CONGRESSIONAL.

(By Telegraph to Daily Review.) SENATE.

WASHINGTON, August 5.—With out action Mr. Hale, from the Conference on the Deficiency Appropriation bill, reported disagreement for the third time upon the item allowing mileage for Senators for the special session of last summer. He moved that the Senate recede, in view of the fact that there seemed to be no probability of the House abandoning its position.

Mr. Bayard then submitted a joint resolution appropriating \$33,000 for the pay of mileage of Senators who attended the session convened on October 10th 1881. Considered and passed by a unanimous vote.

A conference committee was ordered upon the resolution to print the agricultural report and the bill granting a right of way to the Fremont, Elkhorn and Missouri Valley R.R., across the Nebraska reservation, in Nebraska.

Pending a motion by Mr. Miller, of N. Y., to take up the knit goods bill, Mr. Morrill said he would not oppose the motion.

Mr. Wilson of W. Va., from the committee on foreign affairs, submitted a report upon the power of the House to compel Shippert to answer certain questions which he declined to answer, and to produce certain evidence; calendar.

At 4:10 the House took a recess. After the recess, (5 o'clock) nothing was done until Mr. Hiseock, one of the conferees on the sundry civil appropriation bill, moved that the House take a recess until 8 o'clock, stating that at that time an agreement would probably have been arrived at, pending which the Speaker laid before the House a message from the President transmitting the report of the Secretary of State respecting the cases of American citizens under arrest in Ireland. Referred.

The Secretary states that the only persons alleged to be American citizens still in prison in Ireland are O'Mahoney, McSweeney, Stalling and Gannon. Mr. McSweeney and Stalling produced regular certificates of naturalization. Gannon establishes a claim to American birth, and O'Mahoney was regularly naturalized on the ground of services in the navy. The report further states that it appears, by a note from Minister Lowell, that Her Majesty's Government does not entertain, at present, the intention of bringing these prisoners to trial, but it has offered them a discharge, on condition that they shall leave Ireland for America, which, however, was refused.

Mr. Lowell has again been instructed to urge a speedy trial of the prisoners. The House then, at 5:46, took a recess until 8 o'clock.

Mr. Calkins, of Ind., submitted the conference report on the bill to relieve certain soldiers of the late war from the charge of desertion and it was agreed to.

Mr. Hiseock, of N. Y., presented the conference report on the Sundry Civil Appropriation bill. He stated, simply, that the Senate amendments had been reduced by the conference committee to the amount of \$958,000. The conference report was agreed to and thus the last General Appropriation bill was disposed of by the House.

TEXAS. The Yellow Fever. (By Telegraph to Daily Review.) BROWNVILLE, Texas, August 5.—Night.—There are about 50 cases of yellow fever now existing and they are increasing rapidly. There was, to-day, a death of a German named Guait, recently from Europe. There are conflicting reports about the disease existing throughout the country, but they are not reliable.

WASHINGTON. (By Telegraph to Daily Review.) WASHINGTON, August 5.—Night.—The Legislative, Executive and Judicial Appropriation bill was received at the White House to-day and was almost immediately signed by the President.

The President sent the following nominations to the Senate to-day: U. S. Grant and Wm. Henry Trescott to be commissioners to negotiate a commercial treaty with Mexico; John H. Dillon, of Mo., Secretary of Legation, of the United States in Mexico.

It is stated that the President has decided upon a strict enforcement of the 8-hour law as that was construed during the administration of Gen. Grant.

OHIO. The Devastation by a Water-spout. (By Telegraph to the Review.) COLUMBUS, August 5.—Night.—Information to-day is that trains on the Ohio Central are not running further South than Waxahalla, and the road will require several weeks of repair before they can get beyond that point. The loss by the water-spout on Thursday is much greater than at first supposed.

From a point three miles north of Corning, down to South Bend and up the west branch of the Ohio Central to Buckingham, a distance of 16 to 18 miles, the track is almost entirely destroyed. For miles it cannot be observed that the railroad was located there. Most all of the live stock in the two valleys was swept away. It is believed that the loss to railroads, mines, &c., will approximate half a million.

FOREIGN NEWS. (By Cable to Daily Review.) LONDON, Aug. 5.—Night.—A dispatch to Reuters's Telegram Company, dated Alexandria, 6.35 p. m., says: At 5 o'clock this evening, the British troops with a number of field guns, assisted by sailors, attacked the advance guard of Arabi Pasha, near Kamieh, between Mahmaudich Canal and Cairo railway, and advanced upon the enemy's position from three sides. The engagement, which is of a serious nature, still continues. Arabi Pasha sent 14 men with a white flag to the British camp this morning. The party was received by Maj. Pringle, but the interview was without result.

ALEXANDRIA, Aug. 5.—Night.—The object of the operations to-day was a reconnaissance in force, commencing at 4 o'clock this p. m. A steady advance was made, the marines upon the railroad line, the rifles upon the West bank of the Mahmoudieh Canal and the South Staffordshire regiment upon the East bank. The enemy was driven in from their advance posts and compelled to bring into action all of their troops available, in front of their principal line of intrenchments at Kafar El Dowar, mainly about four battalions of infantry, a force of cavalry and several guns. The latter were completely silenced by the accurate fire of our 40 pounders. The Egyptian infantry held their ground with considerable steadiness. The marines on the railroad, who were under the immediate command of General Allison, pushed the enemy back upon their second line of entrenchment toward Kafar El Dowar. The marines were supported by the South Staffordshire regiment and the rifles. They suffered somewhat, but behaved with great coolness and steadiness under a heavy fire. The object of the British operations, which was to compel the enemy to display what force and what guns they had in front of the main position, was completely attained. This was ascertained by nightfall, when

the British slowly and steadily withdrew. No accurate returns of killed and wounded are yet attainable. The enemy's loss is also unknown. A large number of wounded fell into the hands of the British, and many dead were seen. A considerable number of the enemy were made prisoners. The British recruits made successful experiments, while mounted on their iron-clad railroad track.

Telegraphic brevities. Mrs. Scoville, sister of Guiteau, has filed a petition for a divorce from her husband, alleging cruelty on two occasions and passionate anger on his part, as the cause.
