

The Pall Mall Gazette says that the Governor-Generalship of Canada, in succession to the Marquis of Lorne, has been offered to the Marquis of Lansdowne, who has accepted it. The same paper further says, the Marquis of Lansdowne will probably sail for Canada in October, to assume the duties of the office.

Such weather as this in the flowery month of May may be said to be not only exceptional but almost unprecedented. Snow five inches deep was reported yesterday at some points in Northern Ohio and frosts in Illinois that have worked great injury to the crops. Even as far South as Georgia the weather has been so cold as to affect the young cotton. In this locality, overcasts and fires have been found comfortable, although it has not been cold enough to do more than retard the young crops.

With one breath the truly pious and truly law-abiding people of the North and West denounce the South because of the acquittal, in Kentucky, of a husband who killed the man who had debauched his wife, and in the next they have nothing but praises for the Chicago thug, Dunn, who a few months ago shot down another man in cold blood, and who has been acquitted amid the plaudits of the press and the people alike. Here is the way the red-handed villain is lauded in the saintly city of Chicago:

Jerry Dunn, the murderer of James Elliott, the prize fighter, has been having a fine time of it since his acquittal. He passes most of his time at two or three downtown resorts, and is surrounded continually by admiring sports and wine drinkers. Among the sporting fraternity he is the biggest man in Chicago, and will so continue to be regarded for some time. He appears on the street occasionally, but always accompanied by some heeler. Many rumors have been circulated at various times since his acquittal that some friend of his victim had killed Dunn on the street. Such a result would surprise no one, but Dunn himself professes to have no fear. There is a general conviction among men not particularly friendly to Dunn that the next time he will have to shoot very quick if still. Dunn is making preparations to attend all the sporting events, as usual, and will go this week to Louisville. He expects to meet a firm reception wherever he goes, and take from here a select crowd of sports who will make the rounds with him.

The New York Sun of yesterday presents a somewhat different account of the affair between the two New York dudes, Gebhard and Sandford, than that published on Monday. It says:

Several versions of the encounter between Mr. Frederic Gebhard and Mr. William C. Sandford agree in material points. They relate that Mr. Sandford and a friend sat at a table near Mr. Gebhard's in the cafe late on Saturday night. They finished supper before he did and rose to go out.

"What shall we do now?" Mr. Sandford's friend asked.

"Make some calls," said Mr. Sandford. He knew Mr. Gebhard perfectly well by sight, and added: "Go and see Mrs. Langtry, perhaps."

Mr. Gebhard started up and demanded: "What do you mean by speaking of Mrs. Langtry in that manner?" "What business is it of yours?" retorted Mr. Sandford.

There is no rest for the doctors (such weather as this).

The receipts of cotton at this port today foot up 4 bales.

A fine assortment of Guns and Pistols at JACOB'S Hardware Depot.

Six dozen for a dollar is the price asked for eggs at the grocery stores.

No trouble to take babies' pictures by the new instantaneous method. Yates gallery.

Strawberries were retailing this morning at 5 cents a quart. Cheap enough.

The farmers say that they are needing rain now on the crops as well as warmer weather.

The New York Herald and World both published yesterday pictorial views of the East River bridge.

Steamship Regulator, Capt. Doane, from New York, arrived at her wharf in this city this morning.

Capt. Jno. T. Patrick, State Immigration Agent, is in the city today and registered at the Purcell House.

Major T. D. Love, of Bladen county, who has been at the seaside for a few days, was in the city today on the return homeward.

The truss work for the iron roof of the new machine shops at the W. & W. Railroad is being placed in position and the roof will soon be in readiness for slating.

Dr. W. H. Green did not leave yesterday for Charlotte, for attendance on the Episcopal Convention, as announced by us that he would. He is unable to leave the city this week.

The "cold wave" which was announced as approaching from the Northwest, arrived in due season, and was all that it was represented to be. It is doubtful if the stock of Spring clothing and Spring millinery will diminish materially during the day.

Steamboatmen report this morning that the river is getting disagreeably low, and that in crossing the shoals yesterday the boats rubbed on the bottom. It was falling perceptibly, and the use of lighters will become necessary unless there should be a change for the better with a few days.

An advertisement relative to the excursion train to be run next week, from Shelby to Wilmington, appears in this issue. We hope to see a great many of our country cousins in on that train, a hope for the fulfillment of which the indications are at this time very flattering.

### City Court.

Charles Clarke was brought before Mayor Hall this morning charged with disorderly conduct. The charge was proved and he was required to pay a fine of \$5 or go below for 20 days.

Charles Madison, charged with the same offense, was discharged.

### Magistrate's Court.

Niek Baker, colored, was arraigned before Justice Millis this morning charged with an assault and battery on Hannah Lane, also colored. The defendant was found guilty, but judgment was suspended upon the payment of costs.

He was then arrested on a peace warrant sworn out by the same party, but the case was dismissed at the cost of the prosecutrix.

### Personal.

Rev. L. S. Burkhead, D. D., of the M. E. Church, South, arrived in the city last night, and was the guest of Rev. Frank H. Wood. He, with the clergymen and delegates from this city, left this afternoon for Whiteville, Columbus county, to attend the District Conference which convenes in that town at 10 o'clock to-morrow morning.

Rev. T. Page Ricand, of the Fifth Street M. E. Church, is to preach the introductory sermon before the Conference at Whiteville to-morrow. His subject will be "The Age and the Man." Rev. W. S. Black and wife are expected to arrive in the city to-night en route for the Conference at Whiteville.

### Slight Fire.

The alarm of fire was sounded a few minutes before noon today. It was caused by a fire in the ceiling of a frame dwelling situated on the bank of the railroad, near the Sixth street bridge, and occupied by a colored woman named Sally Taylor. The fire department turned out promptly, but the flames were extinguished by Brooklyn Engine Company, No. 4, before the steamers reached the scene. The damage was very slight. It is not known positively whether the fire originated from a spark from a passing engine or from the chimney of the house.

### An Afflicted Family.

Mr. John Barber, formerly of this city, died at Point Caswell, Pender county, at 10 o'clock on Saturday night last, of meningitis, and his remains were brought to this city on Sunday for interment. He was about 36 years of age, an industrious and good citizen, and leaves a widow and six children to mourn his loss. He was the last surviving son of Mr. D. D. Barber, of this city, who has been most severely afflicted, having lost his other son by death about three weeks ago, and quite recently his mother, making three deaths in his family within the last six weeks.

To Builders and others—Go to JACOBI'S for Sash, Blinds and Doors, Glass &c. You can get all sizes and at the lowest prices.

### Three at a Birth.

We learn from Dr. F. W. Potter, Superintendent of Health, of the fact that a day or two since a colored woman by the name of Eliza Rhodes, living two miles from the city, on the old Masonboro road, gave birth to triplets. The three children were all boys and all well-developed but two of the three died last night. The third is living and is a hearty, healthy-looking child. It is likely that all would have lived had they had very careful medical treatment in time.

Dr. Potter recalls to our mind a very singular circumstance which occurred near the city just previous to the war. A colored woman living on the place of Mr. Henry Martindale, a few miles below the city, bore, at one birth, two children, one of which was a mulatto and the other coal black, thus signifying that these two children, although twins in birth, yet had different fathers. This was wonderful, but it was nevertheless a fact which was well attested at the time.

### The Military Festival.

The Festival which has been conducted by the Wilmington Light Infantry closed last night after two very successful evenings. There was a good attendance on each occasion, and the profits realized will, we trust, be found satisfactory.

At the close of the Festival the following report was made by a committee appointed for the purpose, consisting of Messrs. O. P. Meares, Jr., H. H. Watters and M. S. Willard: To Capt. Cantwell and Members of the Wilmington Light Infantry:

SIRS—Your committee, appointed to draft resolutions of thanks to the generous public and to the ladies for the kindly interest and assistance rendered to the company at their Military Fair, desire to report the following resolutions:

Inasmuch as the Military Fair of the W. L. I., held for the benefit of this long-honored and well-esteemed company, was largely dependent upon and due to the generosity of an ever-willing public, and to the good services of the ladies, who so gladly and willingly interested themselves and assisted in its success, we herewith, most respectfully, return our thanks and appreciation to our friends, as follows:

1st. To a responsive public we gratefully tender our thanks for their prompt attention and aid, and certainly appreciate their liberality.

2nd. To the ladies, who conducted and who assisted in the Fair, the committee are at a loss to express their thankfulness and gladness for the appreciation and pleasure they took in the success of this Fair. To each and all, we say, the company will not soon forget their successful efforts.

We desire, furthermore, to say, that the company appreciate the many and deserved compliments paid upon their drill and department.

If you want a pleasing picture of yourself or friend go to the Yates Gallery.

### The Phosphate Finds.

Dr. Thos. T. Wood has received a letter from Prof. Dabney in which that gentleman says that in the examination of the phosphates found near Wilmington the work warns upon him as he proceeds in it and that the specimens seem the more valuable the more closely he examines them. We hope that the beds may realize anticipations.

### Commencement at Horner's.

Thanks to Mr. H. H. Ransom for an invitation to attend the Commencement Exercises at the Horner School, May 23rd and 29th. The Medalists are: Messrs H. H. Ransom, debator; W. A. Phillips, orator, and W. A. Roade, essayist. The Marshals are Messrs W. W. Simms, E. C. Cohen, F. B. Satterthwaite, Robt. W. Winborne, Jr., and W. McK. Gulick.

### Signor Bosco.

The attendance at the Opera House last night was quite large and the performance fully equal to the average. In the distribution of prizes, Mr. White drew the barrel of flour, Miss Lou King the lounge and a colored man whose name we did not learn drew a silver cake basket. The principal prizes tonight will consist of a ladies' hunting case gold watch, a silver watch, and a silver plated ice pitcher.

## NEW ADVERTISEMENTS.

### The St. Stephen's A. M. E. Church

CAMP-MEETING, at GANDER HALL, sixteen miles below Wilmington, which commenced on Friday, the 12th Inst., and closed Monday, the 15th, was a success, both spiritually and temporally. Ministers officiating: Rev. Cornelius Sampson, Presiding Elder of the District; Rev. J. G. Fry, ex-Pastor of St. Stephen's A. M. E. Church; E. D. Roberts, Edward Robinson, George Hunter, John Hooper, of St. Luke's Church; D. Cornell, of Trinity M. E. Church, and others of the different denominations of the city—their labors resulting in the conversion of seventy-eight souls. The number in attendance is estimated at three thousand.

Too much cannot be said in praise relative to the good management of Capt. Albert Worth, commanding the safe and commodious Steamer Governor Worth, on Monday afternoon, when the Steamer was taking on her last cargo of human freight, the wind was strong and the waves running high. The Captain succeeded in getting all on board and landing them safe in Wilmington without an accident, for which we return our heartfelt thanks. Signed in behalf of Committee.
