The Daily Review has the largest
and best circulation of any newspaper
published in the city of Wilmington.

Mr. W. W. Corcoran, of Washing-
ton, is again ill.

A tremendous hurricane completely
stopped the outbreak of cholera at Ma-
nila.

In the list of Irish landowners is
Frederick Kennedy, 298,359 acres; val-
ue \$1,215.

Mahogany, ebony, rosewood and
cedar are used as fuel by the poorest
people in some parts of Mexico.

About 450 miles of thread are made
each day in American mills. Thirty
years ago it was all imported.

Over 18,000 head of buffalo have been
killed east of the Yellowstone River, in
Montana Territory, this season.

Grace Greenwood, writing from Par-
is, says that the average American
dressmaker is more clever than the wo-
men of that calling in France.

Pour pounds of gold, worth about
\$1,000, were collected from the soil
adhering to the inner linings of the
chimney of the Royal Mint in Berlin.

Prince Bismarck owns some 30,000
acres, but does not derive much income
from them. His whole income is prob-
ably \$70,000 a year, official salary in-
cluded.

Postmaster Pearson, of New York,
recently sent a requisition to Wash-
ington for 21,230,000 stamps, repre-
senting a value of \$453,000. It was the
largest requisition ever made in this
country.

Archbishop Kenrick, of St. Louis, is
beloved by all religious denominations
of that city. He keeps aloof from con-
troversies and all purely worldly affairs.
He is tall, erect and benignant looking,
and makes every one his friend at once.

The British Association for the Ad-
vancement of Science will probably
meet next year in Montreal. There is a
movement to make it an international
conference by inviting the American
Association to assemble at the same
time and place.

The census report shows that the
South has less than fifty per cent. of
white criminals when compared with
New England. The census also shows
that the South has a smaller percentage
of insane persons, paupers, idiots, blind
and helpless people, than any other
section.

New York journals are repeating of
their spasmodic display of virtue in op-
posing the river and harbor bill. The
Herald complains that the Hell Gate
improvement in New York harbor
must stop by reason of the failure of
Congress to make provisions for its con-
tinuance.

By an electrical invention, Doctor
Gundrah, of Victoria, can not only
speak with a distant friend, but see him
as well. A description of a test of the
machine in the presence of forty sci-
entific men at Melbourne is thus de-
scribed: "Sitting in a dark room, they saw
projected on a large disk of white-burn-
ished metal, the race-course at Flem-
ington, with its myriad hosts of active
beings. Each minute detail stood out
with perfect fidelity to the original, and
as they looked at the wonderful picture
through binocular glasses, it was diffi-
cult to imagine that they were not ac-
tually on the course itself, and moving
among those whose actions they could
so completely scan."

The News and Observer insists upon
it that a billion is ten million and wants
to know if we were taught differently
at school. But never mind about that,
Bro. Ashe. It is so long since either
you or I were at school that it is diffi-
cult to remember what we did or did
not learn there. There is but reason
and common sense in the enumeration
we have given. You go by tens until
you get into the thousands, and then
you must necessarily go by multiples
of the number itself to get out of thou-
sands. A million is the sum of 1,000x
1,000, and a billion is formed on the
same principle, 1,000,000x1,000,000.
The best writers on finance, so far as
our reading has extended, have always
spoken of the debt of the United States
as so many thousand (or hundred)
millions, instead of billions, and this is
also true in speaking of the debts of
other countries.

Twine is sold only at JACOB'S HAR-
WARE DEPOT.

A grand all-daylight excursion, on the
Carolina Central Railroad, from
Shelby and intermediate points to this
city, will be made on the 26th of May next,
under the auspices of Messrs. Berry
Gleaves, Joon L. Maffitt and J. A.
Corbet. This arrangement will give
the excursionists ample opportunity to
take them down the river and, to
those who desire it, to the blackfish
grounds. A big crowd is expected and
a glorious time is anticipated.

Rev. Father Ryan.

We are pleased to learn that Rev.
Father Ryan, the "poet priest," will
lecture at the Opera House on Tuesday
evening, the 17th inst. The lecture will
be given under the auspices of Hibernian
Benevolent Association, and the pro-
ceeds will be devoted to the fund for
liquidating the indebtedness on their
new hall. Father Ryan has a national
reputation as a speaker and as a writer of
prose and poetry, in the latter of which
he has few equals. His name is dear
to every Irishman and his poem of the
"Conquered Banner" endears him to
the heart of every Southern man or
woman who was devoted to the "Lost
Cause." We feel sure that our people
will extend to the gifted divine a cordial
welcome and an overflowing house.

Col. D. K. McKee, it is understood,
will introduce the speaker to his
audience.

The Committee of Arrangements are
Col. John L. Cantwell, D. O'Connor,
Esq., and Mr. T. Dolan.

Outrageous.

A club of 50 financiers of this city a
short time since bought a correspond-
ing number of one fifth tickets in the
April drawing of the Louisiana State
Lottery. With such a strong combination
they would be sure to secure a fortune
and possibly might "bust the concern
into smithereens." They were in a
measure successful for one of the tick-
ets drew for them \$30, which divided
among 50 gives them 40 cents each, just
enough for a hair cut and a shave. It
is possible however, that they may con-
sider the speculation as a very neat and
close shave. It is too bad. We sym-
pathize with them in their misfortune,
and if we were in their places we would
let the dogged old slab elided lottery
go to thunder—the mean old thing.

Silver Plated Spoons and Forks, low
prices, at JACOB'S.

Repaired and Cleared.

German barque Albatross, Captain
Seibe, which put into this port in dis-
tress a few weeks ago, bound from
Charleston, S. C., for Hamburg, with a
cargo of naval stores, has been re-
paired, and was cleared to day for her
destination by Messrs. E. Peschau &
Westermann.

Rebate on Tobacco, Cigars, &c.

By application to the proper depart-
ment at Washington, D. C., dealers
who may have tobacco, snuff, cigars or
cigarettes on hand on the first of May
next, may secure the rebate allowed
under the new tariff bill upon those
articles. The reductions are as follows:
8 cents a pound on tobacco; 8 cents a
pound on snuff; from \$1 to \$3 a thou-
sand on cigars, and from \$1.75 to
\$1.25 on cigarettes in paper. U. S.
Commissioner King is in possession of
all necessary instructions, and all par-
ticulars may be obtained from him.

Col. L. C. Jones.

The Fayetteville Observer, in speak-
ing of Col. Jones' resignation of the
position of Superintendent of the Cape
Fear and Yadkin Valley R. R., says:
"We think we may safely say that no
citizen of a community ever left it, who
left behind a higher reputation for in-
tegrity and manliness and never failing
loyalty to his duty, and for the posses-
sion of a thorough knowledge of what
constituted his duty and of the proper
method of performing it, than this ad-
mirable gentleman leaves in the town
of Fayetteville."

"That the public may know that
those whose late relation to Col. Jones
fits them to speak with authority on
this subject, entertain the same opinion
of him, we print the following resolu-
tions:

BY THE STOCKHOLDERS.

On motion of Mr. A. A. McKethan,
the stockholders of the C. F. & Y. V.
Railway, at their recent annual meeting
on the 5th of April, unanimously adopted
the following resolution, viz:

Resolved, That in parting with L. C.
Jones, Esq., who has been so long con-
nected with this company, we desire to
give expression to our estimate of his
politeness and efficiency in business
matters, his ability and integrity in
office, and his high moral worth as a
man. We tender him our best wishes
in his new sphere of action, and direct
our secretary to spread this resolution
upon the minutes, and send Mr. Jones
a copy thereof.

BY THE RETIRING BOARD OF DIRECTORS.

WHEREAS, Col. L. C. Jones, Chief
Engineer and Gen. Supt., has this day
tendered his resignation with a view to
severing his official connection with this
company, and accepting a position of-
fered him by another company; there-
fore

Resolved, That it is with deep regret
we accept Col. Jones' resignation of the
position which he has so faithfully filled
in the service of the company.

Resolved, That Col. Jones carries
with him to his new field of labor our
sincerest wishes for his future prosper-
ity and happiness, such as we feel as-
sured must ever be the reward of dili-
gence in the performance of duty like
that which has always been shown by
Col. Jones during the entire time of his
36 years' connection with this company.
Resolved, That these resolutions be
spread upon the minutes and that a
copy thereof be delivered to Col. Jones
by the Secretary.
