It is reported that Chandler, Blaine  
and Arthur have formed a political con-  
tract, probably for the purpose of kick-  
ing each other.

Southward as well as Westward the  
course of empire takes its way. Mon-  
terey, in Mexico, is now equipped with  
electric lights.

The Bankruptcy bill has been pigeon-  
holed, which means that it is in all prob-  
ability dead for this session. The Sen-  
ate Judiciary have it.

Haven't we had about enough of the  
Langtry-Gebhard business? Mrs. La-  
bouchere has done her duty to her  
country and herself and now let her  
evaporate.

In 1881 there were born in Berlin 15,  
246 children, of whom there were 521  
twins, 4 triplets, all males, and 1 quad-  
ruplet, all females. Of the number 31,  
055 died, which was a fearful mortality.

Under Republican rule the taxes in  
this country aggregate \$7.90 per capita.  
Under Democratic rule we managed to  
worry along with \$1.90. Enough of a  
thing is enough and too much of a thing  
is more than enough.

Civil service reform is the nightmare  
which now roosts upon the Congres-  
sional pillow at Washington. No one  
will believe, however, in the sincerity  
of the Republicans until they find acts  
substituted for words. They may have  
one eye fixed very steadily on the  
wood-pile but the other still casts its  
sleazy glances at the fowl house.

They are rubbing it in pretty heavy  
on Bro. Hussey, of the Greensboro Pa-  
triot, and his patriotic fellow-citizens,  
about winning and dining the Duke of  
Newcastle in Greensboro at the time he  
was actually in Washington City. Read  
an article from the Charlotte Journal,  
published on the fourth page of this is-  
sue, if you want to enjoy a hearty laugh.

The *Macon Telegraph* makes a hard  
hit when it says that at this season of  
the year, a few wicked newspaper readers  
swear that such and such a paper came  
to their address, without their knowl-  
edge or consent, and that they cannot  
pay for it without doing violence to  
their consciences. The lie is natural  
enough, but the funny part of the busi-  
ness is their claim to having consciences.

The city of Buffalo is said to be the  
head center of a complete and profit-  
able system of smuggling, and that where  
a dollar's worth of dutiable property is  
brought from Canada by sail, a thousand  
dollars' worth is shipped across the  
Niagara River in skiffs between  
midnight and daybreak. The saloon  
keepers of Buffalo are said to sell noth-  
ing but smuggled liquors, and at Detroit  
the smuggling is only second to Buffalo.

The *News and Observer*, which says  
that all of the Superior Courts are over,  
(Pender Court is to be held next week)  
gives some very good advice to the  
Judges and Solicitors about the prompt  
opening of Courts in the Spring and the  
equally prompt dispatch of business.  
These suggestions are in excellent taste,  
beyond a doubt. A stranger from an-  
other country who dropped in upon  
some of our courts, might imagine that  
the tribunals of law were designed as  
much for the comfort and convenience  
of the court as for the administration of  
justice. This is due, of course, to cer-  
tain lax habits which obtained years  
ago and which have now become fixed  
facts. The Judge on the Bench should  
be just as amenable to the rules of the  
court as the tallman who has been  
summoned for attendance. He should  
be just as promptly in his seat on open-  
ing day as the witness or the lawyer  
who has ridden thirty or forty miles to  
get there too. But, while upon this sub-

VOL. VI. WILMINGTON, N. C., THURSDAY, DECEMBER 14, 1882. NO. 303

As Christmas falls on Monday this  
year there will be lots of people who  
will find a good excuse to keep drunk  
the whole week. How strange that  
such an anniversary should be prostitu-  
ted to such unseemly purposes!

The *News and Observer* speaks of a  
call tendered Rev. E. R. Rich, Rector  
of the Church of the Good Shepherd, in  
Raleigh, to take charge of St. John's  
Parish in this city. It was understood  
here two weeks ago that Mr. Rich had  
declined the invitation.

The *DAILY REVIEW* penetrates to  
almost every fireside in the city and is  
therefore an excellent medium for ad-  
vertisers. It is read in the evenings,  
after the labors of the day have closed,  
and presents a resume of the most im-  
portant happenings of the day.

We learned this morning, for the first  
time, that Mr. A. H. VanBokkelen had  
been very sick at his residence in this  
city. We are glad to learn, however,  
by information direct from the house,  
that he is better to-day. We hope soon  
to see him again at his accustomed post.

The little daughter of the editor of  
the *Tiffin, O., Daily Star* was immedi-  
ately and permanently relieved of a severe  
cough by three doses of Dr. Bull's  
Cough Syrup. A twenty-five cent  
bottle of this valuable remedy will cure  
the worst cough.

**Exports Foreign.**  
Nor. barque *Flid*, Capt. Neilsen,  
cleared to-day for Liverpool with 1,232  
bales of cotton, valued at \$59,500, shipped  
by Mr. Eugene McDonald. The  
schr. *Nellie Bowers*, Capt. Spears, cleared  
to-day for Mayaguez, P. R., with  
202,599 feet lumber, valued at \$3,476.59,  
shipped by Messrs E. Kidder & Son.

**River Improvements.**  
We learn that the steam dredge, used  
in clearing the streams from obstruc-  
tions, arrived at Long Creek bridge, in  
Pender county, last evening. Captain  
James, the Engineer, is also there with  
a force of men, and the work of clear-  
ing out Lillington river, more generally  
known as "Long Creek," was begun this  
morning. Operations will commence  
at the bridge and be pursued down the  
stream until the river is reached. It is  
a work requiring considerable labor, as  
all the overhanging trees will have to  
be cut out, as well as the stumps,  
roots, logs and other obstructions in  
the bed of the stream.

**Personal.**  
Rev. T. D. Pitts, for two years past  
Rector of St. John's Church, in this  
city, but who recently resigned the  
charge of that parish, will leave here  
to-morrow morning, with his family,  
for Ocala, Fla., near which place he  
will reside. Mr. Pitts leaves, as is well  
known, because of his wife's delicate  
health and we sincerely trust that she  
will find in Florida renewed strength  
and health. We part with Mr. Pitts  
and his interesting family with much  
regret. They have made many warm  
friends in Wilmington who are most  
sincerely sorry that they cannot remain  
longer among us.

**Appointments.**  
The following are the appointments  
for the new Conference Year for this  
district:  
Wilmington District—R O Burton,  
P. E. Wilmington, Front Street, F H  
Wood; Fifth Street, T Page Ricard;  
Topsail, J C Crisp; Duplin, W I Hull;

Fair Bluff Mission, Edward Schulken;  
Waccamaw Mission, to be supplied by  
J H Tart; Smithville, W B North;  
Brunswick, D A Watkins; Onslow,  
Clayton W. Smith.

**Venno's Latest.**  
In reply to an inquiry as to the  
weather in prospect, Venno writes as  
follows: "Respecting the approaching  
winter my views are, as already pub-  
lished in different forms: Severity in  
December and possibly the early part  
of January, with good snow falls well  
to the Southward, as in 1880; a decided  
"break" in the fore part of January,  
and another wintry wave after the 20th  
of the same month; the usual weather  
in March and a rather advanced spring.  
As a postscript I may add, a very cold  
Christmas week preceded by a heavy  
and general snowfall on or in prox-  
imity to the 20th of December. The  
thermometric readings at the close of  
the year 1839 will be generally low,  
and more particularly so in the north-  
west and western sections."

Rev. T. D. Pitts, for two years past  
Rector of St. John's Church, in this  
city, but who recently resigned the  
charge of that parish, will leave here  
to-morrow morning, with his family,  
for Ocala, Fla., near which place he  
will reside. Mr. Pitts leaves, as is well  
known, because of his wife's delicate  
health and we sincerely trust that she  
will find in Florida renewed strength  
and health. We part with Mr. Pitts  
and his interesting family with much  
regret. They have made many warm  
friends in Wilmington who are most  
sincerely sorry that they cannot remain  
longer among us.

**Venno's Latest.**  
In reply to an inquiry as to the  
weather in prospect, Venno writes as  
follows: "Respecting the approaching  
winter my views are, as already pub-  
lished in different forms: Severity in  
December and possibly the early part  
of January, with good snow falls well  
to the Southward, as in 1880; a decided  
"break" in the fore part of January,  
and another wintry wave after the 20th  
of the same month; the usual weather  
in March and a rather advanced spring.  
As a postscript I may add, a very cold  
Christmas week preceded by a heavy  
and general snowfall on or in prox-  
imity to the 20th of December. The  
thermometric readings at the close of  
the year 1839 will be generally low,  
and more particularly so in the north-  
west and western sections."

As Christmas falls on Monday this  
year there will be lots of people who  
will find a good excuse to keep drunk  
the whole week. How strange that  
such an anniversary should be prostitu-  
ted to such unseemly purposes!

The *News and Observer* speaks of a  
call tendered Rev. E. R. Rich, Rector  
of the Church of the Good Shepherd, in  
Raleigh, to take charge of St. John's  
Parish in this city. It was understood  
here two weeks ago that Mr. Rich had  
declined the invitation.

The *DAILY REVIEW* penetrates to  
almost every fireside in the city and is  
therefore an excellent medium for ad-  
vertisers. It is read in the evenings,  
after the labors of the day have closed,  
and presents a resume of the most im-  
portant happenings of the day.

We learned this morning, for the first  
time, that Mr. A. H. VanBokkelen had  
been very sick at his residence in this  
city. We are glad to learn, however,  
by information direct from the house,  
that he is better to-day. We hope soon  
to see him again at his accustomed post.

The little daughter of the editor of  
the *Tiffin, O., Daily Star* was immedi-  
ately and permanently relieved of a severe  
cough by three doses of Dr. Bull's  
Cough Syrup. A twenty-five cent  
bottle of this valuable remedy will cure  
the worst cough.

**Exports Foreign.**  
Nor. barque *Flid*, Capt. Neilsen,  
cleared to-day for Liverpool with 1,232  
bales of cotton, valued at \$59,500, shipped  
by Mr. Eugene McDonald. The  
schr. *Nellie Bowers*, Capt. Spears, cleared  
to-day for Mayaguez, P. R., with  
202,599 feet lumber, valued at \$3,476.59,  
shipped by Messrs E. Kidder & Son.

**River Improvements.**  
We learn that the steam dredge, used  
in clearing the streams from obstruc-  
tions, arrived at Long Creek bridge, in  
Pender county, last evening. Captain  
James, the Engineer, is also there with  
a force of men, and the work of clear-  
ing out Lillington river, more generally  
known as "Long Creek," was begun this  
morning. Operations will commence  
at the bridge and be pursued down the  
stream until the river is reached. It is  
a work requiring considerable labor, as  
all the overhanging trees will have to  
be cut out, as well as the stumps,  
roots, logs and other obstructions in  
the bed of the stream.
