THE DAILY REVIEW.

VOL. VII. WILMINGTON, N. C. WEDNESDAY, MARCH 7, 1883. NO. 58

The Daily Review has the largest bona fide circulation, of any newspaper published in the city of Wilmington.

The railroad commission bill passed the House yesterday.

The False Prophet has been defeated with a loss of 2,000 men.

A large and brilliant meteor passed over Virginia early last Monday morning.

The election of a successor to Governor Stephens, of Georgia, will occur on April 24.

A branch of the Black Hand has been discovered in the Spanish province of Estremadura.

Several Bremen firms have organized a line of steamers to run to Cuba and Porto Rico.

It is reported from Pittsburg, Pa., that the new tariff is likely to lead to serious troubles.

Comptroller Knox estimated that the relief to the banks from the Internal Revenue bill will amount to a million a month.

The memorial tablet put up by the city of Rome on the house formerly occupied by Professor S. E. B. Morse, was unveiled Monday.

The English in India are very much stirred up by the proposed law giving native magistrates jurisdiction over whites in certain cases.

Senator Tabor's wedding present to his bride was a magnificent diamond necklace, costing \$30,000. The new Mrs. Tabor is about 30, stylish and handsome.

It is the nihilists let him alone the Czar of Russia says he will distribute gratis, in addition to the 900,000 pies, 640,000 bottles of beer. If the pies don't get 'em, he thinks the beer will.

Mr. Gladstone said in the House of Commons that the English troops would be withdrawn from Egypt as soon as liberty, order and security, of the passage of the Suez Canal were assured.

At a Legitimist meeting at Lille the French Republic was denounced and all those present pledged their support to the Royalist cause. In the Chamber of Deputies M. Ferry declined to bring in a measure to revise the constitution.

Here is a specimen of the way in which Secor Roberson's man Friday takes care of near and dear relatives at the expense of other people's, and d. r. We clip from a special in the New York World:

Speaker Keifer yesterday requested the resignation of Mr. Tyson, one of the official reporters of the House. The office is worth \$5,000 a year. He then appointed his nephew, who had formerly been the Speaker's private secretary. To the private secretary's place a relative of Keifer named De Haas was then appointed. Another nephew, a son of Judge White, is a clerk at the Speaker's table. These appointments are annual and their incumbents will draw salary until next session for no service whatever.

There is perhaps a little more of work and wisdom in the present legislative body than we have given it credit for. The session will probably hold until Saturday and in the meantime the members are all hard at work—at their expense. It is said that a man will work much better sometimes on an empty stomach than on a full one and this is, perhaps, figuratively speaking, somewhat the case with this legislature. They have exceeded the sixty days' pay session, as they have construed it, and now they begin to "want to go home." They are working like beavers and to better effect now than they had done in any previous days. However much we may deprecate a biennial session of sixty days—thirty days for one year—we must yet confess that there is good to be had out of it sometimes.

New asparagus is quoted at \$1 per bunch in New York.

The receipts of cotton at this port to-day foot up 226 bales.

Cols. D K. McRae and B. R. Moore, who have been to Raleigh for a few days, returned to the city last night.

It is said that the turpentine farms near Hamlet are all ablaze, immense forest fires raging in that vicinity. It is feared that much loss may be entailed.

The News and Observer tells us locally that the State Guard bill passed the House yesterday although that fact does not appear in the report of the proceedings.

To Builders and others—Go to JACOBI'S for Sash, Blinds and Doors, Glass &c. You can get all sizes and at the lowest prices.

Mr. A. V. Horrell, of Pender county, has purchased the fixtures and good will of the saloon recently occupied by Mr. John Carroll, deceased, and is opening there a new stock of liquors, cigars &c.

Ger. barque Atlantic, Capt. Schering, arrived up from below to-day and has commenced discharging cargo. As soon as this is completed she will be taken into the dry dock where she will be overhauled and repaired.

We hear some of the butchers complaining that there is a great scarcity of beef in the market. Perhaps it would pay well just at this time for our friends in the country who have cattle to dispose of, to drive them in.

Mr. Geo. M. Crapon has resumed business at the old stand, Nos. 10 and 18, South Front street, where he will be pleased to see his friends, old friends as well as new ones. He is receiving every day new and fresh supplies of family groceries, which he invites all to examine.

We learn that we were slightly in error when we stated in yesterday's REVIEW that the walks in the National Cemetery were gravelled. The walks are turfed as well as the rest of the grounds. Sand is occasionally spread upon the grass, through which the latter springs up and gives a beautiful carpet of green.

Personal.
Mr. Albert F. Williams, one of the most skillful, and as a consequence, one of the most thriving farmers of Duplin county, gave us the pleasure of a visit to-day. He has been nearly a lifelong subscriber to the Journal, and one of the objects of his visit was to renew his subscription for another year.

Exports Foreign.
Ger barque Orion, Capt. Clausen, cleared to-day for Glasgow, Scotland with 2,935 barrels rosin, valued at \$4,500, shipped by Messrs. Alex. Sprunt & Son. Nor. barque Theodor, Capt. Eiersen, cleared for Liverpool with 1,420 barrels rosin and 1,360 barrels tar, valued at \$4,775.42, shipped by Messrs. Robinson & King.

Magistrate's Court.
Pamelia Myers, colored, was brought before Justice Gardner this morning upon a charge of slander preferred by Emma Bradley, also colored. The testimony showed that there had been a large amount of hard talk and offensive language used, but not enough to warrant a conviction under the statute in such cases made and provided, and the defendant was discharged.

No Change.
We notice in the Charlotte papers of the 6th inst., that a change of schedule on the Carolina Central railroad had been arranged and that it would go into effect to-day. Upon enquiry of the proper authorities in this city, we ascertained that a change had been contemplated, but that it had been postponed for the present. The present schedule will be run until notice is given to the contrary.

Mr. F. W. Wheeler, Warrenton, N. C., says: "I have derived great benefit from Brown's Iron Bitters as a tonic."

Free Delivery.

We acknowledge the courtesy of a call yesterday afternoon from Col. H. W. Hall, of the postal service, who is here with the view of getting up facts relative to a free mail distribution in Wilmington. Col. Brink accompanied Col. Hall, and we regret our absence at the time. There is no city in North Carolina which has the free delivery in operation, and we are encouraged to hope that we may soon have it here.

Modjeska Coming.
It will be gratifying to many of our readers to know that correspondence looking to the appearance of this distinguished tragedienne is now in progress between her agent and the manager of the Opera House in this city. The indications now are favorable for her appearance and our theatre-going citizens will have an opportunity of witnessing the performance of the first tragedienne of the age. She will probably appear sometime in January, 1884, the negotiations pointing to that early period.

Byron never uttered truer words than when he said, "Physicians mend or end us." But while doctors disagree, all the world has agreed that there is no remedy equal to Dr. Bull's Cough Syrup.

Store Breaking.
We learn through a private letter received in this city last night, that the store of Messrs. Newberry & Southerland, at Magnolia, N. C., was broken into on the night of the 5th inst., and robbed of watches, jewelry, pistols and other property the value of which had not been fully ascertained at the time the letter was written. This is the second time within the past nine months that this store has been entered and robbed, the present loss being much less than upon the former occasion, at which time the safe was blown open and a considerable amount of money and valuable papers taken. There is as yet no clue to the robbers.

The Election Laws.
The bill amendatory of the election laws for this city, requiring the number of the block, the number of the lot and the part of the lot on which the applicant resides to be given in the registration books, which passed the Senate and went to the House, has been knocked in the head, finally, unless somebody can manage to get up a reconsideration. On motion of Representative Green, from New Hanover, in the House yesterday, an amendment was adopted requiring the city authorities to have painted in large letters the number of each block, lot and part of lot, thirty days previous to any election. Of course, this is impossible now, as the election is to take place on the 23d inst., two weeks from to-morrow. It makes but little difference, however, at this time, as it is too late now to amend the election laws in any way, as the election is already in progress, the registration books having been opened several days ago.

The Little Giants.
The Wilmington S. F. E. Co. No. 1, (Little Giant) held their annual meeting last evening to elect officers for the ensuing year. The company is in a flourishing condition and will have upwards of forty able and active members on their roll, by next meeting. We would state that considerable dissatisfaction is caused among the members by not having a suitable fire alarm, and it would be a great satisfaction if the new Board of Aldermen would give it their earliest attention, it being very necessary to have a general alarm sounded in case of fire so that it could be heard every where. The following officers were elected:

President—T D Meares.
Vice President—A. D. Brown.
Foreman—E. G. Parmelee.
1st Asst. Foreman—W. C. VonGlahn.
2nd Asst. Foreman—Martin Newman.
Chief Engineer—E. W. Manning.
Asst. Engineer—Lewis Wackamith.
Sect. and Treas.—W. C. Craft.
The anniversary of this company will fall due on the 28th inst. and will be celebrated by a parade and engine trial.

Reprehensible.
We hear much complaint of the conduct of rude boys who make a practice of jumping over into gardens and lots after balls or kites which may happen to fall there, without ever thinking of asking the owners permission. By such outrageous proceedings plants, vegetables and flowers are trodden down and ruined fences broken and other damage done which though not often serious, is very annoying to the owner. We really hope some method may be devised by which such conduct may be effectually stopped.

At Exchange Corner.
Miss Karrer is in receipt of some new and beautiful things in the way of millinery goods which the ladies cannot, of course, fully appreciate until they have seen them. To our masculine ideas, refined and elevated as they have been by a lengthy matrimonial experience, they are really lovely. We saw these this morning many pretty things which we would describe if we could, but knowing that we cannot we will not attempt it. This much must be put in plain English, however, and that is that Miss Karrer has already many pretty things in store and will receive additions every week by rail and steamer.

Chamber of Commerce.
The annual meeting of the members of the Chamber of Commerce was held at the Exchange this noon.

The meeting was called to order by the President, Hon. A. H. Van Bokkelen, who read his report for the past year.

Report of Committee on River and Harbor Improvements was read by Col. W. L. DeRosset, Chairman of that committee.

Both of above reports were ordered printed. The Treasurer's books were submitted, audited and approved.

An election for officers for the ensuing year resulted as follows:
President—A. H. Van Bokkelen.
1st Vice President—E. Peschau.
2nd Vice President—D. MacRae.
Executive Council—George Harris, W. L. DeRosset, R. E. Heide, Wm. Calder, J. H. Chadbourn.

Oases of Fair Dealing in the Desert of Human Life.
In some cases recently the news papers are speaking of equity ruling where the law does not give a remedy—especially in the case of a corporation (corporations are often soulless). The Louisiana State Lottery Company—a lady complained her ticket (winning one-half of No. 43 713, which drew the first prize of \$30,000) had been fraudulently obtained; after litigation the contestants compromised amicably, each taking half. A lady residing in New York City had lost her ticket in the mail, but on application to M. A. Dauphin, President of the Louisiana State Lottery Co., at New Orleans, La., obtained the number, learnt it had drawn \$10,000, filed a caveat, proved her right, and after a proper delay had her money paid to her. Such acts make one think that there are oases of fair dealing in the desert of human life.

RICHMOND, Va., January 29th, 1883. MR. N. EZERKIEZ has made known to me the composition of his Hair Restorer and I have also subjected it to chemical examination. It contains no lead or silver, substances very commonly employed in making preparations for the hair, for anything harmful, and may therefore be used without apprehension of injurious results. WM. H. TAYLOR, M. D., State Chemist.

Whilst thanking you, Mr. Ezkeriez, for the Hair Restorer you so kindly sent me, I take great pleasure in saying to you that its beneficial effects upon my hair have been so apparent as to attract the commendation of all my friends who have noticed it. It is in my estimation a treasure, without which the toilet of none who have used it will be complete. Hoping it may realize you the pecuniary success you so richly deserve, I remain, very respectfully, MRS. A. M. W. WHEAT. Richmond, Va., Feb. 27, 1887. For sale by all druggists.
