HEINBERGER—Will it Rain or Shine To-
morrow?

A. L. of H.—Attention is called to
our summer underwear, that will be
worn at the meeting to-night.—DYER
We are informed that the crops in
the Upper Cape Fear were never in a
more flourishing condition than at pres-
ent.

A little child strayed from his home
yesterday morning, and was found by a
colored man, who took it back to its
parents.

Pocahontas may be a myth, but
John Smith is a living reality. He was
here yesterday and says crops in his
section never looked better.

Unavailable matter remains in the
Postoffice in this city addressed to
Capt. R. Walker, Beaufort, N. C., and
Miss Goodloe, Nags Head, N. C.

The crop reports from all sections of
the State are very encouraging. There
will be more corn raised in North
Carolina this year than has been raised
in fifteen years.

Capt. Sherman, of the John Dawson,
reports a rise of four feet in Black River,
as estimated at Point Caswell, and this
report from the upper waters indicates
that there is more yet to come.

The Steamer John Dawson will bring
down a large crowd of colored excursion-
ists from the Calntuck district to-
day. We understand they come for the
purpose of participating in the
funeralizing of the late Rev. Banks.

Freshwater Perch, Trout and Black
fish hooks and lines. A full assort-
ment and lowest prices at JACOBI'S.

Steamboatmen report that the recent
rise in the river is rapidly falling off,
and that it now so low that the boats
are unable to take full freights from
here to Fayetteville without the aid of
flats.

The Rev. Dr. J. C. Hiden, who has
been visiting friends at Summer's Rest,
Wrightsville, will preach in the
First Baptist Church, in this city, on
Sunday at the usual hours. The Rev.
D. W. Herring will on that day fill an
appointment in the country.

To Builders and others—Go to JACO-
BI'S for Sash, Blinds and Doors, Glass,
&c. You can get all sizes and at the
lowest prices.

Emanuel Haggett was arrested yester-
day, charged with stealing a half-
hundred dog from Jno. Davis. The dog
was found in Haggett's possession and
given over to Davis, who sued out the
warrant. The case will be heard by
Justice McQuigg to-morrow.

Messrs. Morris Bear & Bros. are to
enlarge their business and will in the
fall run exclusively a wholesale depart-
ment in connection with their present
trade. In order to increase their al-
ready large stock they have rented the
store next south of their establishment
and are now having it fitted up for
their wholesale department.

Flies and Bugs.
Flies, roaches, ants, bed-bugs, rats,
mice, gophers, chipmunks, cleaned out
by "Rough on Rats." 15c.

Needs Repairs.
The house of the Wilmington Steam
Fire Engine Co., No. 1, is in very bad
repair. The floors are said to be rot-
ten, and the plastering of the building is
very badly cracked and has tumbled
down in some places. The "boys" are
very anxious that the City Fathers
should lend them a helping hand, and
have the building put in proper repair.

The New Notes.
The new national bank notes to be
issued by the national banks that have
had their charters extended are now be-
ing printed by the bureau of engraving
and printing. Their backs are printed
with brown ink instead of the usual
green ink. They will be known as
brownbacks, which will indicate
money issued by banks whose original
charter has expired and been extended.
In every other respect they are like the
ordinary national bank note.

Persons recovering from wasting dis-
eases, such as malaria, fevers, etc., will
be greatly benefited by the use of
Brown's Iron Bitters, a true tonic.

THE DAILY REVIEW.

VOL. VI.

WILMINGTON, N. C., FRIDAY, JULY 28 1882.

NO. 180.

A Challenge for Tug.

Some of the friends of Officer No. 13,
of the police force, are anxious to pit
him against Tug Wilson or Sullivan for
a round on Eagle Island at any time
Wilson's or Sullivan's managers may de-
cide. They will bet that No. 13 can
either knock or bluff them off the island
in thirteen rounds.

City Court.

Wm. Davis, the colored boy who was
arrested for stealing cotton from Messrs.
Woody & Currie, was sent to jail in
default of bond for his appearance at
the next term of the Criminal Court.
Wm. Collison was fined \$5 or 10
days for disorderly conduct. He was
sent below in default of the payment of
the fine.

Personal.

Mr. Jno. E. Lippitt and family ar-
rived in this city yesterday morning on
the steamship *Regulator* from New
York. Mr. Lippitt had taken copious
draughts of the Rock Spring water and
its magnetic influence drew him back
to his old home where he expects to re-
main. We are very glad, indeed, to
welcome him back among us.

The Harper Excursion.

The Harper excursion to-day on the
Passport will beyond a doubt be a very
pleasant one. Capt. Harper has made
all the preliminary arrangements for
pleasure and there can be no safer
guarantee that the excursion will be the
ne plus ultra of the excursion season.
Whatever he does, he does to perfection.
There will be a good band of music for
dancing.

Tokay Grapes.

We received yesterday by express a
large lot of beautiful grapes, for which
we are indebted to Mr. A. McBuie, the
clever gentleman who has for so many
years past been the Superintendent of
the Tokay Vineyards, near Fayetteville.
They are pronounced delicious by all
who have tasted them. It is not the
first time we have been indebted to Mr.
McBuie for courtesies. We received
from him last summer a case of wines,
claret and supper, the former of
which we have no hesitation in pronoun-
cing as equal, in every way, to the
best imported claret.

The Iron-Huller.

The four-masted iron-hull barque
Mersey, Capt. Nelgher, reported by us
as coming up the river yesterday, stop-
ped at the quarantine station, as she
sailed from Rio Janerio, a proscribed
port. The *Mersey* registers 900 tons,
and comes to load rosin for a foreign
port. Her hull is said to be that of a
steamboat. She is the first four-masted
sailing vessel which has ever entered
this port. There seems to be some dif-
ference of opinion among our burstone
nautical men as to whether she is a
barque, barquentine, brig, brigantine,
schooner or full-rigged ship. [We give
it up and can only say that her fourth
mast is called a jiggermast.]

Accident to the Minnehaha.

Yesterday afternoon while the steam-
er *Minnehaha* was coming up the river
and when she was nearing the dram
tree she broke her crank pin and was
towed to the city by the steam tug
Easton. The broken pin is the new
one which was put in here after the ar-
rival of the steamer from Boston. It
is the same portion of her machinery
which was broken at sea and which
disabled her. We learn that a new
crank pin is to be made for the boat
and that extra precaution will be taken
to make it perfect and very strong.
Men were at work on the boat last night
taking out a part of her machinery and
we are told that she will be ready to re-
sume her trips on Sunday.

Melancholy.

It was a melancholy scene. He sat sur-
rounded by the fashion and styles of
the city. His clothes fit him with such
precision as to warrant that he was a
nobby young man—a leader of fashion
and a dealer in gents' clothing. By his
side was an immense slice of a delicious
watermelon. The shining black seed
peeped through the vermilion colored
flesh like the soft eyes of a new-born
babe. He loosened his vest, and with a
come-to-me-quick-love look, took the
tempting melon in his hand and went
for it, burying his nose in the rind. In
a moment he turned red in the face and
sputtered out of his mouth a lump of
melon. He was *Fleet* of foot, but *Covetous*
of fire fell on his back, and out jumped
a little innocent seed which had lodged
in his windpipe. No insurance; melon
a total loss.

A. ything in the hardware line can
be found at reasonable prices at JACO-
BI'S.

The Visiting Military.

There are but two members of the
Sumter Light Infantry now at Smith-
ville. They, together with the ladies
and gentlemen who accompanied the
Company, will return to their homes to-
morrow. We are pleased to learn that
our South Carolina visitors have spent
a pleasant time among their Tar Heel
brethren, and trust their visit will
be so full of pleasant recollections as to
induce them to visit us again.

Gov. Jarvis and Col. Green.

His Excellency Governor Jarvis and
our gallant Congressional standard-
bearer, Col. Wharton J. Green, will
address their fellow-citizens at Smith-
ville on Saturday, August 5th. Col.
Bennett and a number of distinguished
gentlemen are expected to be present.
The railroads and steamers running in-
to this city will give excursion rates. A
very large crowd is expected from along
the line of the railroads and a good
time is expected. Cols. Green and Ben-
nett are fine orators and will give the
people good talks.

Complimentary.

The Farmer & Mechanic takes occa-
sion to say this:

We commend the activity of Post-
master E. R. Brink, of Wilmington,
who has recently laid traps and captured
two rascals who were robbing the
mails. The press should take notice of
all such efforts; because anything that
tends to purify the postal service, and
render absolutely safe the transmission
of mail matter, will serve to encourage
the use of the pen—a thing very much
desired at the South.

Now, to show that fire and water
will mix sometimes, Capt. Shotwell,
the author of the above, is an old-
fashioned "rebel" and Col. Brink, the
Postmaster here, is one of those who
dropped in to see us in the early years
after the war and who liked us all so
well that he has not left us since but ex-
pects (many years hence, we trust) to
rest in Oakdale. He is a Republican,
it is true, but yet he is a very clever
gentleman and the best postmaster in
Dixie's land.

Democratic Mass Meeting.

There will be a Democratic mass
meeting at Smithville on Saturday,
August 5th, at which time speeches will
be made by GOV. T. J. JARVIS and
COL. WHARTON J. GREEN, Demo-
cratic candidate for Congress.

Col. R. T. Bennett and other distin-
guished gentlemen have also been in-
vited.
The steamers *Passport* and *Minnehaha*
will run excursion trips on that day.
Fare for the round trip 50 cents.

V. V. RICHARDSON,

Chairman Dem. Cong. Executive Com-
mittee.

Malaria, Chills and Fever, and Bil-
ious attacks positively cured with Em-
ory's Standard Cure Pills—an infallible
remedy; never fail to cure the most ob-
stinate, long-standing cases where Quinine
and all other remedies had failed. They
are prepared expressly for malarial
sections, in double boxes, two
kinds of Pills, containing a strong cat-
harctic and a chill breaker, sugar-coat-
ed; contain no Quinine or Mercury,
causing no griping or purging; they are
mild and efficient, certain in their ac-
tion and harmless in all cases; they ef-
fectually cleanse the system, and give
new life and tone to the body. As a
household remedy they are unequalled.
For Liver Complaint their equal is not
known; one box will have a wonderful
effect on the worst case. They are used
and prescribed by Physicians, and sold
by Druggists everywhere, or sent by
mail, 25 and 50 cent boxes. Emory's
Little Cathartic Pills, best ever made,
only 15 cents. Standard Cure Co., 114

STATE NEWS.

Catawba Mercury: The Shuford
Gold Mining Company contemplates put-
ting another steam engine to their
works, making two. This is a suffi-
cient demonstration that the business
is paying.

Shelby Aurora: Mrs. Roxanna Car-
penter, aged 82 years, is very hale and
energetic for one so aged. One day last
week she laid a rock hearth in her own
room without any help. She has assist-
ed in the amputation of 563 women,
and of this number of births 63 were
twins.

Wadesboro Times: Mr. Thos. Teal,
an old citizen, living on Brown Creek,
fell dead on Sunday last. The cause is
supposed to have been apoplexy.

Our friend Capt. Thomas Gullidge has
brought us the monster beet of the sea-
son. It weighs 6 lbs. and 4 ounces, and
he asks if anybody can "beat" that?

Newbern Journal: We are informed
by a prominent Greenbacker of this
county that John F. Wooten, of Le-
noir, seems to be the choice of the
Greenbackers of Craven for Congress,
if he will accept of their nomination.

The express office at this place re-
ceived yesterday morning four water-
melons which weighed in the aggre-
gate 137 pounds. They were consigned
to Miss Fentress of Raleigh, and raised
by Henry Gaskins, of Swift Creek.

Greensboro Bugle: Yesterday Mr.
Cyrus M. Kerr bought a wagon load of
potatoes from Mr. O'Conner, by weight.
The wagon was driven on the hay
scales of Mr. M. T. Hughes and weigh-
ed and there was found to be 1,300
pounds potatoes, for which was paid
one cent a pound. This is estimated to
be 60 cents a bushel, and is muc the
best way to buy or sell; but, we would
like to know if any person in the State
ever bought a load of potatoes by weight
before.

Charlotte Observer: Capt. Jordan,
of the Richmond and Danville road, on
a recent trip carried 200 people on his
train, all bound for Asheville and the
mountains. Every night a crowd is
emptied at Salisbury, for the points on
the Western North Carolina railroad.

A meeting of the creditors of the
Woodlawn, and the Lawrence manu-
facturing companies, the two cotton
mills at Lowell, that made an assign-
ment last week, will be held on Thurs-
day, August 3rd, at the Traders' National
Bank in this city. A note from Mr.
C. J. Lineberger, the president, informs
us that the corporations made an assign-
ment for the benefit of the creditors to
John M. Williamson, Esq., of Philadel-
phia.

Goldsboro Messenger: The artesian
well is making slow progress. Mr.
Weatherbee has so far sunk the pipe to
a depth of 175 feet, and will probably
have to go beyond 300 feet to secure a
satisfactory supply of water. Quite
satisfactory occurred a few days ago at
Mr. L. D. Hancock's steam saw mill, at
French's Creek, Onslow county. Isaac
Williams fell on the saw while it was
running and was badly cut in the face.
The saw struck him under the right eye,
cutting away part of the cheek bone,
passing through the under part of the
nose, then coming out on the left side of
the face. The flesh was torn in a hor-
rible manner, but his injuries are not
necessary fatal.

POPE—In the town of Burgaw, Pender co.,

ter of Wesley and Anna J. Pope, aged 3
months.

Death with his scythe does not judge his
harvest by the age of the plant, but often se-
lects for his gathering the most tender and
loving; so with angelic babe, while yet in its
mother's arms, it gained the affection of all
who knew it. As a precious flower germinate
and in an hour is laid low by the impartial
hand of death, and now sleeps beneath the
cold, cold sod; it is not dead but is sleeping
to be resuscitated in the Celestial Eden where
it will bloom in all its loveliness; where no
chilling winds can wither its frail and delicate
nature. So, loved ones, cease to grieve for your
little darling which is now a gem with its little
slender when but a short time went before in
the crown which illumines the skies. Our sor-
rows and afflictions on earth are often sent
up to us as a warning of the awful eternity await-
ing to receive us and of the impartial Judge
who sits to judge us of our good and evil doings
so let us all be prepared that we may receive a
good reward. Yes, parents! these deceased
children, let it be a warning to you, for on the
30th day of May your aged mother finished her
course in this life and subsequently your child-
ren have come home to meet her, and may your
action in this life be such that you may all
meet around the Great White Throne in
Heaven.
