JOSH. T. JAMES, Editor & Prop.  
WILMINGTON. N. C.

FRIDAY, JUNE 15, 1883

Entered at the Postoffice at Wilmington, N. C., as second-class matter.

**LABOR RIOTS.**

The New York *Mail and Express* has some very sensible ideas regarding what should be done to prevent breaches of the peace during labor strikes. It says that when the impending trouble between mill-owners and iron workers was settled amicably at Pittsburg, and, consequently upon that at Cincinnati and other Western cities, there seemed reason to hope that the summer would pass without the usual record of bloodshed and riot. But it appears that we were not to be so fortunate. The riot at Troy yesterday, in which several men were killed and the police had the greatest difficulty in preventing the immediate lynching of the murderers, is one of the worst affairs of the kind that have happened. The trouble began by the striking of men belonging to the Moulders' Union, and the employment of non-union men in their places. Then followed the usual bad feeling and threats on the part of the union men, and the employers—unwisely, we think—armed their new men with revolvers. A meeting of parties from the two factions in a drinking saloon, a rapid discharge of shots, and the murders were committed. The friends of the men who were shot made desperate attempts to take the shooters from the custody of the police, and nearly succeeded in their efforts. If they had succeeded, the result may easily be imagined.

This is a case where everybody is more or less to blame; the union men, for threatening those who had taken their places; the employers, for arming their new men; and the employes, for shooting recklessly and without due cause—not to mention the saloon-keeper, for furnishing liquor to inflame the passions already aroused.

There should be a prompt trial of the murderers, a thorough protection by the lawful authorities of the non-union men in their right to work without molestation, and a disarming of all parties. This is a pretty hard programme to carry out, but unless it is done there will be more trouble.

Gen. Crook seems now to be the hero of the hour, because he happened to be successful in his recent raid in Mexico after troublesome Indians. There is not a doubt that he and his gallant soldiers deserve all the praise that will be given them, for the expedition was full of perils from the moment he first set foot in the mountainous and sterile country to which the Indians' had fled by paths hitherto unknown by any white man, to fastnesses which were supposed to be almost inaccessible and entirely impregnable. But the General is known to have indomitable energy and pluck, and with his many years' experience on the frontier as an Indian fighter, he knew the work before him and was determined upon its faithful accomplishment. He has won success and deserves commendation for all he has done.

It is but a few days, however, since he was lost sight of entirely, and rumors were flying thick and fast that the Indian scouts had revolted and massacred him and his entire command, and then fled and joined the very foes he had been so earnestly pursuing. Many of the papers throughout the country, and some of them of the most influential character, published these rumors and commented upon Gen. Crook's foolhardiness—as they termed it—in trusting himself in a strange country with such traitorous and treacherous guides, and even went so far as to say that, should he by any remote possibility escape annihilation, and make good his retreat to this country, he should be tried by a court-martial and severely punished, if not dismissed the service.

But those things are all forgotten now, and the gallant general is praised to adulation for his heroic and skillful conduct of the campaign.

Judge George Hoadly, of Cincinnati, will, according to present indications, be the Democratic nominee for Governor of Ohio. He will go into the Convention with solid delegations from Cincinnati and Cleveland, and many counties have already instructed for him, including Butler, one of the largest counties in the State. The New York *Sun* expresses the opinion that he will be elected by a large majority should he be the nominee, as he is especially strong with the Germans, whose sentiments he has championed professionally, in the event of his election as Governor, Judge Hoadly will loom up as a strong candidate for the Democratic nomination for President, for which he possesses the requisites of great ability and learning and an unsullied reputation. The Ohio Democratic Convention meets Thursday of next week.

"G. W. S." writes with animation to the New York *Tribune* about the English Derby. Concerning American horses he says: "Never again shall I see an American horse galloping home in the front, and the tears of delight springing in the eyes of a beautiful and brilliant American girl as she gazed on the unhopful for triumph of her own colors. Iroquois' year began, or nearly began, a new century of Derbies, but there is little to show that the American effort to challenge English supremacy on English turf is to be maintained. Nor need we much care that it should be. America has something better than horse-racing to attend to at home and abroad."

**PERSONAL.**

William Black, the novelist, is very short in stature.

President Sato, of Honduras, who will improve his mind by a tour of this country and Europe, is only 37 years old.

The present Speaker of the New Hampshire House, Samuel C. Eastman, used to report its proceedings for a newspaper.

Chesapeake Bay is to be restocked with oysters, for the efforts and experiments of Prof. Brooke, of John Hopkins University, are successful.

P. T. Barnum's favorite beverage for his visitors is lemonade, and his rigid temperance principles prevent him putting the smallest kind of a "stick" in it.

One of Queen Victoria's physicians, Dr. Andrew Clark, decries and discards stimulants of all sorts, and is setting a fashion of abstinence which is likely to have a very wholesome effect.

Referring to the fact that Vinnie Ream Hoxie, the sculptress, is the mother of a bouncing baby, the Boston *Globe* remarks that she has at last produced something in the shape of a human being.

Proctor Knott, who has been quite ill since his nomination for Governor of Kentucky, has about recovered. He will take the stump shortly and favor the boys in the back districts with some good stories.

Modjeska's husband, the Count Bontzen, took out his first naturalization papers in San Francisco last week. He is so charmed with America and the American people that nothing, he says, could induce him to return to Europe.

**MOONSHINE.**

Mrs. Spiggins was boasting of her new house. The windows, she said, were stained. "That's too bad; but won't turpentine or benzine wash it off?" asked the good Mrs. Oldboy.—*Burlington Hawkeye.*

"Shall we wear a silk hat" was the subject of a lecture by a Brooklyn divine recently. That is a question which no man can answer. Everything depends on which way the elections go.—*Phila. News.*

There is a young fellow in our neighborhood who has been making a daily practice of attempting to sing. "Let me like a soldier die." He seems to crave death, and they do say that one of the neighbors who has a musket is preparing to accommodate him.—*Saturday Night.*

The height of economy has been reached in Philadelphia. A woman in this city, having worn out the heels and toes of her red stockings, is going to use the upper portions for lining her bonnet. It won't be quite as showy as red satin, but just think how much it saves.—*Phila. Chronicle.*

A woman has been sending bananas to her husband who is confined in jail in St. Louis. They were of a very peculiar kind, and are deserving of the attention of horticulturists. On examination they were found to contain saws and files within their pulpy bosoms. The imprisoned criminal will hereafter be known by his fruit.

A good Baptist clergyman of Bergen, N. Y., a strong temperance man, suffered with kidney trouble, neuralgia and dizziness almost to blindness, over two years after he was told that Hop Bitters would cure him, because he was afraid of and prejudiced against "Bitters." Since his cure he says none need fear but trust in Hop Bitters.

The patient who will stand on its head a week waiting for the coming bar foot.

Mrs. J. H. House, Littleton, N. C., says: "I have found Brown's Iron Bitters a safe and pleasant cure for general debility."

The man whose soul is in his work finds his best reward in the work itself. The joy of achievement is vastly beyond the joy of reward.

Is three times the man he was before he began using "Wells' Health Renewer." \$1. Druggists.

Whatever busies the mind without corrupting it has at least this use, that it resuscitates the day from idleness; and he that is never idle will not often be vicious—indeed, it wisely busy, he cannot be so.

**What Seven Could not do.**  
NASHVILLE, Tenn., April 6, 1881.  
H. H. WARNER & Co., Sirs—Seven physicians could not do for me what your Safe Kidney and Liver Cure accomplished. Hopelessly sick with kidney diseases, it restored me to perfect health.  
JACOB MYERS.

An Elmira man claimed to have buried twenty wives. He is a grave digger, and they were not his own.

"I am truly thankful that I ever used Dr. Benson's *Celery and Chamomile Pills*, for they cured my *periodical headache*." Mrs. J. R. Paddison, Point Caswell, N. C. 50 cts. at druggists.

The soul of a man is audible, not visible. A sound alone betrays the flowing of the eternal fountain, invisible to man.

**MISCELLANEOUS.**

**SEEK**

health and avoid sickness. Instead of feeling tired and worn out, instead of aches and pains, wouldn't you rather feel fresh and strong?

You can continue feeling miserable and good for nothing, and no one but yourself can find fault, but if you are tired of that kind of life, you can change it if you choose.

How? By getting one bottle of **BROWN' IRON BITTERS**, and taking it regularly according to directions.

Manassah, Ohio, Nov. 25, 1882.  
Gentlemen:—I have suffered with pain in my side and back, and great soreness on my breast, with shooting pains all through my body, attended with great weakness, depression of spirits, and loss of appetite. I have taken several different medicines, and was treated by prominent physicians for my liver, kidneys, and spleen, but I got no relief. I thought I would try Brown's Iron Bitters; I have now taken one bottle and a half and am about well—pain in side and back all gone—soreness all out of my breast, and I have a good appetite, and am gaining in strength and flesh. It can justly be called the *king of medicines*.

**DR. SCHENCK'S MANDRAKE PILLS**

The Wonderful Efficacy of DR. SCHENCK'S MANDRAKE PILLS Has been so frequently and satisfactorily proven that it seems almost superfluous to say anything more in their favor. The immense and constantly increasing demand for them, both in this and foreign countries, is the best evidence of their value. Their sale to-day in the United States is far greater than any other cathartic medicine. This demand is not spasmodic, it is regular and steady. It is not of to-day or yesterday, it is an increase that has been steadily growing for the last thirty-five years. What are the reasons for this great and growing demand? Dr. Schenck's Mandrake Pills contain no mercury, and yet they act with wonderful effect upon the liver. They cleanse the stomach and bowels of all irritating matter, which, if allowed to remain, poisons the blood, and brings on Malaria, Chills and Fever, and many other diseases. They give health and strength to the digestive organs. They create appetite and give vigor to the whole system. They are in fact the medicine of all others which should be taken in times like the present, when malarial and other epidemics are raging, as they prepare the system to resist attacks of disease of every character. Dr. Schenck's Mandrake Pills are sold by all druggists at 25c. per box, or sent by mail, postpaid, on receipt of price.  
Dr. Schenck's Book on Consumption, Liver Complaint and Dyspepsia, in English or German, is sent free to all. Address Dr. J. H. SCHENCK & SON, Philadelphia, Pa.
