W. H. STRAUSS, President—Notice
REINBERGER—Lodgers and Day Books
S. L. FREEMONT—To Truck Farmers and Fruit
Raisers

Only 3 bales of cotton received at this
port yesterday.

Anything in the hardware line can
be found at reasonable prices at JACO-
BI'S.

Find that "dorg," and be rewarded
by Mr. B. G. Empire, at the Bank of
New Hanover.

Lieutenant Simmons, of the revenue
cutter Stevens, at Newbern, has been
assigned to the *Coffaz* at this port.

All the fire alarm wires were put in
order yesterday by Mr. J. C. White,
Manager of the Telephone Exchange.

A drunken man, who was acting in a
very disorderly manner at the foot of
Market street, yesterday afternoon, was
run in by the police.

From Capt. Small we learn that his
stock amounted to \$1,300 and that he
had only \$600 insurance on it. We
regret to hear of his loss.

A colored man standing on the corner
of Fourth and Hargett streets Thursday
afternoon, during the storm, was
knocked down by the lightning. He
was not hurt.

The Little Giant Steam Fire Engine
is now ready, for duty. She has been
thoroughly overhauled and newly paint-
ed. The "boys" say she is as pretty as
a peach, and is "a daisy."

There are seventy-five telephones,
besides fire alarm stations, connected
with the Wilmington Telephone Ex-
change, and Mr. White will soon have
the number up to one hundred.

A short time ago the warehouse of
Messrs. Hall & Pearsall was broken
open and robbed. The thief or thieves
carried off about half a bale of cotton.
As yet there is no clue to the them.

Mr. H. T. Westermann, of this city,
left yesterday afternoon for Old
Fort, on the Western North Carolina
Railroad, at the foot of the Blue Ridge,
where he will remain for a few weeks.

Boys and slung shots are very an-
noying to residents in the vicinity of
Eighth and Dock streets. Several win-
dow panes have been broken of late and
one or two ladies have narrowly es-
caped injury.

The gentleman who was shocked by
the electric fluid while riding up from
the Sound Thursday afternoon, has on
his neck a spot about the size of a silver
dollar, supposed to have been caused by
the lightning.

We understand that the Sea Side
Park Improvement Company will give
a supper and ball on Wednesday night
next at the Sea Side Park, Wrightsville
Sound, complimentary to the Carolina
Yacht Club.

The Harper excursion yesterday was
indeed a very enjoyable one. There was
no rain at Smithville but the steamer
ran into about fifteen miles from the
city. The ladies furnished the re-
freshments, which were excellent in
quality, bountiful in quantity, and reas-
onable in price. They will furnish
the refreshments on the next Friday ex-
cursion.

City Court.

The Mayor had three callers at his
reception yesterday morning. A coun-
tyman, who was disorderly, was fined
\$1. He paid up and departed.

A colored man, who was very disor-
derly, was fined \$5. He paid up and
cut out.

Dave Mallett was sentenced to five
days imprisonment for being drunk
and down.

Personal.

We acknowledge the pleasure of a
call yesterday from our former citizen
Mr. James S. Groves, who is now a
resident of Atlanta, Georgia. He is,
we are pleased to say, looking in ex-
cellent health and expresses himself as
being well pleased with his new home.
Mr. Groves is President of the Bridal
Wreath Security Association and is also
a general insurance agent. He is here
on a short visit to his relatives and
friends.

THE DAILY REVIEW.

VOL. VI. WILMINGTON, N. C. SATURDAY, AUGUST 19, 1882. NO. 197.

Struck by Lightning.

During the thunder storm Thursday
afternoon, Fred. Meares, colored, who
was standing at the corner of Seventh
and Market streets, was struck on the
leg by lightning. He was thrown to
the ground and his leg was badly burn-
ed.

Set on Fire by Lightning.

During the thunder storm, yesterday
afternoon, the lightning struck a der-
rick lying at the government coal yard,
on the west side of the river, opposite
the foot of Walnut street. The derrick
was badly damaged and was set on fire
by the lightning. The fire was prompt-
ly extinguished by a watchman on the
steamer *Woodbury*.

A Man Drowned.

A colored man, a deck hand on the
steamer *Wave*, was drowned a few
nights ago on the down trip of the boat.
It is thought that the man, who is only
known as Ned, lost his balance as the
steamer listed in turning a bend in the
river, and fell overboard. He was
known to have gone to the side of the
steamer to dip up a bucket of water,
and has not been seen since.

Matrimonial.

Mr. W. Harriss Northrop and Miss
Alice M. Fillyaw were united in the
holy bonds of wedlock on Thursday morn-
ing. The ceremony was performed in the
Second Presbyterian Church, the
Rev. C. M. Payne officiating. The
happy pair left on the Northern bound
train immediately after the ceremony,
on a bridal tour, carrying with them
the congratulations and best wishes of
their host of friends.

Charged With Perjury.

Sally Brinson and Nelson McKoy,
both colored, charged with perjury,
were arrested yesterday and carried be-
fore Justice Hall. They were the
principal witnesses on behalf of John
Johnson who has been convicted of
highway robbery. Sally Brinson was
bound over to the next term of the
Criminal Court and McKoy had his
case removed, under affidavit, before
another magistrate. He will have a
preliminary examination this morn-
ing.

Complete assortment of Flat and
Puff Scarfs, Knots, Bows, Club-House
and other Ties are at DYERS.

New Ceiling and Floor.

For several weeks past workmen
have been engaged under the super-
vision of Mr. E. B. Wood, Sr., in putting
up a ceiling in the banking room of the
Bank of New Hanover building. The
new ceiling is very handsome and is
made of North Carolina yellow curly
pine. The design is a magnificient one
and is beautifully set off by a deep
moulding, which is of darker color than
the surroundings. A new tiled
floor of the same pattern as the old one
has also been laid. The director's room
is being improved and, a beautiful new
ceiling of pine a but of different design
from the one in the banking room, is
being put up. The work is a great im-
provement and adds much to the looks
of the interior of the handsome building.

Sneak Thieves at Work.

Last Saturday night the store of
Messrs. Crapon & Pickett was robbed
of some hams by three little sneak
thieves. The little rascals were noticed
hanging about the store and were closely
watched for some time, but as the
usual Saturday night crowd com-
menced to come in, the attention of the
proprietors and clerks was given to their
customers and the boys were for a
while forgotten. During the rush the
thieves managed to secrete themselves
in the yard back of the store, and as the
opportunity was offered them they
stole three or four hams by pulling them
from a rack over the back windows. The
stolen meat was thrown over the
fence into the alley. The first one
thrown struck a colored woman, who
keeps a cook shop in the building ad-
joining the yard. She picked the ham
up and kept a sharp look out for others.
Three were thrown over and the boys
scaled the fence to take them off. They
asked the woman about the hams and
was told that she "didn't see 'em."
The little rascals went off much chag-
grined at the turn matters had taken.
The woman then carried the hams to
Messrs. Crapon & Pickett and told how
she came by them. She recognized
one of the boys as Josh Telfair, who is
said to be one of the most adroit sneak
thieves in the city.

Not an experiment or cheap patent
medicine is Brown's Iron Bitters. It is
prepared by one of the oldest and most
reliable chemical firms and will do all
that is claimed for it.

"Stag Hall."

A house is being erected at Federal
Point for a party of gentlemen of this
city. It is being nicely fitted up, and is
being built expressly for their use. It
is to be a "stag" arrangement, and no
females will be permitted to enter. The
building is in no way to be termed a
place of public resort, but is erected
exclusively by the gentlemen for their
own use.

The Regatta.

The regatta, open to all yachts, to be
sailed over the Wrightsville course on
Wednesday next, bids fair to be the
most interesting one of the decade. It
should be borne in mind that it is not
a club race, and that all yachts can en-
ter. The regatta will be conducted un-
der the sailing regulations of the Caro-
lina Yacht Club, but none of the rules
of the club will be observed.

Sent to Jail.

Carrie Hill, the white woman who
is charged with picking the pocket of
James Brown, colored, had a prelimi-
nary examination yesterday, and was
sent to jail, in default of bond for her
appearance at the next term of the
Criminal Court.

Her paramour, Wm. Boyer, who is
charged with receiving the stolen mon-
ey, \$72, also had a hearing, and his case
is now under advisement.

Taken In.

Eliza Hawes, colored, who is employ-
ed as washwoman by a family of this
city, now summering it on the sound,
was robbed a few nights ago of most of
the family wash. A colored woman
stopped at night at Eliza's house and
asked to be allowed to remain until
morning. The request was granted and
the woman got up early the following
morning and went off. Eliza did not
suspect the woman of having stolen from
her until she commenced her day's work.
The week's wash had been
picked over and many under garments
were missing. The woman who is sus-
pected of the theft is said to have been
seen with some of the stolen articles in
on her person. A search warrant was
issued and the premises of the suspected
was carefully searched but none of the
stolen articles were found. It is the
opinion of the officer that the woman
heard of his coming and carried her
booty off.

Rice Culture.

No. 4.

"The third distinctive period of
American rice industry commenced in
1866 and terminated in 1881. The fol-
lowing table epitomizes the history of
domestic production, foreign importation
and consumption of rice in the
United States in this period:

TABLE	
Showing domestic production, importation, exportation and consumption of rice since the Civil War to 1881.	
Year.	Domestic Production (bushels)
1866	11,000,000
1867	11,000,000
1868	11,000,000
1869	11,000,000
1870	11,000,000
1871	11,000,000
1872	11,000,000
1873	11,000,000
1874	11,000,000
1875	11,000,000
1876	11,000,000
1877	11,000,000
1878	11,000,000
1879	11,000,000
1880	11,000,000
1881	11,000,000

NOTE.—Those interested will find this a valuable table and will desire to refer to it often.

It is remarkable that during the first
five years of this period more domestic
rice was exported by nearly forty per
cent than in the eleven years subse-
quent.

It will be observed that the domestic
production sprung from 47,348,000 lbs.
1871, to 117,766,000 lbs. in 1881 with
an annual average production of \$71,
931,379 pounds, while the average an-
nual consumption of domestic rice was
71,319,953 pounds—the average
foreign importation being 64,965,375
pounds, and the average consumption
of foreign rice 50,143,750 pounds, or
about the same for annual consumption
of the latter as in the half decade from
1865 to 1870.

The total average annual consump-
tion of rice in the United States for this
half decade was 72,075,499 pounds, and
for the subsequent eleven years to 1881,

121,455,856 pounds. The total consump-
tion, however, in 1880-'81 was
175,535,091 pounds.

These dates prove exclusively that the
average amount of foreign rice con-
sumed in the United States during the
past sixteen years is not materially
changed; that the total average annual
consumption of both foreign and domes-
tic has sprung from 72,075,499
pounds in 1870 to 121,455,856 pounds,
and that while the importation and con-
sumption of foreign rice has not mate-
rially diminished the production of do-
mestic rice has increased so as to meet
the increase in domestic consumption,
while an increase surplus of 14,221,-
618 pounds of foreign rice is annually
bonded in American custom houses
holding in check the price of American
rice.

To Builders and others—Go to JACO-
BI'S for Sash, Blinds and Doors, Glass,
&c. You can get all sizes and at the
lowest prices.

STATE NEWS.

Monroe Express: We predict that
Judge Bennett will carry Union county
by a majority of at least 800. We don't
hear of a liberal, at least one who has
any strength, in the county.

Weldon News: The crops are getting
on finely in this section. Corn is grow-
ing and will yield well. Cotton is filling
with bolls and unless there is very bad
weather a good crop may be expected.

Fayetteville Examiner: Mr. James
S. Dye left Fayetteville Tuesday last for
Baltimore. He will take a position in
that city with Armstrong, Cator & Co.,
297 Baltimore St. The good wishes of
his many friends here accompany him.

Tarboro Southern: Crops on light
lands, and on hillsides, are almost com-
plete failures. Drives in different lo-
calities have not shown us a single fair
crop on light land. On stiff land the
crops are excellent, as good as could be
asked.

Wadesboro Times: That was a
grand Democratic rally at Cason's Old
Field on Tuesday. There were about
500 people present, and stirring speeches
were made by Judge Bennett, Gen.
Dargan, Col. Leak, Mr. Eugene Little,
and Mr. Walter Parsons.

Asheville Citizen: At a Republican
County Convention held in Marshall
last week, the Republicans nominated
a straight-out Republican county ticket.
They would not touch the Liberals with
a ten foot pole. We learn that the
speeches of Young, Leach, and Cling-
man fell flat on a people who were not
to be fooled.

Newbern Journal: A colored man
near James City, Isaac Forbes, has a
most excellent farm. He has 100 acres
in cotton and expects to make 150 bales.
—A field of forty acres in cotton and
seventy-five acres in corn on the plan-
tation formerly belonging to Samuel
Coward, near Maple Cypress, is entire-
ly covered with water from the over-
flow of Neuse river. Mr. Coward says
it is totally lost.

Chatham Record: The present pros-
pect promises the most abundant crops
in this county that have been known for
many years. The crops of wheat and
oats that have already been harvested
were unusually abundant, and corn and
cotton promise to be as good. The
peach crop was never more plentiful,
nearly every tree breaking down with
its luscious load. This may truly be
termed "the year of plenty." And just
here we would remark that during good
crop years the Democrats carry the
elections.

On the 10th inst, Mr.
James Nivens, of Cape Fear township,
met with a most painful accident. He
was having his wheat threshed, and
the threshing machine was in the barn,
and he was going up into the loft, fell through,
and one of his feet caught in
the cylinder of the threshing machine and
was crushed so badly that the leg, below the
knee, had to be amputated.

News and Observer: There are fifty
four telephones connected with the Ra-
leigh Telephone Exchange. —We un-
derstand that Prof. Kerr has been of-
fered a very important position in con-
nection with the geological survey of
portions of Virginia, North and South
Carolina, Georgia, Alabama, Tennes-
see, Kentucky and West Virginia,
which has been undertaken by the Uni-
ted States government, and that he will
probably accept. He is just now ab-
sent from the city. —During the se-
vere rain and thunder storm of Tues-
day afternoon, Mr. Sir William God-
win, of St. Mary's township, this coun-
ty, was in the house with his family,
standing near the door, when he was
struck by lightning and instantly killed.
No other member of the family was in-
jured, and those in the room said it
looked as if a ball of fire entered the
door and struck him. Mr. Godwin
was a gallant member of the 26th North
Carolina Regiment during the war, and
was wounded in the hand. He leaves a
wife and several children.

Freshwater Perch, Trout and Black
fish hooks and lines. A full assort-
ment and lowest prices at JACOBI'S.

Col. W. Foster French of Lumberton
and Mr. S. C. McCaskill, of Shoe Hill,
were in the city yesterday.

"Marked Benefit."

SAVANNAH GA. Feb. 11, 1881.
H. H. WARNER & Co.: Sirs—I have
taken your Safe Kidney and Liver Cure
for kidney and liver diseases, with
marked benefit.
J. B. JORCE.

There will be a hop and german at
the Hotel Brunswick to-night. Quite
a number of young people will go down
from the city to attend them.
