morrow?
J. N. S. JAMES, Cashier—Meeting of the Jus-
tices of the Peace
We lose 50 minutes of daylight this
month.

August comes in on the boards to-
day. We bid it welcome.

This month has five Tuesdays, five
Wednesdays and five Thursdays.

Who ever heard of a pair of suspen-
ders and sleeve supporters for 25 cents;
still they sell them.

We learn that a large excursion from
Winston and vicinity is expected to ar-
rive in this city in a few days en route
for Smithville.

Capt. Harper gave a moonlight ex-
cursion from Smithville to Fort Cas-
well on Saturday night. It was well
attended and the young people seemed
thoroughly to enjoy it.

Edwin W. Kerr, Esq., of Sampson
county, arrived in the city last night
and will remain here to-day on busi-
ness connected with the Clinton, Point
Caswell & Wilmington R. R.

An immense sturgeon drifted upon
the beach near Smithville on Saturday.
A very severe bruise was on one side of
its head and was evidently made by the
propeller of some of the boats on the
river.

The new iron bridge across Rockfish
Creek, near Duplin X Roads, will be
erected as soon as possible. The granite
abutments have been made and the
bridge will be constructed in a very
short time.

Mr. J. P. O'Sullivan has located
himself in the repairing and upholster-
ing business in the Carr building, on
Second street, between Market and
Dock. Give him a trial and he will
please you.

The Starlight and the Little Fly, two
colored base ball organizations, played
a match game yesterday afternoon on
the corner of Seventh and Castle
streets, when the latter beat by a score
of 12 to 5.

Charlotte Observer: On Thursday
evening last, Mr. J. R. Cobb, of Georgia,
was married to Miss Sallie Gause, of
Wilmington, at the residence of Mr.
Richard Hartsfield, in this city, by the
Rev. O. F. Gregory.

To Builders and others—Go to JACO-
BI'S for Sash, Blinds and Doors, Glass,
&c. You can get all sizes and at the
lowest prices.

The excursion party from Goldsboro
on Wednesday bids fair to be very
large. The excursionists, we learn,
will be the merchants from that sec-
tion. Would it not be well for our
merchants to give them a little ovation?

We call attention to the advertise-
ment of the University of North Carolina
in this issue. The authorities of this
venerable institution are laboring to
place it alongside the best in the land.
Parents and guardians are invited to
examine its claims.

Freshwater Perch, Trout and Black
fish hooks and lines. A full assort-
ment and lowest prices at JACOBI'S.

The work of driving the piling for the
foundation of the new brick warehouses
for the W. & W. R. R., and W. C. &
A. R. R., was commenced yesterday.—
The walls of the old brick warehouse of
the W. C. & A. R. R. were completely
demolished yesterday.

The new iron bridge over Smith's
Creek, about a mile from this city, was
completed yesterday and the trains of
the W. & W. R. R. were run over it.
The building of the new iron bridge and
demolishing of the old wooden one did
not delay a single train. Good work!

Mr. T. F. Bagley, of this city, return-
ed here yesterday after an absence of
about a month passed in Greensboro,
Washington City and New York. He
tells us that he has come back here to
get cool and comfortable once more, and
that Wilmington is by far the most
pleasant place he has yet found.

THE DAILY REVIEW.

VOL. VI. WILMINGTON, N. C., TUESDAY, AUGUST 1 1882. NO. 183.

Exports Foreign.

The Ger. bark, *Vadia Peschau*,
Capt. Bremers, cleared yesterday for
Hamburg, Ger., with 500 casks spirits
turpentine and 2,118 barrels resin, val-
ued at \$15,991.08, shipped by Messrs.
E. G. Barker & Co.

From First Hands.

We call the attention of our readers
to the advertisement of Mr. James C.
Stevens. He is well known to our
citizens and his establishment enjoys a
reputation second to none in the city.
He receives daily consignments of
country produce and furnishes it to his
customers from first hands. His roast-
ed coffees are pronounced by epicures
to be very fine. Give him a call and
try the choice flours, etc., which he
keeps constantly on hand.

A Change in the Signal Office.

Private S. A. Haney, who has for
some time past been Assistant Obser-
ver at this station, yesterday received
orders to assume control of the Signal
Office in this city. Sergeant Sherwood
has been ordered to another station.
Mr. Haney's assistant will arrive in a
few days. We are pleased to note our
young friend's promotion and with his
many friends congratulate him. He
has always been a faithful worker and
well merits the evidence of appreciation
which he has received.

City Court.

The Mayor had an unusually large
levee yesterday morning.

Spencer Stanford was fined \$20—or
30 days—for disorderly conduct, and
was sent below in default of payment
of the fine.

Dennis Spearman was charged with
disorderly conduct. He paid \$5 and
was discharged.

Isham Bilton, a tramp, was arraigned
for trespass. Judgment was suspended.

John Giles, for keeping his barber-
shop open on Sunday, was fined \$1 and
the costs.

Richard Martin, charged with fast
driving, was discharged.

Triples.

Our correspondent at Fremont tells
us that Mrs. Jessie Woodard, who lives
seven miles North of Goldsboro, gave
birth, on Friday night last, to triplets—
two girls and one boy. Mrs. Woodard
was doing well at last accounts. Dr.
Gilbert, of Fremont, was called in, this
being his first experience of the kind—
that is, three at a birth—in a practice of
twenty-one years, and although the
shower of babies was rather embarrass-
ing, yet he brought his patient through
with skill.

Our correspondent adds that the agri-
cultural as well as the baby crop, is
very promising in that locality.

The Babes in the Woods.

Officer Bunting arrived in this city
Sunday afternoon, having in charge
the Teboe brothers. He traced these
worthies to Abbottsburg and there had
them arrested by telegraph from Mr.
Solicitor Moore. The Teboes "fess up"
but say after they crossed the river they
did not know what to do and were lost
in the woods. Since their arrival a
warrant for forgery has been issued for
them. They are charged with forging
the name of Mr. W. L. Chinis to an
order on Mr. J. M. Henderson, of this
city, for \$10, on which they received
the money. The brothers are young
men and are not overstocked with in-
telligence. The eldest is 23 and the
youngest just 21 years of age.

North Carolina Medical Jour- nal.

We have the July number of this
valuable magazine upon our table. It
is an interesting and instructive num-
ber, even to the unprofessional reader.
Dr. Wood, the publisher, is an earnest
worker, a clear thinker, and has a
forceful way of expressing his con-
victions. We clip the following from
the leading editorial in the present num-
ber, relative to the danger of attending
funerals of persons dead with contagious
diseases:

Very few funerals are more osten-
tations. There seems to be a rival-
ry in this matter, whether incited by
undertakers or by the superstitious at-
tentions, or more exacting demands of
society. It is not material to discern, in
one point of view attention to the dead
is sometimes little short of idolatry,
and in most all cases the sorrowful
emotions of friends lead them to do
things that they would consider it
cowardice or lack of proper respect, to
neglect. These are among the motives
which will bring about large attend-
ances at funerals.

Our attention has been recently called
to a most hazardous disregard of the
ordinary precautions against the com-
munication of contagious diseases by
the dead. The daughter of a former
resident of this city died in Richmond,
of scarlet fever, and was brought here

for interment. The disease was an-
nounced in the funeral notice inviting
friends and acquaintances to attend,
and the usual number of persons, men,
women and children, were present, ut-
terly disregarding the risk to which
they were subjecting themselves.

Fortunately, no cases have resulted
from it so far, but it was running a
needless risk. Such violations of the
plainest rules of prevention of disease
should not be allowed by the authori-
ties. If there is no authority on the
subject, there ought to be. If people
will not think for themselves, then
strong arms of a wise law should per-
form all that is necessary to protect the
thoughtless and unassessing.

The State Board of Health has sound-
ed the warning on this subject time
and again, but nothing but an actual
disaster will impress the lesson suffi-
ciently.

The attention of those interested is
invited to the advertisement in another
column of Messrs. Jno. W. Gordon &
Bro., who offer to take risks on cotton
gins in the Virginia Fire and Marine
Insurance Company and the Phenix
Assurance Company of London.

Personal.

Mr. T. M. Emerson, who will take
the position of General Freight and Tick-
et Agent of the Atlantic Coast Line to-
day, is in the city. He arrived Sunday
night. We are pleased to welcome him
back among us, and trust he may never
regret again casting his lot among the
"Tar Heels."

The State Fair.

We have received the premium list of
the 22d Annual Fair of the North Caro-
lina Agricultural Society, to be held at
Raleigh, October 16, 17, 18, 19, 20 and
21. A total of 1,345 premiums in all is
offered by the Society. A copy of the
premium list will be furnished by an
application to Mr. W. B. Gulick, Sec-
retary, at Raleigh.

For tremulous, wakefulness, dizzi-
ness, and lack of energy, a most valuable
remedy in Brown's Iron Bitters.

Board of Magistrates.

A meeting of the Justices of the
Peace for New Hanover county is cal-
led to be held, in accordance with law,
at the Court House in this city, on
Monday next, the 7th inst., at 10 o'clock
a. m., for the purpose of electing a
Board of Commissioners for the ensu-
ing year and the transaction of such
other business as may come before the
Board.

Stolen Casks.

Messrs. Robinson & King have been
losing some spirit casks and on yesterday
a colored man called at their place and
offered them for sale. Messrs. R. & K.
identified one of the barrels as their
property and told the man that the cask
had been stolen from them. The man
gave leg bail but was chased as far as
Red Cross Street when the police lost
him. It is not known from whom the
other casks were stolen.

Flies and Bugs.

Flies, roaches, ants, bed-bugs, rats,
lice, gophers, chipmunks, cleaned out
by "Rough on Rats." 15c.

A Bloody Affray.

On Saturday last, the 29th inst., Gov.
Jarvis and Capt. Swift Galloway, met
the citizens of White Hall, Wayne
County, at the Seven Springs, to discuss
the political issues of the day. There
was a large crowd in attendance, some
of whom remained until Sunday. One
of those who remained was a man named
Thomas Uzzell, who had several diffi-
culties with a policeman named Thomp-
son. On Sunday evening Uzzell at-
tempted to renew the quarrel with
Thompson, and his brother, Nestus
Uzzell, took his part and attempted to
strike the policeman, Thompson, with
a stick. Upon this Dr. V. N. Seawell
who was present, stepped in
to prevent any further difficulty,
when Nestus Uzzell drew a revolver and
shot the doctor, the ball entering and
shot the right side, just over the stomach,
and passing in a downward direction to-
wards the left side. The doctor was im-
mediately cared for, but he vomited
blood all night. On Monday he was
somewhat easier, but his condition was
considered critical. We were unable to
learn if the assassin was arrested or
not. Doctor Seawell is well known to
many of our citizens, having been for
a number of years in practice at Duplin
Roads (Wallace), from which place he
removed to White Hall, about a year
ago.

We are persuaded that the ancient
Hermes with all the subtle art and nat-
ural resources of the Alchemists, was a
very poor doctor compared with Mrs.
Lydia E. Finkham, of Lynn, Mass.
Hermes may have been after all only a
clever practitioner of the Black Art;
but we know there is no humping in the
pharmaceutical chemistry of Mrs. Fink-
ham's Vegetable Compound.

STATE NEWS.

Danbury Reporter: Bill Ziglar, 38
years old, near Sandy Ridge, killed 30
snakes in one day last week, the small-
est of which was 18 inches in length.
All were killed in the same locality.

Raleigh Visitor: Mr. Solomon Wig-
gins who resides in this county, has in
his possession a beet from which 114
quarts of seed have been taken. It has
59 sprouts and is about 13 inches in di-
ameter.

Concord Register: There has been
religious services at the Methodist
church every day and night this week,
consisting of prayer meeting at half-
past eight in the morning, and preach-
ing at night. The services have been
deeply interesting, and well attended.
Considerable religious interest has been
awakened.

Newbern Journal: On Thursday, Mr.
Henderson Scott, from near Grants-
boro, Pamlico county, brought to mar-
ket two barrels of home-made pork,
which he sold to Reel & Bros., for twenty
dollars per barrel. It is a rare thing
to see a farmer bring a barrel of pork to
market at this season of the year, but
we think, as a general rule, it is a true
sign of a prosperous farmer.

Charlotte Observer: The number of
guests at the Warm Springs at present,
is seven hundred, and still Dr. How-
ton calls for more. The Democrat
nominating convention of the Seventh
Congressional District is called to meet
at Yadkinville, on the 10th of August.
Major Robbins will no doubt receive the
nomination by acclamation. There
was a row at Laurinburg the other day
between a couple of negroes belonging
to Capt. Archie Taylor's gravel train,
in which one probed for the other's kid-
ney with a five inch knife blade, and
reached it. The two negroes had fought
for about five minutes, when one took
to his heels in an attempt to get away.
The other followed, brandishing an
open knife, and being fleet of foot, soon
came up with the fleeing negro and
drove the knife into his back, the blade
entering the kidneys. The wounded ne-
gro will die it is said.

Greensboro Patriot: Mr. James
Pepper, of Danbury, went up in the
Sauratown mountain sometime ago to
get sand from a creek bed to scatter
over his yard. As he had scattered the
sand he noticed something lying shining
very bright and picking it up discovered
it was a diamond. He took it to Dan-
bury and Winston where it was pro-
nounced a stone of great value and then
he sent it to Baltimore where they ex-
amined it and returned it pronouncing
its value at seven thousand dollars.
Professor Kerr thought it hardly worth
so much. The old gentleman keeps it
wrapped up in the bottom drawer of
his safe, and is very particular in show-
ing it to strangers. Tiffany & Co.
wanted him to express it to them at
New York, but he's rather afraid they'll
put out a value to suit themselves. He
is very anxious to entrust it with some
good and reliable person who will truly
price its value. The diamond is the
size of a small chestnut.

News and Observer: The crops on
the line of the Raleigh and Gaston
Railroad are reported as improving.
Mr. John T. Patrick, of Wades-
boro, has been appointed immigration
agent for this State. James H.
Lassiter, Esq., of Henderson, Vance
county, raised forty bushels of wheat to
the acre on his farm near Henderson
this season. Just think of it; forty
bushels raised from three pecks.—
The wheat crop is nearly all threshed.
The results surprise even those farmers
who expected heavy yields. Such re-
sults as twenty to twenty-five bushels
for one sown are common. There
never was such a crop known. The
prices of wheat are falling, and we see
the papers in many sections of the State
quote it at from 60 to 75 cents per bushel.
Corn keeps up, but will tumble
later on.—The receipts last week
were 189 bales, against 267 bales for
the corresponding week last year. The
total receipts from September 1, to date,
are 60,708 bales, against 76,172 up to
the same time last year. This shows a
total decrease of 15,464 bales. The
receipts to a corresponding date in 1880
were 50,735 bales.
