

The Daily Review.

JOSH. T. JAMES, Editor & Prop.

WILMINGTON, N. C.

MONDAY, APRIL 23, 1883.

Entered at the Postoffice at Wilmington, N. C., as second-class matter.

More than one-half of 45,000 children lately examined in Germany were found to be suffering from defective vision.

A vigorous movement is about to be made at the commercial exchanges in favor of the projected Florida ship canal.

The LeMore Brothers were French makers of gray cloth. The New Orleans branch house supplied the Confederate army.

The movement for putting all the electrical wires underground in New York seems to be taking positive form.

It would seem that two of the officers for the Tallapoosa got a much deserved drubbing at the hands of an indignant citizen of St. Augustine while the steamer was lying at that port.

On Sunday night in St. Augustine an emetic occurred that may result in the dismissal from the United States Navy of Officer Reaves and another officer of the U. S. steamship Tallapoosa whose name we have not learned.

It seems probable that Mr. Michael O'Connor, of Galesburg, is not related to the celebrated Charles O'Connor.

Mrs. Domesticity calls at the kitchen furnishing store. "Have you Cook's stewers?" she asks.

The Savannah News, however, publishes a different account, which it derives from the officers of the ship.

Two officers of the Tallapoosa, while walking in the streets of St. Augustine, within a stone's throw of the hotel where the President and Secretary of the Navy were staying, were assaulted by a man named Conova.

"Golden Medical Discovery" is not only a sovereign remedy for consumption, but also for consumptive night-sweats, bronchitis, coughs, influenza, spitting of blood, weak lungs, shortness of breath, and kindred affections of the throat and chest.

matter, and reported to Secretary Chandler, who was so well satisfied that the assault was entirely unprovoked that he dismissed the whole matter at once.

GOOD DIVIDENDS.

At the annual meeting of the Graniteville Manufacturing Company, of Augusta, Ga., held Thursday, the report of the president showed that the profits of Vaucuse for the year were \$63,000 and of Graniteville \$103,000, making a total of \$166,000.

This is interesting reading to the people of the South, though we doubt whether it would be remarkably entertaining and encouraging to those of the North.

But cotton factories are not all that are needed. The manufacture of furniture, carriages, hats and paper can be made as profitable here as the manufacture of cotton, and the growing importance and extent of this latter enterprise calls imperatively for many dependent industries which must be established here, which are essential to the full development of the profits to be obtained from the manufacture of the staple.

Lady Beautifiers

Ladies, you cannot make fair skin, rosy cheeks, and sparkling eyes with all the cosmetics of France or beautifiers of the world, while in poor health and nothing will give you such rich blood, good health, strength and beauty as Hop Bitters.

PERSONAL.

Ex-President Davis will deliver the opening address at a meeting of the Southern Historical Society, which will be held in Vicksburg, Miss., May 21.

During the absence of the President, young Arthur runs the White House. The other night he gave a grand dinner in the great dining hall to the Princeton College Glee Club.

The Louisville Courier-Journal charges Senator Logan with "making ancient history sick of its existence" in addition to his repeated crime of "putting dynamite under the country's grammar."

Ex-Gov. St. John, of Kansas, had better stick to lecturing outside his State where they appreciate him. He has added to his exploit of being defeated for Governor of a strong Republican State the achievement of being defeated for mayor in his own city of Leavenworth.

Commander R. A. Newman, who died in England on April 1, aged ninety years, was the last surviving officer of Admiral Strachan's squadron which captured Admiral Dumanoir's French fleet at Ferrol in 1805.

It is probable that Mr. Michael O'Connor, of Galesburg, is not related to the celebrated Charles O'Connor.

Mrs. Domesticity calls at the kitchen furnishing store. "Have you Cook's stewers?" she asks.

The officers were up on Monday before Secretary Chandler and Commander Kellogg, of the Tallapoosa, and no decision had been reached on Monday noon.

An Indian came to an agent in the northern part of Iowa to procure some whiskey for a younger brother, who he said had been bitten by a rattlesnake.

"Four quarts!" repeated the agent, with surprise. "as much as that?" "Yes," replied the Indian, "four quarts; snake very big."

"Golden Medical Discovery" is not only a sovereign remedy for consumption, but also for consumptive night-sweats, bronchitis, coughs, influenza, spitting of blood, weak lungs, shortness of breath, and kindred affections of the throat and chest.

J. W. Gery, Esq., Statesville, N. C. says: "I can recommend Brown's Iron Bitters. I have used it with gratifying results."

It is a curious thing, but when a man slips up he always slips down.

"A celebrated Case." It seems probable that Mr. Michael O'Connor, of Galesburg, is not related to the celebrated Charles O'Connor.

The Secret of the universal success of Brown's Iron Bitters is simply this: It is the best Iron preparation ever made; is compounded on thoroughly scientific, chemical and medicinal principles, and does just what is claimed for it—no more and no less.

By thorough and rapid assimilation with the blood, it reaches every part of the system, healing, purifying and strengthening. Commencing at the foundation it builds up and restores lost health—in no other way can lasting benefit be obtained.

75 Dearborn Ave., Chicago, Nov. 7. I have been a great sufferer from a very weak stomach, heartburn, and dyspepsia in its worst form. Nearly everything I ate gave me distress, and I could eat but little. I have tried everything recommended, have taken the prescriptions of a dozen physicians, but got no relief until I took Brown's Iron Bitters. I feel now as if I were a new man. I am getting much stronger, and feel first-rate. I am a railroad engineer, and now make my trips regularly. I can not say too much in praise of your wonderful medicine. D. C. MACK.

BROWN'S IRON BITTERS does not contain whiskey or alcohol, and will not blacken the teeth, or cause headache and constipation. It will cure dyspepsia, indigestion, heartburn, sleeplessness, dizziness, nervous debility, weakness, &c.

Use only Brown's Iron Bitters made by Brown Chemical Co., Baltimore. Crossed red lines and trade-mark on wrapper.

Fayetteville Observer.

ON THURSDAY, FEBRUARY 8th, 1883,

the undersigned will revive the publication of the FAYETTEVILLE OBSERVER.

The OBSERVER will be a large 25 column weekly newspaper, and will be mailed to subscribers, postage paid, at \$2 per annum, always in advance. It will give the news of the day in as ample form as its space will permit, and will contribute letters from the Capital on State politics and affairs.

Democratic in politics, the OBSERVER will labor, first of all, to assure the prosperity of the Town of Fayetteville, to develop the vast agricultural resources of its own and the neighboring counties, and to promote all that concerns the welfare of the people of North Carolina.

Opposed to such innovations on the homely ways of our fathers as, in the guise of progress, harm society, the OBSERVER will find in full sympathy with the best interests of the community, and will not be deterred by the clamorous condition of the South which sound judgment or enlightened experience find to be also good.

As to the rest: it will strive to deserve the reputation of the name it inherits.
