

The only known specific for Epileptic Fits. "48 Ba Also for Spasma and Falling Sickness. errous Weakness quickly relieved and cured. Equalled by nothing in defirium of fever. 63 Cures agly blotches and stabborn blood sores. Cleanses blood, quickens sluggish circulation. Liminates Boils, Carbuncles and Scalds. se Permanently and promptly cures paralysis. Yes, it is a charming and healthful Aperient. Kill's Scrofula and Kings Evil, twin brothers.

Changes bad breath to good, removing cause, per Routs biliousness and clears complexion. Charming resolvent and matchless laxative. It drives Sick Headache like the wind. - 64

22" Contains no drastic cathartic or opiates. Promptly cures Rheumatism by routing it. 60 betares life giving properties to the blood Is guaranteed to cure all nervous disorders. Melisble when all oplates fail. a

itefreshes the mind and invigorates the body.

pockets suggested itself. A black letter pockets suggested itself. A black letter manuscript says: "Master William Kew did make one board whereby a game is played with three balls; and all the young men were greatly recre-ated thereat. chiefly the young clergy-men from St. Pawles; hence one of ye strokes was called a 'cannon,' having been by one of ye said clergymen in-mented The reme is now known by And sigh o'er loves and friendships vented. The game is now known by the name of 'bill-yard,' because William or Bill Kew did first play with a yard-measure. The stick is now called a "kew" or "kue."" It is easy to compre-hend how "bill-yard" had been mod-ernized into "billiard;" and the trans formation of "Kew," or "kue," into What need to wish them here again? What need to wish them earlier done? "cue" is equally apparent.-American Sports.

A Vein of Natural Gas.

At the unusually shallow depth of System, assists Nature to renew the strength 2001 feet a vein of natural gas was and vigor of the debilitated organs, and effects struck by the town authorities of Ober-lin, Ohio, while drilling an artesian well with reference to a future water supply. The gas was remarkably pure, being absolutely odorless, and emitting a clear, steady, white blaze. By con-SEND FOR CIRCULAR. A PILGRIMAGE TO GREYa clear, steady, white blaze. By con-fining the jet for a timo, and then applying a match as the cap was sudden-Another Believer who has made ly removed, a blaze would lesp ten feet the Return Trip to the Demo- from the orifice. At a depth of 250 feet I own that as I rang the bell at Grey stone I felt some compunctions of con-science at thus distarbing the rest of a dying old man, but as I had come shi the way to New York on business con-nected with the Exposition I could not go away without bidding the venerable statesman lying at death's door a last farewell. Judge of my surprise, then, when Mr. Tilden himselt opened the door to answer my timid ring - Leoked a more powerful vein of gas was struck,

that cotton which has been subjected to the compress sustains a mechani-cal injury which materially detracts from the durability of the fabrics made of it. If this be true, the fact will have great influence in promoting the development of cotton manufacture in the South. The present difficulty of that section is a lack of manufacturing capital, but its great natural advantage must soon attract capital from the North and from Europe, and it is not unlikely that within a quarter of a cen-tury the cotton-growing States will be manufacturing the larger part of their own staple .- Wash. Critic.

Origin of Billiards.

The game of billiards was invented about the middle of the sixteenth century by a London pawnbroker named William Kew. In wet weather this pawnbroker was in the habit of taking down the three balls, and with the yard measure pushing them, billiard-fashion, from the counter into the stalls; in time, the idea of a board with side | jury 27-deod&wly
