

The Daily Review has the largest bona fide circulation of any newspaper published in the city of Wilmington.

Queen Victoria wrote with her own hand the copy of the notice of John Brown which appeared in The Court Circular.

New Orleans last year erected over 300 houses costing \$2,600,000. New York at the same time invested \$49,000,000 in 2,591 houses.

The New Orleans Picayune is satisfied that cremation of the dead bodies will ultimately become a necessity in order to insure the welfare of the living.

The New York Commercial Bulletin reminds Prince Bismarck that the more he shuts out the American hog the more Germans will come where that hog is an institution.

The National Republican confidently counts on Maryland and North Carolina being "truly loyal," like Virginia, in 1864. It has hopes of Mississippi. It seems to think that there is still some good stealing left in the South.

The subscriptions raised in Great Britain after calamities are often astonishingly large. That for the relief of the families of the 167 fisherman who perished in 1882, off Eyemouth, amounts to over \$250,000.

The prominent lumbermen of Maine, New Hampshire, Vermont and Rhode Island, representing an annual output of 350,000,000 feet of lumber, have formed a protective association, and a committee was appointed to draw up a schedule of prices for the coming season.

Mayence, Darmstadt and Giesen may safely be called "too good for this world." A woman left \$100,000 to the Grand Duke of Hesse ten years ago for a founding hospital in one of these places, but the municipal council of each city has rejected the bequest with indignation as being a slur on their morals.

The Augusta Chronicle says: "We state positively that most of the cooks in the South to-day are ignorant of the elementary principles of the culinary art, and that they are either too stubborn or too stupid to be instructed. A practical branch of cookery taught by an expert would be a valuable addition to our public school system." True words were never spoken.

Returning Northern travellers generally complain that with exception of Aiken and Jacksonville, Southern Hotels are "mighty poor." We are afraid that there is much truth in this statement. And yet, the hotel men are not altogether to blame for this. Rather set it down to a sparse population and a consequent slack demand for accommodations.

The Courier Journal, alluding to the crisis in cotton planting and its drift to bankruptcy, says: "The South knows something of hard times, but we tell the Southerner that to buy grain at present prices and on credit means individual and general bankruptcy and harder times than they have known, unless by improved methods of agriculture they largely increase the yield per acre."

The Augusta Chronicle remarks: "If the majority of men would only remember that at ninety-nine saloons in a hundred the drinks are adulterated, dangerous and poisonous, much good to the temperance cause would be automatically accomplished." And Mike Glendon, of the Norfolk Virginian, who knows all about it himself, retorts that "the trouble is that when 'the majority of men' want a drink they don't ask whether it is adulterated, and don't care a continental whether it is or not."

The Augusta Chronicle has this: "We have no doubt of the efficacy of hot water in helping to cure dyspepsia. Nor have we the slightest doubt that much physical and mental disorder arises from pouring cold drinks into the stomach when unprepared for such a polar wave. One of the healthiest of North Carolina Congressmen keeps the integrity of his body and mind by hot water drinking." This is a strange theory. Why is so much of the dyspepsia in the South laid to the consumption of hot bread if hot water is a preventive? And who is the North Carolina Congressman who takes it hot every time?

S. L. FREMONT, CIVIL ENGINEER, N. W. CORNER RED Cross and Third streets, will make surveys, plans, estimates, drawings, designs, and will superintend the construction of buildings, bridges, wharves, etc. Terms moderate and satisfaction assured.

In two weeks we will have a free mail delivery.

Third street is now boulevard from Dock to Nun streets.

The receipts of cotton at this port to-day foot up 155 bales.

Business men on the wharves complain bitterly of the dullness of the times.

There were large congregations at all the churches yesterday, and especially large at those places of worship occupied by our Presbyterian friends.

To-day is the anniversary of the occupation of Forts Johnson and Caswell, in 1861, by State troops from this city, under command of Col. John L. Cantwell.

The Hickory Press comes to us this week under the editorial management and control of Mr. R. K. Bryant, who will, we prophesy, make it one of the very best papers in the State.

By reference to our advertising columns, it will be seen that the "Household Sewing Machines" have arrived and are on exhibition at the store on North Front street formerly occupied by Mr. S. Jewett.

The Fruit.

The News and Observer seems to think that we are yet to have some fruit this year. It says: "From all portions of the State our exchanges give us good news about the fruit. It appears to have suffered little if any from the sudden and severe changes of the weather in March. In this section there is every indication of a fine crop of fruit of all kinds."

City Court.

Rena Pearsall, colored, was brought before the Mayor this morning, charged with disorderly conduct. She was proved guilty and required to pay a fine of \$5, in default of which she was sent below for 20 days.

Laney Moore, colored, for the same offence, was sent below for 20 days.

Anna Strauss, colored, charged with the same offence, was discharged.

For the Pen.

Sheriff Taylor, of Brunswick county, was in the city to-day, having come here from his residence at Town Creek to meet three convicts from Brunswick county, sentenced at the last term of Superior Court for that county, and who are to be taken to the Penitentiary by the Sheriff. These are J. Dyson, for larceny, two years; John Wanet, for larceny, four years; and Andrew McNeill, larceny, for one year. The convicts are all colored.

Lectures this Week.

Three lectures at the Opera House during this week will give our friends an unusually good literary treat. To-night Father Ryan, the "poet priest," will lecture under the auspices of the Hibernian Benevolent Association, with "Pilate's Question on the True, the Beautiful, and Good" as his subject. On Thursday and Friday night the Rev. Moses D. Hoge, D. D., of Richmond, Va., will lecture with "Tent Life in the East" for his first, and "Modern Chivalry" for his last subject.

A big-mouthed boy at Gray's Peak, Bit his sweetheart on the cheek, St. Jacobs Oil brought Relief, and she sought, A smaller-mouthed bean that week.

An April Day.

It was very pleasant in the early morning hours of to-day, although there were indications that a change of weather might be expected before night. The change came somewhat earlier than we expected, and at about 10:30 this forenoon we were visited by quite a severe squall of wind, accompanied with rain, which made things lively for the short time it lasted. One of the Smithville pilot-boats was in the stream under way, and received the full force of the blow, but with no further effect than to show her fine sailing qualities to the on-lookers.

Adjoined. The Rev. Moses D. Hoge, D. D., who is to lecture in this city Thursday and Friday evenings of this week, is expected to arrive Wednesday night, and will be the guest of Mr. G. W. Williams.

Home From the Wars.

We welcome "Hewlette's Humpty Dumpty and all Star Specialty Company," to the land of their nativity, "wiser but better" boys, we hope.

We understand their entire paraphernalia, including trained animals, is for sale, as they state positively they will not accept any engagement next season. The educated hbg can be bought very cheap; Harlequin says he has grown considerable since he was lifted from the pen on the morning of their departure.

A fine assortment of Guns and Pistols at JACOB'S Hardware Depot.

The New Stamps.

Third Assistant Postmaster General Hazen has received from the American Bank Note Company of New York, the new designs for the two-cent postage stamps, which will be submitted to the new Postmaster General in order that a selection may be made without further delay. Gen. Hazen says that the three-cent stamps in stock after the two-cent law goes into effect may be used for packages of third and fourth class mail matter. It is now not known whether or not the department will continue to print the three-cent stamps after the new law goes into effect, but it is quite probable that this will be done if the demand for them shall warrant it.

Personal.

Rev. Father Ryan took our people somewhat by surprise in arriving here on Saturday night, when he was not expected until to-night. In speaking of the matter to him he pleasantly remarked that it was a sort of "Stonewall Jackson" move. He is the guest, while in the city, of D. O'Connor, Esq.

Dr. W. C. Green, a former citizen of this place but now a practicing physician of St. Louis, is in the city on a short visit to relatives and friends. He is accompanied by his wife and is the guest of Mr. and Mrs. D. G. Worth.

Mr. Sol. W. Weil, a son of Mr. A. Weil of this city and a student at Chapel Hill, is home on a visit.

Maj. J. C. Reilly, now of Farmer's Turnout, is in the city to-day looking well, we are pleased to say.

County Commissioners.

The Board of County Commissioners met at 2 1/2 o'clock this afternoon, pursuant to a call of the Chairman. Present Mr. H. A. Bagg, Chairman, and commissioners, Moore, Worth, Montgomery and Pearce.

In calling the meeting to order the Chairman dispensed with the reading of the minutes of the last meeting and stated that the object of the present meeting was to act upon the resignation of Col. John D. Taylor, as clerk of the Board, which had been tendered to take effect to-day.

The resignation of Col. Taylor was then read, and is as follows: WILMINGTON, N. C. April 12th, 1883. To the Board of Commissioners of New Hanover County: GENTLEMEN.—Therewith tender my resignation as clerk of the Auditing Committee and Warden of the Poor of New Hanover County, to take effect on the 16th inst.

Permit me, gentlemen, in severing my official relations with you, extending through a period of four years, to thank you for the uniform kindness you have ever shown me, both officially and personally. Very respectfully yours, JOHN D. TAYLOR.

On motion the resignation was accepted, after the following preamble and resolution were adopted: Whereas, Col. John D. Taylor has been elected to the position of city Treasurer and severed his connection with this Board. Resolved, That in parting with him we have lost a faithful and efficient officer, and that while we rejoice at his promotion, we deeply regret the severance of a connection which has been so uniformly pleasant and advantageous to the best interests of the county.

Resolved, That these resolutions be spread upon the minutes and a copy of the same be handed to Col. John D. Taylor.

The Board then proceeded to ballot for a successor to Col. Taylor, which resulted in the election, on the eighth ballot, of W. W. Shaw.

Application of Alfred Mulligan to sell liquor for the space of 3 months, was granted.

It was ordered that the Chairman of the Board be empowered to sell the boiler belonging to the county lying at the Poor House to the best advantage possible. Adjoined.

Doll for Raffle.

At Heinsberger's there is a beautiful doll for raffle, the same as mentioned by us last week. It has been contributed by a member of the parish of St. Philip's Church, Smithville, to the Fair which is to be held there on the 27th inst. We hope and believe the chances will soon be taken, the object being a most praiseworthy one. It will gladden the heart of some sweet little girl to be the successful one. Would advise that the most popular young girl not over 12 be voted for, the largest vote deciding.

Immense Cucumbers.

By invitation we visited, yesterday, the green house of Mrs. Harry Webb, and while there cut a cucumber 18 inches long from the vine on which it was growing. It was not the longest or largest one we saw growing. There were some cucumbers fully 22 inches long and which in appearance were not yet more than half grown. The vines looked healthy and some of the leaves measured fully 19 inches in width. The seed from which the vines grew were imported from England at a cost of 64 cents each and were planted on the 9th of February. Mrs. Webb has recently added to her green houses with a view of extensively cultivating cucumbers for Northern markets. She expects to make her first shipment in a few days.

Southern Historical Society Papers.

The April and May number (combined) of this valuable magazine has been received. It is an interesting number as the following table of contents will show:

"Stonewall Jackson," by the Rev. Dr. R. L. Dabney; "Reminiscences of Services in Charleston Harbor," by Col. Charles H. Olmstead; "Battle of Chickamauga," Report of Gen. Longstreet; "Diary of Rev. J. G. Law; "Confederate Privateersmen"—Letter from President Davis; "The Death of Willie Abell"—Poem by Rev. J. C. Hiden; "Sketch of Third Battery of Maryland Artillery"—Capt. William L. Ritter; "Sketch of Dr. G. W. DeRenne, by Col. C. C. Jones, Jr.," "A Defense of Gen. Bragg's Conduct at Chickamauga," by Gen. W. T. Martin "Letter from Gen. Martin to Gen. Bragg;" "Gen. Bragg's Report of Lookout Mountain and Missionary Ridge;" "Sketches of the History of the Washington Artillery;" "Reminiscences of the Siege of Vicksburg," by Major J. T. Hogane, of the Engineer Corps, besides editorial paragraphs on subjects of interest and importance to all who feel an interest in preserving the thrilling history of the Confederate struggle.
