

# THE DAILY REVIEW.

VOL. VII. WILMINGTON, N. C., THURSDAY, JULY 19, 1883. NO. 171

**THIS PAPER**  
published every evening, Sundays excepted by  
**JOSH T. JAMES,**  
EDITOR AND PROPRIETOR.  
SUBSCRIPTIONS POSTAGE PAID:  
One year \$1.00. Six months, \$2.00. Three months, \$1.00. One month, 35 cents.  
The paper will be delivered by carriers free of charge, in any part of the city, at the above rates, or 10 cents per week.  
Advertising rates low and liberal.  
Subscribers will report any and all failures to receive their paper regularly.

The State would have tilted downwards at the west when so much of its brains was at Waynesville, had not the glorious Morning Star remained in the east.—Wadesboro Times.  
And now, what does our esteemed contemporary think of the position assigned to it in the editorial anatomy?

A Western crank, bearing the suggestive name of Logan, advertises in a Chicago newspaper that he will pay one thousand dollars to any mob who will lynch a white man for murdering a negro. Perhaps there are some localities in the South where the money might be earned without the trouble and risk of committing the murder alluded to, but to ensure a success, Mr. Logan would have to be there.

## LOCAL NEWS.

**INDEX TO NEW ADVERTISEMENTS.**  
WANTED—Route Boys  
W. H. GREEN—Gun Camphor  
HERRING—Check Books  
W. E. DAVIS & SON—Ice—Ice—Ice  
Knights and Ladies of Honor—Local ad  
W. K. FURNESS, Pres't—Annual Meeting  
This has been excursion week.

Full moon to-night at 10 minutes past 10 o'clock.

Silver Plated Spoons and Forks, low prices, at JACOBI'S

The rain it raineth every day, and very often, too, at night.

The City Court was without a case on its docket this morning.

The best watermelons in market now command from 40 to 50 cents each.

The grape crop is nearing the market and it will probably be on hand next week.

Mr. George R. Dyer, of the firm of Dyer & Son, leaves to-night on a business trip to New York.

Cantelopes still command astonishing prices, notwithstanding the fact that they are coming in freely.

**Knights and Ladies of Honor.**  
Regular meeting this (Thursday) evening. Full attendance desired. It

The next session of the North Carolina Pharmaceutical Association will meet in this city on Wednesday, August 8th.

The excursion on the *Passport* of the Fifth Street M. E. Sunday School, this morning, was largely attended, as might have been expected.

Cattle, horses and dogs suffer greatly this weather. An abundant supply of good water is one of the things they should be provided with.

To day has been decidedly cooler and more comfortable for humanity, who have been sweating and sweltering under the torrid heat of the past week.

There was a cow with a bell on in the pound to-day, but whether it was the cow or not mentioned by us yesterday is a question we are unable to answer.

The annual meeting of the Stockholders of the Wilmington, Clinton & Pt. Caswell R. R. will be held in the town of Clinton on Wednesday, August 1st.

The weather programme last night for a good sleeping entertainment was all that could be desired, was fully carried out and was enjoyed by an appreciative and long-suffering public.

Mr. Henry Westermann, of the firm of E. Peschau & Westermann, has taken his family to spend the remainder of the hot weather at his delightful country residence in the vicinity of Old Fort, N. C.

The railroad rates for the Louisville exposition have not yet been issued, but are expected in a few days. The exposition will continue 100 days from August 1st. Quite a number of Wilmingtonians talk about attending.

There are many sun-spots now, and with a piece of smoked glass they can be seen with the naked eye. The sun-spot gives occasion for the weather prophet to predict cyclones. It is indeed probable that the "heated term" will be wound up with a blow.

Newbera Journal: The Foreman of the Atlantic Fire Company is in receipt of a letter from the Chief of the Fire Department at Wilmington stating that they are preparing to give the Atlantics a genuine fireman's reception. It will undoubtedly be a pleasant trip, and we hope a creditable display will be made.

A fine assortment of Guns and Pistols at JACOBI'S Hardware Depot.

## Moonlight and Feasting.

The moonlight excursionists to Federal Point on the *Passport*, last night, had a delightful time. The fish supper prepared at Mayo's Restaurant, under the supervision of Mrs. Mayo, was all that could be desired, and was heartily enjoyed by about 50 guests who sat down to the table.

## What we Need

There are two organizations which ought to be created and legalized for this city. The first is a society for the prevention of cruelty to children and the other a society for the prevention of cruelty to animals. Some children, especially of the colored race, are beaten unmercifully upon the least provocation by their cruel and unnatural parents. As it is with children, so it is with horses, mules and other dumb animals. Such societies as we have indicated would have a plenty of work to do and not transcend its legitimate duties.

## Clinton & Pt. Caswell R. R.

The Board of Directors of the Clinton & Point Caswell R. R. were in session here this morning. Reports from the Engineer, as to the amount of grading already done at both ends of the line, were received and found very satisfactory. It was ordered that an additional assessment of 10 per cent. on the stock be called for.

We understand from Capt. Paddison, who has recently been over the line, that the people everywhere are in excellent spirits over the prospects of the early completion of this road, and that the assessment called for from them has been pretty generally paid.

## Bladen County.

From an esteemed correspondent and subscriber, living at Magruder, Bladen county, we gather the following interesting items:

On the morning of the 12th inst., Mrs. J. N. Corbett found one of her chickens, which was about a week old, with its feet and body in a hole, with only its head and neck above ground, which, they found when they extricated it, had been carried there by an enormous spider that was nearly as large as the top of an ordinary teacup.

Fruit is very fine in that section. There are three bunches of apples in Mrs. M. M. Gaylor's orchard which contain in all 22 apples, there being 8 in one bunch and 7 each in the other two. In the orchard of Mr. T. K. Colvin there is a tree with two bunches containing 8 on each bunch.

William, aged about 16 years, son of Kedar Bannerman, colored, was drowned on Sunday last at the river landing of Messrs K. Sessoms & Son, by being pulled into the stream by an older and larger boy. The former could not swim.

Mr. H. W. Beatty has about 10 acres of chufas which are reported as being unusually fine. All crops are reported in good condition.

## Eating Lemons.

A good deal has been said through the papers about the healthfulness of lemons. The latest advice as to how to use them so they will do the most good runs as follows: Most people know the benefit of lemonade before breakfast, but few know how it is more than doubled by taking another at night. The way to get the better of a bilious system without blue pills or quinine, is to take the juice of one, two or three lemons, as the appetite craves, in as much ice-water as makes it pleasant to drink, without sugar, before going to bed. In the morning, on rising, or at least half an hour before breakfast, take the juice of one lemon in a goblet of water. This will clear the system of humors and bile, with mild efficacy, without any of the weakening effects of calomel or congress water. People should not irritate the stomach by eating lemons clear; the powerful acid of the juice, which is almost corrosive, infallibly produces inflammation after a while, but properly diluted, so that it does not burn or draw the throat, it does its full medicinal work without harm, and when the stomach is clear of food has abundant opportunity to work on the system thoroughly.

## Great Closing Out Sale.

Goods will be slaughtered within the next 60 days in order to make room for one of the largest and finest Stocks of Fall and Winter clothing and gents furnishing goods ever brought to Wilmington. A I. SHURER, Reliable Clothier, 114 Market St.

The muskets for the Smithville Light Infantry have arrived here and will be shipped to their destination tomorrow.

## Exports Foreign.

Ger. brig *Hermann Friedrichs*, Capt. Niejahr, cleared to-day for Cork, Plymouth or Falmouth for orders with 1,600 casks spirits turpentine and 304 barrels rosin, valued at \$37,311, shipped by Messrs. Alex. Sprunt & Son.

## To Inspect Black River.

We understand that later in the season Hon. Wharton J. Green, Congressman from this district, will visit this city and will go from here in company with Capt. R. P. Paddison, and one or two other gentlemen, up the entire length of Black River, with a view to discovering what work may be necessary towards making it navigable at all seasons of the year, preparatory to a move in Congress next winter for Government aid.

## Remarkable.

James Colvin, colored, who lives near Point Caswell, Pender county, celebrated his 69th birth-day on Tuesday, the 17th inst., by a grand dinner. There were present 40 children and grandchildren, and there were 22 absent. It is said of the old man, by those who have been acquainted with the history of his life, that he was never intoxicated, never has a fight and was never indicted, but had always been a clever, honest and industrious man.

## Sensational.

There is evidently a first class jostler somewhere in the telegraph office in this city. Yesterday's *News and Observer* says: "News was received here yesterday afternoon that a large fire was raging at Wilmington and that the operators were about to be driven out of the telegraph office. Later news was to the effect that a rosin yard belonging to Williams & Murchison was burning near the market dock." What a magnificent sensational item this would have made for a New York paper!

## Good Workmanship.

There is at Mr. George A. Peck's store, on South Front street, a set of plane stocks, such as are used by carpenters, that are a long distance ahead of anything of the kind we have ever seen. They are of lignum vitae, the hardest kind of wood to work, and were made entirely by hand by Mr. William Ellis, a ship carpenter, of this city. In point of workmanship they are fully equal to those made by machinery and imported from the North, while in point of durability, there can hardly be a comparison. But what we wanted mostly to say was that there are mechanics in this city equal to the very best, and we want to see them encouraged by fostering industries which will give them lucrative employment and that prominence which their skill demands.

## Moore's Creek Items.

A kind friend and subscriber at Moore's Creek, Pender county, who signs himself "Tristraur," sends us the following items:

The crops, after a hard struggle on the part of the farmers with the grass, are looking finely and bid fair to pay the toiler for his labor. The people are independent, with plenty of hog and hominy, and now, with an abundance of fruits, melons, butter, milk &c., they are happy. Hawks are making serious depredations on chickens. Mrs. Henrietta Murphy, daughter-in-law of Mr. David Murphy, of Cumberland county, is in the Moore's creek section, from her home in Texas, on a visit to friends and relatives. She is a most estimable lady. Miss Belle Alderman, in company with Miss Cornelia Alderman, of Wilmington, left on the 17th inst. for a visit of a month or two to Mr. Owen Alderman, Jr., in South Carolina. It is rumored that Mr. John R. Paddison, of Pt. Caswell, contemplates removing to Georgia and he is now absent in that State on a prospecting trip. Mr. E. S. Alderman, of Wilmington, is announced to preach at Moore's Creek Chapel on the 21st inst. Rev. W. M. Kennedy, of Duplin county, has been called to the pastoral care of the church, and will be there on the first Sunday in August. Haze Alderman, one of the oldest and most respected colored men in Pender county, died a few days since. He was well known in all this section as "Old Uncle Haze."

Mr. C. H. Robinson returned to the city night before last, after an absence of a few weeks on a visit to friends and relatives in Vermont. Capt. F. G. Robinson, who accompanied him, remains for the present at Bennington.

The receipts of cotton at this port to-day foot up 40 bales.

## The Telegraphers' Strike.

All of the operators of the Western Union Telegraph office in this city struck work to-day at 12 o'clock, in consequence of the demands of the committee from the Brotherhood, made in New York, on Monday last, not having been complied with. Mr. W. H. Sterling, the Manager, is the only man left who can manipulate the wires, and he has been as busy to-day as it is possible for one man to want to be. He has only the boys with him.

The strike does not embrace the operators along the line of the railroads, who are also the agents of the companies at the respective points, nor those in the offices in the city; but it is understood that the sympathies of the entire fraternity are with the striking operators. What the issue will be it is difficult at this time to foresee, although we think that a compromise must be effected very soon from the very nature of the fact that the public will demand of the telegraph companies first class service and this cannot be performed by other than first class operators who must be found within the ranks of the Brotherhood. A week, or less, will therefore probably decide the dispute. As for the strikers, it is said that they possess abundant means in the general treasury to sustain themselves and families for three months, should need be.

## Death of Mr. Luther Bridgers.

We regret to announce the death of Mr. Luther Bridgers, son of Hon. R. R. Bridgers, of this city, which occurred at Henderson, N. C., on the night of the 16th inst. Mr. Bridgers was about 23 years of age, was unmarried and had been in declining health for a year and a half, suffering from that dread disease, consumption. His ultimate recovery, while hoped for, was not expected, but it was not thought that his end was so near until the sad intelligence was received from Henderson, where he had gone to spend the Summer, that he was dying. His remains were interred at Henderson yesterday, whither his afflicted relatives in this city have gone to attend the obsequies.

The iron front for Messrs Brown & Roddick's new store has been cast and is being hauled to the building to be ready when wanted. It was cast at the foundry of Messrs Hart, Bailey & Co., of this city.

For Pocket Knives or Table Cutlery, go to JACOBI'S Hardware Depot.

**DIED.**  
YOUNG—July 18th, 1883, Mrs. CELESTIA YOUNG, relict of the late Armand D. Young. Friends and acquaintances of the family are invited to attend the funeral to-morrow morning at 10 o'clock, at St. James Church, thence to Oakdale Cemetery.

## NEW ADVERTISEMENTS.

### Wanted.
