

THIS PAPER published every evening, Sundays excepted by JOSH T. JAMES, EDITOR AND PROPRIETOR. SUBSCRIPTIONS POSTAGE PAID: One year \$4.00, Six months, \$2.00. Three months, \$1.00. One month, 35 cents. The paper will be delivered by carriers free of charge, in any part of the city, at the above rates, or 10 cents per week. Advertising rates low and liberal. Subscribers will report any and all failures to receive their paper regularly.

# THE DAILY REVIEW.

VOL. VII. WILMINGTON, N. C., TUESDAY, JUNE 5, 1883. NO. 134

**Capt. Harper** is having a water tank erected at the steamer landing at Smithville, the water for which is to be brought by wind mill power from a spring near by. The object is to supply the steamers *Passport* and *Italian* with fresh water.

We noticed yesterday the fact that Messrs. Thomas Evans and Wm. A. Willson, of this city, had been appointed Notaries public by Gov. Jarvis. They were both reappointments, Mr. Willson having held the office here since he was appointed by Gov. Holden.

Distinguished men of all professions in the South give unstinted praise to Dr. Worthington's Cholera and Diarrhoea Medicine. U. S. Senator Ransom endorses it.

**The River.** Steamboatmen are happy. They report a rise of about five feet in the Cape Fear since Saturday's storm, which gives them sufficient water for boating purposes.

**Unmailables.** The following is a list of the unmailable postal matter remaining in the Postoffice in this city: J. O. Herring, Long Bluff, N. C.; government stamped envelope with no address; Frank Gadny, care W. T. Rivatts.

**The Sound.** The travel to the Sound is now quite large, though probably not so large as it will be a few weeks hence. The demand upon livery stable keepers for horses and carriages is quite large and is constantly increased. Parties who were down there yesterday report that there was a large crowd present, and that old ocean presented a grand appearance.

**Disinfectants.** There is a constant demand at the City Hall for disinfectants, where they can be obtained free of cost. An ounce of preventive is worth a pound of cure, and we trust that the premises of every one will be kept thoroughly disinfected, especially during the hot season which is now fully upon us. By using this precaution much sickness and possibly an epidemic may be prevented.

**Summer Resorts.** Capt. T. M. Emerson, General Passenger Agent of the Atlantic Coast Line, gives notice in this issue that regular Summer excursion tickets may be had now at all coupon offices to the various resorts in North Carolina and Virginia, good to return until November 1st. Also round trip tickets to New York and return may be had at \$30 each, which is at reduced rates. All of the facilities for comfortable travel will be found on this line and its connections.

**Our Opinion.** Notwithstanding what has been said by the State press regarding the several beautiful cities and towns in North Carolina, we very much doubt if there is one within the borders of the Commonwealth that can boast so many real lovely attractions as our own city of Wilmington. In saying this much we do not intend to detract one particle from the many beauties of other places for we know that there are many places possessing real loveliness, especially at this season of the year, when all Nature is robed in beauty.

**City Court.** Dorcas Frank and Mary Williams, both colored, and judging from their own statements, two of the most disreputable of the denizens of Paddy's Hollow, were brought before Mayor Hall this morning charged with disorderly conduct, which being interpreted by the evidence, means that one was drunk and the other drunker and fighting. In the case of Dorcas a fine of \$3 was imposed or 20 days in the city prison, while Mary was fined \$5, with the alternative of 30 days in the city prison. They both went below.

**Another Picnic.** We hear it whispered that there is to be another picnic in the vicinity of Burgaw in the course of a few weeks which, it is expected, will be a grand affair. That held at Burdeaux' mill on the 31st ult. was such a decided success and was so highly appreciated that another seems to be demanded. The next will probably be held in the immediate vicinity of Burgaw, so that those who wish to attend by means of the railroad will have no trouble in getting to the grounds from the train. We have no doubt that it will be a good one, when it does come off, for the people of Pender fully understand how to get up and manage such festive occasions. We are going to try to be "thar."

**Board of Aldermen.** The Board met in regular monthly session yesterday afternoon. Committee on Streets and Wharves asked for further time on grading Third street, and on repairing Water street from Dock to Mulberry; and reported progress on opening dock foot of Davis street and the improvement of Parsley street.

Further time was granted the Committee on macadamizing Market street. Committee on Fire Department reported, recommending that a suitable house be provided for the Columbia Fire Company as soon as practicable, in accordance with their petition. Adopted.

Sanitary Committee asked for further time on the resolution in regard to Cart Houses. Committee on City Pound reported that the resolution in regard to the same had been carried out.

Sanitary Committee reported favorably on the petition of certain citizens for a sewer in the alley south of Market and between Front and Water streets. Adopted.

Committee on Markets and Fees, to whom was referred a petition from a large number of citizens of the Third and Fifth Wards, asking that public markets be established in their respective Wards, reported the following resolution, which was adopted:

*Resolved*, That the petitions be granted, the Board of Audit and Finance concurring, and that the committee on Markets and Fees be authorized to get up estimates as to cost, etc., and report at the next regular meeting of this Board.

The Finance Committee reported that the matter of the claim of George Harris & Co. had been settled.

Committee on the matter of the Ninth Street Engine House asked for further time. The special committee on the opening of the dock at the foot of Chestnut street reported that they had had a joint meeting with the Board of Navigation, and that the said board would not agree to the opening of the said dock, on the ground that in their opinion it would injure the navigation of the river. The committee could not agree with the board, and recommended that the dock be reopened, with the approval of the Board of Audit and Finance; proper safeguards being erected to prevent sand and trash being carried into the dock.

Alderman DeRosset offered the following: *Resolved*, That it be referred to the Committee on Ordinances to prepare and report to the next meeting of this Board an ordinance prohibiting the occupation of any portion of the open docks of the city by any flat boat.

Alderman Fishblate moved to amend Article 26, page 9, General Ordinances, to read two dollars instead of three dollars per month, the Board of Audit and Finance concurring.

Alderman DeRosset offered the following resolution, which was adopted: *Resolved*, That the committee on Finance be empowered to appoint a suitable person to take the tax lists of the city, and to record the real estate listed in the Block Book provided for the purpose, under the provisions of the tax ordinance; and, with the concurrence of the Board of Audit and Finance, to fix the compensation for the same.

Alderman Fishblate offered an amendment to section 17 of Article 4, page 163, General Ordinances, by striking out all after the word "within" in second line and adding "the city limits." Adopted.

*Resolved*, That the Ordinance Committee be empowered to codify the ordinances of the city as soon as possible for publication, including such amendments as they consider desirable.

Alderman Chadbourne offered an ordinance to the effect that any person or persons having to sell beer, cider, wine or spirituous liquors, who shall open his or their shops on Sunday, shall be liable to a fine of twenty dollars; one half to go to the informer, for each and every offence, and any person, except the proprietor or his clerk, seen entering or coming out of said shops, it shall be held prima facie evidence of the offence.

Section 2nd provides that any policeman who shall see any person except the proprietor or his clerks going into or coming out of any bar-room or shop on Sunday and fail to report the same, shall be fined five dollars for the first offence, and be discharged for the second.

Alderman Chadbourne offered the following, which was adopted: *Resolved*, That the city Tax Collector be required at every regular meeting to read the list of all license tax-payers one month or more in arrears; and this shall be considered as unfinished business. The Tax Collector shall also be required to show cause in each case of such delinquency, why the ordinance in

regard to license taxes has not been enforced.

The petition of citizens, for the improvement of Nixon street, was referred to the committee on Streets and Wharves.

The report of the committee on Rates of Wharfage was approved and ordered printed for distribution. Ordered that a gas lamp be placed on the corner of Front street and Potts' alley.

The Board went into an election of a Board of Navigation and Pilotage, with the following result: J. H. Chadbourne, Don MacRae, James Sprunt, D. G. Worth, R. E. Heide.

Alderman Fishblate moved that the office of Standard Keeper be declared vacant; lost.

Alderman Fishblate moved that the Board of Audit and Finance be requested not to purchase weights and measures.

Alderman Dudley moved to lay the motion on the table. Lost.

The motion of Alderman Fishblate was put and lost.

Alderman Guyer moved that the Market House be kept open from sunrise to sunset. Referred to committee on Markets and Fees.

The Board then adjourned.

Wanted; everybody to guess, how many beans a jar contains; prize offered for the best guesser. Yates Gallery. It

**Exports Foreign.** Nor. brig *Norge*, Capt. Olsen, cleared to-day for Liverpool with 3,200 barrels tar, valued at \$6,400, shipped by Messrs. Paterson Downing & Co. Sch. *George K. Hatch*, Capt. Hardenbrook, cleared for Georgetown, Demarara, with 261,922 feet lumber, valued at \$3,800, shipped by Messrs. Colville & Campbell.

A fine assortment of Guns and Pistols at JACOBI'S Hardware Depot.

**Historical and Scientific.** At the regular annual meeting of the Historical and Scientific Society of Wilmington, N. C., held yesterday evening, the following were elected officers for the ensuing year, viz:

President—James G. Burr. Vice President—Rev. A. A. Watson. Secretary and Treasurer.—S. A. Story. Corresponding Secretary—Rev. F. W. E. Peschau. Curator—D. Cashwell. Standing Committee on Donations—Rev. F. W. E. Peschau, W. B. McKay, J. D. Bellamy, Jr.

**Fruits and Berries.** There are quite a number of cases of sickness in the city which have been superinduced by imprudent indulgence in the luxury of fresh fruits and vegetables. None of the cases, however, are considered serious, but people cannot be too careful about what they eat at this season of the year, and especially should great caution be used in feeding children, whose stomachs are not able to properly digest food. Fruits, berries and vegetables are undoubtedly healthy and, we think, necessary at this season of the year, but they should be given at first in small quantities in order that the stomach may not be taxed too much.

Portraits from locket to life size. J. F. Lardner, photographer, 119 Market street.

**Telegraph Poles.** On the track at the W. C. & A. freight depot this morning we noticed seven platform cars loaded with jumper telegraph poles for the Western Union Telegraph Co. They were cut on the line of the Raleigh & Augusta railroad, about 25 miles beyond Hamlet, and were brought down last night. We were informed by Mr. W. J. Kirkham, superintendent of the wires on the W. & W. Railroad, that these poles were the first installment of about 3,000 which are to be placed on the line between here and Goldsboro, and that another train loaded with poles would arrive here to night. It takes 30 poles to a mile, and the distance between here and Goldsboro being 84 miles, there will be (to be accurate in the matter) need for 2,520 poles. Those we saw were good, substantial looking sticks, and they are, we were informed, about an average of the entire lot. It is reported that when the line is supplied with these new poles a couple of additional wires will be put on the line for the speedy and efficient performance of the work of the company.

The celebrated 'Fish Brand Gills' Twine is sold only at JACOBI'S Hardware Depot.

**A Fight.** There was quite a little scrimmage this afternoon on Water, between Market and Dock streets, in which Obadiah Jenkins and a colored drayman whose name we did not learn were engaged. Those who saw the fracas state that, instigated by bad whiskey, Obadiah was the aggressor, and that he got the worst of it.

**The Episcopal Residence.** We have been shown a list of the subscribers to the fund contributed for the purchase of the property known as the "Bishop's residence," on Orange street, between Fifth and Sixth, in which the lamented Bishop Atkinson lived so long, and in which he died. The property was purchased of the late James S. Green, and cost, with some improvements, \$9,990.00. There were 103 subscribers to the fund, and these all, except six, were parishioners of St. James' Church, the only Episcopal Parish at that time existing in Wilmington and these six subscribed a total of \$170. The purchase was made in the Summer of 1855 and before the end of the year the entire property had been paid for. There were five of the subscribers who gave \$500 each, twelve who gave \$250 each, one who gave \$200, and eighteen gave \$100 each. Of the original number of subscribers it is sad to think that but about one-third are now alive.

**List of Letters.** A list of unclaimed letters remaining at the Post Office in this City on Wednesday, June 6, 1883:

- A—Robert Ange, H. P. Ange, J. E. W. Austin, Emma Atkinson.
- B—Harriet Byrd, Eliza Bryant, Mrs. Moses Patterson, Doyle Bryant.
