# THE DAILY REVIEW.

VOL. VII.

WILMINGTON, N. C., TUESDAY, JULY 3, 1883.

NO. 157

PLEASE NOTICE

We will be glad to receive communications from our friends on any and all subjects of general interest but  
 The name of the writer must always be attached to the Editor.  
 Communications must be written on one side of the paper.  
 Personalities must be avoided.  
 And it is especially and particularly understood that the Editor does not always endorse the views of correspondents unless so stated in the editorial columns.

The Daily Review has the largest bona fide circulation, of any newspaper published, in the city of Wilmington.

General Phil Sheridan has four children, all girls, and the eldest is six years old.

A St. Louis girl's foot was sprained by a tight shoe, and resultant blood poisoning killed her. Take warning.

Professor Brooks, of the Red House Observatory, has been awarded by H. H. Warner, of Rochester, a special prize of \$250 for his astronomical discoveries.

The projectors of the Louisville Exposition have fixed upon prices for privileges. Lemonade must pay \$3,500; ice cream, \$800; cider \$1,900; the restaurant, \$2,500; beer, \$2,500, and popcorn, \$1,500.

John Barnett, the first railway porter ever employed in passenger traffic, died recently at Darlington, England. Barnett accompanied the old No. 1 engine on its trial trip with George Stephenson.

There are now nearly 100,000 volumes in the public library of Chicago, and the average number of visitors daily during the past year was 3,433. The registered number of borrowers of books was 21,415.

Miss Carrie Zimmerman, of Bloomington, Ill., recently had a very dangerous experience in blood poisoning occasioned by handling green velvet, the poisonous coloring matter of which entered her system by absorption from the prick of a needle.

General and Mrs. Jesse Benton Fremont are living in one of the beautiful dater houses owned by a married daughter, on Fifty-ninth street, New York, and overlooking Central Park. Mrs. Fremont is in excellent health, and goes about the house a great deal.

And what about the terrible anxiety and distress of mind which must have been endured for a full week by Mrs. Beirne and Mrs. Elam while their bellicose husbands were playing hide and seek with the officers of the law, endeavoring to get a chance to shoot each other?

A sad case of bereavement comes from Camden, Oneida county, New York. A man there has just buried his sixth wife. Her remains were interred in the same lot with her five predecessors, who rest side by side. The afflicted husband says he will never marry again, because his burial lot is full.

M. Ethile Erlanger, the Paris banker and son-in-law of the late John Slidell of Louisiana, was lately arrested in Paris on the charge of unlawful transactions with the auditor general. He is by birth a German Jew, and afterwards became a Protestant, and next, in order to get a Catholic divorce and marry Miss Slidell, he became a Catholic.

Cotton blooms continue to arrive. The third of the season was handed us this morning by Capt. Colvin, of the steamer John Dawson. It was raised on Mr. A. R. Black's place at Point Caswell, and opened on Sunday last.

Messrs. A. & I. SHREER have received, per express, a large lot of Children's Blouse Suits made up very handsomely in different shades, which they will sell at astonishingly low prices. Call early and procure a suit for the boys.

### Unmailables.

The following is a list of the unmailable postal matter remaining in the Postoffice in this city:

Harlow and Green; Will Overby and Son; Messrs. Boyd Bros; A D Royster, and Bros; Empire Plaster Mills; E J Snow and Co; Schiff and Grier.

Photos made from Mr. Orr's Negatives at low rates. LARDNER, Photo. Yates' Gallery.

### The "Banks House."

We were shown, late last evening, a plan of the "Banks House" which is to be erected at Wrightsville Sound by the Carolina Yacht Club. It was designed by Mr. J. F. Post, and represents a convenient, airy and roomy building, in every way suited to the purpose for which it will be used when completed. There is a large hall with entrances at the front and rear, and dressing rooms of ample dimensions in each corner of the building. It is now on exhibition at Heinsberger's Live Book and Music Store.

### Cherokee Tribe.

At a regular meeting of Cherokee Tribe, No. 9, Improved Order of Red Men, held on the second sleep of Buck Moon, the following officers were elected to serve for the ensuing year:

- V P—James Quinn.
- W S—George Zeigler.
- S S—Herman H Woebse.
- J S—W Grant.
- C of R—C H Capps.
- K of W—J D H Klender.
- F W—Oscar Kennedy.
- G of F—George W Mitchell.
- G of W—James McCartney.
- F S—J V Harker.
- F B—J W Woodward.

The foregoing elected and appointed chiefs were duly installed on the same sleep by Deputy Great Sachem George Zeigler.

Get your picture taken in your holiday attire. The Yates Gallery open till 12 M. on the Fourth.

### Very Suspicious.

At about 11 o'clock Sunday night one of the salesmen connected with Messrs. Aaron & Rheinstein's wholesale dry goods house heard a noise as if some one was attempting to force an entrance to the building from the rear. He was in the front of the store at the time and hearing the noise repeated, he called to a policeman who was near at hand, who went around to the rear of the building and soon called the salesman by sounding his whistle. A search was instituted and a man was soon discovered partially concealed who could give no good account of himself. He was not arrested at the time, but was subsequently and was put under bonds in the sum of \$500 for his appearance before Justice Gardner at 4 o'clock this afternoon. It is proper to say that the man proposed not to know where he was, and was evidently under the influence of liquor at the time.

### Audit and Finance.

At a regular meeting of the Board of Audit and Finance, held yesterday afternoon, Capt. John L. Boatwright, one of a committee appointed by the Little Giant Engine Company, appeared before the Board to represent the claims of that company. He said the company seem to think that they have not received such financial aid from the city as was necessary to their effectiveness, and recommended, first, to purchase for them a reel horse; second, a new set of harness; third, to allow them such an amount of money as was necessary to feed their horse; and requested that the Board of Audit and Finance appoint a committee to confer with their committee, and determine what was necessary for the company. Capt. Boatwright also read a letter from Mr. D. G. Worth, regretting his inability to be present at the meeting of the Board, owing to business engagements, and also making certain suggestions in behalf of the company, which he requested should be laid before the Board.

Mr. R. J. Jones, Chairman of the Board, suggested to Capt. Boatwright that it would be proper to submit his plans to the Board of Aldermen first, and let them refer the matter to their Fire Committee, who he thought would meet them, and then a recommendation as to the needs of the company could be made to the Board of Audit and Finance, who, he thought, would grant anything that the joint committee would recommend.

### Board of Aldermen.

The Board met in regular monthly meeting yesterday afternoon.

Alderman DeRosset moved that all unfinished business be disposed of as committees were called for reports.

The Finance committee made the following report, which, on motion, was adopted:

Resolved, That the Board of Audit and Finance be requested to reconsider the question of the salary of the City Attorney and fix the same at the rate of five hundred dollars per annum, to take effect from the date of his election.

The committee on Streets and Wharves, to whom was referred the petition of Chas. Murphy, Superintendent of the street force, for increase of pay, reported, recommending that the same be not granted. Adopted.

The Finance committee made the following report, which, on motion, was adopted:

Resolved, That the City Detective be required to pay special attention to drays, carts, and other vehicles taxed, and arrest all parties violating the ordinances as to same and carry them before the Mayor.

The committee on Streets and Wharves reported, asking to be allowed until the regular meeting in October to make their report on the grading and improving North Water, Third, Market and Davis streets. They report the streets in fine condition considering the immense amount of rain that has fallen in the past twenty days. The street hands and carts have been kept employed opening gutters and filling in washes and grading Davis street. Market street needs a great deal of work, especially between Fifteenth and Seventeenth streets, and they urge that work be done there at once.

It was ordered that the request of the committee be granted and the report be filed.

The report of the Chief of the Fire Department was received and placed on file.

Alderman DeRosset offered the following resolution, which on motion was adopted:

Resolved, That it be referred to the committee on Fire Department who be required to report at the next regular meeting of this Board, which, if any, of the three steamers should be dropped from the Department, and whether one or more hose reel companies should be organized, and whether more hydrants are necessary.

The committee on Fire Department reported, recommending that the Cape Fear engine house on Ann street be painted, and that the inside be whitewashed. Adopted.

The same committee reported, recommending that the plastering and roof of the Hook & Ladder Hall be repaired; when Alderman DeRosset moved its reference to the committee on Public Buildings with power to act. Adopted.

The matter in relation to the floating warehouse in Princess street dock was referred to the committee on Fire Department, with the opinion of the Board that such a floating warehouse does increase the fire risk if it lies within the fire limits.

Application of P. H. Hayden to erect a wooden building on Third, between Market and Princess streets, was granted.

Application of F. A. Newbury to erect a wooden building on Mulberry, between Water and Front streets, was not granted.

Application of C. H. Wessell, to make an addition to his premises on the corner of Front and Mulberry streets, was not granted.

Application of J. W. Taylor, to erect a shed or awning in front of his store corner of Fourth and Harnett streets, was referred to the committee on Streets and Wharves.

The committee on Lights reported, recommending an oil light in Love's alley, in front of the Phoenix engine house, and the removal of the present lantern and the substitution of a regular lamp on the corner of Front and Market streets.

Application for a light on the corner of Tenth and Castle streets, was referred to the committee on Lights.

On motion of Alderman DeRosset it was resolved that it be referred to the committee on Streets and Wharves to ascertain and report what, if any, legislation is necessary to prevent obstruction to sidewalks by awnings, awning posts, boxes, stands or otherwise.

Resignation of J. H. Pugh as Standard Keeper was read and accepted.

On motion, J. W. Perdew was unanimously elected Standard Keeper. An election was held for Clerk of the Fourth Street Market, and J. H. Pugh received the majority of the votes cast and was declared duly elected.

The Board decided not to make any change in the market hours.

The committee on Markets and Fees, in relation to the Fifth Ward Market, reported that the market house used now as a market, corner of Fifth and Castle streets, can be rented for \$75 per annum, and believing that said house will supply all the demands for a market house in that Ward, recommended that the same be put in proper shape to be rented out; the stalls to be rented as provided in the market ordinances.

In the matter of the Third Ward market house, further time was asked and granted.

A resolution of Alderman Bear in regard to the obstruction of the wharf foot of Chesnut street was adopted.

The Mayor was instructed, under the advice of the City Attorney, to enforce the ordinance in regard to the Latimer fence on Orange street.

The matter of the use of the Hall over the Front Street Market to the Wilmington Concert Club, when not otherwise occupied, was referred to the committee on Markets.

Application of the Odd Fellows for the use of the City Hall was granted.

A communication from O. G. Parsley, Sr., was referred to the City Attorney and Finance Committee, to report at the next meeting.

The contract for keeping the city clock for the next year was awarded to George Honnet for the sum of \$100 per annum.

The hog ordinance was amended so as to include the space bounded on the north by Brunswick street, on the east by Ninth street, on the south by Queen street, and on the west by the river.

### Col. Short.

The Tarboro Guide pays a handsome and a by no means undeserved compliment to a most excellent gentleman, Col. H. B. Short, of Columbus county, when it nominates him for Lieutenant Governor of the State. The Cape Fear section is entitled to some recognition on the State ticket, and we know of no one who will more worthily represent us than that true, tried and patriotic son of North Carolina. The Guide says:

We enjoyed a visit on Tuesday from Col. H. B. Short, now of Flemington, on Waccamaw Lake.

The Col. was just returning from Martin, the county of his nativity. Down there he is idolized; in Nash, where he lived during the war, the people mention his name in their prayers, and in Columbus, they love him so well that they are always trying to shove some office on him.

Against his wishes, he was the strongest candidate for Congress in his District, and it was he who, at last, nominated Col. Wharton J. Green. We rise to say the State does need the services of such men, and we don't want to send them out of the State to serve us. Let's make him Lieutenant Governor. His knowledge of parliamentary usages would well become the presiding officer of the Senate where he has served his constituents and State so acceptably.

Col. Short is admired wherever he is known, and his circle of acquaintances covers the greater portion of the State. Amiable, polished, genial, witty, far-sighted and able, he stands in the full stature, a well rounded man.

By his own industry he has carved a large fortune out of the timber business, which, with his friends, he enjoys to the full. Charitable to a fault, his poor neighbors and laborers daily bless his bounty. He has converted Flemington from the abode of bats and swamp owls into a beautiful village, and since his residence there of 14 years, Waccamaw Lake has become historic. H. B. Short is the man for Lieutenant Governor.

### A Painful Injury.

We are sorry to learn of a painful accident which befell Mr. J. Baker, of this city, on last Sunday night. In endeavoring to raise a window at St. Paul's E. L. Church that evening, a bench fell across his leg, inflicting a very painful injury. Mr. Baker is confined to the house, and although, fortunately, no bones were broken, yet the injuries sustained are severe and painful.

The citizens of Monroe will celebrate the Fourth by inaugurating a Council of the American Legion of Honor. It will be instituted by Nathaniel Jacobi, Esq., Grand Commander of the State. The Grand Council of North Carolina meets in Tarboro on the 17th inst.

The steam yacht Minnehaha, having been put in first rate order, steamed up from the Marine Railway this morning and is now fast at her wharf near the foot of Market street. She will begin her regular trips to Smithville to-morrow.

### DIED.

BEAR—On Tuesday morning, July 3rd, ESTE'S infant daughter of 501, and Herbert's Bear, aged 11 months and 15 days. Friends of the family are respectfully invited to attend the funeral to-morrow (Wednesday) morning, at 9 o'clock.
