Mr. W. H. Lamar, Jr., the gentleman who is to assist Mr. S. A. Haney in the Signal office in this city, arrived here Wedsesday night and has entered upon the discharge of his duties.

Capt. Johnnie Harper was yesterday the recipient of a very handsome watch charm. The fair donor was a lady from Sumter, who accompanied the S. L. I. on the excursion to Smithville.

The value of self-control as a hygienic agent is very great. It prevents great waste of vitality in feeling, emotion and passion. It helps to give one a mastery mastery over us.

The recent freshet in Black River is running off and the volume now stands at "good boating water." There has been none too much rain in that section, and the farmers are all jolly over the outlook.

We saw a letter, yesterday, from Dr. V. N. Seawell, who was shot on Monday at Whitehall. The doctors says he is not dead yet and we are inclined to the opinion that the wound is not as dangerous as it was at first supposed to

There is a very large amount of dogtongue, or vanilla, leat shipped from this section to Northern markets. There is a good demand for it and it brings a fair price. At nearly every station between this city and Goldsboro bales of dog tongue can be seen at the depots awaiting shipment.

Personal.

We are in receipt of a very pleasant and agreeable letter from Mr. F. A. Newbury, who, after long months of active, earnest work, is enjoying a much-needed and well-deserved respite from the toil and cares of business, up among his native hills in the "Nutmeg State." From the tone of his letter, he seems to be in the midst of a "high old time." We would be perfectly reconciled with a share of his present sufferings, but, ah ---

At Kenansville Wednesday-Large Crowd and Good Time.

A very large number of persons assembled at Kenansville, Duplin county, on Wednesday last, to participate in the Mr. G. J. Boney, Chairman of the reunion of the survivors of the Duplin Rifles, and company I. The crowd was A Williams was chosen temporary variously estimated at from 1.500 to Chairman, and Mr R H Pickett acted 3,000. Quite a number of ladies were in attendance gracing the occasion with their smiles.

and after the survivors of Company I the committee: Mr. T B Kingsbury. Galloway, in response to calls, addressed the assemblage. His remarks were very touching. He added new laurels to his fame and as is his habit made many new friends.

Attorney General Kenan was called as permanent officers of the Club: for and he in response to the calls talked over the fights they had fought together and many were the strong hearts ond Ward, W H Sprunt; Third Ward, issues of the coming campaign and en- | S Willard. tertained his auditors pleasantly for an Mr TB Kingsbury was called on and hour. Col. Roger Moore was called about fifty feet in length. They were for and in response made one of his loaded down with eatables suitable for an epicure. Everything was nicely prepared and served in a manner to please every one. After the vast crowd had eaten as much as it desired there was enough left "to feed a regiment." There was no scarcity of substantials or delicacies, and we must say a word of praise for the committee who had the matter in hand. So well did they sucover pain and distress rather than the ceed that we predict that they will always be intrusted with the management of similar affairs. Ye local must return thanks to Mr. and Mrs. A. D. Black for kind attentions shown him.

Some Objections Answered.

We are in receipt of a communication from an esteemed friend and subscriber in Pender county, relative to the new road which is to be built from Point Caswell to Clinton, which we do not publish on account of the fact that the writer seems to be under a misapprehension as to the facts in the casemisapprehension which we fear is shared by many others, and which we will endeavor to correct. Our correspondent seems to think that it would be better to bring the road all of the way to Wilmington, instead of stopping at Point Caswell and seems to fear that the transfer charges at the latter place will be too heavy. This fear will be dissipated at once when it is understood that the line will not terminate at Point Caswell but at Wilmington, the steamers to be employed forming a part of the line, and that there can be no transfer charges on through freight. As for running the road direct to Wilmington, that cannot be thought of. There is a desert of twelve miles to be crossed to get here on this side of the Cape Fearand on the other side there will be two rivers to cross to reach the city. The expense in either event would be more than the company could stand, as at present constituted.

Grand Family Excursion. and we know they will succeed in their undertaking. There will be music for dancing, and no objectionable persons will be allowed on the boat, See advertisement elsewhere.

Cutting and Shooting.

On Wednesday night a cutting affray took place at the ball room at the Academy in Smithville. A man named Grubbs, who was in the city a few months ago, but who removed to Smithville to ply his business, that of a mattress maker, was cut in the thigh and abdomen by a colored man. We could not ascertain the cause of the affray but we understand that Mr. Grubbss ubsequently shot his assailant

High Handed Impudence.

A white man, one of the excursionists now at Smithville, so far forgot himself on Wednesday night as to offer an indignity to a lady at Smithville, by embracing her in the ball-room at the Academy. The fellow must have been drunk or was a natural born idiot. We are pleased to know that a gentleman, a friend of the lady, immediately punished the fellow for his impudent and high handed action. We trust, ere this, he "How do you Manage," said a lady has found out that our ladies will be to her friend, "to appear so happy all to her friend, "to appear so happy all the time?"
