# THE DAILY REVIEW.

VOL. VII. WILMINGTON, N. C., SATURDAY, FEBRUARY 17, 1883. NO. 43

The Daily Review has the largest bona fide circulation of any newspaper published in the city of Wilmington.

Blaine is as superstitious as Gambetta was.

General Fremont's son, who is named after him, is a master in the navy.

Gov. Cleveland, it is said, will not spend more than one-third of his salary.

The Pennsylvania State board of Agriculture estimates the wheat crop of the State at 22,425,000 bushels, from 1,495,000 acres.

In Baltimore a young woman has recently renounced Christianity and embraced Judaism, and she has no matrimonial scheme in view.

Massachusetts is a great State for divorces. There will be a big sensation of this kind on hand next year, that of the divorce of the State from the Widow Butler.

The total circulation of the New York Sun in 1882 (all issues) was 55,536,000, a gain of over 5,000,000 copies in a single year. Its daily edition alone averages 143,200.

The scheme of reclaiming land by filling in the Back Bay of Boston has proved a profitable enterprise for the State. The receipts from the sale of lots amount to \$4,757,000, and the outlay has been only \$1,640,000.

General Roger A. Pryor has consented to deliver an address at the demonstration of the Irish Confederation of America, in New York, on the 26th of February. The Widow Butler, of Massachusetts, has also been invited, and is expected to be present and make an address.

The Tarboro Southern is to be sold at public auction March 19th, under foreclosure of mortgage. It is a surprise to everybody, as it was thought that the Southern was doing excellently well. The sale, it is said, will in no wise prevent the continued publication of the paper.

Four Chicago men have contracted to build a Capital for Texas, to cost \$3,000,000, and take 3,000,000 acres of public land as payment. Their scheme contemplates an immense business in grazing, and they have secured \$6,000,000 for investment in cattle and improvements.

Mrs. Langtry seems to be really unfortunate as fire and flood have followed her steps in the New World. The theatre in New York in which she was to have appeared was burned on the day set for her first appearance there, while she was at New Orleans there was a terrible storm and now she is at Cincinnati with the floods all around her.

When the rest of the coal in the world gives out, China can supply the deficiency. Immense tracts, both of anthracite and bituminous coal, are reported to exist in that country, and it is estimated that the supply in a single province, that of Shansi, would alone last the whole world for more than 4,000 years.

Some of the papers are urging that Most, Schwab and Hartmann and all other imported apostles of anarchy and chaos be sent back where they came from. We dissent. This is a free land and a free people. When Most talks to the people the sovereigns hear and if they conspire at all it must needs be against their own welfare. We need not fear nihilism in this land of the free and home of the brave.

Here is a warning to serenaders which should be heeded. A girl at Pottsville, Pa., leaned too far out of the window while a party of serenaders were swearing by her eyelashes and as a consequence there was a capsizing. She fell into the midst of the crowd and her eyelashes were found to weigh a ton, more or less.

The 2,577 buildings erected in New York in 1882 cost \$4,793,186, an increase of about \$1,500,000 over 1881. Twenty dwellings cost over \$50,000 each, eighty eight cost between \$50,000 and \$30,000, 477 cost less than \$20,000. 577 apartment houses cost over \$15,000 each, twenty-five office buildings cost \$1,403,645, seventeen churches cost \$562,000, and twelve theatres cost \$419,775.

Great Inducements In the way of Clothing are now being offered at the old establishment of A. & I. SHERRER, Reliable Clothing House, No. 34 Market St.

The News and Observer, speaking of the bill to sacrifice the State's interest in the C. F. & Y. V. R. R. says:

The first section authorizes the sale of the State's interest to the syndicate; the second fixes the price of the stock at \$55,000, and requires the payment of cash for the company's bonds held by the State, \$30,000, together with all accrued interest. The third and fourth relate to reorganization; the fifth allows new mortgage bonds to be issued at the rate of \$15,000 for each mile of furnished road. The sixth directs that \$87,000 of these bonds be paid to the State for convict labor already furnished, and section seven provides for furnishing convict labor in future, to be paid for in mortgage bonds. Section nine reads:

"That said company shall have full power and authority to extend the main line of its said road to the city of Wilmington and to the Virginia line, and to build any branches to said line which may be expedient, and to subscribe to the capital stock of or purchase the bonds of any company or companies building a railroad or railroads connecting with said Cape Fear and Yadkin Valley Railway Company's line, either in or out of the State of North Carolina, and to construct and operate said connecting roads."

This certainly gives authority, but creates no duty. We think there ought to be some assurance given that the road is to be built.

Best ever made, Emory's Little Cathartic Pills, pleasant to take, sugar coated; no griping; only 15 cents a box of Druggists or by mail, Standard Cure Co., 114 Nassau Street, New York.

Day's length 11 hours and 2 minutes

Good boating water is the river report now.

Sunset to-morrow afternoon at 44 minutes past 5 o'clock.

There were no interments in Bellevue Cemetery this week.

The receipts, of cotton at this port to-day foot up 466 bales.

There were three interments—one adult and two children—in Oakdale Cemetery this week.

There were five interments—four adults and one child—in Pine Forest Cemetery this week.

The Wilmington Light Infantry will parade on the afternoon of the 22d, Washington's birthday.

Lots of fruit trees are in bloom hereabouts, a sure indication that the fruit crops in this locality will be short this year.

The Register of Deeds issued nine marriage licenses this week, three of which were for white and six for colored couples.

The celebrated 'Fish Brand' Gills Twine is sold only at JACOBI'S Hardware Depot.

### Cotton.

The receipts of cotton at this port for the week ending with to-day foot up 3,773 bales, against 2,506 bales for the same week in 1882, an increase this week of 1,267 bales. The receipts of the crop year to date foot up 111,707 bales, against 122,761 bales to the same date last year, a decrease this year of 11,054 bales.

### Pardoned.

Charles Sutherland, colored, who was sentenced to the penitentiary for this county for ten years, has been pardoned by the Governor, on petition of a number of white citizens of Wilmington, after having served about six years of his term. He returned here yesterday morning. He will be remembered by many as a colored inspector in this city previous to the days of Democratic reconstruction in North Carolina.

### The Carolina Central.

We learned yesterday of the fact that Judges Bond and Seymour had finally rendered a decision as to the suit of Mrs. Matthews vs. D. R. Murchison and had refused to grant the applicant for the appointment of a receiver, but the fire overlapped it in our mind and we forgot it until after the REVIEW had gone to press. The opinion has not yet been received here.

We understand from the plaintiff's attorneys in this city, Messrs. Russell & Ricard and McRae & Strange, that this decision will not affect the determination of their client to push the suit against the road. The application for the appointment of a receiver has been merely preliminary to the suit in court.

Lawyers will gladly learn that Brougham, the great English barrister, was always careful of his throat, and further that Dr. Bull's Cough Syrup is the best remedy for bronchitis and other throat troubles.

### A Sewer Needed.

Chestnut street, near Water, is much cleaner to-day than it was yesterday. Officer Scharf was on hand bright and early this morning and the gutter and the street have had a good flushing. The truth is it is a difficult matter to keep the place clean. The Rock Spring Hotel slops are emptied every day into the street and they don't smell very sweet. This cannot be helped, however, as it is at present, but there is a remedy, and but one, and that is for the authorities to compel the owner of the building to construct a sewer to carry off these slops. Until that is done the neighborhood must continue to prove offensive and perhaps unhealthy.

For Pocket Knives or Table Cutlery, go to JACOBI'S Hardware Depot.

### All that Glitters is not Gold.

Some of the new five cent pieces have been seen here and it will seem absurd to men in the habit of handling considerable amounts of specie that even ignorant persons should be deceived by one of them even when carefully gilded. The danger exists, however. Any one may convince himself of this by having one of the coins gold plated, and noting the resemblance in size and general appearance of the obverse to a five dollar piece. A statement that the gilded piece was of a new coinage would be easily swallowed by many of the very class which can least afford to lose.

### More About the Fire.

The loss sustained by the fire yesterday afternoon, in the burning of the warehouse on Eagle Island, amounts to about \$8,000 on the stock of salt and guano stored therein and about \$2,500 on the building, the amounts being covered by insurance. The origin of the fire is unknown but it must have caught on the roof from a spark, the building having been an old one and very dry. There was no powder stored in the building, contrary to the reports which have been current on the streets and the explosions which were heard must have originated from the acids in the fertilizers stored there. The wind, fortunately, was from the southwest, hence no other property was endangered.

### Criminal Court.

The following cases were disposed of to-day:

Peter Durant, assault. *Nol pros*, Thomas Randall, assault and battery. Guilty, and recognized in the sum of \$50.

F. A. Schutte, selling liquor on Sunday. Defendant submitted. Judgment suspended upon payment of costs.

J. D. Steljes, selling liquor on Sunday. Defendant submitted. Judgment suspended upon payment of costs.

Lany Isler, assault and battery. *Nol pros*.

Ida Chambers, retailing liquor without license. Submitted and judgment suspended upon payment of costs.

John McGuire, mismarking a hog. This defendant was tried for the crime charged six months ago and was found guilty, but before sentence was pronounced he escaped. He has been retaken and now awaits sentence.

The business of the present term of court has been unusually large, the work of the grand jury not being yet completed. That body has adjourned until 10 o'clock on Monday next, and probably a day or two will be consumed before its labors are finished. In the court room considerable progress has been made with the docket, the Solicitor, Col. B. R. Moore, having been earnest and diligent in the discharge of his important duties.

Silver Plated Spoons and Forks, low prices, at JACOBI'S.

At 3 o'clock this afternoon the thermometer in this office registered 80 degrees, which is four degrees above summer heat.

Mr R H Brown, in this issue advertises his services in the treatment and cure of that terrible malady, cancer, common and fatal in this section.

### Lippincott's Magazine.

The contents of Lippincott's for March are unusually varied, and include several articles of special interest. Professor James D. Butler has an apparently exhaustive paper on the "Portraits of Columbus" "Invalid Life in the South" sums up the experiences of five years spent in the recovery of health. "The Civil Indian," gives an account of the Cherokee "Nation." "An Ocean Swordsman," is the title of an illustrated paper by C F Holder, combining a lively narrative of personal adventure with solid and quasi-scientific information. "The Story of the Palatines," by Charles Burr Todd, brings to light a forgotten episode in the history of American colonization, while "Polanders in Texas," by R L Daniels, shows the different conditions under which emigrants from remote countries are establishing new homes on our soil at the present day. There is a new installment of "The Jewel in the Lotos." Among the short stories, "Carita" is a very graceful and pathetic sketch, while "The Fiddler of Batican," is romantic and sensational, and the "Stirring-Off," a bit of homely realism. The poetry is by Marion Conthouy and Charles L. Hildreth, and the "Monthly Gossip" includes several timely papers, most of them biographical and anecdotal.

POINT CASWELL, Feb. 15th, 1883.

DEAR REVIEW:—A most enjoyable affair occurred here last evening. McGuire Hall was graced with the presence of at least 100 couples of fun-loving youths and maidens, and to inspiring strains the tripping of the light fantastic was indulged in until a late hour. The ladies were graceful and charming, and, were we to go into a detailed account of any particular one, our language would fail us. They, in the words of the "Wild" man of Europe, were "too utterly lovely, too utterly too." The occasion was graced by the winsome smiles of a beautiful and newly-made bride. All went "merry as a marriage bell," and the time will be long remembered in the annals of the fast growing and enterprising little "burge" of Point Caswell. LITTLE HARRY.

What Seven Could not do.

NASHVILLE, Tenn., April 6, 1881. H H WARNER & Co.: Sirs—Seven physicians could not do for me what your Safe Kidney and Liver Cure accomplished. Hopelessly sick with kidney diseases, it restored me to perfect health. JACOB MYERS.

Mr A A Miller, Romfield, N. C., says: "My wife has taken Brown's Iron Bitters with excellent effect for nervousness and general debility."

LABORATORY OF STATE ASSAYER AND CHEMIST, 606 East Grace Street.

RICHMOND, Va., January 30th, 1883. Mr. N. EZEKIEL has made known to me the composition of his Hair Restorer and I have also subjected it to chemical examination. It contains no lead or silver, substances very commonly employed in making preparation for the hair, nor anything harmful, and may therefore be used without apprehension of injurious results. WM. H. TAYLOR, M. D., State Chemist.

Whilst thanking you, Mr. Ezekiel, for the Hair Restorer you so kindly sent me, I take great pleasure in saying to you that its beneficial effects upon my hair have been so apparent as to attract the commendation of all my friends who have noticed it. It is in my estimation a treasure, without which the toilet of none who have used it will be complete. Hoping it may realize you the pecuniary success you so richly deserve. I remain, very respectfully, MRS. A. E. WISE. Richmond, Va., Feb. 27, 1883. For sale by all druggists. Price \$1 per bottle. feb 17
