The colony of Hebrew refugees from Russia, about seventy-five in number, which was established at Waterview, Middlesex County, Va., last October, is in a flourishing condition and likely to become the nucleus of a populous settlement. The principal member of the colony is a man who owned a carriage shop in Russia and employed thirty-five workmen. He speaks half a dozen languages and is generally intelligent. The common speech of the colony is a barbarous jargon which no outsider can understand, and which a great empire made public such a mewould have baffled the linguists of the morial of a servant in humble station. The Detroit Free Press thus remarks on the results of the Michigan election: "The revolt which began last Fall against the part of monopoly and corruption still continues. It is not a tidal wave. It was a steady rising and swelling flood, which will not subside until every vestige of Republicanism is wiped out in Michigan, and the State takes her proper place among the redeemed. The Supreme [Court, for so many years wholly controlled by the representatives of one political party, has at last been divided. An inroad has been made into the hitherto impregnable Board of Regents. Let the results be an inspiration to renewed endeavor, and an incitement to further victory .-Let every inch of the ground won in yesterday's conflict be heeded in 1884, and Michigan will be added to the Democratic column."

The very recent deadly assault upon employes of the Springfield rolling mills who took their places regardless of the remonstrances of the strikers, has given Illinois courts at least one murder trial and created an indignation against the strikers which will be lasting. The Amalgamated Association of Steel and Iron Workers of the United States needs to promptly denounce the infamous assault, or it will participate in the odium resulting from the crime. The 80,000 men who are members of the organization cannot afford to be silent when such an atrocious crime is committed in the name of the association. The right of any man to stop work when his demand for more pay is refused is unquestionable, but his right to shoot the man who takes the place or the pay he spurns is not yet recognized. If justice is anything more than a name in Illinois, one or more Springfield strikers will be hung for acting upon the theory that such a right

The original capital was \$500,000. During the first twenty years of its existence it declared dividends to the amount of \$1,222,500, of which \$500,000 was in stock, said to represent additions made to the works. This was over \$60,000 a year on the 'original capital, or more than 12 per cent. The new capital added in 1866 to the original made it a million. That has since been watered again, and is now \$1,500,000. The dividends from 1868 to [1881 averaged 23 per cent., being some years more and sometimes less-the cash dividends or 1874 having been 55 per cent., and for 1876 65 per cent. Two years ago, there was, according to the treasurer's statement above referred to, a cash reserve of \$650,000, and cash on hand \$83,912, being a total of \$733,912, which the fat dividends had not absorbed, and which the panting and overfed rat could gerge himself with at leisure.

PLAIN TRUTHS

The blood is the foundation of life, it circulates through every part of the body, and unless it is pure and rich, good health is impossible. If disease has entered the system the only sure and quick way to drive it out is to purify and enrich the blood.

These simple facts are well known, and the highest medical authorities agree that nothing but iron will restore the blood to its natural condition; and also that all the iron preparations hitherto made blacken the teeth, cause headache, and are otherwise injurious.

BROWN'S IRON BITTERS will thoroughly and quickly assimilate with the blood, purifying and strengthen-ing it, and thus drive disease from any part of the system, and it will not blacken the teeth, cause headache or constipation, and is postively not injurious.

Feb. 12, 1880, Gents:—Upon the recommenda-tion of a friend I tried Brown's fron Bitters as a tonic and refron Bitters as a tonic and restorative for my daughter, whom I was thoroughly convinced was wasting away with Consumption. Having lost three daughters by the terrible disease, under the care of eminent physicians, I was loth to believe that anything could arrest the progress of the disease, but, to my great surprise, before my daughter had taken one bottle of Brown's Iron Bitters, she began to mend and now is quite restored to former and now is quite restored to former health. A fifth daughter began to show signs of Consumption, and when the physician was consulted he quickly said "Tonics were required;" and when informed that the elder sister was taking Brown's Iron Bitters, responded "that is a good tonic, take it."
