, has accepted an appointment as Missionary to China. He will probably spend a session at the Baptist Theological Seminary in Kentucky. Mr. Herring is visiting friends here, and will preach next Sunday at the First Baptist Church.

City Court.
There were four cases of disorderly conduct and two for fast driving before His Honor the Mayor yesterday morning. The cases of disorderly conduct passed out \$10 and the cases of fast driving \$5. The court then adjourned.

Beautiful Apples.
Our thanks are tendered our good friend, Mr. R. H. Murphy, of Moore's Creek, for a bag of beautiful delicious apples grown by him. They are fine large red apples, sweet and toothsome, and as handsome as those they bring here from the North.

Sunstroke.

Yesterday morning, about 11 o'clock, a colored man, whose name we could not ascertain, was overcome by the heat near the corner of Fourth and Dock streets. He was put in a wagon and carried to his home where the proper medical attendance was given him. The man seemed in a very critical condition but we are unable to state what is thought of his condition by the physician.

Gone North.

Mr. D. A. Smith left here yesterday morning for the Northern markets, where he expects to replenish his stock of furniture and furnishing goods for the house in this city. He will stop in Baltimore, Philadelphia, New York and Boston, and will buy largely. He promises to bring out one of the handsomest stocks of goods in his line ever seen in this city, and he will advertise more extensively than ever in the REVIEW.

Wonderful Corn.

Here is an item for our country readers. There is in this city, at the corner of Third and Princess streets, a beautiful garden spot, part of which has been planted with corn. This corn is now about to mature, and some of the stalks have five, some six, and some seven ears, and on one stalk we counted as many as eight well-developed and well-grown ears. It is an unusually fine piece of corn that will average two ears to the stalk.

Kidney Disease.

Pain, Irritation, Retention, Incontinence, Deposits, Gravel, &c., cured by "Buchupabla". \$1. Depot James C. Munds.

The New Railroad.

Mr. W. B. McKoy, Secretary and Treasurer of the Clinton, Point Caswell & Wilmington R. R., was in Sampson county last week. While there, he collected the first call of the capital stock of the road, and that without any difficulty. There were a few, and only a few, of the subscribers whom he was not able to see, but who will all pay promptly. He tells us that the people there are enthusiastic over the prospects of the road, and some of the subscribers talk about doubling the amount of their stock. They urge upon the people of Wilmington to push ahead vigorously, and are anxious to hear of ground being broken for the work.

The Arion Society.

Mr. Geo. R. Dyer will leave for Asheville next week to make arrangements for the appearance of the Arion Society of this city. The Society will leave here on Saturday the 5th proximo and will give one of their delightful concerts on Monday evening following. Mr. Dyer, who is the business manager of the Society, will precede it to the Warm Springs where another concert will be given. The Society will be absent about two weeks. We can safely promise our friends in the mountains, a rare musical treat as the Arion members are musicians of rare attainments possessing voices second to none within the borders of the State.

A Military Engagement.

In the language of the Secretary and Treasurer of the Wilmington Light Infantry, forts Johnson and Caswell will be attacked to-day by a large force of American excursionists. The greatest excitement will prevail when the warship *Passport*, commanded by Rear Admiral Harper, heaves in sight, and Arabi Pasha and the Khedive of Oak Island, take to the woods. Commodore Perry, of the supply ship, *Smithville*, will open fire at 1 o'clock, and the troops are expected to succumb at 2:30 o'clock, or thereabouts. The land forces will rendezvous at Harper's Ferry, formerly known as Market Dock, and steam to the fortification with music in the hair.—Upon reaching the supply ship *Smithville*, the W. L. I. will form a line of battle on the beach and pay its respects to the scattered remains of Sumter. That fort is expected to surrender and the S. L. I. will, with the W. L. I., attack Fort Target at two hundred yards. It is thought that Fort Target may be hit once during the engagement and that Arabi Pasha's helmet—a butterfly—will immediately drop on the head of the brave who strikes it. Let no one mistake it for a Honnet's nest, its Auld pure coin and Cantwell hurt unless its strikes Berry hard or discovers a Meares' nest, Oh, Lord! arrest that man.

Best ever made, Emory's Little Cathartic Pills, pleasant to take, sugar coated; no griping; only 15 cents a box of Druggists or by mail. Standard Cur Co., 114 Nassau Street, New York.

Our Mining Interests.

EDITORIAL REVIEW.—Being interested in all that affects the "Old North State" I take the liberty of calling your attention to the fact that the time is nearly here for the opening of the National Mining and Industrial Exposition, at Denver, Col., and so far, nothing that I have heard of, has been done to stimulate a proper exhibit from North Carolina at that important exposition. Let's stir up the subject, frequently and see if North Carolina can't be made to do something like what she did at Atlanta. We need advertisement as a State and a good exhibit at Denver would be a "big" advertisement of our resources and energy and would do us a great deal of good, without doubt. If our exhibitions combined into one and managed by a man of energy would fill the space allotted in the exhibition building to North Carolina exhibits and would justify the outlay of some money by the Legislature. Tell your many subscribers all about it and urge the importance and nothing will be lost by so doing. Respectfully, C. WILMINGTON, N. C., July 24, 1882.

STATE NEWS.

Elizabeth City *Falcon*: A huge waterspout was seen down the sound Wednesday afternoon about 4 o'clock by Capt. Thomas Guard and the crew of the schooner *Skylight*, off the mouth of Alligator river. From accounts it was perhaps the largest ever seen in these parts.

Asheville *Citizen*: A "true and true" tournament, with live horses and liver riders, is on the tapis. In other words, some of our spirited young gentlemen have arranged for a grand tournament to come off on Thursday, August 3rd, on grounds, the exact spot yet to be selected, near the new Methodist church—certainly at a point within the town limits. There will be twenty riders to contest for the honors.

Goldsboro *Messenger*: The farmers complain of too much rain.—The Sampson Light Infantry, of Clinton, one of the new military companies, has fifty-one men, and will soon have seventy-five.—Prof. E. P. Moses, at the close of the Chapel Hill Normal School, left for Tennessee, where he will spend the vacation. He will return here the latter part of August.—The Goldsboro Rifles have appointed a committee to invite Senator Z. B. Vance to deliver a lecture at the Opera House in this city, Aug. 17th, on the occasion of the 27th Regiment reunion. For the benefit of the Confederate monument to be erected in the Goldsboro cemetery.—The Hubbs faction hope to crowd O'Hara off the track by the aid of all the means in their power. They rely upon their money and federal patronage, and they may succeed, but O'Hara is not easily sooted. Time will tell.—Capt. W. J. Rasberry, reported to be the assistant Republican candidate for Solicitor, is seemingly not to share that privilege alone. Geo. T. Wassom, colored, of this city, we learn, is out as a candidate for the same position, and as he is a regular assistant Republican will have but little showing.
