Senator Sherman has preserved all the letters which he has received during the last twenty years, and they number nearly 30,000.

Ex-Gov. Van Zandt, of Rhode Island, has gone into the Spring poetry business and grave tears as to his upper story are entertained.

Minneapolis has a boy murderer only 11 years old, who killed a playmate by stabbing him with a jackknife. Minneapolis is not in Dixie.

The heavy tidal wave of the Ohio streams is believed to be a visitation on account of the defeat of the cold water boom in the last election.

The Goldsboro *Messenger* thinks that Judge Phillips, who has the matter under advisement, will appoint a receiver for the A. & N. C. (Midland) R. R.

It is gossip in Washington that the Ferrys have suddenly "struck it rich" in their Utah mine, and they are thereby wealthy again and able to meet all their obligations.

Miss Ann Gerry, third daughter of Elbridge Gerry, formerly Vice President and a signer of the Declaration of Independence, died at New Haven early Saturday morning, aged ninety-one years.

The Rev. Russell Jennings, of Connecticut, is one of the old patriarchal sort. He is now at the discreet age of 80 years and has just married a young lady 55 years his junior. January and June.

The worst case of discrimination in freight rates is found in Kansas. On one road the same quantity of freight is carried 349 miles for fifteen cents, while the charge for sixteen miles is nine cents.

The laws of Connecticut do not afford sufficient facilities for obtaining divorces. A movement is now on foot to make general misconduct sufficient ground on which to legally break up a matrimonial alliance.

Mrs. Sarah R. LeCount, a lady who remembered distinctly having seen Washington, Lafayette, Hamilton, Burr and other reles of the Revolutionary period, died on Wednesday last in Brooklyn, in the 98th year of her age.

During the twenty years' pastorate of the Rev. Howard Crosby at the Fourth Avenue Presbyterian Church, New York, 2,000 persons have united with the church on confession of faith, and many more by letters from other churches.

The figuring editor of the *Columbus*, (Ga.) *Enquirer* has been at work and submits some facts for the statistician. The capital employed in Columbus is \$5,364,109; operatives employed, 4,196; wages paid, \$949,808; value raw material, \$2,443,709; value of product, \$4,151,636; value of increase, \$1,630,359. The city of Columbus is one of the foremost and most prosperous manufacturing centres in the South, and in the manufacture of textile goods alone has a capital of \$3,896,338. Columbus shows an increase of nearly \$3,000,000 since the census was returned.

Good style is good sense, good health, good energy and good will, but a bottle of Dr Bull's Cough Syrup is a good benediction that suffering humanity has already learned to appreciate.

Charlotte Journal: Mr. Bennett, the owner of the *New York Herald*, once offered a large sum for Crow Island, in Currituck Sound, on the North Carolina coast, but his offer was refused. Now Mrs. Hatfield, the proprietor, has sold the island for \$25,000, but to whom report does not state. Mrs. Hatfield is the widow of Commodore Vanderbilt's chum, Captain John C. Hatfield, who discovered the place while peddling Yankee notions with the Commodore, many, many years ago. Captain Hatfield bought the island, which is noted for its game, and built there a fine mansion.

Judge McKay will ride his own circuit this spring. He is holding Nash court this week and will reach New Hanover on the first Monday in June.

Quite a large number of our citizens were summoned to appear before the grand jury this morning to tell what they know about illegal voting at the last election.

Mr. O. T. Thomas, a young artist is in the city soliciting orders. He is a North Carolinian and is evidently a gentleman of ability. He works with crayons and has placed on exhibition at Heinsberger's a specimen of his skill, which is a very clear evidence of his ability.

There will doubtless be a large attendance this evening at the lecture to be delivered by Prof. Willoughby Reade, under the auspices of the Wilmington Library Association. The gentleman's ability to entertain an audience handsomely is known of all men.

The celebrated 'Fish Brand' Gills Twine is sold only at JACOBI'S Hardware Depot.

Prof. Reade.

Prof. Willoughby Reade, who is to give an entertainment under the auspices of the Library Association at Library Hall, to-night, arrived in the city this morning and gave us the pleasure of a visit during the forenoon. He is undoubtedly one of the best readers in the profession, either in humorous or pathetic roles, and we bespeak for him a crowded house, and for those who attend an evening of rare and refined enjoyment.

The metrical riddle, by Prof. Hobbs, published in our advertising columns yesterday, is susceptible of a correct answer providing one has a sufficient knowledge of music as a science to ascertain what the answer should be. We hope some of our friends who are musical students will give us the solution.

A fine assortment of Guns and Pistols at JACOBI'S Hardware Depot.

Sad Death.

We learn that a little son of Mr. William Flinn, of Caintuck township, Pender county, died very suddenly on Saturday last under circumstances of unusual sadness. He was a hearty, robust boy, five years of age and was in his usual health on the forenoon of the day of his death. He ate a hearty dinner but soon after was taken violently sick and died in about half an hour. Soon after being taken sick he became blind and remained in that condition until death. While a few attribute the cause of his death, to worms the general opinion is that he got hold of and ate some "Rough on Rats," a poison which was in the house and to which he might have had access. He was a bright, intelligent little boy and his parents are inconsolable at their irreparable loss, in which they have our sincere sympathy.

For Pocket Knives or Table Cutlery, go to JACOBI'S Hardware Depot.

An Exciting Chase.

Last night a party, consisting of Messrs L. P. Thomas, Robert Pette-way, Thomas Johnston and B. Mallette, concluded they would pass an hour or two in fox-hunting by moonlight. Taking with them John McKay, a colored man, and a plenty of dogs (we think there were 30 of the latter) they rode out beyond the eastern limits of the city about two miles, and very soon started a fox in what is known as "Noble's Neck." After considerable dodging they, however, started the trail "hot" at Pine Forest Cemetery, from whence the fox took directly down Red Cross to Fourth, out Fourth to Market, up Market to Eighth, out Eighth to Mulberry, down Mulberry to Seventh, out Seventh to Red Cross, down Red Cross to Fifth, out Fifth to Walnut street, where it was captured. The dogs were led by Flora and Fannie, the latter, having the honor of catching the fox. It was an exciting chase and the tooting of the horns, together with the baying and yelping of the hounds, encouraged by the shouts of the hunters, was the source of much wonder to many of our citizens.

Board of Aldermen.

The Board of Alderman met in called session at the City Hall last night.

The Mayor stated that he had called the meeting for the purpose of receiving the report of the special committee appointed at the last meeting to arrange for the election of a Board of Aldermen on the fourth Thursday of March next. The report of the committee was received and adopted, as follows:

To the Board of Aldermen:—The committee appointed by you to report upon the details necessary for holding an election for a Board of Aldermen for the ensuing two years, in compliance with the law, respectfully report and recommend as follows:

W M L SMITH,
W H CHADBOURN,
SAMUEL NORTROP.

Alderman Telfair moved that should any vacancy occur among the registrars and inspectors of election the Mayor be authorized to fill such vacancy. Adopted.

A petition of property-holders between Orange and Ann streets, relative to the closing of Water street, between said streets, was received and referred to the committee on Streets and Wharves. Adjourned.

Exports Foreign.

Danish barque *Aurora*, Capt. Thorsen, cleared to-day for Liverpool with 1,987 bales cotton, shipped by Mr. Eugene McDonnell, and 100 bales shipped by Mr. E. Lilly, making 2,087 bales, valued at \$100,600.

Criminal Court.

The labors of the February term of this tribunal are nearly completed. There were no cases ready for trial this forenoon and consequently no petit jury was called to day. The grand jury have been in session during the day, engaged in the discharge of important duties, in the investigation of a class of cases which, we are sorry to say, has not heretofore been investigated by any grand jury of New Hanover county. During the session the court has dispatched a large amount of business, and disposed of an unusual number of cases.

An Absent-Minded Hubby.

The most absent-minded young man that we know of is a railroader, and a very popular one at that. He has a position in one of the offices of this city. He has been married about two years, and a few days ago his wife left him for the first time since the twain were made one, on a visit to a relative residing in a city not very far north of Wilmington. As a consequence he had to write to her and in writing his first letter addressed the envelope to her in her maiden name, and in this guise dropped it in the box. It happened to occur to him, however, some time after and before mail time, that he had thus addressed the letter, and on investigation found that his fears were correct. Fact.

Medical Proceedings.

We have received the report of the "Transactions of the twenty-ninth annual meeting of the Medical Society of North Carolina, and joint session of the North Carolina Board of Health, held in Concord, May 9th—11th, 1882." It is quite a volume and consists of the proceedings of the convention, the reports of the various sections, and much matter instructive and interesting to the profession. We should think, from a perusal of its contents and from the evidence of patient and exhaustive research given to the subjects treated and the intelligence displayed in their discussion that these gatherings of the medical fraternity of the State must result in great good to themselves as well as to the thousands of sick who depend upon them for relief and cure. The work is nicely gotten up and bears the imprint of Messrs Jackson & Bell, of this city.
