CHAS. E. SMITH—Cotton Buyer and Commission Merchant

Barrett's Circus will show in Whiteville to-day.
The off-shore signal was displayed from the signal office last night.
About thirty persons came down on the steamer John Dawson yesterday.

New River oysters were in market yesterday and were sold at \$2.50 per bushel.

Mr. R. E. Blakey, of the Methodist Advance of Goldsboro, was in the city and paid us a short visit.

There were quite a number of excursionists in the city yesterday, who just dropped in to see the circus.

To Builders and others—Go to JACOBI'S for Sash, Blinds and Doors, Glass, &c. You can get all sizes and at the lowest prices.

The Democrats in the Point Caswell section of Pender county are calling for speakers to address them, and they should be accommodated. A barbecue is in order.

Messrs. W. E. Davis & Son are making extensive preparations to largely increase their business. We hope in a few days to be able to write in full about their improvements.

We have heard from many sections of Pender county and are yet to hear of a "liberal" in that county. The Democrats there are in good spirits and hope to carry the county in November.

Col. J. N. Staples, of Greensboro, will speak here on Wednesday evening, the 20th inst. Col. Staples is a fine speaker and we congratulate the Executive Committee in being able to secure his services.

Messrs. DeRosset & Co. offers for rent the office and warehouse in rear, on North Water street, now occupied by Messrs. Harding Johnson & Co.; also, the warehouse in Postoffice Alley, next East of Messrs. DeRosset & Co's office.

We regret to learn that Mr. J. C. White, the affable and energetic manager of the Telephone Exchange of this city, is confined in his room with a severe attack of bilious fever. We trust he will soon recover and be able to attend to his duties.

A little colored boy was run over by a carriage at the corner of Fourth and Chestnut streets, yesterday, about noon. The boy was taken up and carried to the City Hall, where his condition was looked into. He was not badly hurt.

A young gentleman of this city, who was returning from a visit a few evenings ago, was stoned by some persons unknown to him. He unlimbered his joints and gave them a hasty adieu. It is said it took him only two minutes to run twelve squares, and his friends are now thinking of racing him against Maud S.

City Court.
Alice Hall was very disorderly and abusive to the police, on Saturday night, and was run in. She was sentenced to 30 days imprisonment.
The case of W. H. Campbell, a little colored boy who was arrested for larceny Saturday, was continued.

Help Them.
An excursion for the benefit of the Ladies' Benevolent Association will be given on the *Passport* to-morrow. The matter is in the hands of a committee who are well qualified to manage the excursion and push it to a successful end. We trust it will be well patronized. The association is now out of funds, and there are many pressing demands on its exchequer. The poor of the city must be looked after, and the ladies of the association have taken the charge upon themselves. They are performing a labor of love, in which their hands should be strengthened. Encourage them, all of you who are able, and remember that "he who giveth to the poor lendeth to the Lord."

Fourteen Hours.
There is now, we understand, a movement on foot on the Atlantic Coast route to materially reduce the time between New York and New Orleans. Between these two points it is understood that the new time will be less than 48 hours and between Wilmington and New York about 14 hours. Just think of it! Breakfast in New York and supper in Wilmington!

Col. Green's Appointments.
The following additional appointments are announced by Col. Green:
At Clinton (Sampson county) Saturday, Sept. 16th.
At Elizabethtown (Bladen) Monday, 18th.
At McKeithan's store (Brunswick) day of county convention—Saturday Sept. 23d.
In Duplin place to be named hereafter with Gov. Jarvis, Tuesday, 26th.

The Cyclone.
There were many wild rumors on the street yesterday as to the cyclone. The wires of the signal service were down and telegraphic communication with the coast stations could not be had. We learn from a private source that a terrible whirlwind passed over Scott's Hill Topsail Sound on Sunday night—houses were blown down, trees were torn up by the roots and fences and crops were laid low. A house on Dr. Sheppard's farm, occupied by Geo. St. George, colored, was blown down, and the inhabitants barely escaped with their lives. It is the opinion of Mr. Haney, the signal officer in charge here that we will have very little wind. The barometer is rising slowly, which indicates clearing weather. He thinks it will be cool and cloudy to-day with light rains.

Anything in the hardware line can be found at reasonable prices at JACOBI'S.

Personal.
Col. Wharton J. Green was in the city yesterday. He will be at his home in Cumberland to-day but will resume his canvass this week. We were pleased to receive a call from him yesterday and to know that he is confident as to his election, a point as to which we most cordially agree.

Rev. Thos. D. Pitts, Rector of St. John's, left here last evening for Bristol, R. I., where his family have been spending the Summer. Mr. Pitts will be absent nearly three weeks and expects the family to return with him.

Capt. James Knight, Master of Transportation of the W. & W. and W. C. A. Rail Roads, returned to the city Saturday night after a short visit to Washington City.

Mr. W. T. Birdsall, traveling agent for M. H. Lindenmeyer's paper house in New York, and a gentleman well-known to many persons here, has been in the city for several days.

Capt. Dolly Browning talks of retiring soon from active railroad life. He has been running on the W. & W. R. R. for more than a quarter of a century past. He says that he is getting too heavy for the business, which means that he is getting too old.

Freshwater Perch, Trout and Black fish hooks and lines. A full assortment and lowest prices at JACOBI'S.

Barrett's Circus.
Messrs. S. H. Barrett & Co's. circus has undoubtedly merited the encomiums it has received from the press and people along its route. The circus, we think, is the best that has visited this city in some time past. The riding was fine and the tumbling was handsomely and dextrously done. Owing to the threatening cyclone the peak of the circus pavilion was lowered and the trapeze performance was consequently omitted. The performance of the Malay was simply wonderful and seems incredible. The female equestriennes are the finest we have ever seen. They perform some acts which are seldom ever attempted by females.

Mr. Orrin Hollis, the male equestrian, is a fine rider, and, to our minds, is as good as the younger Robinson. The feat of lifting with the teeth a barrel filled with water, a heavy table and a man seated in a chair, was successfully performed. The menagerie is as good as is ever seen with a traveling show, and we must say that Mr. Barrett gives an honest exhibition. The men are under excellent discipline and we were particularly struck with the gentlemanly bearing of all the attaches. The concert after the performance was better than most of its kind.

Now, we must doff our hat to Mr.

Willis Cobb, the gentlemanly and clever Press Agent of the troupe. He seems to have an eye on everything, and looks carefully to the ease and comfort of his patrons. We cheerfully recommend him, and the circus, to the people wherever they show.

The Rice Crop.
This crop seems to be generally good this year and if it is successfully harvested will show a considerable increase over that of last season, the shortness of which was due mainly to the great losses by the storms of August 27 and September 9th, the latter one year ago to-day.

The prices are by some expected to be somewhat lower than they were during the past season. Whether this will be so or not remains to be seen. The great, we might say extraordinary, increase in the annual domestic consumption of this article of food, &c., will go a great way to maintain full prices this year.

By examining the agricultural reports for the past 16 years it will be seen that there has been a larger increase in the consumption than in the home production. In 1865-'66 the production was 11,592,600 pounds and in 1880-'81 it was 117,768,000 pounds, an increase of 106,175,400 pounds between the years 1866 and 1881. The increase in production between the years 1880 and 1881 was 30,769,200 pounds, while the increase in the domestic consumption for the same period was 40,145,979 pounds, which shows there was not enough domestic rice produced by 9,376,779 pounds for the domestic consumption, equal to 312,560 bushels of rough rice, which had to be supplied by foreign rice. And this happened in a year when the increase in the domestic crop was 40,145,979 pounds or 1,338,199 bushels of rough rice.

A very favorable indication that prices will not be reduced much, if any, is the fact that none, or very little of our home made rice is exported. It is in such demand at home that it finds a ready market at good prices, or has done so during the past decade.

In 1865-'66 there were consumed in the United States 63,362,280 pounds of rice, while in 1880-'81 the total consumption was 175,535,691, an increase of 112,173,411 pounds. We do not see where there is any probability of a decline in rice for the present crop of Carolina rice.

The crop of this State seems to be estimated at about 60,000 to 65,000 bushels of tide-water, and 200,000 bushels of upland rice. Wilmington, Sept. 9. P.

Sampson County Democratic Convention.
The Democrats of Sampson county met in Convention at Clinton, Thursday, September 7th.

The Convention was called to order by E. T. Boykin, Chairman of the Executive Committee.

Isham Royal was appointed Secretary, pro tem.

A Committee of one from each township was appointed upon permanent organization and appointed the following officers: For Chairman, N. H. Fennell; for Secretaries, Isham Royal and J. W. Powell.

A similar committee was appointed on platform and rules, and reported the following:

Resolved, That we adopt the State platform and affirm the principles that govern the Democratic party of the State with the following exceptions: That each township be entitled to five votes, and that two-thirds of all the votes cast be necessary to secure the nomination of any candidate.

In the absence of the committees Mr. Edwin W. Kerr was called and made an able, eloquent and effective speech, and pledged eternal fidelity to the Democratic party.

After the Convention was permanently organized, the following nominations were made:

For the Senate—Edwin T. Boykin.
For the House of Representatives—Wm. S. Mathis and Charles H. Williams.

For Clerk of the Superior Court—James S. Bizzell.
For Sheriff—Buckner Hill.
For Register of Deeds—Josiah Robinson.

For Treasurer—Ammy B. Chesnut.
For Coroner—Wm. K. Beaman.
For County Surveyor—Jacob C. Howard.

After the nominations were made the candidates were called and accepted their nominations.

The convention was very harmonious throughout, the best of feeling prevailing and it remained in session only a few hours.

On motion a copy of the proceedings were ordered to be sent to the *Morning Star*, *Daily Review*, *Goldsboro Messenger*, *Fayetteville Examiner* and *Raleigh News and Observer* with a request that each publish the same.

N. H. FENNEL, Pres.
ISHAM ROYAL, } Secs.

Female School.
MISSSES BURE & JAMES. Principals.
THE NINETEENTH ANNUAL SESSION of this School will commence on Thursday, October 5th, 1882, and close the third week in June, 1883.
The course of instruction is, as heretofore, select and thorough.
While special care is bestowed upon pupils following the higher branches of English and Mathematics, the training of young children is considered of great importance; one of the leading objects being to lay a firm foundation of fundamental principles upon which to build for future advancement.
Great care is bestowed to accomplish perfection in the Art of Reading.
Pupils of Music outside of the School can be accommodated with suitable hours by early application.
For further particulars see CIRCULARS.
