Subscribers will report any and all failures to receive their paper regularly.

THE DAILY REVIEW.

VOL. VII. WILMINGTON, N. C. TUESDAY, MAY 15, 1883. NO. 116

with perfect ease and grace. It is said her husband taught her to speak before their marriage, and that their courtship began in that way. She and her sister have been considered among the most beautiful women in Washington since they removed there.

We clip the following from the Goldsboro Messenger, descriptive of the Confederate monument which was unveiled there on Memorial Day:

The monument is of Quincy granite, from the establishment of Goldsboro Bros., in Baltimore. The base is of rock, furnished gratis by the State from the military quarry. The statue is of zinc bronze, and represents a private Confederate soldier, life size. The monument makes a very imposing appearance, and bears the following inscriptions:

IN MEMORY OF THE CONFEDERATE DEAD. 1861-1865. EIGHT HUNDRED REST HERE.

A GENEROUS FOE CONTRIBUTED TO THE ERECTION OF THIS MEMORIAL.

ERECTED UNDER THE AUSPICES OF THE GOLDSBORO RIFLES. MAY 10TH, A. D. 1883.

"On fame's eternal camp ground, Let stern war's a solemn round, The bronze of the dead."

Blackberries were in market to-day.

The receipts of cotton at this port today foot up 42 bales.

The steps to the Temple of Israel are receiving some much needed repairs.

A fine assortment of Guns and Pistols at JACOBI'S Hardware Depot.

The dust which was such an annoyance to everybody yesterday was very effectively laid by the copious showers this morning.

A seamstress who dwells in Nankeen, Mash'd her hand in a sewing machine. The hand was a sight. But St. Jacobs Oil quite cured the cut, and prevented gangrene.

The gold badge to be shot for, in addition to the other prizes to be competed for by the W. L. Infantry, a notice of which we had a few days ago, is on exhibition in Honnet's show window.

On Thursday, the 17th inst., the *Passport* will bring an excursion party up to the city from Smithville. The excursion will be given under the auspices of the ladies connected with the M. E. Church, of that town, and promises to be a pleasant affair.

The Goldsboro Messenger says: Mr. J. I. Macks, a talented young Wilmingtonian, delivered an impressive lecture at the Hebrew Synagogue in this city yesterday evening, choosing for his subject, "Religious Liberty." All who were present speak of his effort in high terms of praise.

Fun Ahead.

The citizens of Burgaw and vicinity contemplate having a picnic at Bourdeaux's mill on Thursday, the 31st inst., where there will be good music, plenty to eat and drink and fun enough to last until fodder pulling time. The mill is about two miles from Burgaw, making it easily accessible from the railroad and it is expected that a large throng of pleasure seekers will be in attendance.

For Pocket Knives or Table Cutlery, go to JACOBI'S Hardware Depot.

City Court.

There were only two cases for the Mayor's consideration this morning, both for violations of the ordinances regarding the sale of vegetables outside of the prescribed limits, as follows:

D. C. Davis for exposing for sale green onions outside of the public market, was required to pay a fine of \$5. He took an appeal to the Criminal Court from the judgment of the Mayor, and was recognized in the sum of \$50 for his appearance at the next term of that tribunal.

E. G. Barnitz, for exposing for sale green turnips outside of the public market, was fined \$35, but he also took an appeal and gave a bond in the sum of \$50 for his appearance at the next term of the Criminal Court.

Magistrate's Court.

Milton Johnson, colored, was arraigned before Justice Gardner this morning charged with stealing two hens from Aleck Morris, also colored. There were a good many witnesses examined but there was not testimony sufficient to justify binding the defendant over, and he was discharged.

The Rev. Dr. Taylor.

The Southern Baptist Convention, which has been in session at Waco, Texas, has concluded its labors and adjourned, but it is not definitely known whether the Rev. Dr. Taylor, who was a delegate from this city, will reach here this week or not. It is thought by some that he will improve the opportunity afforded him and extend his trip into Mexico before returning, in which case he may be absent a week or two longer.

The Excursion.

The steam yacht *Passport* took an excursion party down the river this morning. There was a goodly crowd on board, but no doubt many were deterred from going by the rather threatening appearance of the weather. It was the first excursion party of the season and was given under the auspices of the Independent Order of Rechabites. The boat was advertised to leave at 8:30 o'clock, but it did not get away until precisely 9 o'clock. The Italian harpers were with them, from which we imagine there will be dancing indulged in by some of the party.

The Storm.

At precisely 4 o'clock and 38 minutes this morning a thunder storm broke over this city. Its approach was phenomenally sudden, but when it did strike the peals of thunder and the flashes of lightning were almost incessant, and the rain poured down in torrents. The storm was accompanied with quite a gale of wind, which, however, continued violent but for a short time. The amount of rainfall was 97-100 inches, and the maximum velocity of the wind was 26 miles per hour. Communication is open with Smithville this morning, but the lines are down so that no news can be received from Sloop Point, Fort Macon and other points North of here.

We have not the means of ascertaining how far into the interior the rain extended, but it is to be hoped that it was quite general throughout this entire section, as it was much needed. The good that it has done where it did fall is simply incalculable.

Electric Freaks.

During the shower this morning, and while it was at its height, the lightning struck the main top-gallant mast of the German barque *Richard*, Capt. Paske, lying at the wharf just south of Messrs. Preston Cumming & Co.'s mill, and in descending the mast took out a number of large splinters which were scattered about promiscuously. After capering about at random a little the fluid finally descended a stay, and thence into the water. The amount of damage extended only to making the mast useless and it has been sent down. Another one will soon supply its place.

About the same time one of the butchers in the new market house was sharpening his knife preparatory to cutting a piece of beef, when the steel became seemingly alive, with electric flashes. The butcher parted company with that knife and steel in a hurry, and he concluded that those who wanted beef for breakfast had better wait awhile.

We learn this afternoon that a large tree on Mulberry street was struck by the electric fluid and was badly splintered.

To be Overhauled.

The steamer *Mimchaha* did not make her regular trip to-day, nor will she until she has been taken upon the Marine Railway and completely overhauled, refitted and repaired. After this is completed she will resume her regular trips, the only change being that she will hereafter leave Smithville in the morning instead of in the afternoon, as she has heretofore done. This schedule will be run daily except on Saturday nights, when she will remain here and go to Smithville on Sunday mornings. It is expected that she will be ready to resume her trips in a week or ten days.

Although it rained so violently here this noon—52-100 inches having fallen in the space of 1 hour and 25 minutes—there was but a slight sprinkle at Smithville, so that our friends who went on the excursion this morning suffered no material inconvenience thereby.

First Baptist Church.

The First Baptist Church of this city held its regular annual meeting for the election of officers and the transaction of other business last night. We learn that the report of the condition of the church was the best and most gratifying that has ever been made, showing that it is entirely free from debt, besides having a balance in the treasury. This must be indeed a cause for congratulation, for, if we mistake not, the debt of the church, as exhibited at its annual meeting in 1882, was very near or quite \$5,000, and this has been met within the year by the voluntary contributions of the members.

The officers elected for church and Sunday school purposes, to serve for the year ensuing, were as follows:

Clerk—James W. Collins.
Treasurer—James H. Taylor.
Standing Committee—Owen Fennell, Addison Alderman, S. H. Burt, A. P. Yopp, George Sloan, W. L. Meadows, John D. Woody.

Finance Committee—Jas. C. Stevenson, S. G. Hall, W. I. Gore.
Ushers—W. C. Craft, A. S. Holden, J. L. Brekinridge, Jos. S. Mitchell, S. H. Burt.

Collectors—Jas. W. Collins, William Larkins, A. M. Baldwin, H. C. Evans, Jas. H. Taylor.

SUNDAY SCHOOL.

Superintendent—Wm. A. French.
Assistant Superintendent—Jas. W. Collins.
Secretary and Treasurer—A. M. Baldwin.
Ass't Secretary and Treasurer—A. S. Holden.

Librarian—W. P. Oldham.
Ass't Librarian—E. H. Freeman.
Supervisor of Sexton—B. F. Mitchell.

The celebrated "Fish Brand Gills" Twine is sold only at JACOBI'S Hardware Depot.

Wedding Bells.

Our young friend, H. Dudley Burkimer, leaves here this evening on the C. C. R. R., for Charlotte, at which place he will to-morrow espouse Miss Annie Eloise, youngest daughter of Rev. Dr. Bernheim, a lovely and accomplished young lady. The marriage will take place at 6:30 o'clock P. M., at St. Mark's Lutheran Church, after which the happy couple will go North for a bridal tour. We tender our heartiest congratulations on the auspicious event.

The Hotel Question.

It has been an acknowledged fact here for some time past that the hotel buildings in our city are not as commodious as they should be. This is on account of the want of a suitable building that will afford all of the latest improvements and conveniences for the comfort of guests. This is a matter in which all of our people are interested. There is much of the winter travel from the North that could be intercepted here if there were the proper accommodations offered, as it is a well known fact that there is no more salubrious spot to be found on the entire coast than this. People from the North and the West stopping over here during the Winter would leave much money behind them and this would inure to the benefit of the merchants as well as the hotel-keepers. — Charleston and Augusta are both moving in this direction, and it will not do for Wilmington to lag behind. Private enterprise could easily erect such a building as is demanded, and with the proper management it could be made to pay handsomely on the investment.

To Builders and others—Go to JACOBI'S for Sash, Blinds and Doors, Glass &c. You can get all sizes and at the lowest prices.

Money Lost.

There is a great deal of sympathy expressed for Mr. N. G. Brewer, of the Carolina Central R. R. freight department, for the loss sustained by him yesterday. Mr. Brewer was on his way down town to the Treasurer's office with a bundle of vouchers and the sum of \$145 in money and two checks, when he suddenly discovered, after proceeding a short distance from the depot, that the money and the checks were missing from the pocket where he had placed them. We trust that the missing package may be safely recovered, as it is a loss that Mr. Brewer can ill afford.

Look Before you Leap
A. & I. SHERR are now showing the best line of Mens, Boys' and Childrens' Clothing that has ever been brought to this Market. Here buyers will find it greatly to their interest, to inspect their stock of Spring Clothing before purchasing elsewhere.
