Foot Cut Off.

A little colored boy, whose name we about an improved condition of health. | could not ascertain, had his left foot cut off by a car at the W. & W. R. R. depot, on Monday afternoon. The boy, who is only about 8 years old, had stealthfully ciimbed up between two freight cars to take a ride as the yard shifting engine was about to move them. After going some distance he tried to swing down off the end of one of the cars but, his legs were not long enough to reach the ground and he rested his left foot on the track, when it was caught by the wheel and cut off. The unfortunate boy was quickly picked up by an employe of the road and carried to his home near by, when medical attendance was summoned to his relief. Dr. J. C. Walker attended the boy and found it necessary to amputate the leg just below the knee, as it was badly crushed by the wheels passing over it.
