W. H. GREEN—Soda Water—Mineral Water

May Day next Tuesday.

Katie Putnam is booked for Raleigh this week.

This has been a blue Monday with a vengeance.

This is the last week for oysters this season.

The excursion and picnic season is near at hand.

The receipts of cotton at this port to-day foot up 56 bales.

Venor didn't guess this storm and no more did the almanacs, but Uncle Sam was to the fore as early as Saturday night.

The stalls in the new market on So. Front street are to be rented at auction to-morrow morning, commencing at 11 o'clock.

These rains have been north a great deal to the people of this city in the way of cleaning the streets and washing out the gutters.

We regret to learn that the condition of Mr. John D. VonGahn is considered hopeless and that his death is almost hourly looked for.

The storm signal was displayed Saturday night and yesterday and last night it was taken down to be raised again this morning.

In Mexico City a story in verses. Is sold on the street, and it rehearses, That each son of toil,
By St. Jacobs Oil,
Is cured of all painful reverses.

Two sailors were brought before the Mayor this morning, charged with disorderly conduct. A fine of \$2 each was imposed which was paid and they were discharged.

Mr. E. G. Blair, on Market street, between Second and Third, is offering to the public some very fine Virginia meal, ground coarse or fine, and in lots to suit. See advertisement.

Mr. Jas Sprunt, who has been on a trip south looking after his business connections in Charleston, Savannah and Brunswick, Ga., has returned home but we are sorry to learn is confined to the house by sickness.

The regular meeting of the Literary Club, to take place to-morrow evening, will be one of a purely business character and the members are earnestly requested to attend.

It is thought there are now three thousand houses in this city. We will all know definitely the first of May exactly how many houses are in the corporate limits and how they are classified as to stores and dwellings.

Mr. Munroe Horton, the engineer who died at Laurinburg last week, was a member of the Knights and Ladies of Honor and not of the Knights of Honor as stated by us, these being altogether different organizations. The correction is made at the request of Mr. R. B. Clark, Reporter of the Lodge of K. of H., at Laurinburg.

Exports Foreign.

Nor. barque *Saga*, Capt. Larsen, cleared to-day for Granton, Scotland, with 3,454 barrels rosin, valued at \$5,868, shipped by Messrs. D. R. Murchison & Co. Nor. brig *Varnaec*, Capt. Peterson, cleared for Liverpool with 2,775 barrels rosin, valued at \$4,067, shipped by Messrs. Paterson, Downie & Co.

New Formation.

Dr. Chas. W. Dabney, State Chemist was in the city a day or two ago examining the phosphate finds near here. At Capt. J. W. Nobles' place, about two miles from Wilmington on the Old New Berne Road, a formation was shown him which seemed to interest him very much. He is, we understand, to send some one here in a short time to make a thorough examination of the phosphate bed. We learn also that Dr. Dabney was here with a view of carrying out a theory of his own in connection with the beds.

Supreme Court.

In this Court, on Saturday, the following were among the cases disposed of: State vs. Crumple & Hall, from Sampson. Argued by Attorney General Kenan for the State, and E. T. Boykin (by brief) for the defendant.

Look Before you Leap.

A. I. SHRIER are now showing the best line of Mens, Boys' and Childrens' Clothing that has ever been brought to this Market. Here buyers will find it greatly to their interest, to inspect their stock of Spring Clothing before purchasing elsewhere.

Memorial Day.

We understand that a meeting of the members of the Cornet Concert Club will be held at their band room to-morrow (Tuesday) night, at 8 o'clock, to consider the matter of appearing as a musical organization on "Memorial Day." It is to be hoped that there will be a full attendance and that their deliberations may result in a determination to appear on that occasion.

For Pocket Knives or Table Cutlery, go to JACOBI'S Hardware Depot.

The Storm.

The gale which commenced here yesterday evening was unusually severe along the entire South Atlantic coast, although we have as yet heard of no marine disasters. At Cape Hatteras, where the gale seems to have had its greatest force, the maximum velocity of the wind was 58 miles an hour; at Fort Macon it was 36 miles; at Smithville, 34 miles, and here it was 29 miles. The lines are down North of Cape Hatteras—somewhere between that point and Kittyhawk—so that we have no information from beyond the former place. The rainfall in the last 24 hours at this place was 2.25 inches. In the 8 hours ended at 3 p. m. to-day, the rainfall at Smithville was 1.86 inches; at Fort Macon it was 1.20 inches, and at Cape Hatteras it was 3 inches.

A New Industry.

A company has been formed in this city for the manufacture of the various products of our turpentine trees, by a newly discovered and patented process, through which a more complete and profitable result may be obtained. The incorporators are Messrs. H. A. Burr, E. P. Bailey and James Sprunt, of this city, and Messrs Leonard Bellingrath, (the patentee), Edward C. Bellingrath and Lyman A. Redwine, of Alabama, and the capital stock is \$100,000. They have secured the wharf property at the foot of Castle street, and have commenced work on the necessary buildings. These will be pushed to completion as rapidly as circumstances will permit, and it is expected that they will be ready for occupancy in three or four weeks. The main building will be 33 feet long, 26 feet wide and three stories in height, to which there will be attached several sheds of different dimensions which will be necessary for the accommodation and convenience of the business. The enterprise is to be known as the "Wilmington Turpentine Manufacturing Company." The "patent process" used in the industry has been in operation in Alabama two years and has been entirely successful, so that its success here is almost a forgone conclusion.

A fine assortment of Guns and Pistols at JACOBI'S Hardware Depot.

Dr. Hoge's Departure.

The Rev. Dr. Hoge left for his home at Richmond, Va., this morning, carrying with him the reverential affection of all who had the good fortune to hear him, either in his lectures at the Opera House, or in his sermons yesterday at the First-Presbyterian Church, where he preached twice—in the morning and again night. The church yesterday morning had an unusually full attendance, many from other churches "being drawn thither to listen to the eminent man of God, who had edified them in his two lectures. His sermon was intensely pathetic, and at times there was hardly an eye in the congregation that was not dimmed with tears, and there were some who actually sobbed, so wrought upon were their feelings by his tender and sublime pathos. At night the church was packed to its utmost capacity, and the delighted listeners were regaled with a discourse which for eloquence, power and graphic descriptive beauty, has been seldom heard in this city. He took no text and spoke without notes yet this was a sermon of logical force, chaste rhetoric and consecutive thought, such as it would seem impossible to deliver without the aid of the written words. We have been informed that Dr. Hoge never writes either a sermon or a lecture, but speaks extemporaneously upon every subject he discusses. If this be so, (and we have no right to doubt it,) he is one of the most remarkable men of the age, and one whose equal could hardly be found in this or any other country.

Spring vegetables are very slow in coming into market.

To Builders and others—Go to JACOBI'S for Sash, Blinds and Doors, Glass, &c. You can get all sizes and at the lowest prices.

"Sunset" Cox.

We learn that the lecture committee of the Library Association, in view of the proposed visit of Hon. S. S. (Sunset) Cox to this city, have written to him, for the purpose of getting him to deliver a lecture at the Opera House while here. No reply has yet been received, but as he has recently lectured in other cities in the South, it may be presumed that there will be no difficulty in getting him to lecture in Wilmington.

The celebrated "Fish Brand" Gills Twine is sold only at JACOBI'S Hardware Depot.

DIED.

BANKS—Suddenly, on the 12th inst., at Ravenswood, Orange county, Florida, ANNE, eldest daughter of John S. and Ann E. Banks, aged 27 years.

FINE CLOTHING!

OUR SPECIALTY!

WE ARE SHOWING THIS SEASON, LIKE WE ALWAYS DO, the finest and handsomest and largest array of Nobby Garments in the city of Wilmington. We are in possession of the praise of the general public for Taste, Reliability and Cheapness, and glory in the knowledge of the fact that we merit such a compliment at the hands of the people. We claim TASTE in the selection of ONLY NEW AND STYLISH GOODS—buying NO job lots or old refuse stock—the style of which had been buried with the preceding season. We claim Reliability, because we sell the best and most durable clothing, manufactured by the best manufacturers at the North. We claim Cheapness, because our Clothing does not Rip, Fade or get out of Shape. Hence there is 10 per cent. more wear in well made, full spunged suits, than there is in an inferior, made article which sells for a few times less. We are no Tailors, but full fledged Clothiers, throwing our capital, our brains and our energies into one exclusive department.

Believing in this very good rule as many can tell, "Do one thing at a time, and do that thing well."

Fellow-citizens come and see us—you'll find us wide awake and ready to serve you. We'll treat you well, so well in fact it will be unnecessary to ask you to "come again," because your natural inclinations will be sure to carry you to the famous Iron Front Store, where you will have the personal and undivided attention of Yours truly,

OTTERBOURG,

KING CLOTHIER,

And his vast Army of Able Assistants.

A Fair Trial Has Convinced

OUR FRIENDS AND CUSTOMERS OF THE SUPERIORITY OF

Royster's Pure Candies.

Every one knows that CANDY equal to Royster's is sold in New York, Philadelphia, Baltimore and Richmond at 75 cents, and \$1 per pound, and in selling it at 50 cents in Wilmington the price was considered very low.

To satisfy the demands of our customers, however, we reduced the price to

Three Pounds for \$1.00

which is strictly cost price.

If CANDY is sold at 25 cents, or five pounds for \$1, there must be an inferiority in the quality, for men nowadays know better than to sell below cost.

We leave the PUBLIC to judge of ROYSTER'S CANDY, and will continue to sell it, for the present

Three Pounds for \$1.

GROCERIES OF ALL KINDS AT LOWEST PRICES.

HOME COMFORT.

LET A RAINY RIDE A COUNTRY PHYSICIAN

TALKS WHAT HE THINKS OF SOME PEOPLE.

"I wish to gracious some people would learn when they need a doctor and when they don't!" exclaimed Doctor E—, as he entered his house in a cosy little village in the interior of the State of New York, after a tedious night ride of many miles. "I have been down among the mountains to see a man, who the messenger said, was very sick and not likely to live 'till morning, unless he had immediate help; and found him suffering from a rather sharp attack of colic, which his family might have relieved in ten minutes, if they had a grain of sense and two or three simple remedies in the house. But no; they must remain ignorant as pigs, and when the least ache or pain takes them, send for a doctor, whether they ever pay him or not."

"Why, Doctor, what kind of simple remedies, as you call them, do you expect people to keep in the house?" asked his wife, as she poured him a cup of hot tea.

"In this case," answered the doctor, "if they had only put a BENSON'S CAPLINE PORUS PLASTER on the man's stomach, he would have been all right in an hour, and saved me a dreary ride."

In all ordinary complaints it cures at once.

All diseases are eliminated from the system by what may be roughly called expulsion or extraction, or by a union of the two processes. Benson's Plaster promotes both. It incites the torpid organs to act, and sends its healing, soothing influence through the myriad pores of the skin. All other plasters oblige the patient to wait. They give him hope for to-morrow. Benson's plasters give him help to-day. Which is better, do you think? Buy the CAPLINE and keep it in the house. Price 25 cents.
