News and Observer. THE GENERAL ASSEMBLY.

SENATE.

FORTY-SECOND DAY.

February 20.

Mr Jones had the bill reconsidered which passed third reading on Saturday to prevent lawyers from serving on the board of county commissioners, and at the suggestion of Mr. Morehead agreed to have it passed over informally for the present.

Bill as special order came up for creating a railroad commission. The chair said the first question was on the amendments of the Senator from Wayne, as to expert, &c.

On motion of Mr. Watson further consideration of the bill was postponed till to-morrow.

Senate concurred in House amendments to bill concerning aids to navigation. Also with amendments to bill fixing time for holding courts in the ninth judicial district.

Bill to incorporate the Immigrant Land and Mineral Company of North Carolina. Passed third reading.

Mr. Poole called up the bill for the construction of the Albemarle and Raleigh Railroad. Passed second reading.

Bill for changing the time of holding courts in the third judicial district and providing additional terms for Duplin and Lenoir. Passed third reading.

Bill to amend the law as to fish and oysters passed third reading.

Mr. Boykin, petition of certain citizens for a change of the dividing line between Sampson and Duplin, so as to take in the town of Faison.

HOUSE OF REPRESENTATIVES. Mr. Stringfield, resolution looking to the removal of the political disabilities of W. W. Holden, late Governor of North Carolina. Judiciary.

Bills were introduced, passed their first reading and were referred as follows: Mr. Stringfield, to prevent fishing with nets, etc. Fish.

Mr. Williams, of Granville, to incorporate the Bank of Oxford. Banks and Currency.

Mr. McCurry, to incorporate the Black Mountain Railway Company. Corporations.

Mr. Cowell, to incorporate the Cashie and Chowan Railroad and Lumber Company. Corporations.

Mr. McAllister, to increase the educational fund. Education.

Mr. Myers, to repeal the merchant's purchase tax.

Mr. Newell, to prohibit the sale of liquor near Brown Marsh church in Bladen county. Proposition and Grievances.

Mr. Myers, supplemental to an act to incorporate the Loflin Silver Lead Mining Company. Corporations.

The calendar was taken up and disposed of as follows: For the benefit of farmers in Gray's Creek township, in Cumberland county. Passed second reading.

Relative to the method of allotting dower. Third reading.

An act to provide for the collection of taxes. Passed third reading.

ing. The railroads in western New York are running trains regularly, except on the western division of the R. M., Watertown and Ogdensburg and on the Buffalo, New York and Philadelphia. It will take nearly a week to make the repairs on these lines. The damage done at New Fane and at Olcott will amount to \$75,000.

TOLEDO, Feb. 19.—The damage done by the flood here is estimated as follows: Repairs to bridges, \$80,000; to the middle ground, \$25,000, and to docks, \$10,000. The damage to merchandise is estimated at \$15,000, and the cost of removing goods at \$5,000.

VICKSBURG, Feb. 19.—News was received here to-day to the effect that the protection levee at Goodrich's gave way on Saturday night, and the water is now running through at that point. The Illawara and Edgewood breaks are about 300 yards wide. The water is from one to four feet deep, and is spreading over the country back of these points.

CINCINNATI, Feb. 19.—The Ohio River was stationary from 6 to 9 this morning, but fell one inch between 9 and 10, when it was 59 feet 2 inches in height. From 5 to 7 this evening it was stationary at 58 feet 8 inches, just an inch above the great rise a year ago.

From 7 to 10 it fell an inch an hour, and then remained stationary at 58 feet 5 inches, which was its stage at 11 P. M. All danger of a water famine is past, as more engines are pumping water. The soup houses were closed to-night, and the relief work turned over to the organized charitable associations. Although the Relief Committee has signified that no further outside help is needed, contributions still come in.

W. H. Vanderbilt to-day, through Capt. Geo. N. Stone, gave \$2,500. Relief work continues unabated. The school houses are still used for lodging the homeless, and will be for some time.

STATE NEWS.

Charlotte Journal: The alarm of the people, on account of the small pox near Morganton, has in no wise abated. The gentleman who brought the disease with him from Texas shook hands with a number of prominent citizens on his return in the incipency of the disease, and was visited by a great many of his neighbors during his sickness. Since the death of his son, every part of the township in which he resides has been quarantined, and all the bridges leading from thence into Morganton are patrolled by guards.

News and Observer: The committee which left here on Friday to inspect the asylum at Morganton, and was the victim of Sunday's accident on the W. N. C. R. R., was composed of nine members. Dr. Cowell was chairman of the House branch, Mr. Boykin of the Senate branch. Six miles this side of Hickory, about 3:30 Sunday afternoon, as the special train was running at a speed of 15 miles an hour, an axle of the tender broke, throwing the car off the track and turning it over. All were bruised more or less, save the "solid" man of the committee, Mr. Page of Jones, who escaped without a scratch. Senator Whitford was the worst hurt man of the party.

Charlotte Observer: About nine o'clock Sunday night, as Mr. C. A. Rankin, who lives in the house on the corner of College and Second streets, was carrying a lamp across the room, the lamp "broke off at the handle" and fell to the floor, the burning oil setting fire to everything in reach. The alarm was promptly raised and the fire was extinguished in quick order, and the damage will amount to not more than \$100. Bob Kidwell, formerly an engineer on the Air-Line road, but who has for sometime past been running on the East Tennessee, Virginia & Georgia Railroad met his death in an accident on the latter road last Saturday.

A telegram was received in the city Sunday night stating the fact that he had been killed in an accident, but giving no particulars. The erection of another compress at this place has already been decided upon by the owners of the present compress. The new compress will be exactly the same as the present one, but will be considerably larger, and it will be located somewhere near the platform.

"No One Goes Away From Him Without Help." On the 26th December last, Mr. Alvin Kensler, of this city, sent \$10 to M. A. Dauphin, President of the Louisiana State Lottery Company at New Orleans La., with request that he forward two tickets to him. In a week the two tickets were received, Nos. 10 454 and 71,363. On the Monday following the January drawing he received a message that No. 10 454 had drawn the first prize of \$75,000. He at once forwarded the ticket for payment, as it is subject to no commissions. Mr. K. is thirty-eight years of age and unmarried, was born in Knox Co., Ind., and raised a farmer, is very upright, and withal a very charitable man; no one in want ever goes away from him without help.—Odessa (La Fayette Co., Mo.) Herald, January 26th, 1881.
