

THIS PAPER published every evening, Sundays excepted by JOSH T. JAMES, EDITOR AND PROPRIETOR.

THE DAILY REVIEW.

WILMINGTON, N. C., MONDAY, JUNE 4, 1883. NO. 133 VOL. VII.

PLEASE NOTICE. We will be glad to receive communications from our friends on any and all subjects of general interest but the name of the writer must always be furnished to the Editor.

The Daily Review has the largest bona fide circulation of any newspaper published in the city of Wilmington.

An alleged interview with the spirit of Garfield announces that Mexico will be peacefully annexed to the United States in 1893.

Mr. Matthew Arnold drinks wine, not because he finds it indispensable, but because it seems to him "to add to the agreeableness of life."

It is said that the Stars and Stripes have never floated from Mount Vernon since Washington died, and the ladies of the association are going to have a formal flag raising.

Mrs. Southworth, the writer, having completed a ten years' engagement with Mr. Bonner's story paper, has made another ten-years' contract with the same publisher.

In the recent sale at Bangs', in New York, the most valuable specimen sold was a silver dollar of 1804, which brought \$710. It was a well-preserved coin and was pronounced genuine by experts.

Ex-Assistant Secretary Upton of the Treasury Department says that when the new civil service law has been in force less than a year, "Congressmen, government officials and everybody else, in fact, will wonder how we got along under the old system."

The New Orleans Picayune is hostile to the American system of railways designed to penetrate and develop Mexico. It thinks Gould will double his wealth and Grant get rich enough to buy a third term, if he wants it.

The Augustus Chronicle thinks that "it would be marvellous if North Carolina should 'flake' just as Virginia is about to redeem herself. We cannot believe such a thing possible."

More than six months ago the REVIEW called attention to the fact that Hon. A. S. Hewitt was a growing factor in the Presidential race, and we expressed the opinion that he stood an excellent chance of receiving the nomination, and now, the Charlotte Journal-Observer and the Raleigh News-Observer both speak a good word for him as the possible Presidential nominee.

He would sweep New York almost as clean as Cleveland—and he would carry every Northern State that was not ingrained in its radicalism.

CLINTON, N. C., ATTORNEY AND Counselor at Law. Will practice in any part of the State. Special attention given to the collection of claims.

LOCAL NEWS.

INDEX TO NEW ADVERTISEMENTS. E VASLAER—For Sale. YATES—Flooding the Town. MUNDS BROS—Refined Camphor. KNIGHTS OF HONOR—Regular Meeting. HEINSBERGER—McTammany Organettes. KEACHNER & CALDER BROS—Groceries. W H GREEN—Soda Water—Mineral Water. T M EMERSON, G P A—Excursion Tickets. F L BRIDGERS & Co—Summer Beverages. First Colored Baptist Church—\$1,875 Needed.

We hear talk of its being hot to-day. Silver Plated Spoons and Forks, low prices, at JACOBI'S. The receipts of cotton at this port to-day foot up 68 bales.

The Passport took down a large colored excursion this morning. Mosquitoes have not had a very successful reign thus far this season. The dust was pretty thoroughly washed from our streets on Saturday. The storm signal was displayed yesterday and last night but nothing came of it.

Eggs are getting up towards those figures which make them expensive as articles of food. Berries of all kinds are abundant in this market, excellent in quality and are offered at reasonable rates. Corn and other vegetables in this vicinity, received serious injury from the storm of Saturday, some of which it is feared is beyond recovery. Fine Photographs in all sizes and styles at 119 Market st. Lardner, Photographer.

Knights of Honor. Carolina Lodge No. 434. Regular meeting this evening at 8 o'clock. Full attendance desired. Messrs Thomas Evans and Wm A. Willson, of this city, have been recently appointed notaries public, the former being a reappointment. Police officer Howland, we are glad to state, continues to improve, and if there is no renewal of the attack, will probably be on duty again in a few days. It is seldom that the markets in Wilmington have been poorer than during the past week. Good beef, indifferent beef and bad beef are alike scarce. The Spinster's Club had their picnic at Wrightsville Sound on Saturday.—There was not much rain there then and in the afternoon it was clear enough to go out upon the water. Scott Howey, colored, drunk, was the only case before the Mayor this morning. A fine of \$3 was imposed for the offense which was paid and Howey discharged. We are happy to state that the condition of ex-policeman Watkins has very much improved within the last 24 hours and hopes of his recovery have become much stronger. New Hanover Superior Court, Judge A. A. McKay presiding, convened at the Court House this morning. There are 124 cases on the civil docket and 32 cases on the summons docket. The lighter Modoc, which has been moored on the opposite side of the river for several months, was sunk during the storm of Saturday and now rests upon the bottom with her gunwale just above water. We understand that Mr. R. S. Love has taken charge of the Rock Spring Hotel, on Chestnut street, near Water, and will hereafter run it. Mr. Lee, the former proprietor, has removed to his plantation, in Bladen county.

Convalescent. We are glad to learn that Mr. J. W. Taylor, who received quite severe injuries at his mill a few days ago, in consequence of the breaking of a band, is convalescent and in a fair way for a speedy and complete recovery.

Will it Be? The wish is almost universal that the Musicale of Friday night last be repeated. We hope that it may be, and that a house packed, jammed and thronged may show a Wilmington appreciation of the first-rate Wilmington musical talent.

In Distress. Steamship America, Capt. Mills, of this port, bound from New York to Baracoa, W. I., put in here to-day, disabled, her machinery being out of order. It is expected that the necessary repairs will be completed in a couple of days, as the damage is but slight, when she will proceed on her voyage. She is owned by Mr. A. Y. Wilson, of this city.

The Railroad Case.

The case of Mrs. Virginia B. Matthews, of New York, vs the Carolina Central is to be argued in Raleigh this week before Judges Bond and Seymour and, possibly Chief Justice Waite. Hons. George Davis, D. K. McRae and D. L. Russell, and Maj. C. M. Stedman of this city and Judge Dillon, of New York, accompanied by Mr. Matthews, are now in Raleigh in attendance on this case.

To Rusticate. Mr. Wilkin Roddick, we regret to say, is in quite poor health, owing mainly to his constant and earnest devotion to business. He will leave here on Saturday next for a trip to Saratoga, in hopes that he may be benefited thereby, and it is possible that he may cross the ocean to Scotland before he returns. We hope that his journey may prove beneficial, and wish for him a pleasant time, a complete recovery of health and a speedy return.

Magazine of History. We have received the June number of the Magazine of American History, which we consider one of the most valuable publications of its kind in the country. The topics treated are of the highest importance and are prepared with consummate care and ability. The present number contains valuable historical contributions from the pens of Mrs. Martha J. Lamb, the editor, Dr. Theodore F. Dwight, George Cary Eggleston, Dr. David Murray, Hon. George Bancroft, Alexander Brown and others.

Prof. Hobbs. We are sorry to hear that Prof. Hobbs talks of leaving Wilmington and casting in his fortunes with strangers. He is not only an accomplished musician, as all those who testify who have ever heard him, but a gentleman who has employed him to teach his children tells us that he is one of the best teachers he has ever seen, being very successful with the children. We hope that the Professor may decide to remain with us and continue to teach the young idea how to shoot the fiddle bow.

The celebrated "Fish Brand Gills" Twine is sold only at JACOBI'S Hardware Depot.

Stop it Now. A gentleman who has been struggling for the past two months to raise a few flowers in his front yard awoke this morning to find that somebody's cow had gotten in his yard during the night and had eaten the entire crop of trailing vines and most of the flowers. He now thinks that somebody will wake up some fine morning to find that a cow had been shot the night before. Our citizens should have some protection from the ravishing of cattle and we think if the authorities would put out a night force of sufficient number to find and drive all cattle found running at large to the pound the evil might be remedied to a great extent. Fun ahead, everybody invited to call and guess on an article at the Yates Gallery. Prize offered.

The Storm. The rainfall of Saturday's storm amounted to 5.22 inches, the greatest amount recorded in the same length of time since the establishment of the signal service here. The maximum velocity of wind was 33 miles from the North. The storm seems to have been central here, as it was much more severe in the immediate vicinity than at Smithville, while at Charleston, S. C., there were only light showers with moderate breezes. North of us, on the line of the W. & W. Railroad, the storm was quite severe, but not so long in duration as it was here. We have heard of no disasters to shipping, and no serious damage to other property outside of the city. Here some fences were blown down, branches of trees twisted off and growing vegetables beat to the earth and much injured. The kitchen attached to the residence of Mr. E. E. Burruss, on Third street, was undermined at one end and considerable damage done. This, with the injuries to other property reported in our Saturday's issue, embraces the main amount of the havoc created by the storm. We have been told that on the afternoon of that day ladies went boat riding at the Sound, and from our own experience we are confident that the same exercise might have been indulged in on Market street.

Messrs. A. & I. SMYHER have received, per express, a large lot of Children's Blouse Suits made up very handsomely in different shades, which they will sell at astonishingly low prices. Call early and procure a suit for the boys.

An Appeal.

Ladies of Wilmington: The annual meeting of the Ladies' Memorial Association, which was called for Monday last, May 30th, and was unavoidably postponed, will take place on Monday next June 6th. Nothing tender the heart and opens the gushing fountain of life, more than the exercise of gratitude. Like the gentle showers of spring that cause the tiny seeds to burst into life—so do the tears of gratitude awaken sensations of intense pleasure in the human heart. Who would not smooth a rough path, or wipe away a tear from a suffering fellow-being whom we may meet in life's journey? A pleasure is derived in the enjoyment of thus ministering to sorrow, or alienating pain in the knowledge of the happiness given, which is enjoyed by the one whose kind heart is sympathizing tear. How much nobler the feeling that prompts one to render services of love—"in memoriam" of those whose lips, now silent, lie perishing in the grave—whose eyes, closed and shut out from the light of day—can no longer speak the grateful thanks, or smile back in tearful sympathy! Ladies, it is for this work that our Association is in existence. That the graves of our dead heroes may be kept always green, and that once a year we may make our pilgrimage to that sweet spot where in dreamless sleep they lie—"awaiting the great reveille!" This is our work, dear daughters of the Cape Fear; Why will you hold yourselves aloof? Gratitude to their God and yours require that you render this small tribute of love to the memory of those who sacrificed home and life! The following questions have frequently been presented to members of the Association: What is the object of the Association at the present time? What work is there to do, and what do you want with money? We answer this. It is true the dead are buried; their graves are green, and by a wise and generous provision will be kept green perpetually; a proud, but solemn monument rears its imposing form, and keeps quiet watch over the dead. As for work there is none, save the labor which springs from love and deep gratitude name-y, placing in the small stone marked with the name and rank at the feet of each deceased Confederate, the care of the lot, and the yearly pilgrimage with burdens of flowers to this loved Mecca of ours; in short, to keep them ever in affectionate remembrance. Were the Association to disband, and the work of decoration left to any, or every one, it would soon cease altogether. What is every one's work, is nobody's? Ladies, if you do not feel disposed to join our little band, send us your contributions. Only 50 cents per year for membership, or 5 cents per month. It is not enough to deprive you of the smallest luxury, scarcely a comfort, but is a fee which reach of all. Surely you can within reach of all. Surely you can and will give us your aid and love sympathetically. The opportunity lies before you. The Association meet on Wednesday next. Will you come into our midst, and be one of us, or will you resolutely keep aloof? O woman! Self forgetting woman, will you in your pride, your usefulness, your pleasure, turn your backs upon the past with its young records of sorrow and suffering? Is it womanly to forget when the warrior's spirit has passed on before you, and the warrior's grave demands your loving care? Nay, plant it with laurels, sprinkle it with lilies, and bind upon your own bosoms with hallowed tears the pansy and forget-me-not, fitting emblems of grateful love! Thus may you pass through life with better thoughts and higher aims, winning for yourselves the beautiful encomium "She hath done what she could!" God bless a loving, generous woman!

A fine assortment of Guns and Pistols at JACOBI'S Hardware Depot.

County Commissioners. The Board of Commissioners of New Hanover county met in regular session at half past 2 o'clock this afternoon. Present H. A. Bags, Chairman, and Commissioners B. G. Worth, Roger Moore, James A. Montgomery and E. L. Pearce. Minutes of last meeting read and ordered approved. Treasurer submitted his report for the month of May: General Fund showing a balance on hand of \$15,991.48. Educational fund showing balance of hand of \$11,929.71. Register of Deeds submitted his report for the month of May of fees received for marriage licences, and exhibited the Treasurer's receipt for \$17.10, paid over.

Ordered that a public road be laid out according to law, leading from the landing on Middle Sound, known as Oak Landing, in Page's creek, to some convenient point on a public road leading to the city of Wilmington. Provided, that the owners of the lands over which said road shall pass, will grant the right of way free of all charges to the county. Provided, further, that the parties desiring the opening of said road shall, before the road shall be laid out, pay into the hands of the Sheriff of New Hanover county a sum of money sufficient to pay all costs and charges in the premises, including the sheriff's costs, fees for jurors, &c. Application of C. F. Mebane for rec.

mission on the county portion of the tax was ordered granted. On the petition of W. P. Canaday to be relieved of double tax and penalty, it was ordered that he be relieved of the double tax but not of the penalty.

Exports Foreign. Ger. barque Erntrecht, Capt. Musvieck, cleared to-day for Settin, Germany, with 3,900 barrels rosin, valued at \$5,975, shipped by Messrs E. Peschau & Westermann.

Appealing for Aid. Rev. A. M. Conway, Pastor of the First Baptist Church (colored) in this city, will leave here this week for other points and will perhaps go as far as New York, soliciting aid for some necessary alterations and repairs for his church, which we trust he may be successful in obtaining. An appeal, accompanied by an estimate from an architect for the repairs needed, will be found in the advertising columns of this issue.

In Brunswick. We are sorry to hear that Saturday's storm worked serious disaster in Brunswick county. Sheriff Taylor writes us that the wind was most terrific; trees were blown down and uprooted and fences were scattered in every direction. The corn and cotton being small was not damaged much but oats were blown flat and not more than half a crop of these will be saved. The Sheriff warns us in his note that this is but the beginning of the disasters and backsets the farmers will have to encounter this year.

One dozen finely finished Cabinet-Photos or one large \$5 picture given to the best guesser—Yates' Gallery. It.
