German barque *Emilie*, Knuth, hence arrived at Granton, Scotland, April 25th.

Norwegian barque *Erragon*, Weber, cleared at Loudon, April 25th, for this port.

Norwegian barque *St. Joseph*, Christiansen, hence, arrived at Stettin, Prussia, April 21st.

It is now said that settled weather need not be expected until the new moon, which is not due until Sunday week.

Clarendon Council, No. 67, A. L. of H., meets this evening. Members will be present either to approve or object to the "Memorial."

The steamer *Way* will lay up at Fayetteville for repairs. She will be thoroughly overhauled and be put in excellent trim for the summer campaign.

It is now feared that the Cornet Concert Club will not furnish the music on Memorial Day, as there are some doubts of being able to get the band together.

The steamer *D. Murchison*, which has been undergoing repairs at Fayetteville for the past week was, to have left for this city to-day, she having been put in thorough order.

A wood-chopper called Billy Pinter, was badly cut up by a splinter. All his hurts, they died. For St. Jacobs Oil healed. And he made a big pile that Winter.

There will be a "Fun at a Boarding School" matinee at 2 p. m., to-morrow, at which the general admission will be 50 cents, children half price. This will be the last matinee of the season. Tickets may be had at the door.

The steamer *A. P. Hurt* made the trip from Fayetteville to this city yesterday in less than 12 hours. She left the top of the hill at Fayetteville at 8 o'clock yesterday morning and was made fast to her wharf here at 7.30 last night.

Col. Jno. D. Powers, of Cameron, Pender county, was in the city yesterday and he says that there was considerable frost in his vicinity yesterday morning and Wednesday morning but that he does not consider the damage sustained by the crops as at all serious.

Schedule Changes.
A change of schedule is to go into effect on Sunday next on the W. & W. and W. C. & A. roads. Trains No. 43 North and 42 South and 43 East and 42 West are to be withdrawn. This is the train that leaves here on the W. & W. road at 5:45 p. m. and arrives at 7:02 a. m., and the corresponding day train on the W. C. & A. R. R. that now leaves here at 7:25 a. m., and arrives at 5:25 p. m. These will be the only changes.

The Proposed Narrow Gauge
It seems now that the proposed railway (narrow gauge) from Charlotte to Georgetown and thence to Richmond is not to touch Wilmington at all but to go by the way of Raleigh. What is to be accomplished by this it is hard to understand. After leaving the coast the road will be striking through a country for which several other roads are now contending. On the contrary there is a country between the Wilmington & Weldon R. R., and the Atlantic ocean that is very prolific and that needs developing and that will therefore pay much better than the other route. But you pay your money and you take your choice and the road is not yet in operation.

"Young Mrs. Winthrop."

Mr. F. C. Cramer, the popular, clever and good looking treasurer of the Madison Square Theatre Company, arrived here this morning from Charleston, S. C., where the troupe appeared last night in "Young Mrs. Winthrop." The play will be presented at the Opera House to-night. He reports that the company have appeared to crowded houses at every place where they have stopped on this trip in the South. This is as might be expected. They have a company of good artists, with an excellent play, and these combined may be tolerably certain of good audiences in this section. But a play without merit presented by a party of "barbarians" in the name of actors, may as well make its will and write its obituary before leaving New York. Its death is certain.

"Our Best Society."

The audience at the Opera House last night was about the same in point of numbers as was present at the preceding lecture. The subject, "Our Best Society," was an ably prepared treatise upon one of the most important matters in our American life, and was delivered with all the eloquent oratory of which Dr. Milburn is eminently the master. The lecture was full of wisdom, profound thought and wholesome advice, such as it would be profitable to study and heed. His counsel to young men and young women was such that, if followed, would certainly lead to a better, truer, more useful, more honorable and holier life. He drew in vivid contrast pictures of what "Our Best Society" should be and the shallow nothingness and pretension with which much of our so-called good society is afflicted. His auditors were profound in their attention; willing captives to his wise teachings and his impressive eloquence. His peroration was a sublime Christian appeal for the true, the beautiful and good, such as we have seldom, if ever, heard.

Dr. Milburn is to remain in the city over Sunday, and will preach in the morning of that day at the Front Street M. E. Church, and at the First Baptist Church at night of the same day.

The Passover.

The Jewish festival known as the Feast of Passover, began last Saturday evening, and is observed during this week. It was instituted by Moses to commemorate the protection of Israel from the touch of the destroying angel, in that fearful night when the first-born of the Egyptians were slain, just before the exodus of the chosen people from the land of its captivity. Originally the festival was observed by sacrificing paschal lambs toward evening on the fourteenth day of Nisan, the first spring month of the Hebrew calendar, and eating thereof the following evening. All the bread was baked without any leavening for eight days, the first and last of which were observed as holy days of obligation. Since the final destruction of the Temple at Jerusalem and the scattering of the Jewish people broadcast over the face of the earth, the sacrifice of the lamb has been omitted from the passover ceremonies, but the unleavened bread has held its own. In orthodox Hebrew congregations the two first and two last days are observed as holy days.

The Freshet.

We have often heard of the freshets in the Upper Cape Fear River but never until yesterday had we the slightest idea of the magnitude of a genuine "fresh." We have traveled the river when there was "comfortable boating water" and have passed bluffs fully fifty feet above low water mark. Yesterday water was running two or three feet deep over these bluffs and the steamer *Hurt* ran over them frequently running around the roofs of houses which were submerged. This was particularly the case at Willis' Creek. The steamer ran around a house which was almost entirely submerged, only a small portion of the roof being visible, and ran some fifty yards up in the public road leading up to the residence of Maj. T. D. Love. It seems rather ridiculous to think that a steamer can be run almost over the tops of houses and that care has to be used to keep from knocking the tops of chimneys down or carrying away the gable end of a roof which when the river is on its good behavior is at least thirty feet above the top of the smoke-stack of a steamer.

Robert Blount, colored, was before the Mayor this morning charged with disorderly conduct, was proved guilty and sentenced to one day's imprisonment in the city prison.

Odd Fellows' Celebration.

The exercises at Odd Fellows' Hall last night were of unusual interest to all who were present. The address of the Rev. Mr. Peschau is spoken of as being a very fine effort, instructive and interesting to the uninitiated as well as to the members of the order. There was some very fine singing under the direction of Mr. W. J. Penny, and Miss Alice Dew, a young miss of about 13 years of age, sang "Then you'll remember me," from Balfe's opera of the Bohemian Girl, with fine taste and effect, playing her own accompaniment on the organ. When the ceremonial exercises were concluded, those present adjourned to Temperance Hall, where a bountiful repast was in waiting for them, and to which they did ample justice. This being accomplished, the tables were quickly cleared and removed, and those who desired indulged in dancing, a pleasure which they kept up until sometime after midnight. It was a very enjoyable and pleasant occasion, with nothing to mar the happiness of the hour.

The Land League.

At a meeting of the Wilmington Branch of the Irish National Land League, held last night, Capt. John Barry in the chair, and Mr. James Corbett, Secretary, the following resolution (a copy of which was last night transmitted by telegraph to the Irish Convention in Philadelphia, was adopted, viz:

Resolved, That we extend our heartfelt sympathies to the convention of Irish societies now in session in the city of Philadelphia, and wish them God-speed in their efforts for the countrymen in Ireland; and trust that wise counsels may prevail with them, in order that those who now live under a thralldom of tyranny may with confidence look forward to the bright days of Liberty's dawn. May the God of the exile and the wanderer from Erin's shores direct them in the path best calculated to benefit our ill-starred Fatherland. We say to them that, though few in number, our hearts pulsate with theirs in every aim for our common object, and we pledge to them our united, cordial and hearty support and sympathy.

The following resolution was also adopted:

Resolved, That we extend to the Irishmen and their descendants throughout the State, a cordial invitation to join with us in furthering the purposes of the Convention now assembled in Philadelphia, in order that we may give an organized support and sympathy to the efforts of those now engaged in aims beneficial to the cause of Ireland's freedom.

Sunset Cox's Visit.

Hon. Wharton J. Green has received a letter from Hon. S. S. Cox which leaves the matter of his coming to North Carolina in considerable doubt. He may be able to pay us a visit in May or he may not. The tone of his letter indicates a strong desire on his part to visit North Carolina which we hope he may be able to gratify at an early day. Col. Green has kindly permitted us to publish an extract from the letter, relative to the proposed visit. Mr. Cox says:

"I'm bothered! I am not prepared just now (owing to matters that cannot well be disregarded—private matters long neglected) to go to North Carolina. I believe I put in some conditions to my going, and am rather embarrassed at our good friend's rather elaborate preparations. I see he wants me to lecture—terms, etc. etc. The only terms I have are the good will and benevolent object and these are an exceeding great reward for the little time it costs. If I can go to North Carolina when I return to New York, as I must tomorrow, I will try and give you time enough to notify your friends, but I don't want to go around too much. I have invitations to Raleigh, to the University of North Carolina, to Lynchburg & Co. and if I start I won't know where to stop. I am in a bloody earnest about coming to see you and your town. Gen. Ransom told me all about your old village and its Christian and honest folks. If I come South again it will be in May, and to you; rely on that, and let the question of reconsideration lie on the table a little while. Your friend, S. S. Cox."

Bellevue Cemetery Company.

The stockholders of Bellevue Cemetery Company held their seventh annual meeting Wednesday night. Capt. E. W. Manning was called to the chair and Mr. J. S. McEachern was secretary.

The Treasurer reported thirty-five interments and seven re-interments, during the year, and also reported an increased sale of lots by the installment plan, besides sales for cash. The Company was reported also to be entirely out of debt, with sufficient funds on hand to meet all immediate demands for improvements.

The following officers were elected for the ensuing year, viz: President—E. W. Manning. Directors—J. D. Bellamy, Jr., John A. Everitt, James Bagley, William Genaust, P. H. Morton, J. C. Borneman.

At a subsequent meeting of the Board of Directors, Mr. James Alderman was elected Vice President and Mr. J. S. McEachern Secretary and Treasurer. Above was prepared for yesterday's issue but in some strange way was omitted.
