The writer of pal Pharmacy of a city of 140,000 in habitants, and on inquiry as to which is the most popular proprietary medi-cine of the time, was answered, that Mrs. P.nkham's Vegetable Compound occupies a most conspicuous place in the front rank of all remedies of this class.—Journal.

"Confound your ugly picture; what did you mean by pulling that chair from under me?"

"Oh, I hope you didn't hurt yourself. It was my awkwardness, but I'll try and not do it again," and she helped him to his feet, although she had nothing in the world to do with his falling. He then sat down on the sofa, and

Patti and Nicolini.

Patti passed through Paris lately, in search of toilettes probably, though she will spend the summer at her Welsh cas-tle.
