HENSBERGER—Will it Rain or Shine To-Morrow?
Full moon to-morrow morning at 48 minutes past 8 o'clock.

The receipts of cotton at this port yesterday foot up only 4 bales.
The Edgewood Guards, of Tarboro, will arrive in this city on Tuesday next, en route for Smithville, where they will go into their Summer encampment at Fort Johnson.

To Builders and others—Go to JACOBI & CO. for Sash, Blinds and Doors, Glass, &c. You can get all sizes and at the lowest prices.

As the steamer approached New Inlet on her way up the river yesterday afternoon she was photographed by Mr. Thos. I. George, who has been engaged in the survey on "the river." The negative is said to be a fine one.

Three white females—two of whom were sisters—were brought before the Mayor yesterday, charged with disorderly conduct, and were fined \$2.50 each, or five days in the city prison.—They all went below.

The steamer John Dawson brought down yesterday a large number—over one hundred—of excursionists from Point Caswell and vicinity. They will remain here until to-day at 2 o'clock, when they will leave on their return home.

Exports Foreign.
Nor, barque Walli, Capt. Walli, cleared yesterday for Hamburg with 3,335 barrels rosin, valued at \$10,273.80, shipped by Messrs. Paterson, Downing & Co.

Big Excursion.
We are told that about five hundred white excursionists will arrive in this city on Wednesday next from points along the Wilmington & Weldon Railroad. The excursionists will go to Smithville to spend two or three days.

Leave of Absence.
Lieutenant John U. Rhodes, of the revenue cutter *Colfax*, has been granted a thirty days' leave of absence, and he will leave here on Sunday for New York, where he goes to visit his parents and friends. We trust he will spend a pleasant furlough, and return to us feeling much improved by his vacation.

Two Full Moons.
July displays on its record this year the advent of two full moons, and is the only month in the year honored with the distinction. There was a full moon on the 1st, and there will be another on the 30th, to-morrow. Venus is the most brilliant evening star and Jupiter is the most brilliant morning star.

Alarm of Fire.
There was an alarm of fire at about 10:30 this morning, caused by the roof of the residence of Mrs. A. A. Moffit, on Fifth, near Dock street, becoming ignited by sparks from a burning chimney. The damage was very slight, as the fire was extinguished promptly without the aid of the fire department, although they turned out with their usual alacrity.

"Buchupaiba."
Quick, complete cure, all annoying Kidney, Bladder and Urinary Disorders. 41, Druggists Depot, James C. Munds.

The Harper Excursion.
The Harper excursion yesterday, was a complete success. A large crowd was in attendance, and Capt. Harper gave his guests the freedom of the boat, while he moved about entertaining them, and seeing that their slightest desire was gratified. While his special pilot steered the boat up and down the river, he gave himself up to the young folks in answering questions and keeping one eye on the little ones to see that they did not get too near the gunwales. Every one was charmed with the trip, and pronounced the Harper excursion a grand success.

More Room.

Mr. Perry, of the Hotel Brunswick, at Smithville, has rented the Morse residence, next to his house, and is using it as sleeping apartments for his guests. This new addition gives him some large and airy rooms. He is also having the rooms at the Hotel connected by electric bells with the office. The bells will be ready for use by Sunday. We note the laying of a plank walk from the Hotel to the billiard rooms and bath houses. Mr. Perry is doing everything in his power to make his guests comfortable, and the steady and increasing arrivals show how well he is succeeding.

Will Come to the City.

Doctors Wood and Walker, of this city, went to the Quarantine Station yesterday, where they, in company with Dr. W. G. Curtis, boarded and thoroughly inspected the four-masted barque *Mercy*. They found the vessel in fine condition, and with a clean bill of health. She is now discharging her ballast, and will be thoroughly fumigated and disinfected, and will then come to this port. The *Mercy* is the largest sailing vessel ever in this port, and will, it is thought, take 9,000 barrels of rosin. When loaded she draws but fourteen feet. She has now about four hundred tons of ballast in her hold and draws but nine feet.

Kitchen Market.

The following prices prevailed in this market yesterday: Beef 8 to 15 cents per pound; veal 12 to 15 cents; mutton and lamb 10 to 15 cents; chickens 15 to 20 cents each; eggs 18 to 20 cents per dozen; fish 10 to 20 cents per bunch; crabs 10 to 12 cents per dozen; shrimps 5 to 10 cents per quart; soft crabs 30 to 40 cents per dozen; clams, shell, 15 to 20 cents per peck; 15 to 20 cents per quart; watermelons 5 to 25 cents each; canteloupes 20 cents to \$1 per dozen; grapes 30 to 50 cents a peck; peaches 30 to 70 cents per peck; apples 20 to 30 cents per peck; onions 50 cents per peck; beets 5 cents per bunch; snap beans 25 cents per peck; green corn 15 to 25 cents per dozen; okra 3 to 5 cents per dozen; cabbage 2 to 12 cents each; cucumbers 8 to 10 cents per dozen; squash 8 to 10 cents per dozen; tomatoes 5 cents per quart; egg plants 5 to 10 cents each; carrots 5 cents per bunch; Irish potatoes 50 to 60 cents per peck; sweet potatoes \$1 per peck.

An Important Survey.

The most important survey of the Cape Fear River, from Point Peter, opposite the city, to Smithville, ever made has just been completed, after nearly four months of hard labor. The survey was made under instruction of the Government by Civil Engineers B. F. Makle, Chas. Humphreys and Thos. I. George, of the Engineer Corps of the U. S. Government. These gentlemen stand high in the profession and have devoted their talents with the greatest of care to the important work. The river was thoroughly triangulated and the location of every stump or obstruction of any kind in the bed of the river has been located. The survey was made with a view of deepening the river to sixteen feet, at low water, up to this city, and to ascertain where the channel should run and where the steam dredges could accomplish the most good.

A base line of forty miles was run and the proof of the survey shows that the lines were correct to a nicety seldom attained in such surveys.

Messrs. Makle, Humphrey and George will leave this morning for Baltimore, where they have been ordered to plot out the field notes taken by them in their labors of the past four months. The gentlemen have made many warm personal friends among us, and we trust they will be ordered back here. Mr. Makle has been employed for the past four years on the River and Harbor improvements at the mouth of the river and at the Inlet and his many friends will be loath to see him leave us even for a short time.

The Good Work Continues.

At the Grand Semi-Annual Drawing of the Louisiana State Lottery at New Orleans on Tuesday, June 13, 1882, the following Capital Prizes were drawn by the holders of tickets as stated. The desire of the winners not to have their names published is more general than before. Rayne, Baronne and Canal sts., N. O.; one by Mrs. L. Horn, No. 157 St. Ann st., N. O.; two by Joe C. Chambodut, of Galveston, Texas. No. 76,847 drew \$10,000—sold in tenths—Jno. Malaria, Chills and Fever, and Bilious attacks positively cured with Emory's Standard Cure Pills—an infallible remedy; never fail to cure the most obstinate, long-standing cases where Quinine and all other remedies had failed. They are prepared expressly for malarious sections, in double boxes, two kinds of Pills, containing a strong cathartic and a chill breaker, sugar-coated; contain no Quinine or Mercury, causing no griping or purging; they are mild and efficient, certain in their action and harmless in all cases; they effectually cleanse the system, and give new life and tone to the body. As a household remedy they are unequalled. For Liver Complaint their equal is not known; one box will have a wonderful effect on the worst case. They are used and prescribed by Physicians, and sold by Druggists everywhere, or sent by mail, 25 and 50 cent boxes. Emory's Little Cathartic Pills, best ever made, only 15 cents. Standard Cure Co., 114 Nassau Street, New York. Sm d&w.

News and Observer: Mr. G. Rosenthal, secretary and treasurer of the Falls of Neuse Manufacturing Company, informs us that the new factory of Mr. Swepson, near Haw River, which occupies the site of the one burned last year, is completed and that one car load of machinery for it has arrived. The factory will, for the present, have 1,340 spindles and 50 looms, but its capacity will be increased at an early day to 5,000 spindles and 800 looms. All articles for the fruit fair at Greensboro will be carried on the same terms as articles to the State fair, except fruits, which will be charged one-half rates. The regular rate to State fairs is: The party shipping pays full rates to the fair, and articles returned originally collected, refunds the amount originally collected, upon the presentation of certificate from the secretary that the article was upon exhibition at the fair.

Best ever made, Emory's Little Cathartic Pills, pleasant to take, sugar coated; no griping; only 15 cents a box of Druggists or by mail. Standard Cure Co., 114 Nassau Street, New York. Sm d&w.

STATE NEWS.

Durham Recorder: It is thought that like Strayhorn, of Hillsboro, will be the Anti-Liberal Republican candidate for Congress in this district. It seems to be the general opinion in political circles that Capt. E. J. Parrish and Jacob A. Long will be the Democratic candidates for the Senate in this district.

Charlotte Home and Democrat: Col. J. M. Heck, of Raleigh, has been to East Tennessee for the purpose of making arrangements to ship large quantities of coal into this State. Col. Andrews, the energetic President of the Western N. C. Railroad, thinks that he will be able to lay the coal down here in Charlotte for \$4.50 or \$5 per ton, and Col. Heck promises to cooperate in making the rate as low as possible. The coal is bituminous.

Winston Sentinel: On last Sunday, near Loves' Church, in this county, at a big meeting, Robert Pegram and Burl Tilly were tampering with an old pistol, and as is usually the case in such instances, the pistol was discharged, inflicting a mortal wound in the side of Tilly. The wounded man was carried to his home where he died on Monday morning.

Rocky Mt. Reporter: A middle-aged negro man was found dead on the railroad track, at Battleboro, yesterday morning, and from the horrible manner in which he was mutilated it is supposed he was run over by the through freight train at night. It is reported that he had sent his baggage to Fremont by express, and the supposition is that he was trying to steal a ride.

Newbern Journal: Mr. Hubbs' opponent was in the city yesterday, and spoke last night at Five Points. He says he is confident of making sweepstakes of the race. He expects to carry all the upper counties with a boom and to get a majority even in Craven. He will go from here to Lenoir, and see what the prospect is there. We have the official statement of General Estes, the Chairman of the Republican convention, countersigned by the Secretary, announcing the nomination of Hon. O. Hubbs for Congress. We will publish it in full to-morrow.

Tarboro Southerner: It is estimated that Hubbs spent five thousand dollars in his endeavor to get the nomination for Congress; that Col. Humphrey gave his followers one half that sum. This divided among the thirty-two delegates would improve their financial condition about two hundred and fifty dollars. The best labor-saving machine for killing grass is a goose. Such is the strait that our farmers are in, owing to the scarcity of labor, that they turn geese in the cotton fields to eat grass. One farmer that we know drives all the geese he can find into his fields. One near town has forty five of these asnerines at work.

Greensboro Patriot: There passed through town this morning a gay and frolicsome party of six young girls en route to the mountains. They were all robust, good looking, full of life and energy, and bent on a frolic. Dressed in uniform style of walking habit, slightly shorter even than the prevailing fashion, made of excellent and durable linen, plain but pretty hats, easy shoes with high ankles for fast, they wore the personification of comfort. Each bore a knap-sack upon her back, soldier style, and was armed with a revolver and large bowie-knife. Their trip takes in nearly all the mountain counties. Some nights they camp out, and others they pass at hotels, as humor or convenience may happen. With no baggage or equipments, except what each carries upon her person, this might be called another charge of the Light Brigade. Three of them are Marylanders and three are Virginians.

Fayetteville Examiner: On the 10th inst. the dwelling house of Mr. E. B. Lutterloh (of this town) located at Haslam, Georgia, was struck by lightning and considerably damaged. No one was in the house at the time, but Mr. Lutterloh's woodsman who was stunned, but not seriously injured. Dr. J. W. McNeill exhibited to us a few days ago a piece of adipocere, being a piece of a hog which fell into a ditch some thirty years ago in the lower portion of this county and was converted into a sort of waxy matter known by the name given above. The grain of the skin is well preserved and also a few of the bristles. The Democrats of Cross Creek Township held a spirited meeting last night to endorse the nomination of Col. W. J. Green for Congress. George M. Rose, Esq., Col. Green, R. S. Hruske and W. C. Troy, Esqs., made effective speeches. It was resolved to organize a Bennett and Green Club, and a committee of five was appointed to recommend suitable officers for the same, to report to a future meeting to be called by the meeting officer, after which the meeting adjourned. Tom Drake, a respectable colored butcher of this town, has maintained his position under the Market House as a dispenser of beef for half a century. He commenced on the 29th July, 1832, and will complete his fifty years day after to-morrow. For 35 years he has been a member of the F. I. L. Infantry, performing, until of late years, the duties of drummer. He hopes to be able to turn out with the company on the 23d August—his next anniversary.
