Days length 12 hours and 4 minutes.  
Freight room is scarce and wanted at this port.  
Sunset this afternoon at 54 minutes past 5 o'clock.  
The receipts of cotton yesterday at this port were 604 bales.  
There were no interments in Oakdale Cemetery during the week.  
There is no perceptible change in the condition of Mr. Jas. G. Bradley.  
One child and one adult were interred in Bellevue Cemetery during the week.  
Marriage licenses were issued to five colored and one white couples during the week.  
Steamship Regulator, Capt. Doane, sailed from this port yesterday noon for New York.  
Three children and one adult were interred in Pine Forest Cemetery during the week.  
Mr. John Kent Brown, of this city, has been appointed a notary public by the Governor.  
The quarterly meeting of Cornelius Harnett Council, No. 231, R. A., will be held to-morrow evening.  
The handsome new iron bridge, about 250 feet long, over Rockfish Creek, on the W. & W. Railroad, has been completed.  
To Builders and others—Go to JACOBY'S for Sash, Blinds and Doors, Glass, &c. You can get all sizes and at the lowest prices.  
Unmailable matter remains in the Postoffice in this city addressed to J. B. Brinkley, Freeman's Roads, N. C., as also one stamped envelope, no address.  
Our telegraphic reports to-day tell of a terrible rain storm which fell at Tarboro on Friday night. The rainfall was 7.7-10 inches and the track of the Tarboro Branch of the W. & W. R. R. was greatly injured while the damage to the crops has been very heavy.  
The stores of the Jewish merchants, which were closed yesterday for the proper observance of Yom Kippur, were reopened last evening at sunset. There were eight business houses closed on one block, South side of Market, between Front and Second streets.

### Monday Night.

Col. Wharton J. Green, our candidate for Congress from this district, will speak to-morrow (Monday) evening, on Third street, between Dock and Orange. As this is probably Col. Green's last speech in this city during the campaign there will in all probability be a large turnout on the occasion.

### Fifteen Years Old.

Our excellent neighbor, the *Morning Star*, celebrated yesterday its fifteenth birthday. We congratulate the proprietor on the marked success which has attended his efforts in the past, and trust that he may be equally successful in the future. May he live to celebrate his fiftieth, instead of his fifteenth anniversary, and may we be on hand to tender our congratulations.

### Speaking at Rocky Point.

Col. B. E. Moore and Major John W. Dunham, of this city, are among the invited speakers who have accepted invitations to speak at a Democratic meeting to be held at Rocky Point, N. C., on Saturday next, the 30th inst. Fine speeches may be expected from these sterling Democrats. It will also be the occasion of choosing delegates to the County Democratic Convention of Pender.

### Severe Accident.

Mr. Needham Brown, who is employed at the Wilmington & Weldon Railroad shops, met with quite a severe accident yesterday. He was standing by some trucks with one leg resting against one of the wheels, when another truck, which was shoved out of the shops, came in contact with his leg. The flange of the wheel took out a piece of flesh from his leg nearly as large as a man's hand. The wound is an ugly one but is not necessarily a dangerous one.

### More Quick Time.

Thursday night the Southern bound passenger train left Weldon fifty minutes behind time and ran from that place to this city in four hours and five minutes. About twenty-five minutes of the time was consumed stoppages, thus making the actual running time three hours and forty minutes. Mr. McSwain was the engineer and Capt. Cutts was the conductor of the train. It seems a well understood fact with the railroads of the north of us that when time is to be made up it just takes the Wilmington & Weldon Railroad to do it.

### A Fish Tale.

Cols. DuBrutz Cutlar and DeRosset, of Wilmington, were in town yesterday. They were in the boat. Col. Sloan was their old schoolfellow; speaking of fishing Col. Cutlar said he loved to eat them right from the water; he had seen them jump from the frying pan. What! said Sloan, after they were unheaded, gutted and scraped, leap from the pan? Yes, said the Colonel, they did! Well, I don't believe that story, said Sloan; what do you say DeRosset? I never saw anything of that sort, said Col. DeRosset. They had the laugh on Col. C. He tried to prove it by the turtle but gutted and its head off it's never in a frying pan. The Cashier and Col. DeRosset got friend Cutlar down on that fish tale.—*Reidsville Times*.

### Personal.

Col. W. J. Green, the Democratic candidate for Congress from this district, is in the city and favored us with a call last night. He will speak on Third street to-morrow evening.  
Col. John M. Robinson, of Baltimore, President of the Bay Line and Seaboard & Roanoke Railroad System, and also of the Carolina Central R. R., reached New York last Tuesday on the steamer *Gallia*, with Mrs. Robinson, after a tour of over two months in Europe.  
Mr. E. S. Martin, of this city, who has been spending his Summer vacation first at the Warm Springs, in this State, and afterwards at New London, Conn., returned here on Friday night much improved in health by his respite from the cares of professional life.

### The Greenbackers.

The Greenbackers held their convention in the Court House yesterday. Mr. Geo. Irving was made Chairman and Wesley Avant Secretary. They made the following nominations:  
Sheriff—Elijah Hewlett.  
Clerk of the Superior Court—F. M. Wooten.  
Register of Deeds—Henry Price.  
Treasurer—Stephen D. Keys.  
Coroner—Chas. Mallett, Sr.  
Constable—E. G. Barnitz.  
Surveyor—Roderick McRae.  
House of Representatives—Thos. A. Watson, Elvin Artis.  
Jno. A. Holt offered a resolution endorsing Canaday and Dockery which was promptly voted down. The meeting then adjourned.

Two handsome and large engines, for use on the Wilmington & Weldon Railroad, have been received. They are larger and more powerful than the engines now in use on the road.

### Rice and Peanuts.

A meeting of the rice and peanut planters of this section will be held at the Bank of New Hanover on Tuesday, at 12 o'clock, to take such steps as may be necessary to properly represent those interests before the Tariff Commission. This is important, and it is hoped that every planter within the reach of this call will attend on the occasion.

### Accidently Hurt.

Mr. James Perry, a workman employed in the W. & W. Railroad Company's yard, was seriously injured yesterday by the smoke-stack of an engine falling on him. He, together with others, was engaged in taking the stack down and was sliding it on a plank, when the plank broke and threw the stack on him, hurting his leg, side and chest. He was immediately taken to his home where medical attendance was called to his assistance.

### Normal Schools.

We were pleased to receive a call yesterday from Rev. Wm. Herbert Thrall, A. M., who comes to Wilmington to take charge of the Normal School which is to be opened at Memorial Hall on Monday, October 2nd, under the auspices of the American Missionary Association. Mr. Thrall is a gentleman who comes here with excellent recommendations, not only as to his professional attainments, but also in regard to his abilities as a teacher, and we most cordially wish him success in our city. Full particulars in regard to the school will be found in our advertising columns.

### Freshwater Perch, Trout and Black fish hooks and lines.

A full assortment and lowest prices at JACOBY'S.

### Brunswick County.

The Democrats of Brunswick county met in convention yesterday at Mr. Thos. A. McKeithan's and nominated the following excellent ticket:  
For the House—A. A. Edwards.  
For Sheriff—Geo. M. McKeithan.  
For Clerk of Superior Court—W. S. Doshier.  
For Register of Deeds—W. R. Ferguson.  
For Treasurer—R. W. McKeithan.  
For Surveyor—N. T. Mercy.  
The following gentlemen were elected a County Executive Committee—F. M. Moore, Chairman, E. J. Carter, W. W. Drew, W. G. Curtis, R. W. McKeithan, S. J. Stanland, B. L. Butler.

### The Graded Schools.

Mr. M. C. S. Noble, the newly-appointed Superintendent of the public schools of this city, will be in the different graded schools at the times indicated as follows, for the purpose of grading the pupils:  
Hemenway graded school, Thursday, the 27th inst., from 9 a. m. to 12 m.  
Peabody, Thursday, the 27th inst., from 2 p. m. to 6 p. m.  
Union, Friday, the 28th inst., from 9 a. m. to 12 m.  
Williston, Friday, the 28th inst., from 2 p. m. to 6 p. m.  
It is important that all the children should be in attendance at their respective school rooms, promptly on the days and hours mentioned, in order that they may be properly graded, and thus avoid any delay at the commencement of the regular sessions.

Mr. Noble comes to our city with the best of recommendations as a teacher. He was, for a considerable time, an assistant teacher at the famous Bingham School. He is devoted to his profession and intends to make teaching a life time pursuit, and with his ability, experience and earnestness he will make the public schools of Wilmington a grand success—a monument of pride, glory and honor—providing he is aided by the moral support and assistance of the parents and guardians of our children. With these potent auxiliaries his success is assured. Without these his labors will be uphill and unsatisfactory.

Let the children, by all means, be present at the time indicated above, and after the schools have commenced their regular sessions let the parents visit the school rooms occasionally to see and know how the pupils are progressing, while at the same time they give encouragement to the teachers in their duties and stimulate the children in their studies. It is the occasional visits of parents that go largely to make the success of schools, and we have never conversed with a teacher of experience who has not borne cheerful testimony to the fact.

Anything in the hardware line can be found at reasonable prices at JACOBY'S.
