THE DAILY REVIEW.

VOL. VII. WILMINGTON, N. C., FRIDAY, MAY 18, 1883. NO. 119

The Daily Review has the largest bona fide circulation, of any newspaper published, in the city of Wilmington.

Very latest returns show the total population of Greece to be 2,067,000.

There are 14,000,000 gallons of whiskey in bond in the Lexington (Ky.) district.

It is proposed to connect Spain and Cuba by a wire via Bermuda and the Azores.

It is said that Texas will net \$13,500,000 from the increase of her sheep farms this spring.

The first woolen factory in the United States was established in Hartford eighty-seven years ago.

Tallahassee claims a lady resident eighty-three years of age, who never drinks water nor thirsts for it.

It is said that the Empress Eugenie in her palmy days ate an onion at 6 o'clock every morning to preserve her complexion.

Governor Blackburn, of Kentucky, is very strong in his expression of dissatisfaction with the system of convict labor outside the State prison.

Prince Louis Bonaparte, the younger son of Prince Napoleon, has passed a creditable examination at the Sorbonne for the degree of Bachelor of Science.

In time of peace Colt's factory in Hartford is preparing for war. The orders for arms have increased 40 per cent. since January 1, and the employes work twelve hours a day.

Queen Victoria has conferred a baronetcy upon the son of Sir George Jessel, the late Master of the Rolls, in commemoration of the legal eminence and judicial services of his father.

Ex-President Davis has been quite sick. He has had a severe attack of bronchitis but a dispatch from Mrs. Davis, dated at Beauvoir says that he is better and it is hoped out of danger.

The St. Louis Republican says there will be a great exodus thence to Europe this summer. Many persons may go, not to make a tour, but to settle down at some one point with their families.

At Newport, in the Isle of Wight, a marriage recently took place at which the bride was a widow, aged 83, and the bridegroom a bachelor of 80. The bride was given away by her grandson.

English capitalists have bought the Panhandle of Texas, which has an area of 1,500 square miles. The contract has been put out for wire fence 300 miles long to head off the cattle from ranging north.

The Weekly Financial Letter charges that the reports of a deficiency of 90,000,000 to 100,000,000 bushels in the wheat crop appear to have been in some measure the result of a concerted movement to advance wheat at Chicago.

Says the Providence Journal "If this is the 'off year' for apples it is just the time for planting out orchards. For the season of 1882-3 there were shipped from the United States and Canada 365,000 bushels of apples. This amount might be increased by care in cultivation and selection."

Besides 450 detectives, there will be at Moscow during the coronation time a special inner circle of 10 secret police agents, directed by Gen. Techevyrine. They comprise 1 Russian, 3 Italians, 1 Belgian, 1 Dane, 1 Englishman, 1 Frenchman, 1 German, and 1 Swiss, and are selected from their intimate knowledge of the Socialist element in their respective countries.

There were 999 fires in Paris last year, and of these 47 broke out in shops, 38 in places where alcohol and chemicals were stored, and 14 in theatres. With less than fifty exceptions, all the buildings in which the fires occurred were insured, and in more than 700 cases out of the 993 the furniture was insured as well. The total amount of damage done was estimated at rather more than \$1,500,000.

The expenses of our Government foot up nearly \$300,000,000 a year, and yet it is not in the line of Republican policy to cut down expenses, which can only be done by ceasing to run the Government as a partisan political machine and by cutting down the number of useless officials. The wonderful Indian policy costs nearly \$10,000,000 a year, and yet the frontier continues to be the scene of Indian atrocities.

A Mexican lady of rank now visiting the city of St. Louis has hair two and a half yards long. She wears it in two braids, and has a page to carry the ends as he would a train.

Auction at HAHN'S to-morrow morning.

The receipts of cotton at this port today foot up 89 bales.

The cool snap continues and vegetation is suffering in consequence.

The city court room was distressingly dull for news this morning. The people seem to be on their good behavior.

The fine stock of hats at HAHN'S will be sold at auction, regardless of cost, to-morrow morning at 10 o'clock.

The steamer *Bladen* will run regularly to Camp Meeting to-morrow, Sunday and Monday, leaving her wharf in front of Custom-House.

The show advertised in yesterday's REVIEW was recovered last evening not long after the paper appeared on the streets. Who says that it does not pay to advertise?

A boss tailor who lives near Racine, had backache so bad that his spleen, throbbled like a boil, but St. Jacobs Oil cured the pain, which was very keen.

A fine assortment of Guns and Pistols at JACOB'S Hardware Depot.

Exports Foreign.
Not barque *Christine*, Capt. Jensen, cleared to day for Granton, Scotland, with 2,002 barrels rosin, valued at \$4,500, shipped by Messrs. D. R. Murphison & Co.

Positive Bargains.
When such a firm as A. & I. STUBER, the fashionable Clothiers, announce that they are selling positive bargains, their word may be relied upon. Besides an extensive line of Suits in all styles and colors, which they sell at the lowest prices.

Ladies, be in time for the auction at HAHN'S to-morrow.

Beautiful Wool.
Mr. J. B. McMillan, of Sloop Point, sends us a sample of a fleece of wool taken from a sheep in a small flock owned by Mr. H. J. McMillan, of that place. The average yield of the flock was 8 pounds and the sample enclosed to us is 12 inches long and the fleece from which it was taken weighed 11 pounds. How does this compare?

For Pocket Knives or Table Cutlery, go to JACOB'S Hardware Depot.

Camp Meeting.
The annual camp-meeting of St. Stephen's A. M. E. Church, colored, commenced this morning at Gander Hall, about 13 miles below the city. The steamer *Gov. Worth* arrived here yesterday for the purpose of conveying visitors to and from the grounds, and made her first trip this morning. The meeting will, we understand, continue until and including Sunday next and possibly longer. The boat was not overcrowded with passengers this morning.

Severely Injured.
From a friend and subscriber at Long Creek, Mr. W. W. Larkins, we learn of a very distressing accident which occurred some days since at the plantation of Mrs. George, four miles East of Long Creek. Mr. Fred Wood, a young man in Mrs. George's employ, was cutting down a tree when it lodged on another tree and while Mr. Wood was endeavoring to dislodge it fell upon him, breaking his thigh bone and otherwise seriously injuring him. The wounded man was unable to crawl to the house for assistance and therefore lay in the woods all night, wounded and suffering intensely. He was found the next morning and carried home where Dr. Bell furnished the necessary surgical assistance and Mr. Wood, we are pleased to learn, is now in a fair way of recovery.

Silver Plated Spoons and Forks, low prices, at JACOB'S.

The Colored Prophetess.

The mental condition of Bertha Hall, the colored woman who has been confined in the guard house for the past two days, was investigated this morning by Dr. F. W. Potter, the City Physician. It was his opinion that she is insane, but as she had many friends present who seemed anxious that she should not be confined or sent to the asylum, she was surrendered to them, upon their promise to care for her and keep her off the streets.

Removal.

The frame building just South of the National Bank was removed this morning, the site being needed for excavation in laying the foundation of Messrs. Brown and Roddick's new store. It was moved down Front street and stopped in front of the Seamen's Home while preparations were made for its removal to the lot just South of that building, where it is to be placed. The building which stood beside it is also to be moved and will again be placed in a relative position beside it in its new location. Both buildings have been bought by Caps. J. A. Walker, of the Pullman Car Co., and will be nicely fitted up as stores.

All of those elegant leathers and flowers will be sold at HAHN'S to-morrow morning, at 10 o'clock.

Death of Capt. John W. Ellis.

It is with profound sorrow that we announce the death of Capt. John W. Ellis, which occurred at 3.30 p. m. yesterday at his home at Whiteville, Columbus county. His death was entirely unexpected and was a great shock to his many friends. He was about 55 years of age, was a lawyer by profession, with a large practice at the bar of Columbus and the adjoining counties. He was a captain in the Confederate service during the war and has occupied many prominent public positions with credit to himself and to his State and county. His irreproachable character and sterling integrity, combined with the kindly heart of a Christian gentleman, endeared him to all who had the good fortune of his acquaintance. We extend our heartfelt sympathy to his bereaved family in this their hour of deep affliction.

HAHN has sold none of his fine goods at auction as yet. They will be sold to-morrow.

The Hotel Meeting.

There was a meeting of our citizens, who are interested in the erection of a new hotel, at the City Hall last night. Mr. Donald MacRae was Chairman and Mr. William Calder acted as Secretary. In the absence of Mr. B. A. Hallett, who was appointed to that position at a previous meeting. The Chairman stated that the object of the meeting was to ascertain the views of those present as to the best steps to be taken in starting the scheme. Col. J. W. Atkinson made some pertinent remarks to which he suggested that it would be expedient to ascertain the probable cost of a suitable structure and the best means by which the necessary funds could be raised to build and furnish a first-class establishment.

Mayor Hall spoke of the necessity and of the material advantage to the city were such a hotel to be erected, and was confident that the necessary amount of money for the purpose could be secured easily. He was followed by several other gentlemen present in remarks favorable to the scheme.

Dr. A. J. DeRosset offered the following resolution, which was adopted: Resolved, That it is desirable to organize a hotel company with a capital stock of not less than \$150,000; and that a committee of ten be appointed by the chair to solicit subscriptions, with the understanding that they should be binding when the sum of \$100,000 was subscribed.

Upon motion of Mr. R. E. Calder, it was

Resolved, That the value of shares to be subscribed be fixed at twenty-five dollars. After some further discussion the Chairman appointed, in addition to the original committee—consisting of Messrs. G. W. Williams, F. Rheinsteil, A. D. Brown, J. H. Chadbourne, D. F. Worth, D. McRae and Mayor E. D. Hall—the following: Messrs. A. Adrian, Wm. Calder, Pembroke Jones, G. J. Boney and M. Hoyer, the whole to comprise the committee named in Dr. DeRosset's resolution. The meeting then adjourned.

Literary and Social.

The Young Men's Hebrew Association will meet to-night at Germania Hall. Mr. J. B. Aaron is to be the lecturer of the occasion, after which Miss Jacobs, of Salt Lake City, will favor the audience with a recitation. It is said that this young young lady from the "Far West" has oratorical talents of a high order, and that her effort will be one of the most interesting features of the evening's entertainment. After the literary feast will come the social dances in which the young people will indulge in the delights of the dance.

The Banks House on Wrightsville Bench has succumbed. During all of the past winter the sea has been encroaching upon it and working at its foundations and some days ago it tumbled to that racket. It was a house built upon sand.
