DEMOCRATIC GOVERN MENT.

The following is of vital interest to every voter and tax payer in New Hanover, and may be read with interest and profit by every candid man in the State. It is of such importance that we cheerfully surrender our space to give it to the public. Figures will not lie, and those we present to-day tell a wonderful amount of truth, which it will be well to pender upon.

> PITTSBURG, August 21.-Noon.-The strike of the Pan Handle coal miners against the reduction from 4 cents to 32 ended to-day in their defeat, and all the strikers who could obtain work at the reduction went in this morning. The struggle has been the most protracted and expensive ever known to that district. In four and a half months, since the first day of April, when the men laid down their picks, they have lost in wages \$250,000. Operators have lost their Summer contracts and their footing, to some extent, in the market, and the railroad company has lost heavily in freights.

Malaria once having laid its hold upon the human frame, the door of the system is thrown open to nervous diseases. The body weak and enfectled absorbs no nourishment, but subsisting upon itself, the digestive organs no longer perform their functions; the liver becomes torpid, and other organs failing to do their routine work, speedily become disordered, and dissolution and death are apt to ensue.

In addition to being a certain cure for malaria and chills and fever, BROWN'S IRON BITTERS is highly recommended for all diseases requiring a certain and efficient tonic; especially indigestion, dyspepsia, intermittent fevers, want of appetite, loss of strength, lack of energy, etc. Enriches the blood, strengthens the muscles, and gives new life to the nerves. Acts like a charm on the digestive organs. It is for sale by all respectable dealers in medicines,
