GROESBECK & CO.—Saw Mills
HERRINGER—Leiglers and Day Books
GEN. F. H. SMITH—Virginia Military Institute
MAJ. A. G. SMITH—Bethel Classical and Military Academy
TAYLOR MANSF. CO.—Taylor's Bass Clipper and Dry Steam Engines
No suppers among grapes as yet.
Look out for the chirp of the rice birds.
Dog days ended yesterday, dog gone.
Peaches are plentiful and cheaper in price.
Beef cattle are scarce and in good demand.
Most of the rice crops on the river have been laid by.
The receipts of cotton at this port yesterday foot up 50 bales.
W. C. Coup's circus is heading this way, coming up from the South.
The cotton crop is said to be two weeks later this year than last.
The special policeman at the railroad depot arrested two more boys yesterday.
A lady in this city has a bush in her yard on which there are 41 sunflowers in bloom.
The fish market is well supplied. The "September mullets" have made their appearance.
It is the yacht *Restless* which carries the champion flag, and not the *Ripple*, as we stated yesterday.
Onion juice is good for mosquito bites but nothing yet has been discovered that is good for onion juice.
The Greenbackers of this county propose holding a county convention in a few days for the purpose of nominating county officers.
The new front to Messrs. Aaron & Rheinstein's store will be a great improvement to the building and looks of the street.
Every gentleman on the Sound carries an advertisement on his back for Dyer in the shape of a Negligee shirt.
White, with lemon color, is the fashionable combination for Summer.—White sugar and lemon juice also make an excellent foundation for something that is not to wear.
The only cases before the Mayor's Court yesterday were three little colored boys, who were charged with disorderly conduct. They were reprimanded and discharged.
Messrs. Northrop and Cumming are materially improving their mill property. New machinery is being put in and when completed will double the capacity of the mill.
The bell of St. Stephens A. M. E. Church, which has been for some time past in a temporary structure on the Church property, has been placed in the belfry of the church.
Samuel Reese, charged with a heinous crime upon a little colored girl, was arraigned in the Criminal Court yesterday. The trial has been set for next Wednesday and a special venire of 100 men has been ordered.
The contracting agent of S. H. Barnard's circus was in the city yesterday and paid us a visit. The advertisement will appear on the 1st of September. The advertising car with its corps of bill posters will arrive in this city in a few days.
The most "tony" style at a wedding now is to present each guest with a piece of the bridal cake in a box shaped like a horse shoe and tied with a true lover's knot of white ribbon, the ends of which bear the monogram of the bride and groom.
The lethargy which laid violent hands on the members of the Carolina Yacht Club has been at last shaken off. A lively interest is now being taken in Club matters, and the yachts are being gotten in readiness for the approaching regatta, which will be sailed within the next month.

THE DAILY REVIEW.

VOL. VI. WILMINGTON, N. C., SATURDAY, AUGUST 12 1882. NO. 191.

Personal.

Hon. Duncan K. McRae, who has been spending some weeks on Long Island, recuperating his health, returned to the city Thursday night and is, we are pleased to say, looking much improved.

Challenge.

We learn that the yacht *Glide* will challenge the *Restless* for a race over the Wrightville course. Under a resolution recently passed by the Club, the *Restless* will be compelled to accept the challenge or give up the flag.

The Sick.

We regret to learn that there is no improvement in the condition of Dr. J. T. Schonwald, who has been confined to his residence for some time past.

The Alarm of Fire.

The alarm of fire was sounded yesterday about 11 o'clock, caused by the ignition of a small frame house in the Southern portion of the city, near the turpentine stills of Mr. A. H. Van-Bokkelen. The fire was discovered in its incipency and was extinguished before the engines arrived.

The Mineral Spring.

Mr. Henry Haar, superintendent of the turnpike, informs us that he will soon have the waters of the mineral spring near the turnpike, analyzed. He took the temperature of the water with his thermometer, and it registered 64 degrees Fahrenheit. The water is very cool, and is said to be pleasant to the taste.

In Baltimore.

A letter from Mr. James A. Willard says that he has met with many kind friends since his removal to Baltimore, who all think that he has acted wisely in the move he has made. We sincerely trust that they may prove true prophets. Mr. Willard is located, as a commission merchant and purchasing agent, at the corner of Charles and Pratt street and will give special attention to the sale of all kinds of Southern produce as also to the purchase of corn, bacon and other articles of merchandise.

The Crops.

The crop prospect continues very fine. A trip along the line of the Wilmington & Weldon R. R. will reveal to all who may glance out of the car windows the most magnificent crops of corn that have been raised in many localities in perhaps twenty seasons past.—The cotton is also promising excellent returns. We have never seen a prettier growth of the weed than we saw a few days since, in various localities, from Rocky Point to Halifax. The promise at present is that the farmers will have great cause for thanksgiving next November.

Regattas to be Sailed.

Messrs. Norwood Giles, A. R. Campbell and H. L. Fennell, Regatta Committee of the Carolina Yacht Club, held a meeting yesterday and arranged to have two races by the yachts of the fleet. The first will be sailed on Wednesday, the 23d inst., and the second about two weeks later. The race will be the largest which has been sailed over the Wrightville course in five or six years. The following yachts will be entered: *Ripple*, *Zephyr*, *Flirt*, *Conquest*, *Frolic*, *Lizzie*, *Spray*, *Restless*, *Glide*, *Bessie Lee*. The committee accepted the generous offer of the Seaside Park Improvement Company and tendered the thanks of the Club to them for their timely aid. The money, \$50, donated by the company, will be divided, making a prize of \$25 to be sailed for in each race, in addition to the champion flag.

Sneak Thieves.

There is a gang of little colored sneak thieves in this city which should be broken up. They ply their avocation daily upon the storekeepers. They seem to be adepts in their business and there is no telling what amount is lost by our merchants in the course of a year by this petty shop-lifting. Yesterday one of them stole a bundle of Faber pencils from Mr. P. Heinsberger and took them to a merchant near by and offered them for sale, stating that he had found them. The merchant carried the pencils to Mr. Heinsberger who identified them as his property by his price marks. The little thief tried to check him down that he found the pencils in the street. These little rascals have of late been stealing anything they could put their hands on and sending the articles back by one of their gang who would tell some yarn about finding it in front of the store and in many instances were rewarded for their apparent honesty. They were soon detected in that trick and have since been selling the stolen goods to any one who will buy them.

Skinnier Men.

"Wells Health Renewer" restores health and vigor, cures Dyspepsia, Impotence, Sexual Debility, \$1. Depot Jas. C. Munn.

Rice Culture.

EDITOR REVIEW.—I have before me the report of a special committee of the Savannah Rice Association on "American Rice Industry and Import Duty on Foreign Rice," from which I propose to make copious extracts from time to time and to invite the planters on the Cape Fear River to form a "Wilmington Rice Association" for mutual protection and information on the subject of "Rice Culture, &c."

The Savannah Rice Association.

The Savannah Rice Association is composed of rice planters, millers and factors, the men engaged in producing, cleaning and selling rice, such men as John Screven, George S. Owens, William H. Gibbons, Wm. Neyle Habersham, H. Fraser Grant, William D. Waples, J. A. Hager, Henry Taylor and P. J. Haskell, which gives assurance at once of its business character and objects.

I recur to the Report. It says:

"There are three distinctive periods in the history of rice industry in the United States: First, from its introduction into Virginia and South Carolina in the 17th century down to 1861; second, from 1861 to 1866, both inclusive; from 1866 to July, 1881.

"Anterior to 1820 there are no data to be found as to the amount of the production of this grain, but the export of rice from South Carolina, from 1720 to 1729 inclusive, was 264,788 barrels of 325 pounds each, or 86,056,100 pounds. This would be equivalent to an average annual export for the period embracing nine years, of 9,795,777 pounds.

"It appears that in 1770 there were exported from the Colonies 150,529 bbls., 60,211,600 pounds, showing that about 20,000 barrels, or 8,000,000 pounds, were exported from other than South Carolina ports. It is probable that the colony of Georgia, then in vigorous growth, chiefly assisted the increase of production.

"Why not add North Carolina also aided in the growth of rice, no doubt for export, during the period referred to? In continuation of this brief sketch, I propose to give from this report tables of production, showing the crops of many years before and since the war, between the States, with the quantities of rice imported and exported into and from the United States. Those interested should preserve the papers with these extracts. PLANTER. WILMINGTON, AUG. 11, 1882.

MARRIED.

At Margarettville, New York, on Wednesday, 9th inst., the Rev. Edward Hunt, M. F. ANNIE GREENOUGH, daughter of James Dawson, of this city, to WILLIAM POLLOCK, of Pittsfield, Mass.

A GENEROUS ACT

That Will be Appreciated by All Who Care for their Complexion and Skin.

It is not generally known that the nervous system has a wonderful influence over the skin, but this is a fact known to medical men who have given much of their time to the study of diseases of the skin. No one can have a clear and fair complexion unimpaired by blotches or pimples who is very nervous.

Whatever tends to a healthful condition of the nervous system always beautifies the complexion and removes roughness and dryness of the skin. Some skin diseases are not attended by visible signs on the surface, but an intolerable itching that renders life miserable.

We copy the following deserving and interesting compliment from the *Tribune* which says: "Dr. C. W. Benson's New Remedy, 'SKIN CURE,' is received by the public with great confidence, and it is regarded as a very generous act on the Doctor's part to make known and prepare for general use his valuable and favorite prescription for the treatment of skin diseases, after having devoted almost his entire life to the study and treatment of nervous and skin diseases, in which he took great delight. He was for a number of years Physician in charge of the Maryland Infirmary on Dermatology and anything from his hands is at once accepted as authority and valuable. The remedy is fully the article to attack the disease, both internally, through the blood, and externally, through the absorbents, and is the only reliable and rational mode of treatment. These preparations are only put up for general use after having been used by the Doctor in his private practice for years, with the greatest success, and they fully merit the confidence of all classes of sufferers from skin diseases." This is for sale by all druggists. Two bottles, internal and external treatment, in one package. Don't be persuaded to take any other. It costs one dollar.

OH, MY HEAD!

WHY WILL YOU SUFFER? Sick headache, nervous headache, neuralgia, nervousness, paralysis, dyspepsia, sleeplessness, and brain diseases, positively cured by Dr. Benson's Celery and Chamomile Pills. They contain no opium, quinine, or other harmful drug. Sold by druggists. Price, 50 cents per box, two boxes for \$1, six boxes for \$2.50, by mail postage free. Dr. C. W. Benson, Baltimore, Md. C. N. Crittendon, New York, is wholesale agent for these remedies. aug 12-1m

NEW ADVERTISEMENTS.

Practical and law courses preparatory to the University of Va. Acad. tuition, medical attendance (half session) \$50. No extras. Address MAJ. A. G. SMITH, Bethel Academy P. O., Fauquier Co., Va. aug 12-4w

AGENTS WANTED FOR THE

SON OF MAN.

DR. MARCH'S GREAT WORK JUST OUT. The result of years of patient study and travel. A book to charm the young, delight the old, interest the student; a book for every body. The style is elegant and forcible; the language pure and forcible. Fully and appropriately illustrated, artistic binding. Commended by the press and clergy. Will sell on sight. RARE OPPORTUNITY for Ladies, Ministers, Students, Teachers and others wanting paying employment. Address J. G. McCURDY & CO., Philadelphia, Pa. aug 12-4w

Virginia Military Institute,

LEXINGTON, VIRGINIA.

This well known State Institution has been in successful operation since 1820, and having been reorganized by the act of March 3, 1882, with a new Board of Visitors, and the re-election of the old Faculty, is now prepared to supply, upon the best terms, the distinctive advantages of a general Scientific and Military Academy, upon the basis of the U. S. Military Academy at West Point, and upon the same system so successfully pursued before the war. The Faculty which once included Gen. Stonewall Jackson, Gen. R. E. Rodes, and Com. M. F. Maury, now consists of the following Superintendent and Professors: GEN. FRANCIS H. SMITH, LL. D., Superintendent and Professor Math. and Moral Philosophy. Gen. T. H. WILLIAMSON, Prof. Practical Eng., etc. Col. S. SHIP, Com. Cadets and Prof. Tactics. Col. J. M. BROOKE, Prof. Physics. Col. B. HARDEN, Prof. General and Applied Chemistry, etc. Col. T. M. SEMMES, Prof. Modern Languages, etc. Col. J. W. LYLE, Prof. Math. and Logic. Col. J. H. MORRISON, Adjunct Prof. Chemistry, etc. Col. E. W. NICHOLS, Prof. Civil and Military Engineering and Astronomy. Under the direction of an efficient Finance Committee of the Board of Visitors, and with an enlarged annual fund from the State, expenses of students are reduced to the lowest rates. Session opens Sept. For information or appointment, address GEN. F. H. SMITH, Superintendent. aug 12-4w
