If you want the finest pair of half hose in the city, for 25 cents be sure to get the Clouded Angola from DYER & SON.

The steamship *Gulf Stream*, Capt. Ingram, from New York, arrived at her wharf in this city yesterday morning.

The family of Mr. C. E. Smith have removed to this city and are snugly domiciled in the handsome new dwelling on the east side of Third, between Walnut and Red Cross streets.

With chickens at fifty cents a piece, fresh pork fifteen cents per pound, salt pork at sixteen cents per pound, oysters at \$1.25 per gallon, a poor man has no other alternative than to eat ten-cent beef and bellow.

The little daughter of Mr. B. C. Barden, who was so terribly burned by her clothing taking fire, an account of which appeared in the REVIEW, was relieved of her sufferings on Saturday last by death. The afflicted family have our sincerest condolence in their sad bereavement.

The earth is passing through that part of her orbit which interests the November meteor zone, from which we may expect at this time a shower of meteors impinging upon and set on fire in our atmosphere. The elliptical annulus, or partial ring of meteors we gaze between November 12 and 14, radiate from the constellation Leo.

**Cold Soap.**  
As the cold weather is approaching us we would remind our readers who are in want of a warm suit of clothes or an Overcoat at low figures, to call on A. & I. SHREVE 34 Market street.

**The Railroad Case.**  
Judge Bond was in the city yesterday but Judge Seymour did not arrive and hence the railroad case was not opened yesterday. Judge Seymour arrived last night and the case will be brought up in Chambers to-day. The hearing is on a motion to appoint a Receiver for the road, pending the progress of the suit.

**Death of Mrs. Colston.**  
Capt. A. D. Lippitt received a telegram from Raleigh yesterday announcing the death at that place of Mrs. Louise Colston, consort of General R. E. Colston, formerly of this city. Mrs. Colston has been quite sick for the past two weeks, and her death was not unexpected. She was a lady of many excellent and lovable traits of character and was a devoted mother and wife. Her earthly troubles are at an end, and she is now at peace.

**Thermometrical.**  
From the Signal Office in this city we obtain the following record of the thermometer, at the points named, at 3 o'clock yesterday afternoon:  
Atlanta 52; Augusta 75; Charleston 75; Charlotte 66; Cedar Keys 75; Galveston 54; Havana 81; Indianapolis 79; Jacksonville 76; Key West 76; Montgomery 62; New Orleans 56; Palestine (Texas) 49; Pensacola 62; Port East 63; Punta Rasa 77; Savannah 76; Wilmington 76.

**Specimen Bricks.**  
Mr. A. H. Paddison, of Burgaw, has started the manufacture of bricks and has established a brickyard in a favorable locality about three miles from that village. He has secured a patent machine, with all the latest improvements, for their manufacture. A kiln containing 90,000 has just been burned off, and they are about the best we have seen manufactured in the South. It is a much needed enterprise in this section and we trust that friend Paddison will make it profitable.

**Magistrate's Court.**  
Abbie Lee, colored, was before a magistrate yesterday charged with assault and battery on Lizzie Allen, also colored. She was found guilty and sentenced to pay a fine of one penny and the costs.  
Lizzie Allen was in turn arraigned on a peace warrant sworn out by Abbie Lee. She was required to pay the costs and furnish a bond of \$25 to keep the peace for 60 days. She furnished the bond and was discharged.

# THE DAILY REVIEW.

VOL. VI. WILMINGTON, N. C. TUESDAY, NOVEMBER 14, 1882. NO. 271.

### The Returns.

The official vote of all of the counties has not yet been received but enough is known to fully justify the assertion that Judge Bennett and the entire State ticket have been elected. The following telegrams, received last night, will show just how the matter stands:

[Special to Daily Review.]  
RALEIGH, 7 P. M.  
Bennett 100 ahead with seven counties to hear from that gave Jarvis 1,100 majority. The Radicals here concede Bennett's election.

[Special to Daily Review.]  
RALEIGH, 7:10 P. M.  
The Republican estimates elect Bennett by 350 majority. Our estimates make his majority larger. The Judges run 2,600 ahead of Bennett.

In addition to the above, there will probably be some other votes to report because of incomplete returns. The vote in Brunswick, it is now ascertained, makes a difference of 50 in Bennett's favor, the official returns giving 116 majority for Docerky, instead of 175, as heretofore reported. We also publish in this connection the following, which we clip from the *Newbern Journal*:

If the State goes Democratic, Craven county will be entitled to no credit. The Democratic strength on the Jarvis-Buxton campaign was 1,313 votes. This year Bennett would have had only 883 votes if all had been counted—a loss of 340. But as this was not bad enough, Swift Creek failed to send in her vote, which gave 177 to Bennett (a majority over Docerky of 148) thus reducing the Bennett vote to 715—a loss of 497.

### Interred at Wrightsville.

Mr. Samuel Green, who died at Wrightsville Sound on last Friday night, was the last of the name resident in this section. He was the son of the late James S. Green, who was for many years previous to the war Secretary and Treasurer of the Wilmington & Weldon R. R., and was a younger brother to Col. James G. Green, who died here some years since. Bishop Green of Mississippi, and Mr. James S. Green were brothers.

Mr. Green died very suddenly of a hemorrhage of the lungs. He had been unwell for some days but was not thought to be in danger. He was a gentleman of many excellent traits of character and those who knew him best will remember him as a warm hearted, generous man, impulsive, whole-souled and faithful in his friendships. His remains were interred in the graveyard at Lebanon Chapel, at Wrightsville, on Sunday last and a large concourse of sorrowing friends, many of whom went down from the city, were present on the occasion.

A petition for hydrants on Nutt street, at the intersection of Brunswick, Hanover and Campbell streets, was referred to Committee on Water Works.

Report of the Superintendent of Health for September and October was received and ordered on file.

The report of the Hospital Committee for October was received and ordered on file. Adjourned.

### "About Majorities."

TO THE EDITOR OF THE REVIEW:  
In no spirit of controversy, and with no purpose of comparing the majorities between Judge McKay and Mr. Darby, I desire to say that Mr. Darby ran in New Hanover county 157 ahead of Col. Dockery and 18 ahead of Mr. Canaday and had the highest vote polled in New Hanover county, while Judge McKay ran 100 votes behind Col. Bennett and 2 votes behind Col. Green and behind all the State and Congressional candidates of his party in this county.

This is put forward in no spirit of brag, but simply in answer to the communication in your Sunday's issue. Consult the official count—the figures are there to show for themselves. Mr. Darby ran further ahead of Col. Dockery in New Hanover than Judge McKay ran ahead of Col. Bennett in Sampson, in which, according to the returns in your Sunday's issue, Judge McKay had 16 less majority than Col. Green. Mr. Darby had 18 votes more than Mr. Canaday in New Hanover county, while the fact is patent that from the difference in the votes of Dockery and Darby, and Bennett and McKay, in Sampson, that Mr. Darby received a great many more white Democratic votes in New Hanover than Judge McKay did Republican votes in Sampson. Consult the figures again. This is not only shown by the figures, but is susceptible of proof, and if your correspondent desires to wager anything on it, you are at liberty to give him my name, providing he puts up a fair sum as a forfeit as an evidence of his honesty. "VERITAS."

### Indications.

For the South Atlantic States, increasing cloudiness with rains, westerly, veering to much colder northerly winds and higher pressure.

### Our Opinion.

Last week was a rough time for printers and newspaper men generally, the election news keeping them busily employed until late hours. But the telegraphers had equally as hard a task to perform, and we can speak candidly of the faithful and efficient service rendered by the telegraphic corps in this city during the week just passed. We presume they did no more than was their duty, but in these days, when men are prone to do as little work as possible, the faithful work of faithful men deserves the gratitude and thanks of the public whom they serve.

### Green Room Fun.

The above is the title of the piece presented by "Salsbury's Troubadours" at the Opera House last night. It represented a party of amateurs in an attempt to get up a dramatic entertainment, the proceeds to be devoted to a charitable purpose. To do this successfully they call in the assistance of Mr. Booth McC. Forest (N. Salsbury) to give them the necessary instructions, and finally induce him to take the principal part, and to act as stage manager, &c., which subjects him to untold annoyances and final failure and disgust. The dual characters *Capt. Henry Odyke* and the *Eagle of the Cray*, were taken by Mr. John Webster, and the dual characters of *Rev. Ernest Duckworth* and the *Earl of Kensington* were taken by Mr. Fred Lotto. These embraced the principal male characters and they were all rendered exceedingly well and that of Mr. Salsbury exceptionally so. The parts of *Kitty Plummet* and the *Indian Princess* were taken by Miss Nellie McHenry, and the parts of *Widow Westlake* and the *Marchioness of Belgravia* were taken by Miss Marie Hunter. Both ladies were excellent in their parts. The play itself is a musical novelty, full of the most conceivably grotesque, absurd and ridiculous situations, and its rendition kept the audience in a roar of laughter from the beginning to the end. The singings as well as the acting of the ladies was superb, and every one was delighted.

### STATE NEWS.

*Louisburg Times*: Mr. J. P. Allen, aged 82 years, was believed the oldest white man who voted at the Louisburg box last Tuesday. He is well and hearty, and has been voting the Democratic ticket since 1824, when he cast his first vote for Gen. Jackson.

*Concord Register*: We have a sample of cotton bolls brought in by Mr. J. C. Cochran, of Harrisburg, that are the largest we ever saw. Fifty mature bolls produced one pound of seed cotton. Mr. Cochran has about 100 bushels of the seed and he offers it for sale at \$1 a bushel.

*Newbern Journal*: Five hundred bushels of rice sold yesterday at \$1.05 for best quality. —Our cigar manufacturer, Mr. C. Erdmann, shipped on the *Shenandoah* yesterday, to Elizabeth City and other points, 10,000 cigars.

—Mr. N. P. Smith, of Onslow county, wants it to be proclaimed and known throughout the four adjoining counties that he has a mule that can clean up anything on the turf to be found in these counties.

*Edenton Enquirer*: As Mr. Richard Hines and his mother, Mrs. M. A. Hines, were riding out on the edge of town, on Tuesday evening last, the buggy was overturned and she was painfully, though not seriously injured.

As Mr. Cam. White and a companion were passing over Rockhook bridge, in Chowan county, on Sunday last, the same broke in, throwing them, horse, buggy and all in the water, badly injuring the buggy, horse and all. They fortunately rescued themselves without serious injury.

*News and Observer*: Cotton receipts yesterday 537 bales. —In the schools of this city, public and private, over 2,200 pupils are enrolled. —Raleigh now has twelve white churches, three Baptist, two Episcopal, two Presbyterian and two Methodist, one Roman Catholic, a Jewish and a Christian, and has ten colored churches, three Methodist, three Baptist, two Episcopal, one Christian, one Congregational.

Besides the twenty-two churches there are three chapels. —The receipts of cotton for the past week were 2,716 bales, and for the same week last year they were 2,870; a decrease of 154. The total receipts to date are 20,263; to the same date last year they were 23,975; the decrease to date is 3,712. The stock on hand is 1,187. The shipments last week were 3,000.

*Lexington Dispatch*: At the Conrad Hill mine, bearing gold and copper ore, there are now 130 men at work. The shaft has reached a depth of 293 feet. Five stamp batteries are constantly at work with necessary concentrating machinery. The mine is also furnished with a copper matte smelting furnace with a capacity of 10 tons per day; a copper refining furnace turning out the highest grades of copper ingots; a roasting shed with a capacity of 100 tons, and four three-hearth reverberatory furnaces. There is also a plant for the chemical treatment of copper ores, with eight solution tanks and leaching and precipitating vats. This mine is operated by the Messrs Clayton & Co., who also operate the Ore Knob Copper Mine in Ashe county.
