#### W. L. I.

The Wilmington Light Infantry have drills every week-day night except Saturday and Monday nights. Thursday nights are devoted to drill by company while the other nights are occupied by squad drills. The armory is open to visitors each drill night, with the exception of such hours as may be necessary for the transaction of company business. We are glad to learn that a good deal of interest is being manifested in the improvements of the corps, and that drills are receiving much care and attention.
