A Liberal Democrat is a sort of pollywog Republican.

Gov. Vance has been speaking in the sound on the goose.

It may be well for the Democrats of this District and State to know that Neal, Democrat, defeated Hart, Republican, in the 12th Congressional District of Ohio, by a majority of three votes.

Hon. Galusha A. Grow, one of the most distinguished men of the Republican party in Pennsylvania, acted as one of the vice-presidents in the Independent Republican meeting at Montrose on party. Saturday. His appearance on the platform excited great enthusiasm, and it is thought his espousal of the Independent cause will have great influence in must be admitted to the Convention or the Stalwart Republican section in which he resides and where he has publican party has burdens enough to always been a great favorite.

Marie Prescott, the actress, got \$12,-500 for being libelled through the press. We know nothing of the merits of the in New Jersey, in Pennsylvania, in case, but one of the witnesses introduced by the defendant, if he lied, told some of the wickedest lies that ever polluted the atmosphere, and if he told the truth, (which we do not believe) he betrayed a meanness, a contemptibility and utter lack of manly sentiment that should cause him to be detested, abhorred and loathed by everything bearing the semblance of a man.

The present comet in the Eastern sky, which can be distinctly seen by every one at early morning, is certainly the most remarkable one of all the modern comets. Prof. Lewis Swift, director spilling a drop of ink on it, he first of the Warner Observatory, Rochester, swears in a scientific manner for a few N. Y., states that the comet grazed the sun so closely as to cause great disturbance, so much so that it has divided in to no less than eight separate parts, all of which can be distinctly seen by a good telescope. There is only one other instance on record where a comet has divided, that one being Biella's comet of 1846, which separated into two parts-Applications have been made on Mr. H. H. Warner by parties who have noted these cometary offshoots, claiming the \$200 prize for each one of them. Whether the great comet will continue to produce a brood of smaller comets remains to be seen.

Taking the opportunity afforded by the presence of so many visitors at the fair, says the News and Observer, we have sought particular information in regard to the political situation in the State, and find our former information fully corroborated. Bennett will be elected, it our friends turn out and vote. The Republicans, in claiming that Dockery has a chance of election, base their calculation on the hope that the Democrats will not vote. They figure that Dockery will get a full Republican vote and Bennett will receive a light vote. That is their only hope of success. It is the Liberal calculation. If the Democrats were to refrain from voting to be sure the revenues will win; remedy: never fail to cure the most ob-but our information is that our party is stinate, long-standing cases where Oni but our information is that our party is generally in good condition, and a pret- nine and all other remedies had failed. ty full vote will be polled. So far, Maine, Ohio, Oregon, Vermount and West Virginia have elected Representatives to the next Congress. Allowing the Republicans eight mem- known; one box will have a wonderful bers from Ohio, the States named have effect on the worst case. They are used elected fifteen Democrats and seventeen Republicans. In the present Congress those States are represented by eight Little Cathartic Pills, best ever made, only 15 Cents. Thus far, therefore, the Democrats have gained seven members and the Republicans have lost five, while the Greenbackers have ceased to be a known quantity. Looking to the future Republican journals anticipate the loss of a Congressman he State. Special attention given to the colin Wisconsin, in Minnesota, in Massa-

chusetts and in New Jersey. The anguries for New York and Pennsylvania are by no means favorable to the Republicans. In the event of the next Presidential election being thrown into the House of Representatives, Ohio would give her vote for the Democra tic candidate.

THE NEW SOUTH.

The Administration, says the New York Sun, has started "a great movement for a new South," to use the phrase of a Washington newspaper whose editor publicly employs the President's name as a sort of guarantee for Cotton Planters' Association this political project.

The principal leaders of the new departure are Dick Harrington in Delaware, indicted years ago as a principal in the safe burglary; the notorious who was driven out of Grant's Cabinet; Mahone in Virginia; Leach and other Stalwarts in North Carolina; ley and P, W. Kidd, of Tex., and R. Pillow Chalmers in Mississippi; and others of like character and antecedents in different States

brought to the front and given the posts of honor, to say nothing of the messes of patronage, in this business of ereating a new South. They are the chosen chiefs, appointed at Washington, and wearing Administration collars. To them the true Southern Republicans First District and he says that it is all must give precedence, if they would convicted as an accessory to the murder find favor at the White House.

Honorable Republicans in the South refuse to train under Harrington, Creswell, Cash, Mahone and Chalmers. They see in this movement an artful design to capture the next national Convention by frauds like those successfully employed at Saratoga, with, manufactured Mahone delegates, Chalmer delegates and Harrington delegates, as bogus representatives of the Republican

In fact, the Washington organ of the New Republican South has already declared that these spurious Republicans there will be trouble. Surely, the Rebear without this additional strain on its back.

Tens of thousands of honest Republicans in New York, in Massachusetts, Indiana and in the Northwest will refuse to join the coalition with Mahone, Cash, Chalmers, Creswell, Harrington and company.

Boston, November 26, 1881, Brown Chemical Co. Gentlemen: — For years I have been a great sufferer from Dyspepsia, and could get no relief (having tried everything which was recommended) until, acting on the advice of a friend, who had been benefitted by Brown's Iron BITTERS, I tried a bottle, with most surprising results. Previous to taking Brown's Iron Britzers, everything I ate distressed me, and I suffered greatly from a burning sensation in the stomach, which was unbearable. Since taking Brown's Iron Bitters, all my troubles are at an end. Can eat any time without any disagreeable results. I am practically another person. Mrs. W. J. FLYNN, 30 Maverick St., E. Boston.
